Hundreds of Genuine Testimonials have been received, fully proving the great benefit to be derived from Dr. LOWDER'S MEDICAL MAGNETO-ELECTRIC BATTERY. We shall be pleased to submit the originals of all below and many others to Patients and others who will favour us with a visit. Want of space prevents us printing more than the following:—

**DR. W. H. MILLS, F.R.C.S., L.R.C.P.,**

*Fellow of the Royal College of Surgeons, London; and Licentiate of the Royal College of Physicians, Edinburgh.*

"I have worn Dr. LOWDER'S BATTERY, and have experienced great relief and comfort from it. I used to have headaches more or less constantly since wearing it. I have scarcely had a touch of it. I also suffered from severe pain in my back, which have also left me."

**INDIGESTION & LIVER COMPLAINT.**

Dear Sir,—I am thankful to say that the benefit I have derived from the Battery is something marvellous. I have been under the doctor's care for some years without receiving any permanent relief, suffering from indigestion, loss of appetite, severe pains and sickness after eating anything, and not able to do any house work at all. Now I can go about my usual work without any suffering, and symptoms no pain, my appetite has increased and all signs of indigestion have disappeared. Believe me to remain, yours thankfully, SARAH LEECE, 27, York Street, Huddersfield.

Dear Sir,—I am glad to say I have received great benefit since I had the Battery; till then I was suffering from indigestion and liver complaint for several past years. I am thankful to say I have not had it since wearing the Battery. I shall ever feel it my duty to recommend it to all.—With many thanks, I remain, yours truly, WILLIAM PAGE, 128, Lord Street, Southampton.

**NEURALGIA AND TOOTHACHE.**

Gentlemen,—The Battery you sent has done me a great deal of good. I was suffering from Neuralgia, but since wearing it I have been almost entirely free.—I remain, yours truly, C. BARKEE, 25, Queen's Terrace, Otley.

Dear Sir,—The Battery I had from you was for a friend of mine, who was suffering great pain and sleepless nights from Neuralgia. It has proved most effectual. I also applied it to the cheek for Toothache, and obtained almost instantaneous relief. It has produced truly highly beneficial results.—Yours, &c., J. G. HENDERSON, Earl Gray Street, Edinburgh, N. B.

**SICK HEADACHES.**

Dear Sir,—I am very pleased to say that your Battery has done me a great deal of good, having suffered with pains in the head and chest for a long time, but I am much better since I have worn the Battery.—I remain, yours truly, M. GERMANEY, 3, Grafton Street, New Cross, Grimsby.

Dear Sir,—The Battery you sent me last week has done me a great amount of good. I have suffered greatly for six months from nausea and pain in my head, and could scarcely ever get a night's rest. I have tried various doctors, but they did me no good. I have now worn your Battery one week, but it has very nearly cured me. I shall ever feel it my duty to recommend them to all.—Yours truly, ALICE HENKEL, 33, Higher Easton, Blackburn.

**NERVOUS DEBILITY.**

Dear Sir,—I am most pleased to say that I have derived very beneficial results from wearing your Battery. I was and had been suffering for several years from Nervous Debility and Indigestion, brought on by overwork. I may say I have tried almost all medicines, but not with the

results I have obtained from your simple appliance.—I am, Sir, yours truly, W. WOOD, 14, Cannon Terrace, London Road, Newcastle, Staffs.

**SKIN DISEASES.**

Sir,—I am most glad to say that I am much better than I was before I received your Battery. I was suffering from a Skin Disease for over six years, but I am better now than I have been for a long time.—Yours truly, JANE HANSON, 3, Oak Street, Spring Terrace, Bawtenshall.

Dear Sir,—Respecting the Battery I purchased of you, I have been troubled for a long time past with pimples and blotches on my face, back, and chest. I have tried various methods for curing them, but they have entirely failed. I have now worn your Battery a fortnight and am pleased to say the places are almost entirely gone.—I remain, yours faithfully, F. SWEET, South Street, Crewkerne.

**RHEUMATISM.**

Dear Sir,—I have been troubled with Rheumatism, and have found them very good. I have never been troubled with it since wearing them. You can use these few lines as you please. Yours truly, ROBERT SIMPSON, 14, Canada Street, Winterbury Lane, Horsham.

Dear Sir,—I ought to have written to you long ago to thank you for the Batteries. One of them has relieved my mother, who has suffered for many years from Rheumatism, the other I have worn. I had Chronic Laryngitis, but thanks to your Battery my voice is now quite strong.—I remain, yours truly, ISABEL FOX, 9, Clyde Road, Albert Park, Didsbury.

**BRONCHITIS & HEART DISEASE.**

Dear Sir,—I am most happy to say that the Battery I received from you a few weeks ago has quite relieved me in my breathing. I have not had one bad night since I wore it, and before I quite dreaded the thoughts of going to bed. Sometimes I used to sit up all night by the fire, I scarce need order for life, for which kindly send me by return two Batteries for friends of mine.—Yours truly, A. SMITH, Stationer, Abingham, via Leeds.

Dear Sir,—I received your Battery and I am pleased that I ever had one offered to me, for I have suffered from Heart Disease and cold feet, and it has done me a power of good since I had it.—I am, yours truly, WILLIAM HOYLE, No. 14, Elizabeth Street, White Well, Bolton, Newchurch.

**AFFECTION OF THE HEART.**

Dear Sir,—I have suffered severely from extreme weakness and nervousness, accompanied by Palpitation of the Heart. I am happy to state that since wearing your Battery I feel better in every respect, and altogether stronger. Your Batteries are very wonderful.—Yours truly, WILLIAM ARMITAGE, 27, Street End, Fallowfield, Manchester.

## THE BLOOD IS THE LIFE, BUT ELECTRICITY IS THE LIFE OF THE BLOOD!

### Electricity, A GREAT HEALING POWER.

Great difficulty has hitherto been experienced by celebrated Electricians to invent a genuine Electrical Appliance in miniature form effectual as a means of generating an electric current for curative purposes. This difficulty has been overcome by the invention of Dr. LOWDER'S MAGNETO-ELECTRIC BATTERY, and whilst we do not claim that it will cure every disease that "flesh is heir to," we confidently assert that there are few diseases that do not yield to its treatment, as testimonials we are daily receiving from all parts of the world fully prove.

Dr. Lowder's Battery is the most reliable miniature Electric Battery before the public, and is strongly recommended for the alleviation and cure of nearly all complaints. It is constructed on strictly scientific principles, and supplies the necessary amount of Electricity without the aid of acid or fluid of any kind. It requires no attention, does not get out of order, and retains its power for upwards of two years.

### YOUR HEALTH IS OF VITAL IMPORTANCE,

and if you are suffering from any of the above complaints, we confidently advise you to give this wonderful invention a trial. Its action upon the system is continuous but gentle, and produces no shock, as is the case with many Electrical appliances.

It is very comfortable to wear and simple in construction, and owing to its constant action, is a self-generating reservoir of Electricity. It acts upon all the most important organs of the body, and invariably succeeds in alleviating the disorders accruing from impaired vitality, general debility, and weak circulation.

### IT COSTS LESS THAN A SINGLE VISIT TO A PHYSICIAN.

Many pounds may be wasted in medicines, and other largely advertised remedies, without the slightest benefit being derived.

It is a well-known and recognised fact, that Electricity properly applied will cure a patient when everything else has totally failed to render the slightest service. This wonderful remedial agent is rapidly becoming more and more generally adopted, and must eventually be the leading curative medicine for the treatment of nearly all diseases and complaints, it being now so generally adopted in the Hospitals, and by our leading medical men.

### IF YOU ARE SUFFERING

we advise giving Dr. Lowder's Battery a trial, it may do you an endless amount of good, and it cannot possibly harm you. We would point out that owing to Dr. Lowder's Medical Battery acting as a preventative as well as a curative against disease many healthy persons are now wearing them, especially those who desire to sustain a free circulation and distribution of healthy blood, by which means the various organs of the body are regulated in accordance with the laws of health.

### Medical Opinions ON ELECTRICITY AS A CURATIVE AGENT.

DR. G. V. POORE, "Electricity in Medicine and Surgery," says:—"Electricity will help a patient on his road to recovery when everything else has failed to render him the slightest service, its reputation as a remedial agent is based very largely on its great power in this direction."

DR. J. C. STEELE, Medical Superintendent, Guy's Hospital, says:—"The employment of Electricity in the investigation and treatment of disease has been greatly developed during the last twenty years. It had long been known that Electricity possessed properties allied in some degree with the manifestations of nervous force, but it was not till much new light was thrown on the subject by patient investigations, and by the construction of numerous new and ingenious instruments for its administration, that its importance and value as a curative agent has been generally accepted."

REV. JOHN WESLEY, the Founder of Methodism says:—"Electricity cures thousands of diseases, even the most stubborn; many of them in a moment, most in a few days, so that this is not only one of the greatest curiosities of the world, but one of the noblest boons God ever gave to man."

DR. JULIUS ALTMANN, M.D., Physician to the Infirmary for Epilepsy and Paralysis says:—"I am convinced that in the large majority of cases which come under our care in the course of practice, there are three or four different ways of curing the patient and it is the object of theoretical science to find out the safest, quickest, and least unpleasant mode of doing so. . . . There are affections in which nothing but Electricity can do real good, and for these its employment will be strongly urged; while there are some in which Electricity may be resorted to, either after other modes of treatment have failed, or where physician and patient incline more to Electricity than to physis, or to a more dietetic and hygienic kind of treatment."

DRS. GALLOWAY and BOLLEZ, of Philadelphia, in "Medical Electricity" say:—"Electricity is not restricted to any particular class of diseases, but is more or less applicable to all. In acute attacks it gives instant relief. In chronic affections of long standing, it is no less reliable in the final result, although time may be required for repairing long-inflamed injuries. The functional action of the brain, lungs, heart, stomach, liver, bowels, kidneys, bladder, etc., can by its influence be modified beneficially."

### DIRECTIONS FOR WEARING THE BATTERY.

Dr. Lowder's Battery is set in action by the Urine and other Acids naturally and constantly emitted from the skin.

The Battery should be suspended by a ribbon and worn on the chest, next the skin, day and night, except with children under the age of 8, when it should be worn in the daytime only.

Where a patient suffers acutely from such complaints as Rheumatism, Indigestion, Sick Headaches, or in fact any acute local pain, one Battery may be worn on the chest and a second applied to affected part by a linen bandage.

Dr. Lowder's Battery is guaranteed not to injure the most delicate constitution and may be safely worn as a preventative against illness.

For Testimonials as to efficacy see back page.
