MEMORANDUM.—The full establishment in the Alms Houses consists of 42 Widows and Unmarried Women, who have been Housekeepers in the Parish; they receive 34s. 6d., 38s. 6d., and 42s. 6d. per Calendar Month, according to the several Foundations to which they have been elected. Those labouring under sickness, or other infirmities, are provided with Nurses at the charge of the Funds. A Chaplain attends at Chapel on Sunday and Thursday in each week, to perform Divine Service; they are also attended by an eminent Medical Gentleman, and are furnished with Medicine free of charge.—The Out-Pensioners consist of Married Couples, who receive 30s. per Calendar Month; and Single Persons receive 20s. per Calendar Month each; they have been also Housekeepers in the Parish. The Vestry having found that several applicants for the Alms Fund preferred receiving the Out-Pension and living with their friends, instead of residing in the Alms Houses, have during the last few years, elected the most deserving applicants as Out-Pensioners, by which means the Alms' Fund has been distributed between a larger number of Out-Pensioners than formerly. The number of Pensioners on the Fund in April 1883, were as follows:—40 Alms Women and 19 Married Couples, and 60 Single Persons Out-Pensioners.

## MEDICAL OFFICER'S REPORT,

1882.

---

*Annual Report on the Health of the Parish of St. Martin-in-the  
Fields, for the Year 1882.*

---

TO THE VESTRY OF ST. MARTIN-IN-THE-FIELDS.

GENTLEMEN,

I have the honour of submitting to you my Thirteenth Annual Report on the health and sanitary condition of the Parish of St. Martin-in-the-Fields.

The Smallpox epidemic, which prevailed to such an extent in the previous year, gradually declined during the year 1882.

The mortality was slightly in excess of the former year, due to the increased number of deaths which occurred in the Charing Cross Hospital, there being 40 more than in the year 1881.

## BIRTHS.

The Births registered in the year 1882 were 412. This number is 6 less than in the previous year.

The following Table gives the number of Births occurring in each month of the year:—

			<i>Males.</i>		<i>Females.</i>		<i>Total.</i>
January	..	..	20	..	10	..	30
February	..	..	21	..	12	..	33
March	..	..	20	..	16	..	36
April	..	..	15	..	19	..	34
May..	..	..	23	..	18	..	41
June	..	..	19	..	17	..	36
July..	..	..	10	..	20	..	30
August	..	..	19	..	16	..	35
September	..	..	20	..	17	..	37
October	..	..	17	..	14	..	31
November	..	..	17	..	23	..	40
December	..	..	17	..	12	..	29
			<hr/>		<hr/>		<hr/>
			218		194		412
			<hr/>		<hr/>		<hr/>

The Births registered in London in the year 1882 numbered 133,200, and were in the proportion of 34·3 to 1,000 inhabitants. This was the lowest birth-rate recorded in 20 years, that is since 1862, in which year the rate was 34·2.

## DEATHS.

The Deaths during the year numbered 474. This mortality was 23 in excess of the previous year.

The following Table gives the number of Deaths occurring in each month of the year:—

			<i>Males.</i>		<i>Females.</i>		<i>Total.</i>
January	..	..	15	..	9	..	24
February	..	..	26	..	21	..	47
March	..	..	29	..	20	..	49
April	..	..	27	..	17	..	44
May..	..	..	28	..	14	..	42
June	..	..	22	..	15	..	37
July..	..	..	18	..	9	..	27
August	..	..	20	..	23	..	43
September	..	..	19	..	11	..	30
October	..	..	24	..	18	..	42
November	..	..	29	..	17	..	46
December	..	..	28	..	15	..	43
			<hr/>		<hr/>		<hr/>
			285		189		474
			<hr/>		<hr/>		<hr/>

Of the above 474 Deaths, 188 occurred in the Charing Cross Hospital, and of this number who died in the Hospital, 154 were non-residents in the Parish. These 154 deaths deducted from the total deaths will form a basis on which to estimate the death-rate of the Parish.

In estimating the population I have added the inhabitants of the Peabody Buildings, which establishment was not completed when the Census of April 1st, 1881, was taken.

In London the Deaths numbered 82,905 and were in the proportion of 21·4 per 1,000

Appended is the annual death-rate per 1,000 in the parish of St. Martin-in-the-Fields during the last ten years:—

### AGES AT DEATH.

Of the 474 deaths, 82 occurred under 1 year, 82 from 1 to 5 years, 38 from 5 to 20 years, 87 from 20 to 40 years, 123 from 40 to 60 years, 52 from 60 to 80 years, and 10 above 80 years.

### CAUSES OF DEATH.

**ZYMOTIC DISEASES.**—The seven principal Zymotic Diseases, the diseases most influenced by sanitation, caused 49 deaths, inclusive of those which occurred in the Charing Cross Hospital. This number is 11 less than in the previous year.

**SMALLPOX.**—No death from this disease was registered. The Relieving Officer reports 7 cases sent to the Smallpox Hospitals. In London 431 deaths occurred from this malady in the year 1882.

**MEASLES.**—There were 7 deaths from this disease, the same number as in the previous year.

**SCARLET FEVER.**—3 deaths only were due to this malady. This mortality is exceptionally low.

**DIPHTHERIA.**—14 deaths were caused by this disease; this number is greatly in excess of former years, but it is only fair to state that out of this

number 10 were non-residents who died in the Charing Cross Hospital, so that only 4 belonged to the Parish.

The Registrar-General in his Annual Summary for the year 1882, says: "In London Diphtheria appears to have been more than usually fatal."

WHOOPING COUGH was fatal to 13, this number was 6 more than in the previous year.

FEVER.—This includes Typhus, Typhoid, Simple Continued Fever, and Remittent Fever. 5 deaths were registered from this class of disorders, they were all due to Typhoid Fever, and 3 out of the 5 occurred in the Charing Cross Hospital, in non-residents. The Relieving Officer sent 6 cases of this disease to the Asylum Hospitals.

DIARRHŒA.—7 deaths were caused by this malady, 6 of which were in young children.

DISEASES OF THE RESPIRATORY ORGANS, including Consumption, destroyed 139. This number is 22 more than in the preceding year.

DISEASES OF THE HEART.—40 deaths were due to this complaint, against 30 of the previous year.

CANCER proved fatal to 16 persons.

The deaths from all other causes, with the ages at death, will be found fully detailed further on.

## SANITARY WORK.

In the year 1882, 98 formal notices were served upon the owners or occupiers of property, besides numerous verbal recommendations to remedy sanitary defects. One summons was taken out. The owner of 66, Drury Lane, allowed an underground dwelling, not meeting the requirements of the Act, to be inhabited in defiance of two notices served upon him for its vacation. The summons was heard before Mr. Flowers, at Bow Street, when the owner was fined forty shillings and costs.

Two houses, 1 and 2, Little Catherine Street, which had been a source of trouble and annoyance for many years, owing to their dilapidated, unsanitary and dirty condition, were closed without resorting to legal measures, the owner consenting to shut them up.

The pipe-sewers have been regularly flushed, those gullies emitting offensive effluvia have also been flushed with carbolic acid and water, and the several courts and passages in the Parish lime-whited.

In conclusion, I must again bear testimony to the zeal and intelligence of your Inspector in the discharge of his duties, and also acknowledge with thanks, the promptitude with which the Relieving

Officer of the district keeps me informed of all infectious diseases and nuisances coming under his notice.

I have the honour to be, GENTLEMEN,

Your obedient Servant,

JOHN J. SKEGG,

*Medical Officer of Health.*
