PARLIAMENTARY BILLS.

On the 30th April, 1885, it was reported to the Vestry that the following Bills had been withdrawn in the House of Commons, viz. :—

Charing Cross and Waterloo Electric Railway (extension to Cockspur Street) ;

King's Cross, Charing Cross, and Waterloo Subway ;

London Central Subway ; and

Railway Rates and Charges.

Hampstead Heath Enlargement. This Bill provides for the acquisition of Parliament Hill and other lands (comprising together about 274 acres of land) and their addition as open spaces to Hampstead Heath. The Bill seeks to enact that it shall be lawful for the City Corporation, Vestries, and District Boards, the Charity Commissioners, and the Trustees of the London Parochial Charities, when established, to contribute to the cost of the acquisition. After such acquisition it is proposed that the Metropolitan Board shall at their own cost maintain the lands to be acquired and preserve them as an open space for ever. The Metropolitan Board resolved not to petition against the Bill. The Home Secretary requested the attention of the Vestry to Clause 4 of the Bill (which provides, *inter alia*, for contributions from Vestries and District Boards), and desired to be furnished with observations thereon. The lands being situate in the Parishes of Hampstead and St. Pancras, no obligation rests on this Vestry to contribute to the first cost, inasmuch as, should the Bill pass into law, the Vestry would contribute their proportion,

pro rata, of the cost of maintenance, and the Home Secretary was informed accordingly, and no further action was ordered to be taken thereon.

Horse Guards Avenue. The Metropolitan Board and the Westminster District Board having resolved to petition against the Bill, the Vestry, on the 4th February, 1886, resolved to adopt a like course. On the 18th March, it was resolved that the Vestry's Petition against the Bill be withdrawn.

Metropolitan Board of Works (Fire Brigade Expenses). The Bill proposed that instead of the maximum of $\frac{1}{2}d.$ in the £. hitherto assessed upon the gross value of property within the Metropolitan area, a maximum of $1d.$ in the £. should be so assessed, and that the contributions of the Fire Insurance Companies shall be increased from £35 to £40 per £1,000,000 of the sums insured. It was resolved that the passing of the Bill be not opposed.

This Bill proposed to confer further powers upon the Board with respect to the supply of water in or near to the Metropolis, and other powers connected therewith. On the 4th February, 1886, the Vestry resolved to inform the Board of their approval of the Bill, and to request the Rt. Hon. W. H. Smith, M.P., to give his support to the same. On the 18th March, 1886, the Clerk reported that the second reading of the Bill had been put off for six months.

opinion of the Vestry entirely subversive of the provisions of the Electric Lighting Act, 1882, it was resolved, on the 4th February, 1886, that the Board of Trade be requested to oppose the granting of the Provisional Order, and that a Petition be presented against the Bill.

HYDE PARK CORNER (NEW STREETS) BILL.

The above Bill proposed to confer upon the Metropolitan Board of Works the power of directing in what manner the cost of the maintenance of the above streets should be defrayed, whether by contributions from all or any, or wholly by one of the following bodies, viz., the Metropolitan Board of Works, the Vestry of St. George, Hanover Square, and this Vestry.

On the 11th June, 1885, a letter was submitted from the Right Hon. W. H. Smith, M.P., stating that he had arranged the necessary blocks so as to keep up the opposition to the Bill. On the 20th August, 1885, the Clerk reported that the Bill had been dropped on the 10th inst. Notice was duly given in November, 1885, of the intention of the Government to re-introduce the Bill, and on the 4th February, 1886, instructions were given to the Clerk to prepare and lodge a Petition against the Bill,

and generally to adopt the same measures with regard to opposing and blocking the Bill as adopted during the past three Sessions.

On the 4th March, 1886, the Vestry were informed by the Right Hon. W. H. Smith that the Bill having been reached before 12 on the 1st inst., it had been impossible to prevent the Bill being read a second time, and that there remained no alternative but for the parishes to appear before the Select Committee, whereupon it was resolved that the Vestry appear by Counsel for the purpose of obtaining an equitable adjustment of the cost of the maintenance of the New Streets on the most favourable terms.

ST. JAMES'S PALACE.

As the result of prolonged negotiations and communications a letter was, on the 16th April, 1885, submitted to the Vestry from H.M. Treasury stating that they would be prepared to contribute a sum of £450 per annum in respect of residences and apartments in St. James's Palace, not in the personal occupation of the Sovereign, on the Vestry and Overseers agreeing that so long as such contribution is received no rates shall be made by the parish upon the occupier of any such residences or apartments. The Vestry thereupon resolved to accept the terms of the offer and to request the Overseers to concur.

GATES, BARS, Etc.

On the 2nd April, 1885, the Vestry were informed by the Metropolitan Board of Works that they had resolved not to proceed further with that portion of their Various Powers Bill which provided for the removal of Gates, Bars, &c., within the Metropolitan area.

CHARITY ESTATES.

On the 5th January, 1886, a special meeting was held for the purpose of considering the draft schemes of the Charity Commissioners for the future administration of the Charities of the parish. The scheme, entitled—"The St. Martin-in-the-Fields Almshouse and Pension Charity," provides for the participation by the parishes of St. George, Hanover Square, St. James, St. Paul, Covent Garden, and

St. Anne, Soho, in certain of the charities specified in the Scheme which have for very many years been enjoyed solely by the parishioners of the parent parish, the income from which for the past year amounted to £3,120. At the meeting above referred to a resolution was passed that the Charity Commissioners be informed that the Vestry protest against any scheme or schemes for the administration of the parish charities which does or do not, as heretofore, limit the benefits of the same to the area of the parish as at present constituted.

With regard to "The St. Martin-in-the-Fields Parochial Charities" Scheme, which provides for the retention by this parish of certain legacies bequeathed since the severance of the above-mentioned parishes, the Income from which amounted during the past year to £335, it was resolved that the Commissioners be informed that the Vestry approve of the Scheme.

RIOTING AND DESTRUCTION OF PROPERTY.

A deputation waited on the Home Secretary on the 11th January, 1886, on the subject of the then recent rioting, to request him to place the police on a more satisfactory basis, to prosecute the sedition mongers, and to adopt immediate measures to restore public confidence by preventing a repetition of like disorders. The deputation was courteously received by Mr. Childers, who informed them that satisfactory and efficient measures had been taken by H.M.'s Government to secure order and restore confidence in the executive.

ST. MARTIN'S CHURCH FUND.

On the 6th August, 1885, a letter was submitted from the late Vicar, the Rev. W. G. Humphry, stating that he had been able out of his private means to augment the original sum of £600 in the hands of the Official Trustees of Charity Funds with regard to the above fund to £1,000, whereupon it was ordered that the thanks of the Vestry be accorded to him for his generous gift.

SCHOOL BOARD FOR LONDON—*continued.*

On the 1st October, 1885, Mr. Churchwarden Laing reported the proceedings of a Conference held at Westminster Town Hall, on the 29th September, 1885, *inter alia*, stating that it had then been determined to invite candidates for the Westminster Division to attend an adjourned meeting of the Conference for the purpose of selection; that the Division should be divided into 5 sections, of which the parish and that of St. James formed one, and that a conference of the Committees of both Vestries would be held for the purpose of choosing a candidate.

On the 15th October, 1885, Mr. Churchwarden Laing reported that Churchwarden Captain Probyn, the Rev. W. M. Sinclair, and Messrs. Burroughes, Ross, and Winnett, had been selected as the five candidates for the Division, and a local Committee consisting of the whole Vestry, was appointed with power to add to their number, for the purpose of promoting the election of the candidates, the late Vicar consenting to act as Chairman and Mr. Prescott as Hon. Secretary. On the 12th November, Churchwarden Captain Probyn expressed his thanks to the Vestry for their support in electing him a member of the Board for the Westminster Division.

Scheduling of Sites at Long Acre and Duke's Court.

Attention having been called by Mr. Prescott to the scheduling of the above sites for the erection of School Board premises, a Committee was appointed on the 12th November, 1885, to take steps to prevent the schemes being carried out. A statement of objections, signed by

the Rev. E. Venables and others, was submitted to the Vestry on the 26th November, 1885, and referred to the Committee. On the 10th December a draft of a letter was submitted to the Vestry by the Committee, containing particulars of accommodation, attendances, and other statistics, a copy of which was ordered to be forwarded to the School Board for London, the Members of the Vestry, and the Clergy of adjoining parishes.

Cumulative Voting. The Vestry of St. James' (under date 9th December, 1885), forwarded copy of a communication to the Vice President of the Council of the Education Department urging the abolition or material modification of the existing system, and requested the Vestry to support their representations, but no action was taken by this Vestry with regard thereto.

Election Expenses. A memorial was on the 18th February, 1886, ordered to be forwarded to the Committee of the Council on Education, stating that the Vestry are of opinion that a detailed statement of the expenditure of the Returning Officer should in all cases accompany the Precepts requiring payment of such expenses, that the fees payable to the officials should be limited by statute, and that an account of the expenses incurred at the election in November last should be furnished to the Vestry. The sum apportioned on this parish in respect of the above amounted to £149 6s. 4d., being £12 1s. 8d. in excess of the amount so apportioned in 1883.

FIRE BRIGADE EXPENSES.

On the 12th November, 1885, a resolution was passed requesting the Metropolitan Board to include in any Bill to be promoted by them in Parliament a clause empowering them to levy a larger rate on the Fire Insurance Companies of the Metropolis to meet the probable increased expenditure on the Brigade. On the 10th December, 1885, a letter was submitted to the Vestry from the Metropolitan Board, stating they had decided to apply to Parliament in the next Session for authority to increase their rating power for Brigade purposes, and to provide for an increase in the contributions from the Insurance Companies.

DUNCAN IRVINE,
RICHARD WILLIAMSON, } Auditors.

MEDICAL OFFICER'S REPORT,
1885.

Annual Report on the Health of the Parish of St. Martin-in-the-Fields, for the Year 1885.

TO THE VESTRY OF ST. MARTIN-IN-THE-FIELDS.

GENTLEMEN,

I have the honour of submitting to you my Sixteenth Annual Report on the health and sanitary condition of the Parish.

BIRTHS.

During the year 1885 there were 350 Births registered, of which 180 were males, and 170 females. This is the lowest number of the last 10 years. For many years past the births have been gradually decreasing in the Parish, owing, as I stated in my Annual Report for the year 1884, to so many of the families of the inhabitants residing in the suburbs.

The following Table gives the number of Births occurring in each month of the year:—

			<i>Males.</i>		<i>Females.</i>		<i>Total.</i>
January	14	..	14	..	28
February	7	..	15	..	22
March	15	..	22	..	37
April	19	..	10	..	29
May..	13	..	13	..	26
June	15	..	11	..	26
July..	14	..	15	..	29
August	14	..	9	..	23
September	13	..	28	..	41
October	16	..	14	..	30
November	16	..	11	..	27
December	24	..	8	..	32
			<hr/>		<hr/>		<hr/>
			180		170		350
			<hr/>		<hr/>		<hr/>

The birth-rate of the parish for the year 1885 was 19·3 per 1,000 of the population.

The birth-rate for the whole of London in the year 1885 was 32·6 per 1,000.

DEATHS.

In the year 1885 there were registered 426 Deaths, of which 250 were males, and 176 females; this number was 43 more than in the previous year.

The following Table gives the number of Deaths occurring in each month of the year:—

			<i>Males.</i>		<i>Females.</i>		<i>Total.</i>
January	26	..	19	..	45
February	18	..	13	..	31
March	24	..	13	..	37
April	21	..	25	..	46
May..	22	..	16	..	38
June	14	..	13	..	27
July..	.	..	21	..	9	..	30
August	21	..	9	..	30
September	17	..	12	..	29
October	19	..	14	..	33
November	21	..	15	..	36
December	26	..	18	..	44
			<hr/>		<hr/>		<hr/>
			250		176		426
			<hr/>		<hr/>		<hr/>

Of the above 426 Deaths, 177 occurred in the Charing Cross Hospital, and of this number who died in that Institution, 139 were non-residents in the Parish. In public institutions situate without the Parish, 64 deaths of Parishioners occurred. Amongst the tables will be found one giving details of these 64 deaths.

The Death-rate of the parish for the year 1885 was 19·3 per 1,000, slightly less than in the previous year.

Ratio of deaths to population, 1 in 51·7.

The Deaths registered in London during the year 1885 were exactly 80,000, and corresponded to an annual rate of 19·7 per 1,000 inhabitants. This was the lowest rate on record in London.

Appended is the annual death-rate per 1,000 in the parish of St. Martin-in-the-Fields during the last ten years:—

1876	17·2
1877	16·9
1878	17·5
1879	18·6
1880	16·8
1881	18·5
1882	17·6
*1883	19·0
1884	19·7
1885	19·3

AGES AT DEATH.

Of the above 426 total deaths occurring within the parish, 64 were under 1 year, 49 from 1 to 5 years, 36 from 5 to 20 years, 91 from 20 to 40 years, 106 from 40 to 60 years, 71 from 60 to 80 years, and 9 above 80 years.

* This is the first year returns have been supplied to me from the Registrar-General's Office of deaths of parishioners occurring in Public Institutions outside the Parish, which deaths have been added to the death-rate.—J. J. S.

CAUSES OF DEATH.

ZYMOTIC DISEASES.—The seven principal Zymotic Diseases are Small-pox, Measles, Scarlet Fever, Diphtheria, Whooping Cough, Fever, and Diarrhoea. From these complaints 30 deaths occurred. This number is 17 less than in the previous year, and the lowest of the last ten years, with the exception of the year 1877, when the deaths from this class of disease numbered 26.

SMALL-POX.—No death from this malady occurred in the Parish. Six cases came to my knowledge, 1 passed through the complaint at home, the other 5 were removed to Hospital, 4 of which died.

MEASLES.—Nine deaths were recorded from this complaint.

SCARLET FEVER.—As in the previous year only 1 death occurred from this disease. Two cases coming under my notice were removed to Hospital and there recovered.

DIPHTHERIA.—Three deaths were due to this disease, the lowest number of the last 7 years.

WHOOPIING COUGH.—Seven deaths were registered from this disorder, against 13 of the previous year.

FEVER.—This includes Typhus, Typhoid, Simple Continued Fever, and Remittent Fever. Four deaths only were due to this class of disease. In the years

1885 and 1876 the mortality from fever was the lowest of the last ten years, the number of deaths in each of those years being 4.

DIARRHŒA.—Six deaths were due to this complaint, all in children under 5, and the lowest number during the last ten years.

DISEASES OF THE RESPIRATORY ORGANS, including Consumption, destroyed 126. 11 less than in the previous year.

DISEASE OF THE HEART.—39 deaths were due to this complaint, against 24 of the previous year.

CANCER was fatal to 22 persons.

The deaths from all other causes, with the ages, at death, will be found fully detailed in a table further on.

INQUESTS.

In the year 1885, there were held 63 inquests. Subjoined are the causes which produced death:—

SANITARY WORK.

In the year 1885, 110 notices were served upon the owners or occupiers of property, besides numerous verbal recommendations to remedy nuisances and sanitary defects.

Cecil Court.—In one of my fortnightly reports towards the latter part of the year 1884, I brought to your notice the unsanitary condition of the houses in Cecil Court. I pointed out in a letter (a copy of which I read to you) addressed to the Agent of the property, the bad and unwholesome condition of these premises, and that they were not at all suited for the habitation of so many families. After a great deal of correspondence, extending over several months, had passed between the Agent and myself, it was eventually arranged that the Agent and I, in company with your Surveyor, should make an inspection of the houses in question. We did so and arrived at the conclusion that the houses were past repair and should be closed. The Agent accordingly promised he would give the tenants three months notice to quit. They are now (June 1886) nearly all closed with a few exceptions, which are in a less dilapidated condition.

Hunt's Court, Leicester Square.—I also drew your attention to the unsanitary and decayed condition of the house number 7 in this court. Subsequently your Surveyor and I made an inspection of this house,

when we both agreed it should either be demolished or closed. The owner eventually voluntarily caused the premises to be vacated and closed, without our having to resort to legal measures.

BAKE-HOUSES.

The bake-houses have been duly inspected, and with the exception of three, which required lime-whiting, they were all in a cleanly and orderly condition. I could not ascertain that any lad under the age of 18 was employed during the restricted hours, viz., from 9 o'clock at night till 5 o'clock in the morning.

HOUSES LET OUT IN LODGINGS.

Your Inspector, whom you appointed permanent inspector of these houses, has regularly inspected them, and reported to me all sanitary defects that may come under his notice.

By your directions I drew up a sanitary notice which was printed and freely distributed amongst the parishioners. In this notice suggestions were made as to the management of dust-bins, water-cisterns, w.c.'s, stables, etc., also recommendations for the use of disinfectants.

The pipe-sewers have been regularly flushed, those gullies emitting offensive effluvia have also been

flushed with carbolic acid and water, and the several courts and passages in the Parish lime-whited.

In conclusion, I must again bear testimony to the zeal and intelligence of your Inspector in the discharge of his duties, and also acknowledge with thanks the promptitude with which the Relieving Officer of the district keeps me informed of all infectious diseases and nuisances coming under his notice.

I have the honour to be, GENTLEMEN,

Your obedient Servant,

JOHN J. SKEGG,

Medical Officer of Health.
