Wellcome Collection 183 Euston Road London NW1 2BE UK T +44 (0)20 7611 8722 E library@wellcomecollection.org https://wellcomecollection.org A remarkable connoisseur says of the Codex: "As is well known, manuscripts of natural sciences of the Middle Ages are a rarity. I, for my person, do not know in Germany, Austria and Switzerland an alchemic manuscript of the Middle Ages which, by the richness and selection of its contents could be compared with the Cod. Salmassii." Similar manuscripts are only to be found in the library of the University of Bologna, in the Sloane collection of the British Museum, in the Bodleiana in Oxford, and in the Bibliothèque Nationale in Paris.

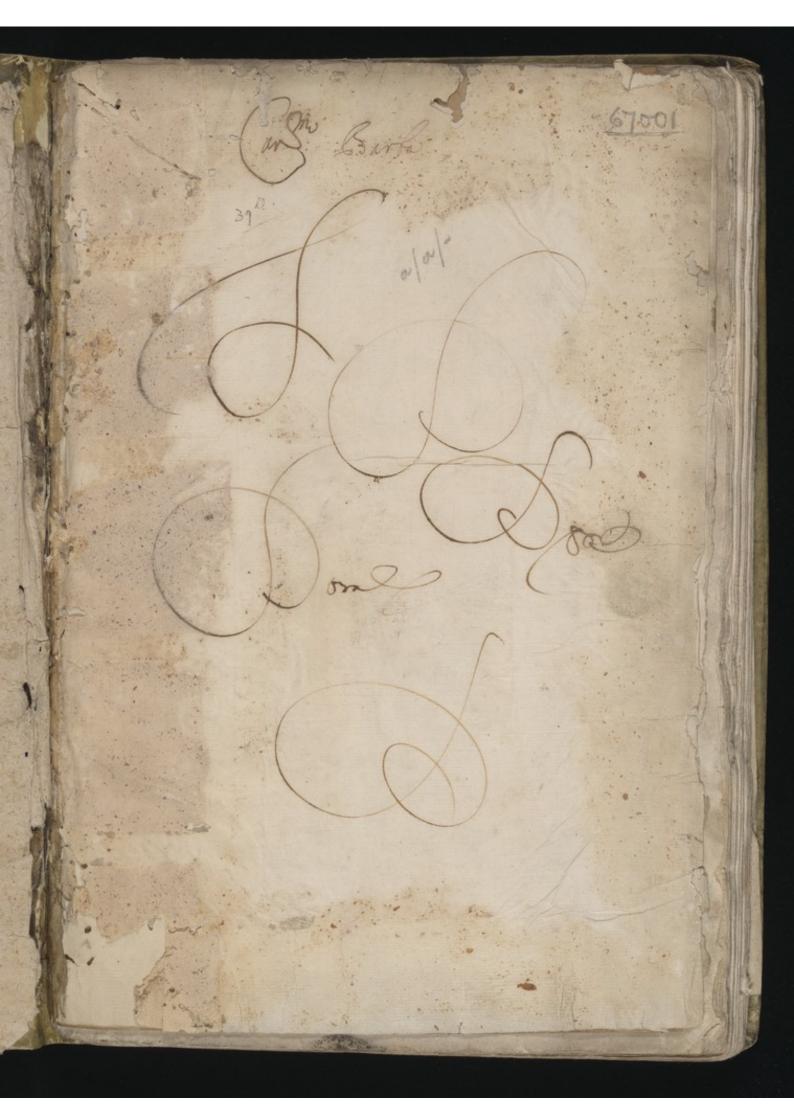

It is very seldom indeed to meet with such things in commerce.
