# REPORT OF THE

The Board of Directors of the City of New York, in its annual report, has the honor to submit to the City Council the following statement of the financial condition of the City of New York, for the year ending June 30, 1900.

The total amount of the City's revenue for the year ending June 30, 1900, was \$44,400,000, and the total amount of the City's expenditures for the same period was \$44,400,000. The City's revenue for the year ending June 30, 1900, was \$44,400,000, and the total amount of the City's expenditures for the same period was \$44,400,000. The City's revenue for the year ending June 30, 1900, was \$44,400,000, and the total amount of the City's expenditures for the same period was \$44,400,000.

## SEWERS AND GENERAL RATES

The following table shows the amount of the City's revenue for the year ending June 30, 1900, and the total amount of the City's expenditures for the same period.

Item	Amount
Revenue	\$44,400,000
Expenditures	\$44,400,000

# REPORT OF THE VESTRY CLERK.

---

GENTLEMEN,

During the year ending Lady-day, 1874, the amount collected on the Poor's Rate was £55471 12s. 1d.; the amount in the pound levied for the four quarters was 2s. 11d., being for the quarter to Midsummer, 1873, 8d.; to Michaelmas 8d.; to Christmas 9d.; and to Lady-day, 1874, 10d., the same total amount as in the previous year. The gross amount levied was £64,938 from which has to be deducted losses from defaulters, excused, vacant premises, and allowances to owners, equal in all to about 13 per cent. of the gross sum charged. This proportion has been calculated *a priori* and is verified by the result.

The mode in which this sum has been expended will be seen by reference to the statement signed by the Poor Law Auditor given in the Accountant's Report.

At Lady-day, 1873, the Vestry was indebted to the Guardians on Contribution Orders £7000, and at the same period, 1874, the same amount.

The amount of the Guardians Contribution Orders for the year ending Lady-day, 1873, was £44,000, and for the year ending Lady-day, 1874, £38,500. Further particulars will be found in the Balance Sheet given with the Accountant's Report.

## SEWERS AND GENERAL RATES.

The Accountant's statement hereto appended will give the details of the receipts and expenditure on account of the Sewers and General Rates. It is only necessary here to state that the rates levied for the last two years, ending Lady-day, were

	1873	1874
General in the £...	1/6	1/6
Sewers ditto	4d.	4d.

## ASSESSMENTS.

The Provisional and Supplemental Valuation lists for the year have been duly prepared, and the totals for the present year are fixed at £561,817 10s. gross value, and £448,272 rateable value. The totals for the Metropolitan District are, gross value £25,226,885, and the rateable value £20,731,709, subject to appeals pending. It is upon the total rateable value that the Police, County, Metropolitan Board's, School Board's, and other charges are levied.

## METROPOLITAN IMPROVEMENTS.

The following paragraph appeared in the last Report :—

“The Act of Parliament which the Metropolitan Board obtained last Session for the widening of the High Street, and the making of a new street, from Old Street to Shoreditch, &c., has been put into operation ; the works have not actually commenced, but the Metropolitan Board is actively engaged in settling the claims for compensation involved, and the actual works may be expected to commence in a short time.”

The above is equally true for this year, no works having actually commenced.

## *Metrop.* TRAMWAYS.

The North ~~London~~ Tramway Company has now completed the whole of the works authorised within this Parish. The amount paid by them in respect to pavements taken is £7309, and there is a balance of about £500 to be paid when the exact measurements have been decided. No Bill was promoted by the Company last Session affecting this Parish except that in an Extension of Time Bill, a proposal was made to authorise the use of steam propelling power, but that was not proceeded with.

## RAILWAYS.

The only Railway Bill affecting the Parish was one promoted by North London Railway Company to authorise the appropriation of the roadway under the Sun Street Bridge, which would, as proposed, have involved the stopping up of the thoroughfare from Sun Street to Liverpool Street, between the two stations.

After some negotiation between the North London and Great Eastern Companies, and between those Companies and the City Commissioners of Sewers and the Improvement Committee of this Vestry, the matter was settled by the Company conceding to the City a continuation of the said thoroughfare from Sun Street to Skinner Street, and by surrendering to this Parish a small plot of ground in Skinner Street, which had been the cause of a considerable nuisance, and foregoing the claim for payment for the piece of ground in Worship Street which the Company was bound to sell to the Parish, the estimated value of which, was £2500. The Metropolitan Board had agreed to bear the cost of this improvement, hence the saving will be to the Metropolis in general and not to the Parish in particular.

## THE PROPOSED MORTUARY.

The Vestry has decided against erecting a Mortuary on the ground in rear of the Town Hall. The whole question is at present in abeyance, but there are some prospects of an arrangement being made by which such a provision may be made in the Parish Church Yard.

## DISORDERLY HOUSES.

Five persons were prosecuted upon information by parishioners for keeping disorderly houses. Three females and two males; all pleaded guilty. Three were ordered to find bail to come up for judgment when called upon, and two (females) were sentenced to six months' hard labour, the cases being bad ones, and the disreputable practises being carried on during the time the offenders were under remand.

## ADULTERATION OF FOOD ACT.

Dr. Stevenson, Professor of Chemistry at Guy's Hospital, has been appointed the analyst for this Parish, for one year, at a salary of £50, with 10s. for each analysis; and the appointment has been approved by the Local Government Board. The Vestry has fixed 2s. 6d. as the fee to be paid by purchasers of articles on submitting the same for examination.

During the year ensuing the 24th of June, sixty-one samples were submitted for examination. Of these, twenty were submitted by private purchasers, including five by the officers of the workhouse.

Six cases were certified by the Analyst as proper for prosecution. The articles were milk, and the offenders were fined ten shillings each, and nine shillings costs, being the charge for the summons and the fee to the Analyst for attendance at court.

The Analyst's Reports are appended.

## THE TOWN HALL.

During the year the Large Hall has been let 156 times; the Council Chamber 21 times; the Committee Rooms have been frequently used by Local Societies, School Board Committees, &c., mostly free of charge.

The receipts for letting were £977 6s. 6d.; the amount paid for cleaning after letting, £90.

In the autumn of 1873 the Hall was thoroughly repaired and renovated, and the Large Hall was in some respects altered at a total cost of about £1150.

## OFFICERS.

The Inspectors of Nuisances, Messrs. Dennis and Robinson, resigned their offices at Christmas last, and Mr. Fletcher was appointed Inspector of Nuisances and Mr. Alexander, Sanitary or House Inspector, at a salary of £150 each

---

Appended is a list of the Contracts taken by the Vestry for the Year, with other requisite information.

I have the honor to be,

Gentlemen,

Your obedient Servant,

E. WALKER,

*Vestry Clerk.*

## REPORT OF THE ACCOUNTANT.

---

To the Vestry of St. Leonard, Shoreditch.

GENTLEMEN,

In accordance with the provisions of the Metropolis Local Management Act, it becomes my duty to present you with an official report of the Financial affairs of the Parish of Shoreditch under control of the representative Vestry, for the year ending the 25th March, 1874, and the financial condition of the Vestry at the close of that official year.

On reference to my report it will be seen that the total amount of money received during that year, by Poor and Vestry rates, was £93,506 17s. 4d., with a balance in the hands of the Treasurer, at the commencement of the year, of £5,576 7s. 8d., and leaving a balance on the credit side of the account at the end of the year of £5,663 17s. 10d. to be carried forward.

The amount of Poor rates so raised was £55,471 12s. 1d., being at the rate of 2/11 in the pound; and that of the several Vestry rates to £38,035 5s. 3d., being at the rate of 1/10 in the pound.

This result shews a satisfactory state of things in so far as the Financial affairs of the Vestry are concerned, and, as compared with the corresponding collection of the previous year, the amount is equally satisfactory, although a larger amount was collected during

the last than during the preceding year, in consequence of improved systematic collection, and the extension of rateable property brought under assessment.

The chief items of expenditure are comprised in the forms tabulated in my report, a perusal of which affords grounds of congratulation as well on the part of the ratepayers as of the Local authority under whose supervision the several rates are expended.

I remain, Gentlemen,

Your obedient Servant,

W. E. COLE,

*Accountant to the Vestry.*

TOWN HALL, OLD STREET,

*June, 1874.*

# REPORTS OF THE ANALYST.

MADE PURSUANT TO ACT OF PARLIAMENT.

---

REPORT OF THE ANALYST FOR THE QUARTER ENDING AUGUST  
2nd, 1873 (35 & 36 *Vict. ch.* 74).

21, Caversham Road, N.W.,

*August 7th, 1873.*

*To the Vestry of Shoreditch.*

GENTLEMEN,

During the Quarter ending August 2nd, 1873, the following articles were submitted to me by the Inspectors for Analysts :

Flour	...	...	...	...	5 samples
Bread	...	...	...	...	2 „
Tea	...	...	...	...	1 sample
Coffee	...	...	...	...	1 „
Milk	...	...	...	...	2 samples
Porter	...	...	...	...	1 sample

In all, 12 samples.

Of these, one only, a sample of flour, was in my opinion adulterated ; and this with alum. The adulterated flour did not contain alum in large amount, though the presence of the adulterant was sufficiently great to preclude the possibility of its having been accidentally admixed.

I have the honor to be,

Gentlemen,

Your obedient Servant,

THOMAS STEVENSON,

*Analyst.*

ANALYST'S REPORT FOR THE QUARTER ENDING SEPTEMBER 29th,  
1873 (35 & 36 Vict. cap. 74).

21, Caversham Road, London, N.W.,  
October 4th, 1873.

*To the Vestry of St. Leonard, Shoreditch.*

GENTLEMEN,

I beg to report that during the period August 3rd, 1873, to September 29th, 1873, both inclusive, three samples of bread were submitted to me by the Inspectors for Analysis, and that all were certified by me as, in my opinion, not adulterated.

I have the honor to be,

Gentlemen,

Your obedient servant,

THOMAS STEVENSON,

*Analyst for the Parish of St. Leonard, Shoreditch.*

ANALYST'S REPORT FOR THE QUARTER ENDING DECEMBER 25th,  
1873.

21, Caversham Road, London, N.W.,  
December 26th, 1873.

*To the Vestry of Shoreditch.*

GENTLEMEN,

During the Quarter ending December 25th, 1873, three samples only, two of milk and one of flour, were submitted to me for analyst by the Inspectors. All the samples were brought, as I am informed, by private purchasers.

The flour was found to be not adulterated. Both the samples of milk were of inferior quality, but of such quality that they might have been produced by poor and ill-fed cows, and no adulteration could be detected in the samples.

I have the honor to be,

Gentlemen,

Your obedient servant,

THOMAS STEVENSON,

*Analyst.*

ANALYST'S REPORT FOR THE QUARTER ENDING MARCH 25th,  
1874.

21, Caversham Road, N.W.,  
March 26th, 1874.

*To the Vestry of Shoreditch.*

GENTLEMEN,

I have the honor to submit to you my Report on Analyses of samples delivered to me by the Inspectors under the 35th and 36th Vic. ch. 74, during the Quarter ending March 25th, 1874. The following is a tabular statement of the samples analysed :—

NATURE OF ARTICLES.	No. of Samples.	Adulterated.	Not Adulterated.
OF FOOD—			
Butter .....	10	7	3
Flour .....	1	..	1
OF DRINK—			
Milk .....	16	7	9
DRUGS .....	..	..	..
TOTALS.....	27	14	13

Of the seven samples of butter returned as adulterated, all contained an excessive quantity of water, and one sample contained also animal fats other than those derived from milk.

Of the seven adulterated samples of milk, four were, in my opinion, both skimmed and watered, and three samples were watered.

In six cases proceedings were successfully instituted for the adulteration of milk, and fines were inflicted on the vendors of the adulterated articles.

I have the honor to be,

Gentlemen,

Your obedient servant,

THOMAS STEVENSON,

*Analyst.*

## ANALYST'S REPORT FOR THE QUARTER ENDING JUNE 24th, 1874.

21, Caversham Road, N.W.,

*June 24th, 1874.**To the Vestry of Shoreditch.*

GENTLEMEN,

During the Quarter ending June 24th, 1874, the Inspector submitted 16 samples to me for analysis. All were duly analysed by me.

Five of the articles were coffee. Of these three were genuine, and two contained chicory. The amount of chicory in the samples was very large, viz., 70 and 75 per cent. respectively.

Eleven of the samples were of tea. None of these were, in my opinion, adulterated. The teas were mostly black, with a minute quantity of green in a few of the samples. The green tea in the samples was faced with a small portion of inert mineral matter, but not so as to be injurious to the health of those drinking an infusion of the tea.

I have the honor to be,

Gentlemen,

Your obedient servant,

THOMAS STEVENSON,

*Analyst.*

15. Hows Street..... (Iron)
16. Great Chart Street ..... (Iron)

As regards the general condition of the Parish, I beg to state that the carriageway paving is in very good order, as the greater portion of it is composed of new work. There are a few places which must, before long, be re-paved—such as

High Street, Shoreditch (from Bateman's Row to the Boundary)

Hoxton Street (portions of.)

Worship Street

Holywell Row, and

New North Street.

The majority of the footways are now in a satisfactory condition, the repairs during the year having been very considerable, and there is a large quantity of work ordered and is now in progress.

The condition of the sewerage is very satisfactory, the sewers being comparatively free from deposit, and there being but few places in the Parish without efficient means of drainage.

I am, Gentlemen,

Your obedient Servant,

GEORGE CHAS. PERRETT,

*Surveyor.*

TOWN HALL,

*June, 1874.*
