HENRY S. WELLCOME, Esq.

Snow Hill Buildings

LONDON, E.C.

20 January 1904.

Dear Sir,

I beg to acknowledge receipt of your letter of the 22nd ult, and to thank you for your kind offer to loan the articles you mention to my forthcoming historical medical exhibition.

I shall be very pleased to receive the old portrait of John Hunter and the old fashioned brass scarifier, but the books you mention are too recent for my purpose. I will advise you in due course of the time and place to which the picture etc. should be delivered.

I am,

Yours very truly,

John Dee Chapland Esq. M.A., M.D.
48 Brixton Hill,
S.W.

T.H.O.

January 6 1904

Dear Sir,

I beg to thank you for your letter of the 26th ult. and for your kind offer to loan the articles you name - if available at the time - of my Historical Medical Exhibition.

I should be very pleased to receive these, but, at present, cannot name a definite time as the date of the Exhibition has not yet been fixed; it will take place some few months hence, and under the circumstances I propose to communicate with you later on the subject.

I am,

Yours very truly,

Gordon Sharp, Esq, M.D.
3 St. George's Terrace,
Camp Road,
Leeds.

TELEPHONE
2162.

3, ST GEORGE'S TERRACE,
CAMP ROAD,
LEEDS.

Dear Sir (113)

Can you say when the
Exhibition is to be held? & how
long it will remain open? I ask
this because I may be having
some specimens in the end of
July 1904 - I mean at another place.

I have

- 1 a bleeding basin
- 2 A Pharmacopoeia of the Royal
Colleges of Edinburgh in Latin dated
1804.
- 3 Specimens of leaves & branches of
Strychnos toxicaria Benth (the
source of curare) from British Guiana
- 3 Blow pipe arrows presented by a
MaKutshi chief of British Guiana
(tested & found poisonous)
- 4 Curare prepared from true
Strychnos toxicaria bark

(5) Specimens of pure curarine
the active alkaloid of Stylocnema
wislizeni.

(6) a coloured print representing a
country purchaser bleeding a yodel
entitled — "Breathing a vein"

are these in your line?

I am

Yours Respectfully
Jorden Sharp

124

September 20, 1904

Dear Sir,

In reply to yours of the 18th inst., the reason you have not heard from me earlier respecting your kind offer to loan me some articles for my historical medical exhibition is owing to my having had to postpone the exhibition to the earlier part of the coming year on account of the enormous amount of work involved and the large number of promises I have had.

As soon as the date is fixed, I shall be pleased to inform you of the time and place to which the objects should be forwarded.

Yours very truly,

S. Stretton Esq. M.R.C.S.,
Hampton House,
Droitwich.

Dear Sir,

I desire to thank you for your kind letter of the 2nd inst.,
I already have a note of the articles you have kindly offered to loan me
for the Historical Medical Exhibition when it takes place.

I am afraid I could not do anything with the reverberator at the
present time, but should I hear of anyone likely to purchase it, I will
let you know.

Please do not forward your exhibits until the date of the Exhibition
is fixed, when I will duly apprise you of the time and place to which
they should be sent.

With reference to your postcard of the 5th inst., I shall be glad
of further particulars of the book by Simeon Harvey, and also of the one
by Macbride which you mention, at your convenience.

Stretton's Patent Bier.

AFTER very extensive use during the last 15 years this Bier has received general commendation.

It is easily propelled by hand, and where graves interfere with its wheel progress it can be readily carried. It has been used on many important occasions, and is equal to the conduct of any class of Funeral. When once the coffin is placed upon the Bier it needs no further handling, and it can be lowered through the Bier (if desired) as it stands over the grave.

For Particulars,

Dear Sir,

I have your circular asking
for assistance in forming a medical
Herculean exhibition -

The only thing I have of any
interest is a prescription & letter of
instructions by Dr. Gregory (Gregory's
Powder) written in the year 1812. I
ought also to have ^{at Bridlington Hall} a black paper
medallion of Dr. Cullen. about $4\frac{1}{2} \times 2\frac{1}{2}$ in.
If either of these are of the slightest use
to you I shall be glad to send them.
Unfortunately I have been giving away
during the last 4 or 5 years my old
apparatus & books. [ask him to ^{whom} I
remember also that I have a
large edition of Ambrose Paré's works
that also is in the worth.

Yours faithfully
Robert Smith

Recd. 6/2/04

For this is a rough draft of proposed
letter to Daimler Company kindly have
typed out - and I would like you to thoroughly
criticise it and make any suggestions
Please try and return it to me the day you
receive it if possible but as it is very ^{important}
you may hold over another day if you really find it
necessary -

(1)

Snow Hill Buildings, London S.E. 12

Dear Sir - re Daimler Car 1025/T.K. 3073

Referring to your last letter and my subsequent interview with you I regret that as Mr Wellcome has been travelling abroad in out of the way parts and has of late been ill there has been some delay in bringing this matter properly before him.

Mr Wellcome now desires me to say that he is greatly disappointed at the proposal of the Daimler Company which he considers very unsatisfactory - especially having regard to all facts of the case.

Mr Wellcome suggests that Mr Instone has not taken the trouble to read his letter of Oct 5 and desires me to call the attention of yourself and Mr Instone particularly to the following clauses of that letter:-

Insert slightly the quotation "I quote here from [A to B] on Feb 9 & 10 of my letter of Oct 5 1908 which I enclose herewith & which return to me"

I think you should bear in mind that Mr Wellcome has from the first very loyally and patiently given the Daimler Company every reasonable opportunity to make good the various defects of the car - with very little result except ~~rain~~ broken promises and the covering up defects which caused him renewed worry and loss of time and money.

You assured Mr Wellcome at his last interview with you that the company recognized this as a very exceptionally bad case and that I had been badly treated and that the company would take the matter up seriously and deal with it ~~fully~~ accordingly exceptionally and fairly.

~~Your proposal~~ The proposal ^{the Daimler Company} now made, is in substance - To now replace the defective chassis you supplied to Mr Wellcome with an out

Biarritz, le 190

Biarritz, le 190

(3)
for his expenses caused through the defects
of the car ^{and the faults of the Daimler Company} from the time of its ^{first} delivery.

This is without prejudice to any claim
for damages and loss which Mr Wellcome may
be advised to ^[prevent] ^[set up] in ~~the event~~ case
no friendly settlement is arranged.

If ~~the Daimler Company~~ ^{you} prefer to settle
this matter by refunding to Mr Wellcome
the money he paid the Daimler Company
for the defective car instead of
replacing it, he will consider any
such proposition your ^{company} may wish to offer.

Mr Wellcome expects to return
to London very shortly & shall
therefore be able to ~~bring your~~
place before him your reply
to this letter at an early date

Yours
187

21 January 1904.

Dear Sir,

I beg to thank you for your letter of the 14th inst, and for your kind offer to loan the articles you mention to my forthcoming historical medical exhibition. I shall be glad to act on the suggestions you make as to obtaining other loans, and I am communicating with the gentlemen you mention.

In due course I will advise you of the time and place to which the objects referred to should be delivered.

I am,

Yours very truly,

Prof. Watson Smith,

Suggestions regarding the Historical Medical etc. Exhibition, also
information in respect to objects of interest in the possession of
others.

I don't know for certain but think it likely
that Mr Samuel Hall, Treasurer of our Soc. Chem.
Industry, whom Dr. Power knows, has an autograph letter
of Michael Faraday, whom he knew when alive.
Prof. Down of the Royal Institution has many objects
of MS of deep interest. The Day-Faraday Laboratory
has also objects of great interest. Helmholtz (Glasgow) has, or can lend, Joule's original apparatus with
which he determined the Mechanical Equivalent of
Heat. The Literary & Philosophical Society of
Manchester, have John Dalton's original MS, & simple
apparatus with which he first determined Atomic weights,
& Owens College (Chem. Department) has Dalton's first
MS table of his Atomic Weights.

To

HENRY S. WELLCOME,
Snow Hill Buildings, LONDON, E.C.

* Also some blocks of an Australian equivalent of "Boophis carnalis"
in which a fossil was found. None could be identified in the Scottish
mineral - hence that celebrated trial of old, which was young sound.

251

It is not intended
to admit the general
public -

252

February 14. 1905

Dear Sir,

In reply to your letter of the 7th inst., you will observe from the enclosed notice that the exhibition has not yet been held. I still hope to have the loan of your old books containing the portraits of doctors, as promised. As soon as the date of the exhibition is fixed, which I hope will be in a few months time, I will advise you accordingly.

I have been interested in the particulars you have sent me concerning the old photographic print. I think the print is a very good one considering the date at which it was taken. I am quite sure that the negative could easily be improved and much enlarged, and also that you could have carbon prints taken from it if done by an experienced photographer; I should think it would be well worth it. You could not do better than put it into the hands of Messrs Gear & Chidley, of 101 Great Portland Street, London W., with whom I should advise you to communicate with respect to prices and other particulars.

With many thanks for your kind wishes, and trusting this information will be of service to you,

I am,

Yours very truly,

P.S. I return you the print herewith.

Mr J. F. Smith,
6, Market Street,
Ashby-de-la-Zouch,
Leicestershire.

of my Books, Furniture &c

Dear Sir,

I beg to acknowledge receipt of your letter of the 24th inst, and to thank you for your kind offer to loan certain books to my forthcoming historical medical exhibition. The first three you mention, however, are already in my possession, and the fourth is too modern for my purpose - I am unable, therefore, to avail myself of your kindness.

Again thanking you,

I am,

Yours very truly,

Paul Stewart Esq. M.B., C.M.
7 Walmer Crescent,
Paisley Road West,
Glasgow.

L^y J. H. Blair, Present,

Gentlemen,
I yesterday
received your most
acceptable "Medical History
and Visiting List." Please
accept my thanks for your
kindness in sending such
a useful article. Every
year also for the samples
inclosed in the next mail
case. Need I say how
much your preparations
are used in everyday
work.

work? They have be-
come so familiar to
one that one cannot
well conceive what
would happen if they
were suddenly with-
drawn from the mar-
ket. I wish to con-
gratulate you on your
success in your recent
encounter in the law
courts. I trust that the
result was so decisive
as to keep you out
of the lawyers' hands
for years to come.
By the way, the
only

only suggestion I can
make as to your visit.
viz list so that the
vaccinations should be
placed in close proximity
to the Obstetric Engagements.

Again thanking you,
I am,

Yours truly,

Phyllis Stewart.

H. J. Wellcome Esq,

Dear Sir,

In connection
with the forthcoming
Exhibition, I shall be pleased
to lend you a work by the late
Wm Hunter, "The anatomy of
the Human Female Uterus," with
very fine illustrations, & the text
in Latin & English. Printed for
the Sydenham Society, in 1851.
It is a very fine production.

Awaiting your reply,

I am, Dear Sir,

Yours truly,

F. T. Schofield.

Madam,

In reply to your letter I enclose you herewith a cheque for the value of Five pounds for the picture entitled "Galen," and shall be glad if you will kindly fill in the enclosed receipt form, and return the same to me at your early convenience.

At the same time will you kindly enclose me a note to Mr. Saunders, of Great Portland Street, instructing him to deliver the picture to bearer.

I am,

Yours very truly,

H.S.W.

Mrs. Scatchard,
Woodside,
Boston Spa.

Jan 14th 1911

WOODSIDE,

BOSTON SPA,

YORKSHIRE.

Dear Sir,

I was disappointed to find that the picture in question was of so little value, however I am obliged to you for the trouble you have taken, and shall be pleased to accept your offer of £5. as it certainly will be more in its place with you than here, in a small house.

Yours truly
J. W. Seatchard

H.M.E.

13th January 1911.

Madam,

I have now sent an expert to look at the picture of Galen with Mr. Saunders in Great Portland Street, and he reports to me that he finds the picture of very little value. He does not consider the picture a well-executed one, and it is not very old. The outside valuation put upon it is Five pounds.

If you care to accept that sum, I should be willing to send you a cheque for the same, for the sake of keeping the picture for the Historical Medical Exhibition. I regret it is not worth more, but I feel quite sure that the judgment given me upon it is a sound one.

I am,

Yours very truly,

H.S.W.

Mrs. Scatchard,
Woodside,
Boston Spa.

H.M.E.

5th January 1911.

Madam,

In reply to yours of the 3rd inst. respecting the picture of Galen, I will send an expert to examine the same if it is still with Mr. Saunders in Great Portland Street, and I will then communicate with you again, and see if it is worth while making you an offer for it.

I am,

Yours very truly,

H.S.W.

Mrs. Scatchard,
Woodside, Boston Spa,
Yorkshire.

3 January 3rd 1911

WOODSIDE,

BOSTON SPA,

YORKSHIRE.

T
Sir, As the picture of
"Galen" is not an interesting
one to have in a small
private house such as
this one, I wonder if
you would make me an
offer for it, on the strength
of some medical fancies

it when you have your
Exhibition; I expect if it
were cleaned, the Greek
temples in the background
as dark as the man him-
self would shew up much
better: it was left to us
by an old doctor who

valued it very much, and
when given to him (also by
a doctor) was supposed
to be old & valuable;
W. Saunders thinks it
is ^{only} a 19th Century picture
Awaiting your reply
I believe me,
Yours sincerely,
W. Scatchard

December 21st, 1909.

Dear Sir,

In reply to your letter of the 14th inst., I have now decided to hold the Historical Medical Exhibition in 1913, the year when the International Medical Congress meets in London.

I still have your oil painting of Galen, which you kindly loaned me for the exhibition, stored safely away, and hope to exhibit it when the time comes.

If you will kindly forward me further particulars of the date and place of publication of your copy of Galen's works, that you wish to dispose of, I will see if I am able to find you a purchaser.

I am,

Yours very truly,

June 13. 1904

Madam,

In reply to yours of the 18th inst., I trust the Postal Order has duly come to hand.

With respect to your picture, I shall be pleased to carry out your wish and at the close of the exhibition will send it to one of the large picture sale rooms. Meanwhile, will you kindly let me know if you wish any reserve placed upon it.

I am,

Yours very truly,

Mrs M. Seatchard,
Tadcaster,
Yorks.

285
Iadcastles
June 16th - 1904

Dear Sir -

Yours just received with
thanks; I dare say you discovered
that you had forgotten to enclose
Postal order for £5/-
With regard to the picture of "Galen"
I can give no idea of the value of it
but am hoping that by sending it to
you, you may gain some idea of its
worth, and whether it is or is worth while
(after you have finished with it) sending
it to one of those large picture sales.
I asked Mr. Reed if they had heard of
any picture of "Galen", and they said
they had heard of prints of him, but they
were most difficult to get hold of. It made
me think all the more of this. Yours truly
W. Scatchard

Henry S. Wellcome Esq.

CONFIDENTIAL
EXTRA STRONG

RECEIVED
21807

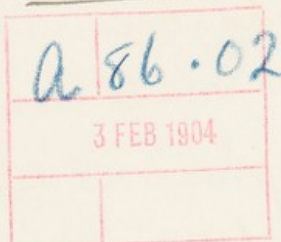

W^h were described in the
British Med: Journal Some
Years ago, and W^h I think
are in the British Museum.
By the time you have your
Exhibition, I may too be able
to send you a large oil painting
of Galen - Have you ever heard
of a picture of him? he is
standing in a sort of forest

painting at a skeleton, and in
the background - very indistinct
there are Roman or Grecian
Temples - perhaps a City.
This picture belongs to an old
lady of 96 - who is supposed
to be dying - in fact has been
for the last fortnight. -
We also have some very old
Coloured prints - very Curious
things of Medical Interest - Some
ointment jars - like Doulton ware
W^h my soon took over from the
old Dr, his predecessor - & I shd.

think they were in this said
surgery before his time. -
If you think any of these things
will be of sufficient interest
perhaps you will let us know.

Yrs truly.

Wm. M. Scatchard

Mrs Morgan
S. 280

TADCASTER,

January 31st 1904

Sir. With reference to your
Exhibition, I am writing on
behalf of my husband & son
to say that we shall be
pleased to contribute any-
thing we can. -
We have Galeus' works -
bound in Vellum, evidently
the same as some Copies

5 February 1904.

Madam,

I beg to acknowledge receipt of your kind letter of the 31st ult and to thank you for the interest you are taking in my forthcoming historical medical exhibition. I shall be very pleased indeed to receive the works of Galen, painting, coloured prints, ointment jars etc, you mention, and in due course will advise you of the time and place to which they should be delivered. In the meantime, however, I should be greatly obliged to receive from you a detailed list of the names and descriptions of the various curios. Thanking you in anticipation,

I am,

Yours very truly,

Mrs M. Soatchard,
Tadcaster,
Yorks.

I would send an oil painting
of "Galen" also his works
bound in Vallem, & a few
other things. -

I am afraid it is from selfish
motives that I wish to send
Galen's works. as by
this means I might get to
know their value. -
The picture has been left

to me by an old medical man
of 96 and was from him
when a young man by a
Leeds Medical: it is not
a pretty thing to have in
our's house, and if valuable
I sh^d prefer to sell it. -

As the picture is in the
empty house, and the
furniture is to be sold in.

a week's time, I wd. have it
sent direct ^{to you} from Boston Ma,
instead of bringing it here.
With apologies for troubling
you, Believe me -

Yours truly,
W. Scatchard

 I brought to the notice of Mr. Spence
 Dispensing Chemist the announcement
 regarding the "Historical Exhibition"
 shortly to be held in London.

Mr. Spence purchased some
 few years ago, & is now carrying on as a
 Branch, the old established business
 of Mr. David Archibald, which was
 originally the Old Shop of

Dr. Walckie
of Chloroform fame

Mr. Spence kindly promised to
 forward me photographs of the Old Shop
 and of Dr. Walckie

Comr. W. E. J.

Historical Exhibitions cont (2) 12 $\frac{2}{04}$

Dr Spence mentioned he has a very
 peculiar & very old jar. which
 belonged to Dr Wuldie. & no one
 appears to be able to give it a name.

Dr Spence is forwarding you a photo
 or sketch of it & will gladly send
 you itself if you think it of interest.

When in Edinburgh next week I
 propose calling on Mr Rutherford Hill
 the Secretary of the N. B. Branch
 of the Pharm. Society.

Mr Hill, I know, has under his
 charge at the Rooms of the Society
 in York Place, many valuable and
 historical Curios Relating to Pharmacy &c
 & I trust to secure his kind co-operation
 & the loan of the most valuable. Will
 only report you.

H. J. Wellcome Esq
 London

Yrs truly
 W. E. Taylor

15 February 1904.

Dear Mr Taylor,

Your letter of the 12th inst, f.
20/1 came duly to hand, and I thank you for
the interest you are taking in my forthcoming
historical medical exhibition. I am follow-
ing up the various matters you mention.

I am,

Yours very truly,

W. E. Taylor Esq.
17 Stevenson Drive,
Langside,
Glasgow.

I duly received from your firm
some little time ago a Brochure
on Anaesthetics, and in which you make
use of a Photograph I had pleasure
in sending you of Dr David Waldie
of Linlithgow. As the account you
give of Dr David Waldie is a little
inaccurate in that it never
makes mention of Linlithgow. I
take the liberty of sending you the
enclosed which I have copied
from the Scottish American of Nov
1907. The Initials of the old
lady who wrote this to the
American paper is J. A. B (Jean

Armour Brown) a daughter of one
of the survivors of the Scots Greys
at Waterloo, ~~and~~ (Armour). This being
an ~~authentic~~ account, I have no doubt
you may be able to make use of it.
I think I sent you a Photograph of
"Waldie's Pharmacy" Lintithgow at the
time I sent Photo of Dr David Waldie
if not, and you care to have one I
will be pleased to send. I have
also one label as used by Dr David
Waldie Surgeon and Druggist Lintithgow
if you care to reproduce it, I will have
pleasure in lending you it.

Yours truly
Alexander Spence M.P.S.

311

January 3rd, 1907.

Dear Sir,

I desire to thank you for your kind letter of the 20th ult., and for the interesting account of Dr. Waldie, extracted from "The Scottish American", which you have so kindly sent me. It is a very interesting statement, and I hope to embody some portion of it in the next edition of the little book "Anaesthetics Ancient and Modern".

I have the photograph of Waldie's Pharmacy, Linlithgow, which you kindly sent me, in keeping for the Historical Medical Exhibition.

With reference to the label, if you will kindly lend me the same for a short time I will have it photographed, and return the original to you.

Thanking you for your kind interest in the matter,

I am,

Yours very truly,

Alexander Spence, Esq.,

43, High Street (West),
Leeds,
Sigs.

we have to use occasionally.

If of use to you I could get our printer to set up an exact copy of these labels, and get Messrs Miller Richard & Co Type foundry to make a stereo for you which would cost I think 2/- to 2/6

Your firm having representative in New York might by calling upon Mrs Jean Armour Brown, Hoboken, New Jersey, get some very instructive and interesting information concerning Dr David Waldie. If you care I can supply you with correct address although I understand above would find her, as they are well known, all her family holding excellent positions.

Yours truly
Alexander Spencer

Leslie, Fife, 14 Jan 1908

Messrs Burroughs Wellcome

Gents, I have pleasure in sending you on loan a bottle with Dr David Waldie's label upon it. I am afraid however that it is too dirty to be photographed, but a facsimile label could easily be made by setting up in type and getting a stereo made, another label of Waldie's bears the following in the exact same style as upon bottle sent:—

Waldie's Laboratory
67 High Street LINLITHGOW

this I cannot send unfortunately as it is affixed to a large Prescription book which

Copy from "The Scottish American of November 1907"

Discoverer of Chloroform

In the issue of the Scottish American of October 30th I see an article on the origin of Chloroform. Dr. David Waldie of Linlithgow discovered it in Linlithgow Scotland in 1845-1846. Professor Simpson used to drive out from Edinburgh and watch his progress.

My father and the Doctor were great friends. Father used to borrow the Doctors pestle and mortar to mix his horses medicine, he being his own vet. One night on taking them back, and when their chat was over, fathers beautiful little spaniel, a great pet was missing, on leaving he said "I think my little vagabond came with me", the doctor said "Yes, Oh, here he is,". He was lying stiff. Father said, "Oh David, he is dead! The Doctor said "Oh no; his heart beats quite strong. He has been smelling that pancer I put there for a mouse, He is quite insensible, If you cut him to pieces he would not feel it. He will come to himself in about an hour. If you will take him home and put him in his bed (for he will be a sick dog when he comes to himself) he will be all right to-morrow I will look in and see him". He told my sister next morning he was sorry father had got such a shock but "Fido" had done him a great kindness, and had given him courage to know he was on the right track. After his discovery he was appointed Chemist to McAdams Institution Liverpool. Sir James Simpson used the Chloroform in his practice and was often censured for doing so. He replied that he was right in doing so, and quoted Genesis 2nd Chapter and 23rd verse - "God caused a deep sleep to fall upon Adam, he took one of his ribs and closed up the flesh thereof". The Waldie family are all gone and my relatives (are the family of the late Robert Spence M.D. (Edin) J.P. Linlithgow) who are all qualified Chemists have bought their property and still keep the room where Chloroform was discovered. I believe in "Honour to whom, Honour is due" and as surely as Watt discovered the use of steam David Waldie of Linlithgow, Scotland brought out the use of Chloroform.

Dear Sir,

I beg to enclose particulars of an historical medical exhibition which I propose to hold in London. In this week's "Lancet" I see mentioned an account of an old apothecary's bill 1697, which is in your possession, and it occurred to me that you might be willing to loan it to me for the above exhibition when it taken place.

Trusting this will be agreeable to you,

I am,

Yours very truly,

Dr. Stretton

Kidderminster
Worcester

During my interviews with the
above he mentioned that some
2 or 3 or seven years ago he sent up
some curios in connection with the
medieval exhibition & wishes to
know when it was taking place
& he seemed to think that he would
not have them returned to him
& be a permanent exhibit which
he did not intend. I told him
that you would write him, - he
is aware that they were
misused & I should say it is
the time they have been away
which has made him raise
the point. If you write him
confirming the time of the
exhibition & the return afterwards
of the curios he will be quite
satisfied. C.W. A. Flick.

Dr. J. L. Stretton. 27 Church St. Kidderminster.

Dear Sirs,

The above doctor has several antique things with reference to medicine, which he will be pleased to lend no doubt, if you will kindly communicate with him.

One of the articles is the lid of a medicine-chest, formerly used by an old witch-doctor in E. Africa.

Another article consists of one of the first chloroform inhalers which was ever made.

Another is an old medicine-case, some hundred years old.

He has also a few old-fashioned instruments etc.

If any of these articles which he possesses will be of interest enough for inclusion in the exhibition, he will be pleased to write a short account of their history in each case, where the

Crewkerne March 21st 1904

Dear Sir

Yesterday I received
letter containing "Ancient
Cymric Medicine" & was
much interested in reading
it. I am sorry I have nothing
worth sending

I have an old book (1751)
a History of the Materia Medica
containing a description of all
Substances used in Medicine &c
By John Hill, M.D. Member of
the Royal Academy of Sciences at
Bordeaux, Published by Longman

&c London

The Book is about 10 inches
by 9 & three inches thick

If it is of any service to you
I should be glad to present it
to you as I have no need of
it as I have been laid up
since the week before Xmas
& shall soon be in my 73 year
& I have no one who would
value it.

If it would be of use to you
I should be pleased to send
it on but should it be
of no service to you please
let me know

I am Dear Sir

Dear Sir,

I am informed by my representative, Mr D. G. Kirkpatrick, that you have kindly offered to loan me an old wooden mortar and pestle and a set of old guinea scales which you have in your possession for my forthcoming historical medical exhibition. I shall be very pleased to have them and will advise you in due course of the time and place to which they should be delivered.

Thanking you for your kindness in lending the same,

I am,

Yours very truly,

F. T. Smith Esq.,

Chemist,

Antrim.

H. S. Wellcome Esq.
London.

Dear Sir. I received your letter and Enclosures
re. proposed Exhibition. and have handed the
same to Mr. Waterworth, Editor of the Medical
Section of Sharland's Journal. - and he will do
all that he can on your behalf.

I am sorry that I find no material
at command that would be likely to be of
service to you.

I am
Yours respectfully
J. Martin.

May 2. 1904

Dear Sir,

Many thanks for your letter of the 22nd inst. I already have a copy of Sibley's "Astrology" and also Burrough's "Method of Physick", or I should have been pleased to have availed myself of your kind offer. These works are somewhat common and are of no great value.

Again thanking you for your kind interest in the matter,

I am,

Yours very truly,

G. Ernest Smith Esq.,
Thorn Bank,
Mottram Road,
Hyde.

Apr. 22nd. 04

Dear Sir

I have in my possession two old books which I shall be most happy to lend you for your perusal, if you think they will be sufficiently interesting, I have not ascertained their value and should esteem it a favor if you would give me your opinion. One of them is a work on Astrology by E. Sibly M.D. F.R.H.S. "embellished with Curious Copper plates" & the other a Radical work by Philip Barrough dedicated "to the Right Honorable and His Singular Good Lord & Master, The Lord Burghley

High Treasurer of England, Knight
of the most noble Order of the Garter,
and one of His Majesties Majesties
most honourable Privy Council,
I give on the other Side a copy
of the title page without attempting
to reproduce ~~in imitation~~ the
types, I think you will find
this well worth your while to
add to your collection.

Yours faithfully,
Edmund Smith

Henry S. Wellcome Esq.

The method of Physick
Containing the causes, signes, & cures
of inward diseases in mans body,
from the head to the foot.

Whereunto is added, the former
Rule of making remedies and
medicines, which our Physicians
commonly use at this day, with
the proportion, quantity, and names
of each medicine.

By Philip Barrough.
The eighth edition

London
Printed by George Miller dwelling in
Black-Fryers MDCXXXIX

* In the place where I have put the
cross there is an elaborate design bearing
the motto *Anchora Spes*.

May 2. 1904

Dear Sirs,

I beg to thank you for your letter of the 19th ult., and for the kind offer to loan the articles you mention to my forthcoming historical medical exhibition. I shall be very pleased to have them with the exception of Lytes, Turners, Parkinsons and Gerards Herbals, of which I already have copies. I will advise you in due course of the time and place to which the other books, etc. should be delivered.

I am,

Yours very truly,

Messrs F.W. Salmon & Son,
30, Western Road,
Hove,
Brighton.

April 26/13

Dear Sir

I have just read your booklet
about the Historical Medical Exhibition & your
request that medical men should send you
old things which might be of interest. I have
had this old book & Hypodermic syringe lying
about for some time. If they are worthy your
notice please use them, if not send them
back.

I am yours truly

Hmm.

30 April 1913.

Dear Sir,

I desire to thank you for your kind letter of the 26th inst., and for sending the book entitled "Anima Medica" and the old hypodermic syringe for the Historical Medical Museum.

I am returning the book to you as we already have a copy in hand, but I shall be very pleased to exhibit the hypodermic syringe.

Kindly fill in the enclosed form stating the amount for which you wish your exhibit insured.

Thanking you for your kindness,

I am,

Yours very truly,

Dr. J. Sandison Crabbe,
Dundallan,
Gravelly Hill,
Birmingham.
