Mr. C. J. S. Thompson.

On the instructions of the General Manager, we give below
a copy of a memo received from our Sydney House.

B. W. & Co.,
Sydney.

23rd. July 1913.

re Miscellaneous.

"We send you hereunder copy of a letter received from
Mr. White who is at present in Adelaide, and we would be pleased
to hear from you at your early convenience whether the volumes mentioned
by Dr. Leith Napier would be acceptable.

"Adelaide, 21st. July 1913.

Dear Sirs,

At the request of Dr. Leith Napier of this city I called to
see him again, and, during our conversation, he referred to some very
old books. I spoke of the Wellcome Historical Medical Museum of
Wigmore Street, London, and he agreed to present three volumes of
'The Principles of Surgery' by John Bell, surgeon, the first of which
is dated 1801 to the Museum if Mr. Wellcome would like to have them.
Dr. Leith Napier would very much like to know whether this gift would
be acceptable.

Yours very truly,
(signed) W.W.White"

We have in the mean time suitably acknowledged Dr. Napier's
offer. "

W.W.

1 October 1913

Dear Sir,

I have been informed by one of my representatives that you have very kindly offered to present Bell's 'Principles of Surgery' to the Historical Medical Museum. I shall be very pleased to accept the same, and beg to offer you my very cordial thanks for your kind gift.

I am sending you under separate cover a copy of the guide book to the Historical Medical Museum, which I feel sure will interest you.

Again thanking you,

I am,

Yours very truly,

Dr. Hapier.

Mr. Makepeace.

I enclose herewith a letter to Dr. Napier which I have signed on Mr. Wellcome's behalf, thanking the former for his kind offer to present Bell's 'Principles of Surgery' to the Museum. Will you please forward the letter and the copy of the guide book on to him as I do not know his address.

LONDON W.

Dear Sir,

I am in receipt of your favour dated October 1st, and subsequently received "The Guide Book". I have now forwarded you the Edition of Bell's Surgery 2 Vols in three, this is a first, and I think an almost unique specimen.

I have several other, some much rarer Works e.g. "Deventer's Midwifery" "Spratt's Obstetric Plates" 2 vols. "Chas. Bell's Surgery" etc. which if you desire to purchase for the Museum I will quote prices for. Also a good collection of Historical Instruments Midwifery Forceps, only two pairs, old Thermometers etc. etc.

If you entertain this I will send you a list all complete with price affixed. One volume alone is worth approximately forty-five to fifty guineas. But probably you would prefer to consider this as a separate transaction.

I will send you complete list of the vols. and Surgical and Scientific appliances if you so desire.

Yours faithfully,

A. D. Keith Napier

I desire to thank you very cordially for the copy of Bell's Surgery which arrived quite safely this morning, and which you so kindly presented to the Historical Medical Museum. We are very pleased to have the same, and thank you very heartily for your kind gift.

Deventer's 'Midwifery' and Charles Bell's 'Surgery' we already have, but if you would send us a full description of the historical instruments, etc. that you mention, stating the prices that you require for the same, we should be glad to give the matter early consideration.

Again thanking you for your kindness,

I am,

Dear Sir

Has your Museum
a copy of the 1st edition 1597
Gerard's Herball? I have a fine
complete copy for disposal.

This edition is extremely rare
and has only turned up once
in the London Auction Rooms in
three years, and it fetched then £16.10.

I cannot afford to give it away,
and it cost me several pounds.

If any use kindly write me.

You might have it on approval.

If you have one, of course

it won't matter.

Awaiting your kind reply

Yours s. Faithfully

Thanking you for the same,
