AD

EDVARDUM JENNER, M.D.

CARMEN ALCAICUM.

O ! qui secundo natus Apolline
Incumbis arti pæoniæ, studens
Arcana Naturæ, gravemque
More novo prohibere morbum,

Jennere, laudes an sileam tuas ?
Dum mente sanus, nec cytharà carens,
Turpive succumbens senectæ
Rura vagor per amœna Cheltæ ?

Hic sæpe mecum dum meditor gemens,
Inter meorum funera, quèis diù
Vixi superstes, quot veneno
Fœta gravi, maculisque tetris

Primis in ævi viribus abstulit
 Infesta febris, lingua valet parùm
 Narrare, quid debes supremo
 Quanta DEO tibi danda laus est,

Furore quòd non ante domabili
 Tot dira Pestis quæ peperit mala,
 In gentis humanæ levamen,
 Te medico superata cessit ;

Quippe arte mirà quæ tibi contigit,
 Puris benigni guttula, ab ubere
 Inserta vaccino lacertis,
 Corporeos penetrat meatus,

Brevique factà in vulnere pustulà,
 Propulsat Hostem, nec sinit ampliùs
 Inferre morborum cohortes
 Innumeras, comitemque mortem :

O ! quas rependet Patria gratias !
 Quæ te Senatus cura Britannici
 Mercede compensabit æquà ?
 Annua quæ tibi dona reddet ?

Nam te Machaon hospes adit frequens,
 Te pauper æquè, te *locuples* petit
 Colonus, immunique gaudent
 Consilium elicuisse palmà :

Te mater ambit filiolo cavens
 Ut tuto ab atrà corpore sit lue,
 Innupta te virgo decentes
 Sint memori sine labe malæ :

Utcunque nostris laudibus invidens
 Gens quæque grates dat tibi debitas ;
 Te Gallus extollit, tuamque
 Obsequiosus adorat artem :

At dulcis, heù ! quid filioli salus,
 Quid vota Matris, Virginis aut Decor,
 Aut fama prodest, quid parumpèr
 Quòd volucres tua cura fati

Tardavit alas, si sibi gloriam
 Fuso innocentum sanguine comparans
 Hùc ducat infames triumphos,
 Gallicus hìc dominetur Hostis ?

Et jam, coactis undique copiis
 Naves adornans, oppositos parat
 Transire fluctus, Anglicisque
 Exitium minitatur oris :

Demens ! inani qui petit Impetu
 Sceptro potiri, quod populi fides,
 Honorque, et AUGUSTI paternus
 In BRITONAS animus tuetur !

Quin cinctus omni milite barbaro
 Se credat undis, quale aquilonibus
 Martique nostro, quale debent
 Ludibrium pelago carinæ ?

Audire toto jam videor freto
 Tormenta longè dira tonantia,
 Raucumque bomborum fragorem,
 Oceanique cruore rubri

Videre Gallos fluctibus obrutos,
 Missosque in ipsis criminibus duces
 Fratres salutatum, daturos
 Tartareis nova jura regnis :

Invita cerno bella gerentium
 Erecta dudùm corpora Ibericùm
 Prostrata, collectosque corvos
 Pingue super Batavi cadaver ;

Cerno canoros, semivirùm genus,
 Natate fractis viribus Italos,
 Nulloque Delphino juvante,
 Funereos recitare cantus——

At non vel ipsis gaudeat hostibus
 Has ominari musa tragœdias,
 Quas ira præceps, Consulisque
 Ambitio malesuada movit,

Nec longiori carmine te morer,
 Mentemque curis utilioribus
 Jennere, seducam,—valet.—
 Teque, tuosque, precor, labores

DEUS benigno numine prosperet ;
 Et dum perennis gloria Laureæ
 Insignit Heroas Britannos,
 Civica te decoret Corona.

Invisis cerno bella gerentibus
Erecta dantis corpora Iphigeniae
Frontibus, celsissimae cervice
Pugae super, haurit cadaveris

Cerno canoros, semivivum genus
Nunciat fractis viribus Iphigeniae
Nulloque Delphico juvenis
Funiculos recitare canas

At non vel ipsis gaudent hostibus
Illa omnia sunt tragodiae
Quae transcripserunt, Constatque
Auspicio melius movit

Nec longior carmine te morer
Mentemque cuius utilitatem
Iphigeniae, seductam, videret
Iphigeniae, seductam, videret

Deus benigno numine prosperet
Et diui potantur gloria Iphigeniae
Insignis Iphigeniae
Civica te decoret Corona
