## COMFORT : ELEGANCE

BY ROYAL LETTERS PATENT.

Sole Proprietors:

THE  
PALL MALL ELECTRIC ASSOCIATION,  
LIMITED.

21, HOLBORN VIADUCT, LONDON, E.C.

DR. SCOTT'S ELECTRIC CORSETS being Patented in Great Britain, United States of America, France, Belgium, Germany, Austria and other Countries, this Association gives notice that it will spare no expense to prosecute any Manufacturer, Wholesale Dealer, or other persons infringing their Patent Rights, Registration, or Copyrights, of which this is one.

## DR. SCOTT'S ELECTRIC CORSET

A GREAT BOON TO DELICATE LADIES.

HEALTH, COMFORT, AND ELEGANCE.

## A BEAUTIFUL INVENTION.

By a happy thought of Dr. Scott, Inventor of the celebrated Electric Brushes, he has adapted Electricity to LADIES' CORSETS thus bringing this wonderful CURATIVE AGENCY within the reach of every lady. They should be tried at once by those suffering from any bodily ailment, and she who wishes to

### WARD OFF AND CURE DISEASE,

Preserve her good health, and retain and improve the elegance of her figure should give them an immediate trial. It has been found that Electric treatment makes the muscles and tissues more plastic and yielding, and it is argued from this that Ladies who wear these corsets will have no difficulty in moulding the figure to any desired form, without tight lacing. A tendency to Extreme Fatness or Leanness is a disease which, in most cases, these articles will be found to cure. IN APPEARANCE they do not differ from the usual corsets, being made of the same materials and shape (see cut.) They are worn the same, and fit the same, but give a more graceful figure than any other class of corset.

DR. J. A. NELSON, M.D., &c., London, "earnestly recommends  
"all Ladies suffering from any bodily ailment and those  
"who are well to adopt these corsets without delay. They perform  
"astonishing cures and invigorate every part of the system."

In place of the ordinary steel busks in front, and a rib or two at the back, DR. SCOTT inserts Steel Electrodes which are exactly the same size, shape, length, breadth, and thickness as the usual steel busk or rib. By this means he is able to bring the Electric power into constant contact with all the vital organs, and yet preserve that symmetry and lightness so desirable in a good corset. It is affirmed by professional men that there is hardly a disease which Electricity will not benefit or cure.

### DR. W. A. HAMMOND, OF NEW YORK.

Late Surgeon-General of the United States, an eminent authority, publishes almost miraculous cures made by him, and all medical men daily practice the same. Ask your own physician—he will tell you Dr. Scott's Electric Corset quickly removes those Backaches peculiar to Ladies. The sale of Electric Clothing, Bands, Belts, &c., has attained world-wide success; under the auspices of the P. M. E. A. Ltd., but many who are constrained to use them are deterred because they are either expensive, bulky, troublesome, or interfere with the dress and figure. None of these objections exist in this corset, or in any of the Electropathic appliances introduced by the P. M. E. A. Ltd. This corset should be worn daily in place of the ordinary one, and will always do good, never harm. There is no shock or sensation whatever felt in wearing them, while benefit quickly follows. Being made with better material and workmanship than any corset sold, they will outwear three of those commonly used. In ordering be careful to send exact size of waist, measured beneath the dress. There are only two qualities, viz.: at 12/6 and 21/-, the difference indicating a greater degree of Electric power. The material is fine in texture, beautifully embroidered and trimmed. Their power can always be tested by a silver compass which accompanies each corset.

Forward the Exact Size Round the Waist when ordering Dr. Scott's Electric Corset.

Space forbids our publishing innumerable letters of praise and gratitude from those using these Corsets.

On application we will send Pamphlet of Testimonials to any address, Post Free.

Original Testimonials can be seen at our Office, or copies will be sent, post free.

WE WILL SEND THE ELECTRIC CORSET, Post Paid, on receipt of 12/6 or for the extra power, 21/-, which will be RETURNED if not as represented. We guarantee safe delivery into your hands, or request your nearest Druggist or Draper to obtain one for you, but be sure Dr. Scott's name is on the Box. Money returned if not as represented. As soon as you receive the ELECTRIC CORSET, if not well satisfied with your bargain, write us, and we will return the money. What can be fairer? Remittances should be made payable to C. R. HARNESSE, PALL MALL ELECTRIC ASSOCIATION, LIMITED, 21, HOLBORN VIADUCT, LONDON, E.C.; and Cheques to be crossed London and County Bank.

The Consulting Electricians of the Association attend daily for consultation (FREE) from 10 to 1, and from 3 to 5, at the Private Consulting Rooms of the Pall Mall Electric Association, Limited, 21, Holborn Viaduct, E.C. An EXPERIENCED LADY is also in attendance daily. Residents at a distance should send for a Private Advice Form.

Attention is also particularly directed to the "ELECTROPATHIC BELT" which is the outcome of many months of patient labour and experimenting on the part of the Directors of the Pall Mall Electric Association, Limited. Every possible improvement that ingenuity could suggest has been adopted, and it is now offered to sufferers as the most comfortable, the most effectual, and the Cheapest adaptation of Curative Electricity, in Belt form, ever invented. Do not be misled by the advertisements of peripatetic vendors of rubbishy appliances, in which there is nothing Electric but the name. Beware of unscrupulous and unprincipled imitators.

An Eighty-page Treatise, copiously illustrated, entitled "ELECTROPATHY: or Dr. Scott's Guide to Health," published at One Shilling, post free on receipt of Six Penny Stamps.

Send for Circular of DR. SCOTT'S ELECTRIC HAIR BRUSH—Cures Headaches at once.

NOTE ONLY ADDRESS—
