## PREFACE.

IN bringing this manual before the public, the author believes that he is supplying a long felt want. This manual is intended to supply the student with numerous examples of prescriptions which have been collected by the author during the past thirty years, and which present many points of interest.

It is intended in drawing the student's attention to the abbreviated prescriptions that he should carefully note: where incompatibilities, excessive doses, and incongruities of latin construction occur; and, as these prescriptions have been presented for dispensing, he will find it a profitable course of instruction in attempting the compounding of many of them, or in parsing the latin by the aid of any ordinary grammar.

The order of the subjects is that which, in the author's opinion, best meets the requirements of pharmaceutical students, the last group of prescriptions being added more as an Appendix, the object being a comparison of prescription construction fifty or sixty years ago with that of the present day.

For much information the author is largely indebted to many of his former pupils, as well as to the aid derived from Pereira's "Selecta E Prescriptis," Ince's "Latin Grammar," "British Pharmacopoeia," Thompson's "Conspectus," and the "Pharmaceutical Society's Calendar."

UNTERSUCHUNGEN  
ÜBER DEN VERLAUF DER  
ENTWICKLUNG DER  
Pflanzenwelt

Die Pflanzenwelt der Erde ist eine unermessliche Schatzkammer der Natur. Sie enthält eine unendliche Vielfalt von Formen und Farben, die uns in ihrer Schönheit und Vielfalt begeistern. Die Wissenschaftler haben versucht, diese Vielfalt zu verstehen und zu erklären. In diesem Buch werden wir uns mit den Grundlagen der Pflanzenwelt befassen und versuchen, die Zusammenhänge zwischen den verschiedenen Arten zu verstehen. Wir werden sehen, wie die Pflanzenwelt sich über die Jahrhunderte hinweg entwickelt hat und wie sie heute aussieht. Wir werden auch sehen, wie die Pflanzenwelt mit der Umwelt interagiert und wie sie zur Erhaltung der Erde beiträgt. Dieses Buch ist eine Einführung in die Welt der Pflanzen und ist für alle, die sich für die Natur interessieren, ein Muss.

# PHARMACY ACT.

31 & 32 VICTORIA, CAP. 121.

## AN ACT TO REGULATE THE SALE OF POISONS, AND ALTER AND AMEND THE PHARMACY ACT, 1852.

[ 31st July, 1868. ]

WHEREAS it is expedient for the safety of the public that persons keeping open shop for the retailing, dispensing, or compounding of poisons, and persons known as Chemists and Druggists, should possess a competent practical knowledge of their business, and to that end, that from and after the day herein named all persons not already engaged in such business should, before commencing such business, be duly examined as to their practical knowledge, and that a register should be kept as herein provided, and also that the Act passed in the 15th and 16th years of the reign of her present Majesty, intitled *An Act for Regulating the Qualification of Pharmaceutical Chemists*, hereinafter described as the Pharmacy Act, should be amended: Be it enacted, by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal and Commons in this present Parliament assembled, and by authority of the same, as follows:—

I. From and after the 31st day of December, 1868, it shall be unlawful for any person to sell or keep open shop for retailing, dispensing, or compounding poisons, or to assume for use the title "Chemist and Druggist," or "Chemist or Druggist," or "Pharmacist," or "Dispensing Chemist, or Druggist," in any part of *Great Britain*, unless such person shall be a Pharmaceutical Chemist, or a Chemist and Druggist, within the meaning of this Act, and be registered under this Act, and conform to such regulations as to the keeping, dispensing, and selling of such poisons as may from time to time be prescribed by the Pharmaceutical Society with the consent of the Privy Council.

II. The several articles named or described in the Schedule (A) shall be deemed to be Poisons within the meaning of this Act, and the Council of the Pharmaceutical Society of *Great Britain* (hereinafter referred to as the Pharmaceutical Society) may from time to time, by resolution, declare that any article in such resolution named ought to be deemed a poison within the meaning of this Act; and thereupon the said Society shall submit the same for the approval of the Privy Council, and if such approval shall be given, then such resolution and approval shall be advertised in the *London Gazette*, and on the expiration of one month from such advertisement the article named in such resolution shall be deemed to be a poison within the meaning of this Act.

XVII. It shall be unlawful to sell any poison either by wholesale or retail, unless the box, bottle, vessel, wrapper, or cover in which such poison is contained, be distinctly labelled with the name of the article and the word poison, and with the name and address of the seller of the poison; and it shall be unlawful to sell any poison of those which are in the first part of schedule (A) to this Act, or may hereafter be added thereto under section II. of this Act, to any person unknown to the seller, unless introduced by some person known to the seller; and on every sale of any such article the seller shall, before delivery, make or cause to be made an entry in a book to be kept for that purpose, stating, in the form set forth in schedule (F) to this act, the date of the sale, the name and address of the purchaser, the name and quantity of the article sold, and the purpose for which it is stated by the purchaser to be required, to which entry the signature of the purchaser and of the person, if any, who introduced him, shall be affixed; and any person selling poison otherwise than is herein provided, shall, upon a summary conviction before two Justices of the Peace in *England* or the Sheriff in *Scotland*, be liable to a penalty not exceeding five pounds for the first offence, and to a penalty not exceeding ten pounds for the second or any subsequent offences; and for the purposes of this section the person on whose behalf any sale is made by any apprentice or servant shall be deemed to be the seller, but the provisions of this section, which are solely applicable to poisons in the first part of the schedule (A) to this Act, or which require that the label shall contain the name and address of the seller, shall not apply to articles to be exported from *Great Britain* by wholesale dealers, nor to sales by wholesale to retail dealers in the ordinary course of wholesale dealing; nor shall any of the provisions of this section apply to any medicine supplied by a legally qualified apothecary to his patient, nor apply to any article when forming part of the ingredients of any medicine dispensed by a person registered under this Act, provided such medicine be labelled in the manner aforesaid with the name and address of the seller, and the ingredients thereof be entered,

with the name of the person to whom it is sold or delivered, in a book to be kept by the seller for that purpose, and nothing in this Act contained shall repeal or affect any of the provisions of an Act of the Session holden in the fourteenth and fifteenth years in the reign of her present Majesty, intituled *An Act to regulate the Sale of Arsenic*.

No. 17, Bloomsbury Square, w.c., December 30th, 1869.

THE PHARMACY ACT, 1868.—POISONS.

WHEREAS by section 2 of "The Pharmacy Act, 1868," it is enacted that the Council of the Pharmaceutical Society of Great Britain may from time to time, by resolution, declare that any article in such resolution named ought to be deemed a poison within the meaning of that Act, and thereupon the said Society shall submit the same for the approval of the Privy Council; and that, if such approval shall be given, then such resolution and approval shall be advertised in the *London Gazette*; and that, on the expiration of one month from such advertisement, the article named in such resolution shall be deemed to be a poison within the meaning of the said Act:

Notice is hereby given, that the Council of the Pharmaceutical Society of Great Britain did, on the 1st day of December, 1869, resolve and declare, in the words following:

By virtue and in exercise of the powers vested in the Council of the Pharmaceutical Society of

Great Britain, the said Council do hereby resolve and declare that each of the following articles, viz. :—

- Preparations of prussic acid,
- Preparations of cyanide of potassium and of all metallic cyanides,
- Preparations of strychnine,
- Preparations of atropine,
- Preparations of corrosive sublimate,
- Preparations of morphia,
- Red oxide of mercury (commonly known as red precipitate of mercury),
- Ammoniated mercury (commonly known as white precipitate of mercury),
- Every compound containing any poison within the meaning of "The Pharmacy Act, 1868," when prepared or sold for the destruction of vermin,

The tincture and all vesicating liquid preparations of cantharides, —ought to be deemed a poison within the meaning of the "Pharmacy Act, 1868;" and also that of the same each of the following articles, viz. :—

- Preparations of prussic acid,
- Preparations of cyanide of potassium and of all metallic cyanides,
- Preparations of strychnine,
- Preparations of atropine,

—ought to be deemed a poison in the first part of the Schedule A to the said "Pharmacy Act, 1868;" And notice is hereby also given, that the said Society have submitted the said resolution for the approval of the Lords of her Majesty's Council, and that such approval has been given.

By order,  
ELLAS BREMERIDGE,  
Secretary and Registrar of the Pharmaceutical Society of Great Britain.

### ADDITIONS TO SCHEDULE "A" TO THE PHARMACY ACT, 1868.

Extract from the *London Gazette*, December 14th, 1877.

AT THE COUNCIL CHAMBER, WHITEHALL, THE 13TH DAY OF DECEMBER, 1877.  
By a Committee of the Lords of Her Majesty's Most Honourable Privy Council.

WHEREAS by "The Pharmacy Act, 1868," section 2, it is enacted that the Council of the Pharmaceutical Society of Great Britain may from time to time, by resolution, declare that any article in such resolution named ought to be deemed a poison within the meaning of that Act, and thereupon the said Society shall submit the same for the approval of the Privy Council; and that if such approval shall be given, then such resolution and approval shall be advertised in the *London Gazette*; and on the expiration of one month from such advertisement, the article named in the resolution shall be deemed to be a poison within the meaning of that Act:

And whereas the Council of the Pharmaceutical Society of Great Britain did, on the 7th day of November, 1877, resolve and declare in the words following:

- "That by virtue and in exercise of the powers vested in the Council of the Pharmaceutical Society of Great Britain, the said Council does hereby resolve and declare that *Chloral Hydrate and its preparations* ought to be deemed poisons within the meaning of the "Pharmacy Act, 1868," and ought to be deemed poisons in the second part of the Schedule "A" of the said Pharmacy Act, 1868."

And whereas the said Society have submitted the said resolution for the approval of the Privy Council, and the Lords of the Privy Council are of opinion that the said resolution should be approved:

Now, therefore, their Lordships are hereby pleased to signify their approval of the said resolution.

ADDITIONS TO SCHEDULE "A" TO THE PHARMACY ACT, 1868.

Extract from the *London Gazette*, July 28th, 1882.

At THE COURT CHAMBER, WHITEHALL, THE 28TH DAY OF JULY, 1882.  
By a Committee of the Lords of Her Majesty's Most Honourable Privy Council.

Present:

Lord Privy Seal.  
Lord Richard Grosvenor,  
Mr. Mandella.

Whereas by "The Pharmacy Act, 1868," section 2, it is enacted that the Council of the Pharmaceutical Society of Great Britain may from time to time, by resolution, declare that any article in such resolution named ought to be deemed a poison within the meaning of that Act, and thereupon the said Society shall submit the same for the approval of the Privy Council; and that, if such approval shall be given, then such resolution and approval shall be advertised in the *London Gazette*; and, on the expiration of one month from such advertisement, the article named in such resolution shall be deemed to be a poison within the meaning of that Act:

And whereas the Council of the Pharmaceutical Society of Great Britain did, on the 1st day of February, 1882, resolve and declare, by virtue and in exercise of the powers vested in the Council of the Pharmaceutical Society of Great Britain, that, amongst other articles, "*Nux Vomica and its preparations*" ought to be deemed a poison within the meaning of the 'Pharmacy Act, 1868,' and "ought to be deemed a poison in the second part of the Schedule A of the said 'Pharmacy Act, 1868.;" And whereas the said Society have submitted the said resolution for the approval of the Privy Council, and the Lords of the Privy Council are of opinion that the said resolution, so far as regards *nux vomica* and its preparations, should be approved:

Now, therefore, their Lordships are hereby pleased to signify their approval of the said resolution, in so far as regards *nux vomica* and its preparations.

**Precautions required by the Pharmacy Act, 1868,  
to be observed in selling by Retail,  
and in Dispensing,  
POISONS.**

All the Articles named or referred to in the List on page 98, both in Part I and Part 2, are POISONS within the meaning of the Pharmacy Act, 1868.

**SALE BY RETAIL.**

**I.—RELATING TO PART 1 AND PART 2 OF THE LIST.**

It is unlawful to sell any "Poison" by retail, unless the vessel, wrapper, or cover in which it is contained, be distinctly labelled with the name of the article, the word "Poison" and the name and address of the seller. This applies to all the articles in both Parts of the List.

**II.—RELATING TO PART 1 ONLY.**

It is unlawful to sell, by retail, any poison included in Part 1 of the List, to any person unknown to the seller, unless introduced by some person known to the seller; and on every sale of any such article the seller shall, before delivery, make or cause to be made an entry in a book to be kept for that purpose, of—

1. The date of sale;
2. The name and address of the purchaser;
3. The name and quantity of the article sold; and
4. The purpose for which it is stated to be required;

to which the signature of the purchaser, and of the person, if any, who introduced him, shall be affixed. *The article must also be labelled with the name of the article, the word "Poison," and the name and address of the seller.*

**III.—RELATING ONLY TO ARSENIC AND ITS PREPARATIONS.**

It is unlawful to sell Arsenic or any of its preparations, unless, in addition to all the foregoing regulations, the following provisions of the Arsenic Act be also observed:—

1. That the poison, if colourless, be mixed with soot or indigo, so as to colour it.
2. That the person to whom the poison is sold or delivered be of mature age.
3. That the occupation, as well as the name and address, of the purchaser be entered in the poison-book.
4. That when the purchaser is not known to the seller, and is introduced by some person known to both, this person shall be present as a witness to the transaction, and shall enter his name and address in the poison-book.

**DISPENSING.**

None of the foregoing regulations apply to any article when forming part of the ingredients of any medicine dispensed by a Registered Chemist and Druggist; but it is necessary, if a medicine contain a poison included in Part 1 or Part 2 of the List, that the ingredients of the medicine, together with the name of the person to whom it is sold or delivered, be entered in a book kept for that purpose (*Prescription-Book*), and that the name and address of the seller be attached to the medicine.

COMMENTARY ON THE POISON LAWS.

- (a) PERSONS EXEMPT FROM THE ACT.—The regulations demanded for the Act for the Supply of Poisons in Part I. of the Schedule A, do not apply to wholesale or retail dealers in the ordinary course of wholesale dealing by legally qualified Apothecaries, and also members of the Royal College of Veterinary Surgeons of Great Britain, which contains a poison enumerated in Part I. and Part II. in the Schedule, it is necessary that the poison entered in a prescription book kept for the purpose, and this constitutes a registration of the sale of the poison. If the patient requires the prescription to be repeated several times, then a liberal interpretation of the Act entitles the said prescription to be re-entered in the book each time it is dispensed. As this entails repeated entries the following system *Kept in the book* is adopted.
- (b) PROPRIETARY PREPARATIONS CONTAINING POISONS IN PART I. OF SCHEDULE.—In the sale of proprietary preparations containing poisons of Part I. of the Schedule, it is necessary in this case to comply with all the requirements of the Act, as if it contained all the poisons of Part I. of the Schedule. *Example* :—A Nervinige Ointment containing Veratrine, is practically equivalent to effecting a sale of Veratrine.

PROPRIETARY PREPARATIONS CONTAINING POISONS IN PART II. OF SCHEDULE.—All such preparations must be labelled "Poison," with the name and address of the seller.

(d) RESPONSIBILITY ATTACHED TO THE SALE OF POISONS.—Only Pharmaceutical Chemists, or Chemists and Druggists within the meaning of the Act are entitled to sell poisons.

In the event of the Sale of a poison enumerated in the Schedule by an apprentice or servant, the person on whose behalf the sale is effected is responsible.

In recent legal cases the unqualified person effecting the Sale of the poison has been prosecuted and made responsible for the penalty incurred.

(e) PENALTY.—For a first offence, the penalty is not to exceed Five pounds. For a second, or any subsequent offence, Ten pounds.

(f) ARSENIC.—Independent of the fact that Arsenic is included in Schedule A, Part I, there is also a special Act dealing with the Sale of this poison, which states that it should be coloured, that the purchaser should be of mature age, his or her occupation, quantity sold, and purpose for which it is required.

AN ACT TO REGULATE THE SALE OF ARSENIC. 5th June, 1851.

14 Vict., Cap. 13.

WHEREAS the unrestricted sale of Arsenic facilitates the commission of crime: Be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

1. Every person who shall sell any Arsenic shall forthwith, and before the delivery of such Arsenic to the purchaser, enter or cause to be entered in a fair and regular manner in a book or books to be kept by such person for that purpose, set forth in the schedule to this Act, or to the like effect, a statement of such sale, with the quantity of Arsenic so sold, and the purpose for which such Arsenic is required or stated to be required, and the day of the month and year of the sale, and the name, place of abode, and condition or occupation of the purchaser, into all which circumstances the person selling such Arsenic is hereby required and authorized to inquire of the purchaser before the delivery to such purchaser of the Arsenic sold, and such entries shall in every case be signed by the person making the same, and shall also be signed by the purchaser, unless such purchaser profess to be unable to write (in which case the person making the entries hereby required shall add to the particulars to be entered in relation to such sale the words "cannot write"); and where a witness is hereby required to the sale, shall also be signed by such witness, together with his place of abode.

2. No person shall sell Arsenic to any person who is unknown to the person selling such Arsenic, unless the sale be made in the presence of a witness who is known to the person selling the Arsenic, and to whom the purchaser is known, and who signs his name, together with his place of abode, to such entries, before the delivery of the Arsenic to the purchaser, and no person shall sell Arsenic to any person other than a person of full age.

3. No person shall sell any Arsenic unless the same be before the sale thereof mixed with soot or indigo in the proportion of one ounce of soot or half an ounce of indigo at least to one pound of the Arsenic, and so in proportion for any greater or less quantity: Provided always, that where such Arsenic is stated by the purchaser to be required not for use in agriculture, but for some other purpose for which such admixture would, according to the representation of the purchaser, render it unfit, such Arsenic may be sold without such admixture in a quantity of not less than ten pounds at one time.

4. If any person shall sell any Arsenic, save as authorized by this Act, or on any sale of Arsenic shall deliver the same without having made and signed the entries hereby required on such sale, or without having obtained such signature or signatures to such entries as required by this Act, or if any person purchasing any Arsenic shall give false information to the person selling the same in relation to the particulars which such last-mentioned person is hereby authorized to enquire into of such purchaser, or if any person shall sign his name as aforesaid as a witness to a sale of Arsenic to a person unknown to the person so signing as witness, every person so offending shall for every such offence, upon a summary conviction for the same before two justices of the peace in England or Ireland, or before two justices of the peace or the sheriff in Scotland, be liable to a penalty not exceeding twenty pounds.

5. Provided, that this Act shall not extend to the sale of Arsenic when the same forms part of the ingredients of any medicine required to be made up or compounded according to the prescription of a legally qualified medical practitioner, or a member of the medical profession, or to the sale of Arsenic by wholesale to retail dealers upon orders in writing in the ordinary course of wholesale dealing.

6. In the construction of this Act the word "Arsenic" shall include arsenious acid and the arsenides, arsenic acid and the arsenites, and all other colourless poisonous preparations of Arsenic.

AN ACT TO PROHIBIT THE SALE AND USE OF POISONED GRAIN OR SEED. 28th July, 1863.

26 & 27 VICT., CAP. 113.

WHEREAS it is expedient to prohibit the sale and use of poisoned grain or seed: Be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

1. This Act may be cited for all purposes as "The Poisoned Grain Prohibition Act, 1863."
2. Every person who shall offer or expose for sale or sell any grain, seed, or meal which has been so steeped or dipped in poison, or with which any poison or any ingredient or preparation has been so mixed as thereby to render the same poisonous and calculated to destroy life, shall in either case for every such offence, upon summary conviction, as hereinafter provided, forfeit any sum, not exceeding ten pounds.
3. Every person who shall knowingly and wilfully sow, cast, set, lay, put, or place, or cause to be sown, cast, set, laid, put, or placed, into, in, or upon any ground or other exposed place or situation, any such grain, seed, or meal which has been so steeped or dipped in poison, or with which any poison or any ingredient or preparation has been so mixed as thereby to render such grain, seed, or meal, poisonous and calculated to destroy life, shall, upon a summary conviction thereof as hereinafter provided, forfeit any sum not exceeding ten pounds.
4. Nothing in this Act shall prohibit the offering or exposing for sale or selling or the use of any solution or infusion, or any material or ingredient for dressing, protecting, or preparing any grain or seed for *bona fide* use in agriculture only, or the sowing of such last-mentioned grain or seed so prepared.
5. All penalties imposed by this Act may be recovered in England and Ireland before two justices of the peace, and in Scotland before two justices of the peace or the sheriff; and for that purpose in England and Scotland the provisions of the Act of the eleventh and twelfth years of Her present Majesty, chapter forty-three, and in Ireland the "Petty Sessions (Ireland) Act, 1851," shall extend and apply to this Act and to all proceedings in relation thereto; and it shall not in any such proceedings be necessary to allege or prove the ground or other place where an offence is committed to be the property of or occupied by any person: Provided always, that the convicting a police constable or peace officer in any such proceedings any portion not exceeding one moiety of any penalty recovered under the aforesaid enactments: Provided also, that every informer or prosecutor, and every person who shall give evidence against any other person proceeded against under this Act, shall be freed and discharged from any such penalty which he may have incurred for or by reason of his having participated or aided in the commission of the offence with respect to which he shall so inform or prosecute or give evidence, provided the information against such other person has been laid, or such evidence has been given, before the laying of any information (if any) against such informer, prosecutor, or witness for the recovery of any penalty he may have so incurred.
