PUBLIC HEALTH DEPARTMENT, TOWN HALL, WEST HAM.

To the Council of the County Borough of West Ham.

MR. MAYOR AND GENTLEMEN,

“Every Medical Officer of Health appointed under order of the Local Government Board is required to make an annual report with regard to the sanitary district which is under his superintendence. The report is to be for the year ending 31st December. It should be chiefly concerned with the conditions affecting health in the district, and with the means for improving those conditions. It should contain an account of the sanitary circumstances of the district, and of any improvement or deterioration which may have occurred during the year in those circumstances.”

In accordance with the above requisition, I beg to submit my annual report for the year 1907, and in doing so, desire to point out that such report must necessarily consist very largely of a summary of my periodical reports and other matters which have been under discussion by the Council during the year, and which, therefore, are more or less within the immediate recollection of the members. The collated returns, however, and the statement of local circumstances which may appear superfluous to members fully conversant with them, serve not only as valuable statistical records for future reference, but are needed by the Local Government Board and other authorities, to whom the Medical Officer of Health is required to forward copies.

I am, Mr. Mayor and Gentlemen,

Your obedient Servant,

CHARLES SANDERS,

Medical Officer of Health.

METEOROLOGY.

The observations given below are extracted from the weekly reports of observations taken at Greenwich Observatory, a course justified by the geographical position of the Borough immediately to the North of Greenwich. They show that the registered sunshine of the year was 1,418 hours, being 315·1 hours less than in 1906. The hottest day was September 25th, when the temperature reached 82·7 degrees, and the coldest day was December 30th, 1906, when it sank to 19·8 degrees. The number of rainy days was 175, the total rainfall of the year being 23·48 inches. The greatest daily fall occurred on June 29th, when 1·03 inches fell.

VITAL STATISTICS.

Area.—The area of the County Borough of West Ham is 4,706 acres. Latitude $51^{\circ} 30'$ — $51^{\circ} 33'$ N. Longitude $0^{\circ} 1'$ W.— $0^{\circ} 3'$ E. Altitude, 1 foot to 46 feet above Ordnance datum.

Population.—The population of the Borough at the Census in 1901 was 267,358. The number of inhabited houses 41,433, giving 6·4 persons to each house. The estimated population at the middle of 1907 was 308,284.

At the Census in 1901 the number of persons per acre was 56·8. Below is given the area of the wards of the Borough (excluding water) and the population per acre in each ward at Census year :—

Ward.					Area in Acres.	Persons per Acre.
New Town	...	...	...	...	404·6	45·3
Forest Gate	...	...	...	...	256·6	77·7
High Street	...	...	...	...	550·4	34·5
Broadway	...	...	...	...	171·6	91·6
Park	...	...	...	...	262·0	58·3
Upton...	...	...	...	...	270·8	65·1
West Ham	...	...	...	...	301·0	105·1
Plaistow	...	...	...	...	355·8	75·1
Hudsons	...	...	...	...	448·8	52·8
Canning Town	...	...	...	...	474·4	50·9
Tidal Basin	...	...	...	...	274·2	106·2
Custom House	...	...	...	...	684·2	38·5

Births.—The number of births registered during the year was 8,759, being 434 less than the previous year, and 353 less than the average number during the last ten years. The birth-rate for the year was 28·9 per 1,000, while the average birth-rate during the ten years 1897–1906 was 33·0 per 1,000. Distributed to the various

wards of the Borough the births were as follows :—

Ward.	Males.	Females.	Total.	Rate per 1,000 population.
New Town	245	228	473	24·1
Forest Gate	189	207	396	18·5
High Street	321	302	623	30·0
Broadway	209	225	434	25·5
Park	196	172	368	22·1
Upton	170	143	313	16·6
West Ham	538	520	1,058	29·7
Plaistow	570	562	1,132	34·5
Hudsons	490	496	986	34·2
Canning Town	498	455	953	34·2
Tidal Basin	584	553	1,137	33·6
Custom House	454	432	886	29·9
Totals	4,464	4,295	8,759	28·9

Illegitimate Births.—121, or 1·3 per cent. of the above were illegitimate births, 54 males and 67 females.

Deaths.—The number of deaths registered in the Borough during the year was 3,442, including the following deaths in public institutions within the Borough :—

	Under 1 year.	One year and upwards.
Plaistow Hospital	6	114
West Ham Hospital	10	40
St. Mary's Hospital	12	36
Seamen's Hospital	—	52
Plaistow Maternity Nursing Home ...	3	2
Medical Mission Hospital	6	20
Non-residents registered in the district	7	77

The 3,442 deaths registered do not include the undermentioned deaths in public institutions :—

	Under 1 year.	One year and upwards.
Union Infirmary	44	587
Borough Asylum	—	106
Dagenham Hospital	—	—
Residents registered in London Institutions.	40	277

After the suitable adjustments rendered necessary by the foregoing tables have been made, the net deaths of the Borough numbered 4,412 (2,286 males and 2,126 females), being 198 less than the previous year and 351 below the average for the past ten years. This makes an annual death-rate of 14·5 per 1,000, or 3·0 below the average death-rate during the ten years 1897–1906, which was 17·5 per 1,000.

Corrected for age and sex distribution, this death-rate becomes 15·5 per 1,000, the factor for correction being 1·0693.

In the following table the foregoing deaths are distributed to the various wards of the Borough, and the death-rates of the wards calculated from the estimated population at the middle of the year. In obtaining these estimates regard has been had, firstly, to the natural increase of population (births over deaths), which in aggregate amounted to 4,347, and secondly, to the number of houses finally passed by the Borough Engineer for occupation during the year 1907.

The number of houses finally passed by the Borough Engineer were as follows :—

New Town	...	1	West Ham	...	21
Forest Gate	...	7	Plaistow	...	133
High Street	...	—	Hudsons	...	89
Broadway ...	...	—	Canning Town	...	—
Park	...	—	Tidal Basin	...	6
Upton	...	—	Custom House	...	8

	302,484	1,155	3,257	4,412	14.5	131

Zymotic Diseases.—The total deaths from the seven principal Zymotic diseases numbered 738, making an annual Zymotic death-rate of 2·4 per 1,000, the average Zymotic death-rate during the previous ten years being 3·57 per 1,000. In the following tables I append particulars, so far as possible, relating to each disease separately—both notifiable and non-notifiable epidemic diseases. In the latter cases, however, the returns of cases being obtained from the School Attendance Officers are necessarily inexact.

Notifiable Epidemic Diseases.

Disease.	Notified Cases.	Deaths.	Attack-rate per 1,000.	Death-rate per 1,000.	Average Attack-rate 10 years 1897-1906.	Average Death-rate, 10 years, 1897-1906.	Percentage of Deaths to Attacks
Small-pox ...	1	—	—	—	0·33	0·05	—

Average number of days in Shelter per Patient, 28.

Year ending March, 1907-8, 237 Patients.

Average number of days in Shelter per Patient, 31.

Examination of Dairy Cows in the Borough for Tuberculosis of the Udder. Veterinary Surgeon's Report.

Three hundred and thirty-one cows have been examined. In only one case was the udder distinctly tuberculous. It was arranged to remove the cow from the shed at once for slaughter; the general bodily condition being good and the disease apparently strictly localised. Four rather doubtful cases of indurated glands have been reserved for later inspection and will be reported on again if necessary. In the other cases of induration the affected quarters were giving no milk. The few instances of sore teats were innocent congestive eruptions or abrasions. There was not a single case of acute mastitis, a curious exemption.

Except for some coughing, both in the warm and cold sheds, the cows were in generally excellent health. There were none ill-nourished or emaciated.

SUMMARY.

Animals examined.	Tuber- culous udder.	Acute mastitis.	Indurated quarters.	Sore teats.	Reserved for further inspection.	At grass.

Factory and Workshop Act, 1901. Section 132 provides that the Medical Officer of Health of every district council shall, in his annual report to them, report specifically on the administration of this Act in workshops and workplaces, and he shall send a copy of his annual report, or so much of it as deals with this subject, to the Secretary of State.

The following Tables are intended to cover the above provision :—

Annual Report of the Medical Officer of Health for the year 1907, for the County Borough of West Ham, on the administration of the Factory and Workshop Act, 1901, in connection with factories, workshops, laundries, workplaces and homework.

Smoke Nuisances.

January 1st to December 31st, 1907.

NORTHERN DIVISION OF THE BOROUGH—

Number of hourly observations	...	...	...	2,932
„ emissions of dense black smoke	...	...	...	569
„ „ exceeding 10 minutes during	...	...	...	...
the hour	...	...	...	55

SOUTHERN DIVISION OF THE BOROUGH—

Number of hourly observations	...	...	...	1,827
„ emissions of dense black smoke	...	...	...	706
„ „ exceeding 10 minutes during	...	...	...	...
the hour	...	...	...	145

The above observations were made by the Council's Inspector under the Shop Hours Acts, but in addition 20 lists of observations were received from the Coal Smoke Abatement Society and considered by the Public Health Committee.

Two summonses were issued in respect of Smoke Nuisances, but these were withdrawn on the Medical Officer of Health discovering that each of the firms were, in fact, in the process of installing electric plant with a view to the prevention of smoke nuisance.

Shop Hours Acts and Seats for Shop Assistants

Act.—During the year, 1812 shops have been visited, when the following infringements of provisions of the Acts were discovered:—

In respect of excessive hours of employment	...	...	17
„ non-exhibition of Notice	...	...	201
„ want of proper seats...	...	...	1

The details are set out in the following table and in the list of prosecutions.

The shops inspected are set out in the following table :—

Licensed Premises.—Under this heading are included :—

Cowsheds, of which there are	...	...	...	21
Dairies and Milkshops	...	...	...	333
Common Lodging Houses	...	...	...	11
Slaughter Houses	...	...	...	31

These are periodically visited by the Inspectors of Nuisances, the number of visits being shown in the appendix to this report.

Applications were granted for the registration of a new keeper and deputy keeper at the common lodging-house, No. 211, High Street, Stratford, and for a new deputy keeper at No. 11, Fulton Street.

An application for a new slaughter-house license at the rear of No. 9, Upton Lane was not granted.

Bakehouses.—There are 165 bakehouses in the Borough, of which 46 are basement bakehouses duly certified by the Council. A new bakehouse was opened at No. 7, Balmoral Terrace, Prince Regent's Lane.

Offensive Trades.—An application was made for permission to establish the offensive trade of fat melting at premises known as Magnet Works, Marshgate Lane. The Public Health Committee viewed the premises, and, finding them unfit for the purpose, required the applicants to submit to the Medical Officer of Health plans and particulars of alterations they were prepared to make. The applicants failed to submit these particulars, and permission to establish the trade on the above site was not granted.

New premises were erected in Barber's Road, Stratford, by Mr. W. Hornett, for carrying on the trade of bone boiling, permission having been obtained from the Council, as stated in my report for 1906.

An application was received for permission to carry on fat melting and bone boiling at No. 30, Marshgate Lane. The premises being in a dilapidated condition, the applicant was required to submit plans and particulars of the buildings and plant he was prepared to erect in the event of permission being granted. No particulars were submitted and the application was not granted.

The British Organic Conversion Company, successors to Messrs. F. Hammersley & Co., carrying on the trades of fat melting, bone boiling and soap making in Bradfield Road, Silvertown, made application for permission to treat blood and other organic matter. This application was granted on the recommendation of the Public Health Committee after a visit to the factory.

Application was made by the Co-operative Wholesale Society for permission to establish the trade of soap making in new buildings about to be erected at their premises at Silvertown, and permission was granted subject to the approval by the Medical Officer of Health of the plant to be used.

Bye-laws.—New Bye-laws, made under Section 26 of the Public Health Acts Amendment Act, 1890, prescribing the times for removal of offensive matter within or through the Borough, were adopted by the Council on 9th July, and allowed by the Local Government Board on 22nd August, 1907. The Bye-laws provide that offensive matter shall be removed between 6 a.m. and 12 noon during the months of November, December, January and February, and between 4 a.m. and 10 a.m. during the remaining months of the year. They also require the provision of properly constructed receptacles and carts, and provide for the cleansing of any footway or carriage way upon which offensive matter may have been spilled during the process of removal.

Pollution of Rivers Act.—A meeting was held at the offices of the Lee Conservancy Board, attended by the Medical

Officers of Health of the districts abutting on the Lee Navigation. The meeting, convened by the Board, was of a private character, and discussed the subject of sewage effluent standards, with special reference to the upper and lower reaches of the River.

A special meeting of the Essex Field Club was held at the Technical Institute in the Autumn when the subject of Pollution of Rivers was discussed by eminent scientists and manufacturers. Subsequently, at the instance of the British Science Guild, your Council addressed a letter to the President of the Local Government Board, urging the advisability of legislation upon the matter.

Midwives Act, 1902.—The Midwives' Roll for 1907 contained the names of 181 Certified Midwives residing in West Ham.

Only 32 midwives sent in notice of their intention to practice during the year in accordance with Section 10 of the Act.

385 records of sending for medical aid were received from 39 midwives, and 57 notices of stillbirth.

Of the total 8,759 births 4,841 were attended by certified midwives attached to the Institutions of the Plaistow Maternity Charity, as under:—

HOWARD'S ROAD—

2,929	Midwife in sole charge.
673	„ nursing for medical man.

LANSDOWNE ROAD—

1,083	Midwife in sole charge.
156	„ nursing for medical man.

During the year the Central Midwives Board issued a new edition of Rules under the Act in place of those issued in 1903, the modifications of which need not be discussed as they primarily relate to the duties of the practising midwife.

SALE OF FOOD AND DRUGS ACTS.

Under these Acts 1,219 samples were purchased for analysis, and 107 were returned by the Public Analyst as adulterated, the number of samples taken being at the rate of 4·3 per 1,000 of the census population. In London the samples taken during the year 1906 were at the rate of 4·9 per 1,000, and in the rest of England at the rate of 2·4 per 1,000. I applied for summonses in 77 cases, at the hearing of which fines and costs amounting to £201 3s. 0d. were imposed. The particulars of these will be found in the appendix.

Registration.—The Local Government Board, on 28th December, 1907, issued a General Order under the Butter and Margarine Act passed in that year, prescribing the forms of application and of registration of (1) Butter factories; (2) Manufactories of Milk Blended Butter, and (3) Wholesale Dealers in Milk Blended Butter. Article III of the Order provides for the endorsement of the certificate of registration where any change occurs in the persons carrying on the business.

In accordance with the above Order, premises at Crayford Mills, Stratford, were registered as a manufactory of margarine, premises in

Forest Gate where the business of wholesale dealer in Margarine is carried on, and four premises in various districts of the Borough where the business of wholesale dealer in milk blended butter is carried on.

Collection of House Refuse.—The house refuse of the Borough is collected twice a week, the receptacles being placed outside the houses by the occupiers, and collected by the Corporation vehicles.

The total amount collected during the 307 working days of the year amounted to 28,296 loads, an increase of 145 loads on the previous year.

The shoots on which the above house refuse was deposited are set out below :—

Unsound Food Condemned.

- 3 boxes, 1 kit and 1 case Skate.
- 2 trunks and $1\frac{1}{2}$ stone Skate Wings.
- 4 boxes and 1 case Roker.
- 1 case Roker Wings.
- 1 kit (23 stone) mixed Roker, Dabs, Haddock and Cod.
- 1 trunk Catfish and Haddock.
- 3 trunks Cod.
- 3 „ Haddock.
- 1 trunk Dabs.
- 1 „ Bream.
- 1 „ Plaice.
- 1 „ Whiting.
- 1 „ Gurnet.
- 12 stone Halibut.
- 1 box Mackerel.
- 1 bag Winkles.
- 2 barrels Crabs.
- 1 barrel Shrimps.
- 14 boxes Kippers
- 16 pieces Beef.
- 12 „ Mutton.
- 4 lbs. flank of Beef.
- 6 pieces Pigs' Liver.
- $\frac{1}{2}$ Pig's Head.

Unsound Food Condemned—*continued.*

- 8 Sheeps' Hearts.
- 1 pair Sheep's Lights.
- 1 lb. Scrag.
- 6 Sausages.
- 1 Fowl.
- 9 half-sieves Black Currants.
- 10 ,, Red ,,
- 6 lbs. Cherries.
- 4 ,, Strawberries.
- 1 stalk Bananas.
- 9 barrels and 1 case Apples.
- 1 box and 10 Oranges.
- 1 ,, Dates
- 28 boxes and 6 lbs. Tomatoes.
- 16 heads Celery.

Nuisances, for the Abatement of which 7,214 Notices
were served during the year 1907.
