CAUTION.—Beware of Useless and Spurious Imitations.

Thousands of Muscles, Nerves, Arteries and Veins respond to the Healthful, Invigorating, Electrical Influence of

DR. CARTER MOFFAT'S FEATHER WEIGHT ELECTRIC BODY BELT,

Which should be worn, next the body, by all, whether weak or strong, as it prevents as well as cures nearly all Complaints. It yields a soothing, constant flow of Electricity, without shock or inconvenience; indeed it is most comfortable and agreeable to wear, being warm in winter and cool in summer.

THE BLOOD IS THE LIFE, BUT ELECTRICITY IS THE LIFE OF THE BLOOD.

Read the following unimpeachable and unsolicited Testimonials, and for copies of the thousands that are constantly being received, test their genuineness if you like, as names and addresses are given in full in each case, and then silence the voice of incredulity, discard prejudice, and seek a means of relief now for the first time placed within the reach of all. These are the sort of letters we receive daily:—

Church Field, Bromsgrove, Worcestershire,
November 20, 1892.

Gentlemen,—A few weeks ago I purchased one of your Electric Belts, when I was in a hopeless state. Liver, and other complaints—on doctor's several hospitals, but no good. Thank you, however, I am happy to say eating and sleeping as are at liberty to make what use you like of this testimonial, as I believe your Belt has saved my life.—Yours faithfully,
(Mrs.) BYNAL.

"I believe your Belt has saved my life."

High Recommendation from the
Rev. C. Spurgeon.

233, Lewisham High Road, Brockley.
Dear Dr. Carter Moffat,—I have recommended the Rev. —, of King's Lynn, who is my dear friend, to try one of your Belts. C. SPURGEON.

"Much better in Health."

8, Lingham Street, Clapham Road, London, S.W.
Dear Sir,—Some few months ago I purchased, by way of experiment, one of your Electric Belts, and, though utterly sceptical as to the curative powers of electricity, cannot deny that as a result of wearing this belt I have felt very much better in health. I used to suffer from asthma, complicated with sluggish liver and chronic nasal catarrh, but since wearing the belts my attacks of asthma have been brief and far between, while the nasal catarrh is no longer chronic. I am, in addition, less troubled with bilious attacks than formerly. I honestly believe there is a root and real merit in these appliances.—Yours faithfully,
J. CHRISTOPHER MORRIS.

"Quite a different man."

Dear Sir,—I have been wearing one of your Electric Belts for some time, and have been quite a different man. I was suffering from Muscular Rheumatism, and had tried six doctors, and taken gallons of medicine, but without avail. Now, however, since wearing the belt I am quite well.—Yours truly,
G. CHERR.

All Nervous and Organic Derangements arising from impaired vitality or defective organic action which completely baffle ordinary treatment, readily yield to the magic influence of Electricity as generated by

Lumbago and Weak Back.

Pens View, Ealing Park, Brentford, Middlesex, August 26, 1891.
Dr. Moffat,—Sir,—For five years I have greatly suffered from Lumbago and Weak Back, and have tried many things, but nothing has relieved me so much as the use of your Belt. The effect is simply marvellous, and I must say I think it a very wonderful invention. You can make any use of this letter you please.—With many thanks,
Yours faithfully, L. COCKS.

Sciatica—"A great sufferer for upwards of two years."

41, Nelson Street, Commercial Road,
London, E., August 27, 1891.

Sir,—About two months ago I purchased one of your 5s. 6d. Electric Belts, as I was a great sufferer from Sciatica and other pains in my legs, and have been for upwards of two years. I am glad to say that it has done me a great deal of good, having been improved in health and spirits ever since. I am a working man, and feel extremely grateful for such a grand remedy. I hope this testimonial will be the means of other working men, as myself, benefiting by the same.—Yours, &c.,
F. W. FOWLER.

"I never felt better in my life."

Mr. H. S. GROVES, Deputy Accountant-General (Punjab), writes:—
Punjab Club, Lahore, the Punjab, N. India, Nov. 23, 1892.—Dear Sir,—In September last when I was in London I called at your office and purchased one of your Belts. This I have worn regularly for the last two months, and it has done me a great deal of good; it has quite taken away the traces I had left of malarious fever, and which many are suffering round me. I can say truly—I never felt better in my life. I used to be troubled a good deal with restlessness at night, but now enjoy uninterrupted and refreshing sleep.

"Would not be without it if every plate cost a sovereign."

130, Hainton Street, Grimsby,
June 18, 1891.
I am still wearing your Belt, and would not be without it if every plate cost a sovereign. You may make what use you like of my testimony for the benefit of other sufferers.
A. E. WOODS.

"It has been new life to me."

Buck Moor, Norton, Sheffield,
July 11, 1892.

Dear Sir,—Twelve months ago I purchased one of your Electric Belts. I had suffered for over two years with gull-stones. Since wearing your Belt I have not had one attack. My back has been so much stronger, I can walk now with ease. It has been new life to me; but for your Electric Belt I should have been unable to go about. You can make whatever use you like of this. I should be very pleased if only other sufferers would try the same remedy—I feel sure they would find great relief.—Yours truly,
(Mrs.) A. SMEDLEY.

"Now restored to perfect health."

The Gardens, Olive House, Esher, Surrey,
July 2, 1892.

To Dr. Carter Moffat,—Sir,—I am most pleased to inform you that I am now restored to perfect health. It was six weeks ago last Thursday that you sent me the 5s. 6d. Electric Belt. I then left off taking medicine, and I am thankful to say I have not had an attack since. I can work well, sleep well, and eat well, and my energy has returned to me again. The benefit that I have derived from your Belt is surprising to all who had seen me in those attacks. I am now sending one of your Belts to a friend of mine at Hackwood Park, Beaconsfield, who is suffering with his back, like I did, and telling him of my recovery. I cannot but speak in the highest praise of your Electric Belt to all sufferers. At the same time I am thankful to God for giving you the wisdom to find out such a discovery to relieve mankind from so much suffering.—I am, your obedient servant,
JAMES HUCKLEY.
