CAUTION — If, appreciating the value of this testimony, you should be induced to ask for Dr. Scott's Electric Hair or Flesh Brush, insist upon having it. For it is a common Trick, even at some "highly respectable" places, to obtain a reputation for cheapness by marking Dr. Scott's Brushes at a low price, simply to attract you into the shop or store, and then to be "out of stock," or to have something "just as good," or by some other dodgery, shuffle you off with a valueless imitation which yields a larger profit. Dr. Scott's Brushes are **UNBREAKABLE**, although higher in price will outwear any three brushes made.

Dr. Scott's Electric FLESH Brush.

ASTONISHING CURES!!!

Royalty, members of her Majesty's Government, and many professional gentlemen who have tested the power of the Brush are unanimous in its praise, and its Therapeutic value cannot be disputed, having the approval of numerous medical men. Constructed upon scientific principles, the result of twelve years study and practice, it is thoroughly and permanently charged with an "Electric" force, which produces remarkable cures. It generally gives relief in five to seven minutes, and its application is most agreeable and grateful, there being no shock or unpleasant feeling attending its use. It keeps the skin healthy, improves the complexion, and imparts vigour and energy to the whole body. People of sedentary habits and weakened nervous powers will find it a valuable companion. It is excellent in constipation and backaches peculiar to ladies; using it for the former on the bowels, the latter over the location of pain. Always doing good, it cannot harm, and aside from its curative powers is a beautiful Flesh Brush (wet or dry), elegantly carved and lasting for years. Its power can always be tested by a silvered compass which accompanies each Brush.

All Dealers are authorised to refund the Price if not as represented.

TESTIMONIALS.

ATWOOD'S PHARMACY, May 15th, 1881.

"Dr. Scott.—I have sold retail over my counter, during the last few months, £700 worth of your Electric Brushes at 12/6 each. They give splendid satisfaction, and many customers have come back and bought the second, third and fourth one. I have heard many customers praise them highly, and from my own personal knowledge, I know of most remarkable cures attending their use. I cordially recommend them to the public."
HERMAN W. ATWOOD,
Pharmaceutical Chemist.

"I prescribe it for my patients with the happiest results. Its cures are unquestionable."
DR. JOHN GIBSON.

"Better than all liniments and embrocations. We cannot too highly recommend it to the afflicted."
SURGICAL GAZETTE.

"For some time past I have suffered from Rheumatism in my knee. I tried your Brush, and the result astonished me, in less than three minutes the pain disappeared, and I have not had it since. Wishing to convince myself still further, I took it to my place of business and cured two of my employes of Neuralgia, and a third of Toothache. I am now satisfied with the virtue of your Brush, and do not hesitate to speak a good word for it to suffering humanity."
Yours respectfully, JESSE M. HARR.
