THE
Fifteenth Annual Report

OF THE PROCEEDINGS OF

THE VESTRY

OF THE PARISH OF

ST. MARTIN-IN-THE-FIELDS

FOR THE YEAR ENDING MARCH, 1871.

IN conformity with the 198th Section of "The Metropolis Local Management Act," the following Report of the affairs and business of the Vestry during the past year, accompanied by an Abstract of the Receipts and Expenditure, duly audited as required by the Act, is made.

VESTRY MEETINGS AND COMMITTEES.

The Return attached to this Report will show that the Vestry has held 26 meetings, and the Committees appointed by the Vestry have held 23 meetings during the year.

PARLIAMENTARY MEASURES.

Two Bills materially affecting the interests of the Parishioners have been introduced into Parliament during the present Session, viz.:—

1. Euston, St. Pancras, and Charing Cross Railway.
2. London Street Tramways (Kensington, Westminster, and City Lines).

The first-named Bill affected the thoroughfares of the Parish by stopping up Duke Street, Adelphi, without providing any substitute. The Vestry therefore petitioned against it, and induced the Committee to pass numerous clauses for protecting the interests of the Parishioners, and among other clauses, compelling the Company to make a Carriage-way from the end of Buckingham Street to Villiers Street, and also a Footway from Villiers Street to Buckingham Street; and the Act has, with these Amendments in Committee, received the Royal assent.

The second Bill was intended to authorise the construction of a Tramway, part of a larger scheme, from the Thames Embankment to Charing Cross. The Vestry considering that such a Tramway would obstruct the traffic through Charing Cross, petitioned against the Bill. The result of this opposition has been to induce the promoters to give up that part of the scheme. The portion of the proposed Tramway between the end of Whitehall Place and Charing Cross has been therefore struck out of the Bill, and the Act so amended has received the Royal assent.

SANITARY MEASURES.

The Medical Officer's Report is attached, showing the sanitary state of the parish, and the steps taken to improve it during the past year.

In connection therewith the Vestry have caused 119 notices for abatement of nuisances to be served during the past year, and 10 summonses have been issued to compel the inhabitants to abate the nuisances complained of. In all other cases the notices have been complied with.

SURVEYOR'S REPORT.

Under this head, all the works done under the direction of the Vestry will appear.

CONCLUSION.

Bound up with the Annual Report will be found a detailed account of the Receipts and Expenditure of the rents and dividends belonging to the Alms Fund in the parish devoted to charitable purposes, and distributed by the Churchwardens in the support of Alms Women and Out-Pensioners elected by the Vestry.

I beg to remain,

Gentlemen,

Your very obedient Servant,

HENRY JACQUES,

Surveyor to the Vestry.

MEDICAL OFFICER'S REPORT, 1870.

Annual Report on the Health of the Parish of St. Martin-in-the-Fields, for the Year 1870.

HAVING been appointed to succeed, as Medical Officer of Health, the late Mr. Beale, who died so recently, I have been requested to furnish a report of the health of this parish for the year 1870. The suddenness of his death prevents it from being so comprehensive as it would otherwise have been.

On referring to the monthly reports of the late Medical Officer, I find there have been during the year 592 births, 276 of which were males, and 316 females; this is an increase of 16 on the previous year. The death-

number 620—339 males and 281 females ; this is 26 deaths more than the year 1869.

In the year 1870 smallpox proved fatal to 3. The late Medical Officer appears to have used his best endeavours in urging re-vaccination to the inmates of those houses in the poor districts in which smallpox had made its appearance. About the middle of the year smallpox was very prevalent in Bedfordbury, owing, no doubt, to the great number of people living in each house, and the want of proper precaution amongst them in guarding against the spread of this scourge.

Bedfordbury, as in former years, appears still to be a source of trouble. The habits of the people are so dirty, and the houses old and dilapidated, and not at all adapted to modern sanitary arrangements. The most effectual remedy would be to pull the place down, and construct proper dwellings where cleanliness could be better enforced. Mr. Beale, in his report for August, says:—"I have by frequent inspections endeavoured to improve the condition of the houses in Bedfordbury and adjoining courts, but the population is so great, especially in numbers of children, that the

place is no sooner cleaned than it is again made more filthy. The population has been greatly increased by the pulling down of houses for the new Law Courts, many of whose inhabitants came to Bedfordbury and neighbourhood."

JOHN J. SKEGG,

Medical Officer of Health.

MEMORANDUM. —The full establishment in the Alms Houses consists of Seventy Widows and Unmarried Women, who have been Housekeepers in the Parish; they receive 34s. 6d., 36s., and 42s. 6d. per Calendar Month, according to the several Foundations to which they have been elected. Those labouring under sickness, or other infirmities, are provided with Nurses at the charge of the Funds. A Chaplain attends at Chapel on Sunday and Thursday in each week, to perform Divine Service; they are also attended by an eminent Medical Gentleman, and are furnished with Medicine free of charge.—The Out-Pensioners consist of Ten Married Couples, each Couple receiving 30s. per Calendar Month; Twenty Single Persons receive 20s. per Calendar Month each; they have been also Housekeepers in the Parish. The Vestry having found that several applicants for the Alms Fund preferred receiving the Out-Pension and living with their friends, instead of residing in the Alms Houses, have during the last few years, elected the most deserving applicants as Out-Pensioners, by which means the Alms' Fund has been distributed between a larger number of Out-Pensioners than formerly. The number of Pensioners on the Fund in March, 1871, were as follows:—40 Almswomen, 11 Married Couples, and 46 Single Persons—Out-Pensioners.

Deed of Gift of Sir Charles Cotterell and Mrs. Susan Grahme.

SIR CHARLES COTTERELL, in 1686, gave for 8 Alms Women in the Alms Houses on his Foundation	£	s.	d.	
	20	0	0	per annum arising from the Manor of Drayton and Westover, in the County of Somerset.

AND

MRS. SUSAN GRAHME, in 1686, for 4 Alms Women in the Alms Houses on her Foundation	£	s.	d.	
	50	0	0	per annum arising from the same Manor. These sums are paid to those twelve Alms Women monthly, by the Vicar, or his Deputy for the time being, and who form a part of the 70 Alms Women in the Alms Houses. This fund is independent of the monthly pay they each receive from the Parish Foundation.

8 19 7 The residue of the Rent-charge purchased by the Vestry with £179 Parish Stock.

Smith's Charity.

HENRY SMITH, Esq., bequeathed by will, in 1626, to 24 parishes the Rents, &c., of his Manor, and the amount of their respective shares vary from £12 to £30 per annum, according to the declarations of the Will.

The proportion of the Rent received by this Parish varies from £20 to £24 per annum; arises from the Manor and Rectory of Longney, in the county of Gloucester; Trustees, the Governors of Christ's Hospital, to whom an annual return is made of the distribution. The proceeds are distributed by the last senior Churchwarden, in Clothing, Provisions, or Money, to poor persons of good character, who have been or are residents, or who have lived in the Parish at least five years, either as Housekeepers or Lodgers.

N.B. This Charity is kept separate and distinct from the General Alms Fund.
