VEEDEE ATTACHMENTS.

PLEASE NOTE.—The Veedee, with Attachments Nos. 1 and 4 (always supplied with it free) makes a complete Vibrator. For ordinary massage use, and all ordinary troubles it is sufficient. Some doctors and some members of the public, however, having desired special Attachments for certain special uses, such have now been made and can be supplied at the prices shown below, to such Veedee owners as desire them. Remember, however, that the Veedee is a complete Vibrator when accompanied by the two Attachments shown in the illustration above, just as a motor car, sewing machine, bicycle, etc., is complete without the "extras" such as lamp, horn, bell, oil can, etc.

Please order Attachments by Number.
