The Chinese are now found at the ports & harbors of the nation states except at <sup>the ports of the Ganges & the Brahmaputra</sup> Jark-Ceylon, Balangor and Sanga Ujong. They are to be seen in Borneo. Unaccompanied by females of their own race, they rule the land but the Chinese physique is kept up with solicitation care by intermarriage with men fresh from China. 15. The 1st generation of females married into Chinamen & so on.

16. The Chinese are not deficient in self affection in their own country.

Article on Tai-wan (Formosa) in the Penny Cyclop. The Dutch found no Chinese settlement. They built forts in 1634 & a large number of famuliers from Fukien settled there under their protection. Meanwhile Chinese were laid waste by wars & a chief, driven out of the Dutch garrison & took the fort. The Dutch lost the island after 20 years residence. - He found the natives & it took place largely. So it belonged to the adherent of the old dynasty - It yielded to the new in 1683.

Not A Williams' Journey in N. China Manchuria & Mongolia 1870

I p. 3. High mental capacities of the people in F. 18 miles, records of China that "the Chinese states men were equal to any in Europe met in any capital of Europe"

p. 15. The Manchurians are all males with the exception of a few named females, but 1 in 100 of the population. There are large towns in Manchuria & Mongolia where there is not one respectable woman - only communities of males where all great abominations were perpetrated

p. 36. Modern improvement adopted - text books, engineering, &c. p. 37. "When once their learning, mighty energetic people have left their old tracks - what a revolution there will be" "As far as I can judge China is now on the eve of a new & grand career than she has long yet known"

II. 5. Changes in Mongolian agriculturists - the many of whom own all the land in China & pay tribute to them. 6. 0. in Southern Manchuria - Year 6 year great number of coolies come over & speak high wages as laborers, many go back carrying their families with them while others invite their families over & settle down permanently. 23. 0. Corea. The King though in a great measure an independent sovereign, yet acknowledges the Emperor of China as his overlord. - In 1894 was taken by the Japanese & the Emperor of China was forced to recognize the Japanese as the overlord of Corea.

A mode of adoption is legalised by which families are  
prevented from becoming extinct — <sup>children</sup> ~~children~~ of male  
children to perform sacrifices to the comfort of their ancestors (see page 114)

The abandonment of his native place & the loss of this  
ancestry is always abhorrent to the mind of a Chinese.
