156 Paradise and the Peri

But lo! the vesper call to pray,
As slow the orb of ~~light~~ ^{day} light sets,
Is rising sweetly on the air,
From Syria's thousand minarets!
The Boy has started from the bed
Of flowers, where he had laid his head,
And down upon the fragrant sod
Kneels, with his forehead to the south,
Lipping th' eternal name of God
From painted, even Cherub mouths,
And looking, while his hands & eyes
Are lifted to the glowing skies,
Like a stray Dove of Paradise,
Just lighted on that flowery plain,
And seeking for its home again!
Oh 'twas a sight - that Heaven - that Cloud
A scene, which might have well bequeel'd
Divine light, Oblivion of a sight
The flowers, light and grace gone by!

139 "In this" she cried, as she waded ^{light} led 3
 "My welcome gift at the Gates of Light
 "Though foul on the drop that fell on
 "On the field of warfare, blood like this
 "For Liberty shed, so holy is —

It would not stain the purple veil
 That sparkles among the Powers of Heav'n
 Oh! if thou be, on this earthly sphere,
 A boon, an offering Heaven holds dear.
 "In the last tribulation Liberty draws
 From the heart that bleeds and breaks
 Paradise & Pain — in her cause

Questions for the Curious.

What will carry you over to France or to Spain,
And construct you a vessel to come back again?
Gives Senators power, and Monarchs the sway;
Makes Counsellors work, and makes Miss O'Neill play
What will level a Mountain, or raise up a Ridge?
What built the Pagoda, and Waterloo Bridge?
What in sickness finds Doctors? is always a Friend?
Makes Foes quite pacific, and Brothers contend?
If these Questions to solve you are really inclin'd,
This Packet unfold, and an Answer you'll find.

The Questions answered.

The Question propos'd, if unable to guess,
I will give you a clue in a minute, or less.
The *Fourth of Next March* the New Lott'ry will draw,
And the Scheme is the richest that ever you saw;—
Three Grand Thirty Thousands, well worthy pursuit,
And *Capitals* nearly *One Hundred* to boot,
In *Sterling* to pay the Contractor intends,
And *Twelve Pipes of Wine* are reserv'd for his friends.
Then purchase a Share from the Agent of BISH,
And the Lottery will furnish the Answer you wish.
