STANDING ORDERS OF COUNCIL.

Adopted June 7, 1905.

The following Standing Orders are adopted for the regulation of the proceedings of the Council, viz. :—

1. That at all meetings of the Council the Chair shall be taken at 11 o'clock in the forenoon, and business immediately proceeded with, provided a quorum be present.

2. That all notices of motion shall be given in writing to the Secretary, and shall distinctly state the nature or substance of the resolution intended to be submitted to the Council ; and all such notices shall be dated and numbered as received, and entered in a book, to be kept for that purpose at the Secretary's office, which book shall be open to the inspection of every member of the Council.

3. That motions for which such notice shall be given shall have precedence over other motions, and be entered by the Secretary upon the notice paper in the order in which they are received—routine business and other matters brought specially before the Council by the President only excepted.

4. That the Secretary shall insert in the summonses for any meeting of the Council, in addition to such matters as may be ordered by the President, all subjects for which notice of motion shall have been given before 5 o'clock in the afternoon of the day preceding the day for summoning the Council.

5. That at every meeting of the Council all motions, whether original motions or amendments, shall, if required by the President, be reduced into writing signed by the mover, and delivered to the Secretary immediately upon being seconded.

6. That whenever amendments are made upon original motions, no second amendment shall be taken into consideration until the first amendment be disposed of.

7. That if a first amendment be carried, it displaces the original question, and becomes itself the question, whereupon any further amendment may be moved.

8. That if the first amendment be negatived, then a second may be moved to the original question under consideration ; but only one amendment shall be submitted to the Council for discussion at one time.

9. That the mover of every original motion, but not of any amendment, shall have a right to reply, immediately after which the question shall be put from the Chair ; but that no other member be allowed to speak more than once on the same question, unless permission be given to explain, or the attention of the Chair be called to a point of order.

10. On the report of a Committee being presented to the Council, a copy having previously been sent to each member, the course to be adopted shall be as follows :—

(*a*) The Chairman of the Committee (or, if he be absent or refrain from so doing, some other member) shall move "That the report be received."

(*b*) The paragraphs of the report shall be numbered and called over seriatim, unless the Chairman see fit to vary their order. If the Council agree with a recommendation, the same shall forthwith become a resolution of the Council. Any member may move an amendment to any recommendation when the paragraph is called. Each paragraph shall be disposed of before the succeeding one is dealt with.

(*c*) The Chairman of a Committee or other member bringing up a report may withdraw or correct any paragraph with the consent of the Council.

11. It shall not be in order to move any abstract resolution on any paragraph of a report of any Committee.

12. Any Standing Order may be suspended in case of urgency by resolution of the Council carried by a majority of two-thirds of the members present and voting.

The Pharmaceutical Society of Great Britain.

HISTORICAL INTRODUCTION.

Constitution.—The Pharmaceutical Society was established in 1841, "for the purpose of advancing Chemistry and Pharmacy, and promoting an uniform system of education of those who should practise the same, and also for the protection of those who carry on the business of chemists and druggists"; and "to provide a fund for the relief of the distressed Members and Associates of the Society, and of their widows and orphans." The original members or founders of the Society were Chemists and Druggists in the metropolis and provincial towns of Great Britain who saw the importance of education and registration as a permanent basis of union, and volunteered their co-operation.

The Society, although since endowed by the Legislature with considerable responsibilities and powers, retains its original character as a voluntary association; the obligation of joining its ranks being purely a moral one on the part of those entitled to the privilege.

A Royal Charter of Incorporation was granted to the Society on February 18th, 1843, and a permanent status was thus acquired. Bye-laws were passed, and by one of them, persons not in business on their own account before the date of the Charter were required to be examined prior to admission.

The subjects of examination comprised Chemistry, Pharmacy, Materia Medica, and Botany, with the practical manipulations of the laboratory and dispensary. The methods of ascertaining the strength and purity of drugs, the tests and antidotes for poisons, the doses of medicines, and an acquaintance with the language of prescriptions were also included.

The Pharmacy Acts of 1852 and 1868 confirmed the Charter in regard to the constitution of the Society as a voluntary institution, but more specifically defined the persons who were alone entitled to apply for admission as Members or Associates. In pursuance of the provisions of the last-named enactment the Society consisted of three classes of subscribers, namely MEMBERS—persons registered as Pharmaceutical Chemists or registered as Chemists and Druggists by virtue of being in business before 1868; ASSOCIATES—persons registered as Chemists and Druggists after examination; and STUDENTS—those registered as having passed an examination conformably to the intentions expressed in lines 92 and 97 of the Charter of Incorporation.

The Pharmacy Acts Amendment Act of 1898, which is printed in this Calendar (see Index), effected a simplification of the constitution of the Society by establishing registration under the Act of 1868

as the sole basis of qualification for membership, and at the present time there are but two grades of subscribers—MEMBERS and STUDENT-ASSOCIATES. Student-Associates must have been registered as "Students or Apprentices" in accordance with the Bye-laws (see Index).

A limited number of Honorary Members and of Corresponding Members, distinguished in the various branches of knowledge embraced in the educational objects of the Society, is elected by the Council.

The government of the Society is vested in a Council consisting of twenty-one members who are elected by the general body of members of the Society. Seven vacancies are annually created in the Council by Statute, but the members retiring are eligible for re-election if they still remain members of the Society. The procedure prescribed in regard to the election of the Council is fully set forth in the Pharmacy Acts Amendment Act, 1898, and in the Society's Bye-laws, both of which will be found in the pages of this Calendar.

The local interests of the Society are the subject of special attention by a Standing Committee of the Council, whilst Divisional Secretaries appointed by the Council, and Local Pharmaceutical Associations voluntarily formed by local Pharmacists, furnish links in the chain of communication between the Council and its electorate. To assist the Council in regard to the work of the Society in North Britain, premises were purchased in 1884 by the Society at 36, York Place, Edinburgh, where there are provided an Examination Hall with suitably equipped laboratories for the proper examination of Scottish candidates and an admirably arranged Library and Museum for the use of Members and Student-Associates of the Society. A resident Assistant Secretary is placed in charge of the arrangements. (See p. 198.)

Statutory Duties.—In the Pharmacy Act, 1852, it is stated that,

> "Whereas it is expedient to prevent ignorant and incompetent persons from assuming the title of, or pretending to be, pharmaceutical chemists or pharmaceutists in Great Britain, or members of the said Pharmaceutical Society, to that end it is desirable that all persons before assuming such title should be duly examined as to their skill and knowledge by competent persons, and that a register should be kept of all such persons."

All persons connected with the Society at the time of the passing of the Act were to be placed upon the new registers; provision was made for the appointment of Boards of Examiners in England and in Scotland, authorised to examine persons who thereafter desired registration; and it was made a penal offence for any person, not duly registered, to assume or use the titles mentioned in the preamble, or to imply registration under the Act or association with the Society.

A distinction was thus established between registered and unregistered persons, statutory titles being created in order that the public might discriminate between the qualified and the ignorant, but the Act did not in any way restrict the sale of drugs or attempt to confine the dispensing of prescriptions to competent persons.

The Council of the Pharmaceutical Society continued after the

passing of the Statute, to follow the policy laid down in the Royal Charter, of steadfastly promoting an uniform system of education for those practising pharmacy ; always animated by the hope that eventually such practice would be restricted by the Legislature to the class specially fitted by systematic instruction to properly perform it.

Chemists and Druggists should never forget that when, in the progress of events, " technical education " came to be recognised as a necessity in the various callings of life, the general Medical Council and Royal College of Physicians of London came forward to testify, that, from their own observation, the regulation of the practice of Pharmacy might be safely left in the hands of a Society through whose instrumentality the knowledge of the arts and sciences connected therewith had been so much advanced throughout the kingdom.

When, therefore, the demand arose that certain restrictions should be placed on the sale of poisons, the Council in 1868 succeeded in proving to the satisfaction of the Government that a duly trained body of men was already in existence, readily distinguishable to the public by means of registration under the Pharmacy Act of 1852, and, as a result, the Pharmacy Act, 1868, was added to the Statute Book.

Whilst in some respects the legislation of 1868 may be regarded as completing that of 1852—inasmuch as it enacted the important principle that the *education of the Vendor is the only safe foundation for a Poison Bill*—yet the no less important desideratum, from the public point of view, of removing from incompetent persons the handling of potent substances and the dispensing of prescriptions was not then accomplished. The Poisons and Pharmacy Act, 1908, modified to a slight extent the consequences of the omission, but, with the exception of the comparatively small number of articles scheduled as poisons there appears to be, even now, no statutory restraint upon the sale of potent drugs or upon the dispensing of medical prescriptions. It is obvious, however, that public opinion is slowly advancing in the direction of a compulsory restriction of dispensing to Pharmacists. The National Insurance Act of 1911 provides, with certain exceptions in favour of medical practitioners, that the dispensing of medicines for insured persons shall be performed by or under the immediate supervision of a person possessing a qualification under the Pharmacy Acts. Thus exactly seventy years after the foundation of the Society Parliament tardily accords the first national recognition of Pharmacy as a separate department of medical treatment, and takes the initial step to ensure that its practice shall be in the hands of properly trained and effectively controlled individuals.

The Act of 1868 will be found in this Calendar, following the Charter and the Act of 1852, and it is only necessary here to draw attention to its main principle by the following quotation from section I :—

> " From and after the 31st day of December, 1868, it shall be unlawful for any person to sell or keep open shop for retailing, dispensing or compounding poisons, or to assume or use the title 'Chemist and Druggist,' or Chemist, or Druggist, or

Pharmacist, or Dispensing Chemist or Druggist, in any part of Great Britain, unless such person shall be a Pharmaceutical Chemist, or a Chemist and Druggist, within the meaning of this Act, and be registered under this Act."

By this Act a new Class, that of Chemists and Druggists, was created and a new Register established, and all persons who were in business on their own account as Chemists and Druggists at the time the Act was passed were placed upon that Register without payment of registration fee, the expense of carrying out the detail work being borne by the Pharmaceutical Society. The Registers of Pharmaceutical Chemists and of Chemists and Druggists are published, pursuant to Statute, in January of every year, copies being supplied by the Government to Coroners, County Court Judges, and other public officers as well as being obtainable at the offices of the Pharmaceutical Society—17, Bloomsbury Square, London, W.C.

By these Acts the threefold duty is imposed upon the Society of *examining* persons desirous of carrying on the business of Chemists and Druggists ; of *registering* such of them as may be found to possess competent skill and knowledge ; and of *instituting proceedings* against persons contravening the law. The cost of performing these public duties is considerable and is borne by the Society unaided by public money.

The Poisons and Pharmacy Act, 1908, which is printed at p. 54, regulates the business of a Pharmaceutical Chemist or of a Chemist and Druggist when carried on by corporate bodies or in branch shops, and it excludes from the Pharmacy Act, 1868, subject to well-defined conditions, certain poisonous substances largely used in agriculture and horticulture. A further feature of the Act is that it confers powers upon the Pharmaceutical Society to enter into reciprocal agreements with Colonial Pharmaceutical Authorities for the interchange of Certificates of Qualification in Pharmacy. The Council has since adopted a Bye-law giving effect to the permissive provisions of the Act in this respect (Bye-law, p. 80). Incidentally the Act confers additional powers upon the Society, in regard to the conduct of the statutory examination, and inferentially confirms the public recognition accorded by the Royal Charter and the 1852 and 1868 Acts.

Education.—The subject on which the Society has expended most time and money has been Pharmaceutical education in the widest acceptation of the term. Immediately after the foundation of the Society, steps were taken to provide an efficient School of Pharmacy. Courses of lectures were established in 1842, Dr. Anthony Todd Thomson, Dr. Pereira, Professor Fownes and Dr. Redwood being engaged to deliver them. Such lectures continue to the present day : Professor Crossley occupying the chair of Chemistry, and Professor Greenish the chair of Pharmaceutics; Botany being taught by efficient Lecturers placed under the supervision of the Professor of Pharmaceutics.

When the School of Pharmacy was commenced a Chemical Laboratory was formed in the basement of the Society's house, but being limited in accommodation, and objectionable from its situation, was in 1860 on the receipt of a legacy of £2,000 from the late Jacob

Bell, replaced by one more suited for the reception of a large class. This laboratory has recently been practically rebuilt and re-equipped by the Council. It contains separate benches for about 100 students, and is fitted with all modern appliances and apparatus. Provision has also been made for the reception of the growing numbers of women students, for whom a special laboratory and balance room are available. The Laboratories are under the direction of Professor Crossley. Suitable arrangements for practical histological work in connection with the lectures on Botany and Materia Medica have been made, and convenient Laboratories for instruction in pharmaceutical operations have been provided.

A Research Laboratory, for the purpose of furthering Pharmaceutical Research, was founded in 1888, and is under the direction of the Professor of Chemistry and the Professor of Pharmaceutics.

Prizes and certificates are awarded at the end of each session of the school. Prizes are also offered annually to Pharmaceutical Chemists who have passed the Major Examination during the year and are members of the Society. The highest award, termed the "Pereira Medal," was founded on the death of Dr. Jonathan Pereira, and was provided for in perpetuity by a fund subscribed at the time and placed in the hands of the Council of the Pharmaceutical Society for administration. The second and third prizes are termed the "Pharmaceutical Society's Medals," one in silver, the other in bronze; and the Pereira Medal is supplemented by a gift of books from a fund established for that purpose by the late Thomas Hyde Hills, a past President of the Society.

The Council of the Pharmaceutical Society is fortunate in being able to offer for competition a number of important scholarships. The first, chronologically, are the Jacob Bell Memorial Scholarships, which were founded by subscription in 1861 in remembrance of Jacob Bell, to whose energy and foresight the establishment of the Society was mainly due, and whose unselfish labours during the early years of that institution should ever be held in grateful recollection by the Chemists and Druggists of Great Britain. The endowment of each of these scholarships is £25 per annum, and to this the Council adds free instruction for the session in the School of Pharmacy. A present of books is also given to each scholar from a fund provided by the late Thomas Hyde Hills.

A scholarship of the value of about £26, founded by a member of the Society residing in Lancashire, is also open to competition by "Student-Associates" of the Society residing in Lancashire, Cheshire, or the High Peak Division of Derbyshire.

In addition to these entrance scholarships, there are two others tenable in the Research Laboratory of the Society: namely, the Redwood Scholarship and the Burroughs Scholarship. The last named two scholarships were founded with a view to afford means for following a post-graduate course of instruction, and to promote original investigation in Chemistry and Pharmacy, and are given in alternate years. The value of the Redwood Scholarship is £60, and of the Burroughs Scholarship £50. The Council has during the past year been enabled by the generosity of Mr. S. W. Fairchild to provide a Course of post-graduate lectures on the scientific subjects of the pharmaceutical curriculum.

Further inducement to advanced work in the higher divisions of the sciences embraced in the pharmaceutical curriculum is offered by the Council in the title of Research Fellow, which is conferred for special proficiency in the principal methods of Chemical Research, and the co-operation of the worshipful Company of Salters has further made available for students—women as well as men—who have completed their school course with distinction, a Fellowship of £100 a year, tenable in the Research Laboratory of the Society.

The Council of the Pharmaceutical Society are also the Trustees of a Fund raised to establish a Memorial to Daniel Hanbury, and, in accordance with the terms of the Deed of Trust, a gold medal is awarded biennially for high excellence in the prosecution or promotion of original research in the Chemistry and Natural History of Drugs. The late Sir Thomas Hanbury, by his generosity during his lifetime, has enabled the Council to offer a sum of £50 to the recipient of the Medal.

Library and Museum.—Immediately after the formation of the Society, efforts were directed to the establishment of a Library. Partly by donations, but mostly by purchase, the Library in London now contains some 14,000 volumes and pamphlets, at the command of subscribers, for reference in the house of the Society, or for circulation under the regulations.

The Museum and Herbaria have grown from small beginnings to be the most important collections of objects of pharmaceutical and botanical interest in the kingdom. By their admirable arrangement and classification invaluable assistance is afforded to all interested in Botany and Materia Medica.

Evening Meetings.—Periodical Meetings for the reading of scientific papers and for eliciting discussion on subjects of pharmaceutical interest occupied a very prominent position in the plans of the founders of the Society, and were among the first manifestations of the association of Pharmacists in this country for mutual advancement. The Council attaches the highest importance to the continuance of these meetings, and arrangements for the periodical reading of suitable papers in London and in Edinburgh during the winter months still form as responsible a part of the duties of the executive Officers as they did seventy years ago. The meetings as now arranged are not only scientific in their character, but afford opportunities for conversation and social intercourse between those engaged in pharmaceutical work.

The Transactions of the Society at the Evening Meetings are published in the *Pharmaceutical Journal*, which has always been a valuable means of intercommunication. It is the property of the Members, and is produced and published by the Council through the medium of a Journal Committee; it is distributed free to every individual connected with the Society, and has, in addition, a large circulation amongst medical men and others interested in Pharmacy.

Publications.—In addition to *The Pharmaceutical Journal* the Society has produced and published for the benefit of Pharmacists "The Chemists Annual," the "Pharmaceutical Journal Formulary,"

"The British Pharmaceutical Codex," and "The Pharmaceutical Pocket Book." An entirely new issue of the Codex was published during 1911.

Benevolence.—The intention expressed in the Charter of Incorporation to establish a Benevolent Fund for the relief of distressed Members and Associates has been carried into effect, and the power of granting relief was extended by the Pharmacy Act of 1868 to all persons who are or have been on the Register of Chemists and Druggists, whether connected with the Society or not, their widows and orphan children. Subscriptions and donations have been invested as a separate fund, which now exceeds £43,000. In 1865, in addition to temporary relief, the granting of annuities to aged Chemists and Druggists, and their widows, was inaugurated, and in 1891 the Council increased the amount of the annuity to £50; the average annual charge on this account being now about £1,500. The cost of administering the Fund is defrayed by the Society.

As a supplement to the general Benevolent Fund, an Orphan Fund was founded in 1891, the late Thomas Hyde Hills having bequeathed £1,000 for this purpose. The special object of this Fund is to provide for the education of the orphans of deceased Members who have been subscribers to the Benevolent Fund.

The Council also holds in trust, under the will of the late George E. Waterall, the sum of £1,000, the income from which is available for necessitous registered persons who comply with certain conditions. (See Waterall Legacy Fund.)

Full particulars of these Funds, as well as a List of Donors and Subscribers, are to be found herein.

Administration.—The Secretary's Office at 17, Bloomsbury Square, is open daily throughout the year, except on public holidays, the hours of attendance being from 9 a.m. to 5 p.m. On Saturday the hour for closing is 2 p.m. The office in Edinburgh is open daily between the hours of 10 a.m. and 4 p.m., except on Saturday, when it closes at 2 p.m.

Communication between the members of the Society and the Secretary, or the various officers and Departments, has been expedited by registering a telegraphic address for the Society, and placing the office on the Telephone system.

The abbreviated address for telegrams is "BREMRIDGE, LONDON," and the telephonic number is 3226 [Gerrard].

The telephone number of the Office of the Society at 36, York Place, Edinburgh, is 1976 [Central].

Telegrams for the Editor of the Journal should be addressed "PHARMAKON, LONDON," and the Journal telephone number is 13413 [Central]. The postal address of the Editorial and Publishing Offices is 72, Great Russell Street, London, W.C.

SUPPLEMENTAL CHARTER.

GRANTED TO THE SOCIETY MARCH 27TH, 1901.

EDWARD VII., by the grace of God, of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith, to all to whom these Presents shall come, greeting.

Petitioners.

Whereas it hath been represented to us, on the petition of the Pharmaceutical Society of Great Britain, that in the 15th and 16th and 31st and 32nd years of the reign of Her late Majesty Queen Victoria, Acts known shortly as the Pharmacy Acts, 1852 and 1868, were passed, whereby the Society is required to perform and discharge large and important public duties: that by reason of the said duties the powers conferred upon the Society by the Royal Charter of Incorporation granted by Her said late Majesty as to the purchase and acquisition of messuages, lands, tenements and hereditaments have become inadequate, and that it is desirable that the same should be extended: that

Benevolent Fund.

a Benevolent Fund has been formed for the relief of distressed Members of the Society, past and present, and of Chemists and Druggists and their widows and orphans: that by means of generous donations, pecuniary bequests, subscriptions and grants, the said Fund now amounts to a considerable sum of money: that in order to insure the proper investment of the said Fund it is further desirable that the said powers should be extended, that the Society may be thereby enabled from time to time to make purchases of freehold lands, and hereditaments, or of freehold ground rents, such purchases affording from their permanent and possibly improving nature investments both prudent and advantageous: and they have besought us to grant them and their successors our Royal Supplementary Charter conferring upon them such further powers as are hereinafter contained.

And whereas we have taken the said Petition into our Royal consideration and we are minded to accede thereto.

Extension of the power to buy and hold lands, etc.

Now know ye that we by virtue of our Royal Prerogative in that behalf and of other powers thereunto us enabling of our Special Grace, certain knowledge and mere motion have willed, granted, and declared, and do by these presents for us, our heirs and successors, will grant and declare that the said Pharmaceutical Society of Great Britain without prejudice and in addition to any former powers already conferred upon them whether by Charter or otherwise, and to any purchases or acquisitions heretofore made thereunder shall be able and capable in the law, notwithstanding the statutes of Mortmain, at any time hereafter to take, purchase, possess, hold and enjoy to them and their successors any messuages, lands, tenements and hereditaments whatsoever, the yearly value of which shall not exceed in the whole at any one time the sum of Ten thousand pounds, computing the same at the rack rent which might be had

or gotten for the same at the time of the purchase or acquisition thereof: and also to sell any lands, tenements and hereditaments, and to purchase again other lands, tenements and hereditaments not exceeding in the whole at any one time the annual value aforesaid to be estimated as aforesaid.

Authority for conveyance of land, etc., to Society.

And we do hereby grant our special licence and authority unto all and every person and persons, bodies, politic and corporate, otherwise competent to grant, sell, alien, and convey in Mortmain unto and to the use of the said Institution or Society, and their successors any messuages lands, tenements or hereditaments, the whole thereof to be held by the said Society at any one time, not exceeding such annual value as aforesaid.

In witness thereof we have caused these our letters to be made Patent. Witness ourself at Westminster the 27th day of March in the first year of our Reign.

By Warrant under the King's Sign Manual,

(Sg.) MUIR MACKENZIE.

PHARMACY ACT.

15 & 16 VICTORIA, CAP. 56.

AN ACT FOR REGULATING THE QUALIFICATIONS OF PHARMACEUTICAL CHEMISTS.

[30th *June*, 1852.]

WHEREAS it is expedient for the Safety of the Public that Persons exercising the Business or Calling of Pharmaceutical Chemists in *Great Britain* should possess a competent practical Knowledge of Pharmaceutical and General Chemistry and other Branches of useful Knowledge: And whereas certain Persons desirous of advancing Chemistry and Pharmacy, and of promoting an uniform System of educating those who should practise the same, formed themselves into a Society, called "The Pharmaceutical Society of *Great Britain*," which said Society was on the Eighteenth Day of *February* One thousand eight hundred and forty-three incorporated by Royal Charter, whereby it was provided that the said Society should consist of Members who should be Chemists and Druggists who were or had been established on their own Account at the Date of the said Charter, or who should have been examined in such Manner as the Council of the said Society should deem proper, or who should have been certified to be duly qualified for Admission, or who should be Persons elected as Superintendents by the Council of the said Society: And whereas it is expedient to prevent ignorant and incompetent Persons from assuming the Title of or pretending to be Pharmaceutical Chemists or Pharmaceutists in *Great Britain*, or Members of the said Pharmaceutical Society, and to that end it is desirable that all Persons before assuming such Title should be duly examined as to their Skill and Knowledge by competent Persons, and that a Register should be kept by some legally authorized Officer of all such Persons: And whereas for the Purposes aforesaid, and for extending the Benefits which have already resulted from the said Charter of Incorporation, it is desirable that additional Powers should be granted for regulating the Qualifications of Persons who may carry on the Business of Pharmaceutical Chemists: Be it enacted by the Queen's most Excellent Majesty, by and with the Advice and Consent of the Lords Spiritual and Temporal, and Commons in this present Parliament assembled, and by the Authority of the same.

Charter, dated 18th Feb., 1843, confirmed, save as altered.

I. That the said Charter of Incorporation granted to the said Society on the Eighteenth Day of *February* One thousand eight hundred and forty-three, save and except such Part or Parts thereof as are hereby altered, varied, or repealed, shall be and the same is hereby confirmed and declared to be in full force and virtue, and shall be as good and effectual to all Intents and Purposes as if this Act had not been passed.

Power to Council to alter Bye-laws, provided they are approved by a General Meeting of Society and the Secretary of State.

II. The Council of the said Pharmaceutical Society shall be and the same are hereby authorized and empowered to alter and amend the Bye laws of the said Society made and established under or in pursuance of the said Charter of Incorporation, and to make and establish such new or additional Bye laws as they shall deem proper and necessary for the Purposes contemplated by the said Charter or by this Act: Provided always, that all such original Bye laws, and all altered, amended, or additional Bye laws, shall be confirmed and approved by a Special General Meeting of the Members of the said Pharmaceutical Society, and by One of Her Majesty's Principal Secretaries of State.

[Repealed by 38 and 39 Vict., Cap. LXVI.

Provided also, that the existing Bye laws of the said Society shall continue in force until the next Annual Meeting of the said Society to be held in the Month of *May*, One thousand eight hundred and fifty-three.

III. At all Meetings of the said Society at which Votes shall be given for the Election of Officers, all Members entitled to vote may give their Votes either personally, or, in Cases of Residence exceeding Five Miles from the General Post Office, *Saint Martin's le Grand, London*, by Voting Papers authorized by Writing, in a Form to be defined in the Bye laws of the said Society, or in a Form to the like Effect, such Voting Papers being transmitted under Cover to the Secretary not less than Five clear Days prior to the Day on which the Election is to take place.]

PHARMACY ACT.

31 & 32 VICTORIA, CAP. 121.

AN ACT TO REGULATE THE SALE OF POISONS, AND ALTER AND AMEND THE PHARMACY ACT, 1852.

[31*st July*, 1868.]

*WHEREAS it is expedient for the Safety of the Public that Persons keeping open Shop for the retailing, dispensing, or compounding of Poisons, and Persons known as Chemists and Druggists, should possess a competent practical Knowledge of their Business, and to that End that from and after the Day herein named all Persons not already engaged in such Business should, before commencing such Business, be duly examined as to their practical Knowledge, and that a Register should be kept as herein provided, and also that the Act passed in the 15th and 16th Years of the Reign of her present Majesty, intituled *An Act for regulating the Qualification of Pharmaceutical Chemists*, herein-after described as the Pharmacy Act, should be amended: Be it enacted, by the Queen's most Excellent Majesty, by and with the Advice and Consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by Authority of the same, as follows:— 15 & 16 Vict., c. 56.

Persons selling or compounding Poisons, or assuming the Title of Chemist or Druggist, to be qualified.

† I. From and after the 31st Day of *December*, 1868 it shall be unlawful for any Person to sell or keep open Shop for retailing, dispensing, or compounding Poisons, or to assume or use the Title "Chemist and Druggist," or Chemist or Druggist, or Pharmacist, or Dispensing Chemist or Druggist, in any Part of *Great Britain*, unless such Person shall be a Pharmaceutical Chemist, or a Chemist and Druggist within the Meaning of this Act, and be registered under this Act, and conform to such Regulations as to the keeping, dispensing, and selling of such Poisons as may from Time to Time be prescribed by the Pharmaceutical Society with the Consent of the Privy Council.

Articles named in Schedule (A) to be deemed Poisons within the Meaning of this Act.

II. The several Articles named or described in the Schedule (A) shall be deemed to be Poisons within the Meaning of this Act, and the Council of the Pharmaceutical Society of *Great Britain* (herein-after referred to as the Pharmaceutical Society) may from Time to Time, by Resolution, declare that any Article in such Resolution named ought to be deemed a Poison within the Meaning of this Act; and thereupon the said Society shall submit the same for the Approval of the Privy Council, and if such Approval shall be given, then such Resolution and Approval shall be advertised in the *London Gazette*, and on the Expiration of One Month from such Advertisement the Article named in such Resolution shall be deemed to be a Poison within the Meaning of this Act.

---

* *Omitted by 56 & 57 Vict. cap. 14.*

† *Regulations in accordance with this clause have been adopted by the Pharmaceutical Society and are printed at page 66.*

Chemists and Druggists within Meaning of this Act.

III. Chemists and Druggists within the Meaning of this Act shall consist of all Persons who at any Time before the passing of this Act have carried on in *Great Britain* the Business of a Chemist and Druggist, in the keeping of open Shop for the compounding of the Prescriptions of duly qualified Medical Practitioners, also of all Assistants and Associates who before the passing of this Act shall have been duly registered under or according to the Provisions of the Pharmacy Act, and also of all such Persons as may be duly registered under this Act.

Assistants to be registered.

*IV. Any person who at the Time of the passing of this Act shall be of full age, and shall produce to the Registrar on or before the 31st Day of *December*, 1868, Certificates according to Schedule (E) to this Act that he had been for a Period of not less than Three Years actually engaged and employed in the dispensing and compounding of Prescriptions as an Assistant to a Pharmaceutical Chemist, or to a Chemist and Druggist as defined by Clause III. of this Act, shall, on passing such a modified Examination as the Council of the Pharmaceutical Society with the Consent of the Privy Council may declare to be sufficient Evidence of his Skill and Competency to conduct the Business of a Chemist and Druggist, be registered as a Chemist and Druggist under this Act.

Registration of Chemists and Druggists.

*V. The Persons who at the time of the passing of this Act shall have been duly admitted Pharmaceutical Chemists, or shall be Chemists and Druggists within the Meaning of the Act, shall be entitled to be registered under the Act without paying any fee for such Registration; provided however, as regards any such Chemist and Druggist, that his Claim to be registered must be by Notice in Writing, signed by him, and given to the Registrar, with Certificates according to the Schedules (C) and (D) to this Act; and provided also, that for any such Registration of a Chemist and Druggist, unless it be duly claimed by him on or before the 31st Day of December, 1868, the Person registered shall pay the same fee as Persons admitted to the Register after Examination under this Act.

Examiners under Pharmacy Act to be the Examiners under this Act.

VI. All such Persons as shall from Time to Time have been appointed to conduct Examinations under the Pharmacy Act shall be and are hereby declared to be Examiners for the Purposes of this Act, and are hereby empowered and required to examine all such Persons as shall tender themselves for Examination under the Provisions of this Act; and every Person who shall have been examined by such Examiners, and shall have obtained from them a Certificate of competent Skill and Knowledge and Qualification, shall be entitled to be registered as a Chemist and Druggist under this Act; and the Examination aforesaid shall be such as is provided under the Pharmacy Act for the Purposes of a Qualification to be registered as Assistant under that Act, or as the same may be varied from Time to Time by any Bye law to be made in accordance with the Pharmacy Act

Certificate of competent Skill, etc.

Protection of Titles and Restrictions on Sale of Poisons.

XV. From and after the 31st Day of *December*, 1868 any Person who shall sell or keep an open Shop for the retailing, dispensing, or compounding Poisons, or who shall take, use, or exhibit the Name or Title of Chemist and Druggist, or Chemist or Druggist, not being a duly registered Pharmaceutical Chemist, or Chemist and Druggist, or who shall take, use, or exhibit the Name or Title Pharmaceutical Chemist, Pharmaceutist or Pharmacist, not being a Pharmaceutical Chemist, or shall fail to conform with any Regulation as to the keeping or selling of Poisons made in pursuance of this Act, or who shall compound any Medicines of the British Pharmacopœia except according to the Formularies of the said Pharmacopœia, shall for every such Offence be liable to pay a Penalty or Sum of Five Pounds, and the same may be sued for, recovered, and dealt with in the Manner provided by the Pharmacy Act for the Recovery of Penalties under that Act ; but nothing in this Act contained shall prevent any Person from being liable to any other Penalty, Damages, or Punishment, to which he would have been subject if this Act had not passed.

Reserving Rights of certain Persons.

XVI. Nothing herein-before contained shall extend to or interfere with the Business of any legally qualified Apothecary or of any Member of the Royal College of Veterinary Surgeons of *Great Britain*, nor with the making or dealing in Patent Medicines, nor with the Business of wholesale Dealers in supplying Poisons in the ordinary course of wholesale Dealing ; and upon the Decease of any Pharmaceutical Chemist or Chemist and Druggist actually in Business at the Time of his Death it shall be lawful for any Executor, Administrator, or Trustee of the Estate of such Pharmaceutical Chemist or Chemist and Druggist to continue such Business if and so long only as such Business shall be *bonâ fide* conducted by a duly qualified Assistant, and a duly qualified Assistant within the meaning of this Clause shall be a Pharmaceutical Chemist or a Chemist and Druggist registered by the Registrar under the Pharmacy Act or this Act ; Provided always, that Registration under this Act shall not entitle any Person so registered to practise Medicine or Surgery, or any Branch of Medicine or Surgery.

Regulations to be observed in the Sale of Poisons.

XVII. It shall be unlawful to sell any Poison, either by Wholesale or Retail, unless the Box, Bottle, Vessel, Wrapper, or Cover in which such Poison is contained be distinctly labelled with the Name of the Article and the word Poison, and with the Name and Address of the Seller of the Poison ; and it shall be unlawful to sell any Poison of those which are in the First Part of Schedule (A) to this Act, or may hereafter be added thereto under Section II. of this Act, to any Person unknown to the Seller, unless introduced by some Person known to the Seller ; and on every Sale of any

such Article the Seller shall, before Delivery, make or cause to be made an Entry in a Book to be kept for that Purpose stating, in the Form set forth in Schedule (F) to this Act, the Date of the Sale, the Name and Address of the Purchaser, the Name and Quantity of the Article sold, and the Purpose for which it is stated by the Purchaser to be required, to which Entry the Signature of the Purchaser and of the Person, if any, who introduced him shall be affixed ; and any Person selling Poison otherwise than is herein provided shall, upon a Summary Conviction before two Justices of the Peace in *England* or the Sheriff in *Scotland*, be liable to a Penalty not exceeding Five Pounds for the First Offence, and to a Penalty not exceeding Ten Pounds for the Second or any subsequent Offence, and for the Purposes of this Section the Person on whose Behalf any Sale is made by any Apprentice or Servant shall be deemed to be the Seller ; but the Provisions of this Section, which are solely applicable to Poisons in the First Part of the Schedule (A) to this Act, or which require that the Label shall contain the Name and Address of the Seller, shall not apply to Articles to be exported from *Great Britain* by wholesale Dealers nor to Sales by wholesale to retail Dealers in the ordinary Course of wholesale Dealing, nor shall any of the Provisions of this Section apply to any Medicine supplied by a legally qualified Apothecary to his Patient, nor apply to any Article when forming Part of the Ingredients of any Medicine dispensed by a Person registered under this Act ; provided such Medicine be labelled in the Manner aforesaid, with the Name and Address of the Seller, and the Ingredients thereof be entered, with the Name of the Person to whom it is sold or delivered, in a Book to be kept by the Seller for that Purpose ; and nothing in this Act contained shall repeal or affect any of the Provisions of an Act of the Session holden in the Fourteenth and Fifteenth Years in the reign of Her present Majesty, intituled *An Act to regulate the Sale of Arsenic.*

Repealed by 61 and 62 Vict., Cap. XXV.

XVIII. Every Person who at the Time of the passing of this Act is or has been in Business on his own Account as a Chemist and Druggist as aforesaid, and who shall be registered as a Chemist and Druggist, shall be eligible to be elected and continue a Member of the Pharmaceutical Society according to the Bye laws thereof ; but no Person shall, in right of Membership acquired pursuant to this Clause, be placed on the Register of Pharmaceutical Chemists, nor, save as is hereinafter expressly provided, be eligible for Election to the Council of the Pharmaceutical Society.

XIX. Every person who is or has been in Business on his own Account as a Chemist and Druggist as aforesaid at the Time of the passing of this Act, and who shall become a Member of the Pharmaceutical

Society, shall be eligible for Election to the Council of the Pharmaceutical Society ; but the said Council shall not at any Time contain more than seven Members who are not on the Register of Pharmaceutical Chemists.

XX. Every person who shall have been registered as a Chemist and Druggist under this Act by reason of having obtained a Certificate of Qualification from the Board of Examiners shall be eligible to be elected an Associate of the Pharmaceutical Society, and every such person so elected and continuing as such Associate, being in Business on his own Account, shall have the Privilege of attending all Meetings of the said Society and of voting thereat, and otherwise taking Part in the Proceedings of such Meetings, in the same Manner as Members of the said Society ; Provided always that such Associates contribute to the Funds of the said Society the same Fees or Subscriptions as Members contribute for the Time being under the Bye laws thereof.

XXI. At all Meetings of the Pharmaceutical Society at which Votes shall be given for the Election of Officers all or any of the Votes may be given either personally or by Voting Papers in a Form to be defined in the Bye laws of the said Society, or in a Form to the like effect, such Voting Papers being transmitted under Cover to the Secretary not less than one clear Day prior to the Day on which the Election is to take place.

Benevolent Fund may be applied to past Members and Associates, also to Pharmaceutical Chemists and registered Chemists and Druggists.

XXII. And whereas by the Charter of Incorporation of the said Pharmaceutical Society it is provided that the Council of the said Society shall have the sole Control and Management of the Real and Personal Property of the said Society, subject to the Bye laws thereof, and shall make Provision thereout or out of such Part thereof as they shall think proper, for the Relief of the distressed Members or Associates of the said Society, and their Widows and Orphans, subject to the Regulations and Bye laws of the said Society : And whereas, for extending the Benefits which have resulted from the said Provision in the said Charter of Incorporation, it is desirable that additional Power should be granted to the said Council : Be it enacted That from and after the passing of this Act the said Council may make Provision out of the Real and Personal Property aforesaid, and out of any special Fund known as the Benevolent Fund, not only for the relief of the distressed Members or Associates of the said Society and their Widows and Orphans, subject to the said Regulations and Bye laws, but also for all Persons who may have been and have ceased to be Members or Associates of the said Society, or who may be or have been duly registered as " Pharmaceutical Chemists " or " Chemists and Druggists," and the Widows and Orphans of such Persons, subject to the Regulations and Bye laws of the said Society:

Repealed by 32 and 33 Vict., Cap. CXVII.

XXIII. Persons registered under "The Medical Act," shall not be or continue to be registered under this Act.

Repealed by 38 and 39 Vict., Cap. LXIII.

XXIV. The provisions of the Act of the Twenty-third and Twenty-fourth of *Victoria*, Chapter Eighty-four, intituled *An Act for Preventing the Adulteration of Articles of Food or Drink*, shall extend to all Articles usually taken or sold as Medicines, and every Adulteration of any such Article shall be deemed an Admixture injurious to Health ; and any Person registered under this Act, who sells any such Article adulterated, shall, unless the contrary be proved, be deemed to have Knowledge of such Adulteration.

Acts of Privy Council.

XXV. On and after the passing of this Act all Powers vested by the Pharmacy Act in one of Her Majesty's Principal Secretaries of State shall be vested in the Privy Council, and the Seventh Section of the Public Health Act, 1858, shall apply to all Proceedings and Acts of the Privy Council herein authorized.

Power to Privy Council to erase Names of Persons from Register.

XXVI. The Privy Council may direct the Name of any Person who is convicted of any Offence against this Act which in their Opinion renders him unfit to be on the Register under this Act to be erased from such Register, and it shall be the Duty of the Registrar to erase the same accordingly.

Extent of Act.

XXVII. This Act shall not extend to *Ireland*.

Short Title.

XXVIII. This Act may be cited as the Pharmacy Act, 1868.

Note.—The foregoing provisions have been modified by the Poisons and Pharmacy Act, 1908. (See page 54.)

AN ACT TO REGULATE THE SALE OF CERTAIN POISONOUS SUBSTANCES AND TO AMEND THE PHARMACY ACTS.

8 EDWARD VII., CAP. 55.

[21*st December*, 1908.]

BE it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

I.—(1) Schedule A to the Pharmacy Act, 1868 (which specifies the articles to be deemed poisons within the meaning of that Act), is hereby repealed, and the schedule to this Act shall be substituted therefor.

(2) The schedule to this Act may be amended by adding thereto or removing therefrom any article or by transferring any article from one part of the schedule to the other in the manner provided by Section 2 of the Pharmacy Act, 1868, for adding to the list of articles deemed to be poisons within the meaning of that Act.

II.—(1) So much of the Pharmacy Act, 1868, as makes it an offence for any person to sell or keep open shop for the sale of poisons, unless he is a duly registered pharmaceutical chemist or chemist and druggist and conforms to regulations made under Section 1 of that Act, shall not apply in the case of poisonous substances to be used exclusively in agriculture or horticulture for the destruction of insects, fungi, or bacteria, or as sheep dips or weed killers which are poisonous by reason of their containing arsenic, tobacco, or the alkaloids of tobacco, if the person so selling or keeping open shop is duly licensed for the purpose under this section by a local authority, and conforms to any regulations as to the keeping, transporting, and selling of poisons made under this section, but nothing in this section shall exempt any person so licensed from the requirements of any other provision of the Pharmacy Act, 1868, or of the Arsenic Act, 1851, relating to poisons :

Provided that His Majesty may by Order in Council amend this provision by adding thereto or removing therefrom any poisonous substance, and, upon any such Order being made, this provision shall have effect as if the added poisonous substances were included therein and the removed poisonous substances were excluded therefrom.

(2) Before granting any licence under this section the local authority shall take into consideration whether in the neighbourhood where the applicant for the licence carries on or intends to carry on business the reasonable requirements of the public with respect to the purchase of such poisonous substances as aforesaid are satisfied.

(3) His Majesty may, by Order in Council, make regulations as to—

(*a*) the granting of licences under this section ; and

(*b*) the duration, renewal, revocation, suspension, extent, and production of such licences ; and

(*c*) the keeping, inspection, and copying of registers of licences; and

(*d*) the fees to be charged for licences and for inspection and copying of registers; and

(*e*) the keeping, transporting, and selling of the poisonous substances to which this section applies;

and generally for the purposes of carrying this section into effect.

(4) The local authority for the purposes of this section shall, as respects the area of any municipal borough in England having a population of more than 10,000 according to the last published census for the time being, be the council of that borough, and, as respects the area of any royal, parliamentary, or police burgh in Scotland, be the town council, and, as respects any other place, be the council of the county.

(5) An Order in Council under this section shall be laid before both Houses of Parliament as soon as may be after it is made.

III.—(1) Any person who, being a duly registered pharmaceutical chemist or chemist and druggist, carries on the business of pharmaceutical chemist or chemist and druggist shall, unless in every premises where the business is carried on the business is *bonâ fide* conducted by himself or some other duly registered pharmaceutical chemist or chemist and druggist, as the case may be, and unless the name and certificate of qualification of the person by whom the business is so conducted in any premises is conspicuously exhibited in the premises, be guilty of an offence under Section 15 of the Pharmacy Act, 1868.

(2) The provisions of Section 16 of the Pharmacy Act, 1868, which enable the executor, administrator, or trustee of the estate of a deceased pharmaceutical chemist or chemist and druggist to continue his business so long as such business is *bonâ fide* conducted by a duly qualified assistant, shall be construed as enabling such executor, administrator, or trustee to carry on the business if and so long only as, in every premises where the business is carried on, the business is *bonâ fide* conducted by a duly registered pharmaceutical chemist or chemist and druggist, as the case may be, and the name and certificate of qualification of the person by whom the business is so conducted in any premises is conspicuously exhibited in the premises.

(3) A registered chemist or druggist may, notwithstanding anything in Section 15 of the Pharmacy Act, 1868, take, use, or exhibit the name or title of pharmacist.

(4) A body corporate, and in Scotland a firm or partnership, may carry on the business of a pharmaceutical chemist or chemist and druggist—

(*a*) if the business of the body corporate, firm, or partnership, so far as it relates to the keeping, retailing, and dispensing of poisons, is under the control and management of a superintendent who is a duly registered pharmaceutical chemist or chemist and druggist, whose name has been forwarded to the registrar appointed under the Pharmacy Act, 1852, to be entered by him in a register to be kept for that purpose, and who does

not act at the same time in a similar capacity for any other body corporate, firm, or partnership; and

(*b*) if in every premises where such business as aforesaid is carried on, and is not personally conducted by the superintendent, such business is *bonâ fide* conducted under the direction of the superintendent by a manager or assistant who is a duly registered pharmaceutical chemist or chemist and druggist, and whose certificate of qualification is conspicuously exhibited in the shop or other place in which he so conducts the business.

A body corporate, and in Scotland a firm or partnership, may use the description of chemist and druggist, or of chemist or of druggist, or of dispensing chemist or druggist, if the foregoing requirements as to the carrying on of the business are observed, and if the superintendent is a member of the board of directors or other governing body of the body corporate, or of the firm or partnership, as the case may be. Subject as aforesaid, Section 12 of the Pharmacy Act, 1852, and Sections 1 and 15 of the Pharmacy Act, 1868, shall apply to a body corporate, and in Scotland to a firm or partnership, in like manner as they apply to an individual.

IV.—The power of making bye-laws conferred by Section 2 of the Pharmacy Act, 1852, on the council of the Pharmaceutical Society shall be deemed to include the power of making bye-laws for all or any of the following purposes (that is to say):—

(*a*) Requiring persons desirous of presenting themselves for examination by the said society to produce evidence satisfactory to the council of the society that they have received a sufficient preliminary practical training in the subjects of the examination;

(*b*) Providing for the registration, upon payment of the prescribed fee, as pharmaceutical chemists or chemists and druggists under the Pharmacy Acts, 1852 and 1868, without examination, of any persons holding colonial diplomas or of qualified military dispensers or certified assistants to apothecaries under the Apothecaries Act, 1815, who produce evidence satisfactory to the council of the society that they are persons of sufficient skill and knowledge to be so registered;

(*c*) Providing for periods of time and courses of study in connection with the qualifying examination, and dividing such examination into two parts.

V.—(1) It shall not be lawful to sell any substance to which this section applies by retail, unless the box, bottle, vessel, wrapper, or cover in which the substance is contained is distinctly labelled with the name of the substance and the word "Poisonous," and with the name and address of the seller of the substance, and unless such other regulations as may be prescribed under this section by Order in Council are complied with; and, if any person sells any such substance otherwise than in accordance with the provisions of this section or of any Order in Council made thereunder, he shall, on

conviction under the Summary Jurisdiction Acts, be liable for each offence to a fine not exceeding *five* pounds.

(2) The substances to which this section applies are sulphuric acid, nitric acid, hydrochloric acid, soluble salts of oxalic acid, and such other substances as may for the time being be prescribed by Order in Council under this section. [*Liquid preparations containing more than 5 per cent. by weight of free ammonia added to list July 5, 1911.*]

VI.—(1) The provisions of Section 2 and Section 5 of this Act shall apply to Ireland, with the following modifications :—

(*a*) For the reference to the Pharmacy Act, 1868, there shall be substituted a reference to the Pharmacy Act, (Ireland), 1875, and the Pharmacy Act (Ireland) (1875) Amendment Act, 1890, and the reference to regulations made under Section 1 of the first mentioned Act shall not apply ;

(*b*) For references to Orders in Council by His Majesty, or to Orders in Council, there shall be substituted references to Orders in Council by the Lord Lieutenant ;

(*c*) The reference to a duly registered chemist and druggist shall include a reference to a registered druggist.

(2) Save as provided by this section, the foregoing provisions of this Act shall not apply to Ireland.

VII.—Upon the death of any person registered under the Pharmacy Act (Ireland) (1875) Amendment Act, 1890, as a chemist and druggist or registered druggist, and actually in business at the time of his death, it shall be lawful for any executor, administrator, or trustee of his estate to continue such business if and so long only as such business is *bonâ fide* conducted by an assistant being a duly registered pharmaceutical chemist or licentiate apothecary, or duly registered chemist and druggist, or duly registered druggist.

VIII.—This Act may be cited as the Poisons and Pharmacy Act, 1908, and shall come into operation on *the first day of April nineteen hundred and nine.*

Lord President.
Lord Steward.
Lord Haversham.
Lord Pentland.

WHEREAS His Majesty was pleased, by his Commission dated the second day of March, one thousand nine hundred and nine, to nominate and appoint His Royal Highness the Prince of Wales, in His Majesty's absence from His Realm in foreign parts, to hold on His Majesty's behalf, His Privy Council, and to signify thereat his approval of any matter or thing whereunto His Royal Highness should be so authorised by writing under His Majesty's Sign Manual, and to do further on His Majesty's behalf any matter or thing for the purposes of the said Commission whereunto His Royal Highness should be authorised in manner aforesaid.

And whereas by Section 2 of the Poisons and Pharmacy Act, 1908, it is amongst other things enacted that "so much of the Pharmacy Act, 1868, as makes it an offence for any person to sell or keep open shop for the sale of poisons, unless he is a duly registered pharmaceutical chemist or chemist and druggist, and conforms to regulations made under Section 1 of that Act, shall not apply in the case of poisonous substances to be used exclusively in agriculture or horticulture for the destruction of insects, fungi, or bacteria, or as sheep dips or weed killers which are poisonous by reason of their containing arsenic, tobacco, or the alkaloids of tobacco, if the person so selling or keeping open shop is duly licensed for the purpose under this section by a local authority, and conforms to any regulations as to the keeping, transporting, and selling of poisons made under this section, but nothing in this section shall exempt any person so licensed from the requirements of any other provision of the Pharmacy Act, 1868, or of the Arsenic Act, 1851, relating to poisons" ; and that His Majesty may by Order in Council make regulations as to :—

(*a*) the granting of licences under this section ; and
(*b*) the duration, renewal, revocation, suspension, extent, and production of such licences ; and
(*c*) the keeping, inspection, and copying of registers of licences ; and
(*d*) the fees to be charged for licences, and for inspection and copying of registers ; and
(*e*) the keeping, transporting, and selling of the poisonous substances to which this section applies ;

and generally for the purposes of carrying this section into effect.

And whereas it is expedient that Regulations be made in pursuance of the said Act.

Now, therefore, His Royal Highness the Prince of Wales, being authorised thereto by writing under His Majesty's Sign Manual,

by and with the advice of His Majesty's Privy Council, on behalf of His Majesty, doth hereby make the Regulations which are hereunto annexed, and doth hereby order that those Regulations do continue in force until revoked or varied by any Regulations which may hereafter be made under the said recited enactment.

A. W. FITZROY.

REGULATIONS.*

1. A licence shall not be granted to any person unless the local authority are satisfied that he is fit to be entrusted with the sale of the poisonous substances.

2. In granting licences for the sale of poisonous substances for use exclusively in horticulture, preference shall be given to nurserymen, florists, seedsmen and other persons whose business is specially connected with horticulture.

3. Applications for licences shall be in the form set forth in Schedule A to these regulations.

4. Before sending an application for a licence to the local authority the applicant shall publish notice of his intention to apply in two newspapers circulating in the district of the local authority, and shall also send notice by registered post to the Chief Officer of Police of the Police area within which his premises are situate.

5. A licence shall not be granted until after the expiration of at least fourteen days from the receipt of the application by the local authority, and the local authority before granting a licence shall take into consideration whether in the neighbourhood where the applicant for the licence carries on or intends to carry on business the reasonable requirements of the public with respect to the purchase of poisonous substances are satisfied, and also any objections they may have received from the Chief Officer of Police or from any existing vendors of the substances to which the application relates.

6. A licence shall be in the form set forth in Schedule B to these regulations.

7. A licence shall expire on such day in the year as the local authority fix, but may on application being made in the form set forth in Schedule C to these regulations, be renewed from time to time for one year at a time, subject to the same provisions as in the case of the grant of a licence, except that it shall not be necessary to publish or give to the Chief Officer of Police notice of the application. The renewal of a licence shall be in the form set forth in Schedule D to these regulations.

8. A licence may be revoked or suspended for such term as the local authority think fit, if the local authority are satisfied that the licensee has failed to comply with the requirements of these regulations or of the Poisons Acts, or that the licensee is not a fit person to be entrusted with the sale of poisons.

9. A licensee shall, on being required to do so by any officer of the local authority or any police officer, produce his licence, and any renewal thereof.

10. The fees charged in respect of the grant and renewal of a licence shall be such as the local authority may determine, not

* *Not applicable to registered Chemists when selling the poisonous substances referred to.*

exceeding in the case of the grant of a licence, 10*s.* 6*d.* ; and in the case of the renewal of a licence, 1*s.* 6*d.*

11. A licence shall not authorise the licensee to sell or keep open shop for the sale of poisonous substances except from or on the premises (to be specified in the licence) within the area of the local authority which granted it, and for the purpose of these regulations, a municipal borough the council of which is the local authority for those purposes, and in Scotland a police burgh, shall not be treated as forming part of any county.

12. Every local authority shall keep a register of the licences granted by them for the time being in force, and any person shall, at all reasonable times, upon payment of such reasonable fees as may be fixed by the local authority, be entitled to inspect and to make copies of, or take extracts from, the register.

13. All poisonous substances shall be kept in a separate drawer or closed receptacle apart from any other goods, and poisonous substances shall not be sold upon the same premises as articles of food for human consumption unless the local authority are satisfied that convenient arrangements for their sale cannot otherwise be made, and in that case they must be sold at a separate counter. For the purpose of this regulation a part of a counter which is shown to the satisfaction of the local authority to be adequately separated from the rest of the counter shall be treated as a separate counter.

*14. A poisonous substance shall not be sold except in an enclosed vessel or receptacle as received from the manufacturer, distinctly labelled with the name of the substance and the word "Poison," and with the name and address of the seller, and with a notice of the special purpose for which it has been prepared.

15. Liquid preparations shall be sold only in bottles, tins, drums, or casks of sufficient strength to bear the ordinary risk of transit without leakage. Each bottle, tin, drum, or cask shall have the word "Poisonous" indelibly printed, marked, or branded in easily legible characters in a conspicuous position apart from the label, and the label must bear the word "Poison." When sold in bottles the bottles shall be of a distinctive character so as to be easily distinguishable by touch from ordinary bottles.

16. Solid preparations shall be securely packed in such a manner as to avoid, as far as possible, the risk of breaking or leakage from transport, and the package shall have indelibly printed, marked, or branded in easily legible characters in a conspicuous position notice that it must not be used for any other purpose.

17. All premises from or on which a licensee is authorised to sell or keep open shop for the sale of poisonous substances shall at all reasonable times be open to inspection by officers appointed by a local authority.

18. For the purposes of these regulations the expression "poisonous substances" means the poisonous substances to which Section 2 of the Poisons and Pharmacy Act, 1908, applies for the time being, and the expressions "chief officer of police" and "police area" have in England and Scotland the same meanings as in the Police Act, 1890, and the Police (Scotland) Act, 1890, respectively.

Further Regulations under Section 2.

AT THE COURT AT BUCKINGHAM PALACE, THE 10TH DAY OF NOVEMBER, 1911.

Present :

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by Section 2 of the Poisons and Pharmacy Act, 1908, it is, amongst other things, enacted that "so much of the Pharmacy Act, 1868, as makes it an offence for any person to sell or keep open shop for the sale of poisons, unless he is a duly registered pharmaceutical chemist or chemist and druggist, and conforms to regulations made under section one of that Act, shall not apply in the case of poisonous substances to be used exclusively in agriculture or horticulture for the destruction of insects, fungi, or bacteria, or as sheep dips or weed killers which are poisonous by reason of their containing arsenic, tobacco, or the alkaloids of tobacco, if the person so selling or keeping open shop is duly licensed for the purpose under this section by a local authority, and conforms to any regulations as to the keeping, transporting, and selling of poisons made under

this section, but nothing in this section shall exempt any person so licensed from the requirements of any other provision of the Pharmacy Act, 1868, or of the Arsenic Act, 1851, relating to poisons;" and that "His Majesty may by Order in Council make regulations as to—

"(*a*) the granting of licences under this section; and

"(*b*) the duration, renewal, revocation, suspension, extent, and production of such licences; and

"(*c*) the keeping, inspection, and copying of registers of licences; and

"(*d*) the fees to be charged for licences and for inspection and copying of registers; and

"(*e*) the keeping, transporting, and selling of the poisonous substances to which this section applies;

"and generally for the purposes of carrying this section into effect."

And whereas by an Order in Council dated the 2nd day of April, 1909, certain Regulations were made in pursuance of the said Act.

And whereas it is expedient that Additional Regulations should be made in pursuance of the said Act.

And whereas the provisions of Section 1 of the Rules Publication Act, 1893, have been complied with:

Now, therefore, His Majesty, by and with the advice of His Privy Council, doth hereby make the Regulations which are hereunto annexed, and doth hereby order that those Regulations do come into force on the 1st day of January, 1912, and do continue in force until revoked or varied by any Regulations which may hereafter be made under the said recited enactment.

ALMERIC W. FITZROY.

REGULATIONS REFERRED TO IN THE FOREGOING ORDER IN COUNCIL.

Poisons and Pharmacy Act, 1908.

1. Where the applicant for a licence under Section 2 of the Poisons and Pharmacy Act, 1908, is a body corporate, or in Scotland a firm or partnership, the application shall be made in the first form set out in Schedule A to these Regulations,* and the forms of licences, applications for the renewal of licences, and renewals of licences, set out in Schedules B, C, and D to the Regulations made under the Order in Council dated the 2nd April, 1909 (herein-after referred to as the principal Regulations), shall be adapted accordingly.

2.—(1) Where the applicant for a licence under Section 2 of the Poisons and Pharmacy Act, 1908, is a person in the employment of a person who has obtained a licence under that section, the application shall be made in the second form set out in Schedule A to these Regulations,* and the forms of licences, applications for the renewal of licences, and renewals of licences, shall be those set out in Schedules B, C, and D to these Regulations, and the maximum fee charged for the grant of a licence shall be 5*s*. instead of the maximum fee specified in the principal Regulations, and so much of the principal Regulations as requires an applicant to publish notice of his intention to apply for a licence in two newspapers shall not apply.

(2) A licence granted to such an applicant as aforesaid shall not

* *These forms are merely variants of those given on page 62.*

continue in force after the licence of the person in whose employment he is is revoked or whilst it is suspended.

3. The following Regulation shall be substituted in place of No. 14 of the principal Regulations :—

A poisonous substance shall not be sold except in an enclosed vessel or receptacle as received from the manufacturer, distinctly labelled with the name of the substance and the word "Poison," and with the name and address of the seller, as provided by Section 17 of the Pharmacy Act, 1868, and also with a notice of the special purpose for which it has been prepared. For the purposes of this Regulation the person on whose behalf any sale is made shall be deemed to be the seller.

POISON REGULATIONS.

The following, having been prescribed by the Pharmaceutical Society of Great Britain with the consent of the Privy Council, form part of the Pharmacy Act, 1868, by virtue of the provisions of Section 1 of that Act :—

For the keeping, dispensing, and selling of poisons.

1. **That in the keeping of poisons** each bottle, vessel, box, or package containing a poison be labelled with the name of the article, and also with some distinctive mark indicating that it contains poison.

* * *

2. **Also that in the keeping of poisons,** each poison be kept on one or other of the following systems, viz. :—

(*a*) In a bottle or vessel tied over, capped, locked, or otherwise secured in a manner different from that in which bottles or vessels containing ordinary articles are secured in the same warehouse, shop, or dispensary ; or

(*b*) In a bottle or vessel rendered distinguishable by touch from the bottles or vessels in which ordinary articles are kept in the same warehouse, shop, or dispensary ; or

(*c*) In a bottle, vessel, box, or package kept in a room or cupboard set apart for dangerous articles.

* * *

3. **That in the dispensing and selling of poisons** all liniments, embrocations, lotions, and liquid disinfectants containing poison be sent out in bottles rendered distinguishable by touch from ordinary medicine bottles, and that there also be affixed to each such bottle (in addition to the name of the article, and to any particular instructions for its use) a label giving notice that the contents of the bottle are not to be taken internally.

* * *

Explanatory Note.—The Society as far back as May, 1871, adopted, as "Recommendations," certain rules for general observance in the keeping, dispensing and selling of poisons. Subsequently it became evident that the power of generally enforcing those rules was desirable and they were consequently forwarded to the Privy Council in January, 1899, as Regulations prescribed by the Society. The consent of the Lords of the Council was signified on the last day of that month. With the exception of the addition of "liquid disinfectants" to clause 3—which was Gazetted July 4, 1902—the foregoing Regulations are identical with the "Recommendations" adopted and acted upon by the Members of the Society forty years ago. The Regulations are applicable solely to poisons within the meaning of the Pharmacy Act, 1868, and the penalty for contravention is £5 for each offence. These Regulations do not apply to Licensees under Section 2 of the 1908 Act.

In addition to the foregoing the Regulations to be prescribed by Order in Council under the Act of 1908 must be observed in regard to sales of the strong mineral Acids and the soluble Salts of Oxalic Acid. At present the restrictions are those specified in Section 5 of the Poisons and Pharmacy Act, 1908 (p. 56) and the regulations on the following page.

SALE OF MINERAL ACIDS.

REGULATIONS

(MADE BY ORDER IN COUNCIL, MARCH 24, 1911).

1. **In the sale by retail** of any substance to which Section 5 of the Poisons and Pharmacy Act, 1908, applies, the label required by the said section to be affixed to the box, bottle, vessel, wrapper or cover, in which the substance is contained shall bear distinctly printed thereon the additional words "Not to be taken."

2. **In the sale by retail** of any liquid substance to which Section 5 applies, such substance shall not be delivered or sent out except in bottles or other containers rendered distinguishable by touch from ordinary bottles or containers.

REGULATIONS AS TO AMMONIA.

By an Order in Council, July 5, 1911, Liquid Preparations containing more than 5 per cent. by weight of free ammonia were prescribed as substances to which Section 5 applies. On and after February 1, 1912, the foregoing regulations will accordingly be applicable in respect of the sale by retail of such preparations.

Note.—These regulations must not be confounded with the Poison Regulations, referred to on the preceding page. They do not apply to Poisons but to substances coming within the statutory meaning of the words "Poisonous Substances," i.e. Sulphuric, Nitric, and Hydrochloric Acids, soluble salts of Oxalic Acid and the preparations of Ammonia specified above. These substances may be sold by any one but every vendor must comply with the prescribed conditions of retail sale.

STATUTORY REQUIREMENTS
in the
Dispensing and Retailing of Poisons.

RETAILING.

I.—Relating to Part 1 and Part 2 of the List.

It is unlawful to sell any "POISON" by retail, unless the vessels, wrapper, or cover in which it is contained, be distinctly labelled with *the name of the article*, the word "*Poison*," and the *name and address of the seller. This applies to all the articles in both Parts of the List.* In addition, the Poison Regulations require that all liniments, embrocations, lotions, and liquid disinfectants containing poison (whether in Part I. or Part II. of the Schedule) must be sent out in bottles rendered distinguishable by touch from ordinary medicine bottles, and must bear an indication that the contents are not for internal use.

II.—Relating to Part 1 only.

It is unlawful to sell, by retail, any poison included in PART 1 of the List, to any person unknown to the seller, unless introduced by some person known to the seller; and on every sale of any such article the seller shall, before delivery, make or cause to be made an entry in a book to be kept for that purpose, of—

1. The date of sale;
2. The name and address of the purchaser;
3. The name and quantity of the article sold; and
4. The purpose for which it is stated to be required;

to which the signature of the purchaser, and of the person, if any, who introduced him, shall be affixed. *The article must also be labelled with the name of the article, the word "Poison," and the name and address of the seller.*

III.—Relating only to Arsenic.

It is unlawful to sell Arsenic or certain of its preparations, unless in addition to all the foregoing regulations, the following provisions of the Arsenic Act be also observed:—

1. That the poison, if colourless, be mixed with *soot* or *indigo*, so as to colour it.
2. That the person to whom the poison is sold or delivered be of mature age.
3. That the occupation, as well as the name and address, of the purchaser be entered in the poison-book.
4. That when the purchaser is not known to the seller, and is introduced by some person known to both, this person shall be present as a witness to the transaction, and shall enter his name and address in the poison-book. (*Non-medicinal preparations of Arsenic are not in Part I of the Poison Schedule.*)

DISPENSING.

None of the foregoing regulations apply to any article when forming part of the ingredients of any medicine dispensed by a Registered Chemist and Druggist; but it is necessary, if a medicine contain a poison included in Part 1 or Part 2 of the List, that the ingredients of the medicine, together with the name of the person to whom it is sold or delivered, be entered in a book kept for that purpose (*Prescription-Book*), and that the name and address of the seller be attached to the medicine.

5. All persons on applying for election as Members, or Student-Associates, shall leave with the Registrar a signed declaration, stating their full names and addresses, and their willingness to comply with the Bye-laws and regulations of the Society.

Stat. 1852, sec. v.

6. All subscriptions for the current year shall be payable on application for election, and all annual subscriptions shall become due on the first day of January in every year ; and if any person shall not have paid his annual subscription before the first day of April in any year, his name shall be omitted from the Register of Members or of Student-Associates. It shall be competent to the Council to restore any person whose name has been so omitted to his former status in the Society on payment of his subscription for the then current year.

Charter, line 85.

7. All Members, except Life Members, Honorary Members and Corresponding Members, shall pay an annual subscription of one guinea.

Charter, lines 85, 269.

8. All Members, and all persons qualified for election as Members, shall have the option of becoming Life Members exempt from further subscriptions on payment of a life composition of ten guineas.

Charter, line 2

9. All persons who have become Life Members pursuant to Bye-laws which have heretofore from time to time been in force, shall be exempt from further subscriptions.

Charter, lines 96, 267, Stat. 1898, sec. ii.

10. All Student-Associates shall pay an annual subscription of half a guinea.

Section II.

HONORARY AND CORRESPONDING MEMBERS.

1. The Council shall at its discretion elect as Honorary Members, or as Corresponding Members, such scientific workers as have distinguished themselves in any of the branches of knowledge embraced in the educational objects of the Society. Charter, lines 225, 270.
2. The Council shall from time to time determine the number of persons to be Honorary Members, and the number of persons to be Corresponding Members. The Secretary shall keep special books in which shall be entered the names of persons suggested for election as Honorary Members or as Corresponding Members. The Council at its meeting in April of every year may select names from the books so kept, not exceeding in number the vacancies in the lists of Honorary Members or of Corresponding Members respectively, and the names of the persons so selected shall be exhibited in the Library of the Society until the meeting of the Council in the ensuing month, when the Council shall proceed to the election. Charter, lines 225, 270.

Section III.

COMMON SEAL.

1. The Common Seal of the Society shall consist of the armorial bearings, crest, and motto, registered in His Majesty's College of Arms. Charter, line 36.
2. The said seal shall be deposited at the House of the Society, in a box secured by a lock having two keys, one of which shall be in the custody of the President, and the other in that of the Vice-President.
3. The Common Seal may be set or affixed to any deed, instrument, or writing, in pursuance of an order or minute of the Council entered in their minute book, and in the presence of the President, or Vice-President, or two Members of the Council, and not otherwise. The affixing of the Common Seal shall be recorded in a Seal Register and be certified by the persons present.

Section IV.

BYE-LAWS AND REGULATIONS.

The making, altering, or abrogating of any Bye-law or any Regulation, to be prescribed by the Society, in accordance with any statute, shall be in the following manner :—

1. A form for any proposed Bye-law or Regulation, or for altering or abrogating any Bye-law or Regulation, being delivered at a Council meeting by a Member of the Council to the Chairman, or brought up on the report of a Committee, shall thereupon be read, and, if seconded and approved, shall be referred to two subsequent ordinary or special Meetings of the Council for confirmation, and then to a special General Meeting of the Members of the Society, and afterwards to the Privy Council, according to the provisions of the Statute, 1852, and the Act, 1868. Charter, lines 247, 277; Stat. 1852, sec. ii.
2. A copy of the Bye-laws shall be given free to every Member and Student-Associate on his election, and shall at any time afterwards be delivered to any Member or Student-Associate on his applying for the same and paying one shilling.

Section V.

ELECTION OF COUNCIL AND AUDITORS.

Charter, lines 169, 180; Stat. 1898, sec. iv.

1. Seven Members of the Council shall go out of office in every year, and the vacancies shall be filled by election, the retiring Members not being ineligible for re-election if duly nominated for that purpose. The seven Members who so go out shall be the Members of the Council who have been longest in office without re-election.

2. The retiring Members of the Council shall be ascertained by, and recorded on the minutes of, the Council at the monthly meeting held in February of every year.

Charter, line 147.

3. All Members except Honorary and Corresponding Members are entitled to vote for the election of the Council and Auditors. Any Life Member or any Member who has paid his subscription for the current year desirous of nominating any other Life Member or Member who has paid his subscription for the current year for election as a Member of the Council or as an Auditor, shall, on or before the 18th day of March in every year, give a notice signed by him to the Secretary, with the name and address of the nominee. The Secretary shall on or before the 20th day of March then instant address and send by post to each nominee a notice of his having been nominated, and inquiring whether he will accept office if elected, and in default of a written reply from such nominee being received on or before the 31st day of March then instant, declaring his readiness to accept office if elected, such nominee shall not be deemed eligible or willing to be elected.

4. The Council shall at its monthly meeting, held in April of every year, prepare a list of all Members nominated for election and willing to be elected Members of the Council and Auditors for the ensuing year; and in default of the nomination of a sufficient number of Members willing to accept office, the Council shall nominate as many as may be required to form a complete list of Members willing to fill all the vacancies in the Council, and a complete list of five Auditors. No nominations shall be received or made after the 18th day of March, except such as may be made by the Council, in the manner and under the circumstances aforesaid at the monthly meeting in April.

Stat. 1898, sec. v.

5. The Secretary shall issue to every Member qualified to vote, not less than ten days prior to the meeting at which Members of the Council and Auditors are to be elected, a Voting Paper for such elections. The names and addresses of the Members willing to serve if elected shall appear in such Voting Papers.

Charter, line 149; Stat. 1898, sec. v.

6. At all elections of Members of the Council and Auditors, votes shall be given by ballot, either by personal delivery of the said Voting Papers at the Annual General Meeting, or by the said Voting Papers being transmitted, under cover, by the Member, to the Secretary, so that the same shall be received by him not later than twelve o'clock noon on the day of the Annual General Meeting, and the Voting Papers shall be as near as conveniently may be in the following form :—

---

7. Before the votes are examined, the Members constituting the Annual General Meeting shall appoint five or more Members of the Society to act as Scrutineers, of whom five shall form a quorum.
8. The Voting Papers to be delivered personally shall be received at the Annual General Meeting, and the Voting Papers duly transmitted under cover to the Secretary shall be opened by or in the presence of the Scrutineers.

Charter, line 113.

9. The Scrutineers shall ascertain the number of votes given for each Member nominated for election, and shall make to the Chairman of the meeting a return, signed by them, or five of them, of the names of the Members nominated for election, and the said return shall disclose the number of votes given for each Member named therein.
10. The Chairman of the Meeting shall declare the result of every election; and, in cases where there shall have been a poll, shall declare the election to have fallen on the Members who, according to the return of the Scrutineers contemplated by the last-preceding Bye-law, shall appear to have a majority, and, in the case of an equality of votes, the Chairman of the Meeting shall have a second or casting vote.
11. The Chairman, at any Meeting for the election of Members of the Council or Auditors, shall have the power of adjourning such Meeting from time to time, with a view to the reception of the Report of the Scrutineers, but no such adjournment shall extend beyond a period of four days.

Section VI.

COUNCIL.

Charter, lines 196, 200.

1. The Council shall meet on or about the first Wednesday in every month at eleven o'clock in the forenoon, or at such other day or hour as may from time to time be decided by the Council. Seven Members shall constitute a quorum, and without that number being present no business shall be transacted. Before other business is entered on, the minutes of the preceding monthly and of any subsequent meeting shall be confirmed.

Charter, line 110.

2. The Council may, from time to time, frame and adopt Standing Orders for the regulation of its procedure, but the Chairman may, notwithstanding the Standing Orders, require any ordinary motion or proposition to be in writing and signed by the proposer and seconder. Any member of the Council desirous of bringing any special motion or pro-

Charter, line 113.

position before the Council shall give written notice to the Secretary of the terms of the motion, at least six clear days before the ordinary meeting of the Council, and in default of such notice the motion may be postponed or adjourned by the Chairman until the next ordinary meeting. A ballot may be demanded by any member of Council on any motion put from the chair.

3. All resolutions carried at the Meetings of the Council, except such as relate to the making, altering, or abrogating of Bye-laws shall be acted upon without confirmation.
4. The Council may from time to time in its discretion appoint such Committees as shall appear expedient, and may from time to time modify or dissolve any Committee. The President and Vice-President shall be *ex-officio* Members of all Committees, and the President shall preside at all Meetings of the Council, or in his absence the Vice-President. If the President and Vice-President are both absent, a Chairman shall be chosen by the Members present.

Section VII.

EXAMINERS—EXAMINATIONS—FEES.

1. The Council shall, at its meeting, in November, in every year, appoint such competent persons as it shall think fit, to be Examiners for the year to commence on the then following first day of January, to conduct all such examinations as are provided for or contemplated by the Charter, or by the Statute, 1852, or by the Act, 1868, and the persons so appointed shall, for the time being, constitute and be called the Board of Examiners for England and Wales. Charter, line 218; Stat. 1852, sec. viii.; Act 1868, sec. vi.
2. The Council shall, at its meeting, in November, in every year, appoint such competent persons in Scotland as it shall think fit to be Examiners for the year to commence on the then following first day of January, to conduct all such examinations as are provided for or contemplated by the Charter, or by the Statute, 1852, or by the Act, 1868, and the persons so appointed shall, for the time being, constitute and be called the Board of Examiners for Scotland.
3. The President and Vice-President shall, *ex officio*, be members of the Boards of Examiners, and either of them present at any meeting of either of such Boards shall preside thereat.
4. The Council shall not appoint any person to be an Examiner who has attained the age of sixty-five years.
5. No person shall be appointed an Examiner who at the time of appointment is, or who during one year prior to such time has been, a Member of the Council; and the election of any Examiner to be a Member of the Council shall vacate his appointment as an Examiner.
6. The Board of Examiners for England and Wales shall consist of not less than eight persons, exclusive of the President and Vice-President; six to constitute a quorum. The Board of Examiners for Scotland shall consist of not less than four persons, exclusive of the President and Vice-President: four to constitute a quorum.

Stat. 1852, sec. viii.

7. The Council shall from time to time supply any vacancy in the office of Examiner, and may remove any member of the Boards of Examiners, and substitute another person in his place, and may also from time to time appoint a Special Examiner, or Special Examiners, to conduct any examination or part of an examination, or to assist the Boards of Examiners.

Charter, lines 218, 251.

Act 1868, sec. vi.

8. The Secretary shall from time to time submit to the Privy Council for approval, in accordance with the Act, 1868, all appointments of Examiners made by the Council, and shall also give notice to the officer appointed by the Privy Council of all examinations to be held for the purposes of the Act, 1868, stating the times and places at which such examinations will be held, at least three days *prior* to the holding of the same.

Charter, line 251.

9. The Board of Examiners for England and Wales and the Board of Examiners for Scotland shall meet as often as may be required for the purpose of conducting examinations at such times as the Council from time to time shall direct, and shall report the result of every examination to the Council at the monthly meeting immediately following the same.

Charter, line 250.

10. The Boards of Examiners shall conduct all Examinations according to the Bye-laws in force in that behalf, and according to such regulations as shall be made from time to time by the Council. All altered or new regulations shall be published in the *Pharmaceutical Journal* immediately after their adoption.

Charter, line 93.

11. Persons desiring to obtain certificates of competent skill and qualification to be registered as Chemists and Druggists under the Act, 1868, shall deliver to the Registrar a certificate of having passed an Examination in Preliminary knowledge previously approved for the purpose by such regulations as are specified by the last preceding Bye-law, and shall pay to him a fee of Two Guineas, whereupon they shall be registered as "Apprentices or Students," and their names shall be reported to the Council at the next ensuing meeting.

Stat. 1852, sec. viii.; Act 1868, sec. vi.

12. Persons desiring to present themselves to the Examiners for examination in accordance with the Charter and Statute, 1852, or the Act, 1868, and having been registered as "Apprentices or Students," shall be examined in the translation and dispensing of Prescriptions, in Botany, in Materia Medica, in Pharmaceutical and General Chemistry, Physics, and Posology, and in their knowledge of the Law relating to the Sale of Poisons, which Examination shall be called the Minor Examination.

Stat. 1852, sec. viii.

13. Persons desiring certificates of competent skill and qualification to exercise the business, or calling, of Pharmaceutical Chemists shall produce to the Registrar evidence of having been previously registered as Chemists and Druggists, and shall be examined in more extended knowledge of Botany, Materia Medica, Chemistry, and Physics, or such of them as the Council may from time to time determine, which examination shall be called the Major Examination.

Act 1868, sec. vi.

14. Persons who shall tender themselves to the Examiners for examination under the provisions of the Act, 1868, excepting only those specified in the next following Bye-law, shall be examined in the Minor Examination.

15. Persons entitled to be registered as Chemists and Druggists on passing a modified Examination, who shall tender themselves to the Examiners for Examination under the provisions of the Act, 1868, shall be required to pass the Modified Examination, which the Council, with the consent of the Privy Council, have declared to be in their case sufficient evidence of skill and competency to conduct the business of a Chemist and Druggist, as the same is set out in the Schedule hereto, or such other modified Examination as may in like manner be declared such sufficient evidence. Act 1868, sec. iv.

16. The Examiners may grant or refuse to such persons as have tendered themselves for the Minor Examination and the Major Examination respectively, Certificates of competent skill and knowledge and qualification; and lists of such persons shall be delivered by the Examiners to the Registrar immediately after each examination. Act 1868, sec. vi.

17. All persons desiring registration as Chemists and Druggists shall pay a fee of Ten Guineas, and shall pass the Minor Examination or the Modified Examination, whereupon they shall be registered accordingly. Stat. 1852, sec. viii.; Act 1868, sec. vii.

18. Persons desiring registration as Pharmaceutical Chemists under the Statute, 1852, shall pay a fee of Three Guineas and pass the Major Examination, whereupon they shall be registered accordingly. Stat. 1852, sec. x.

19. Persons intending to present themselves for an examination shall give to the Registrar notice in writing of their intention in that behalf on or before the fifteenth day of the month immediately preceding that in which the Examination is to take place. Charter, line 250.

20. All notices of intention to attend for examination shall be to attend on the next occasion of the Examination being held, and all fees in respect of examination and registration shall be payable on the giving of notice of intention to attend for examination, and in no case shall any fee paid in accordance with the Bye-laws be remitted or returned. Act 1868, sec. vii.

21. All persons shall, at the time of giving notice of intention to present themselves for the Minor Examination, satisfy the Registrar that they have attained the full age of twenty-one years, and have been registered as "Apprentices or Students," and that they have for three years been practically engaged in the translation and dispensing of prescriptions. Charter, line 250.

22. Persons who have attended the Examination for which they entered, and failed to pass, shall not be entitled to attend on any future occasion unless and until they shall have given to the Registrar renewed notice of intention to attend an examination, and shall have paid fees as follows :— Act 1868, sec. vii.

(*a*) *In respect of a Major Examination, Two Guineas ;*

(*b*) *In respect of a Minor Examination, or a Modified Examination, Three Guineas.*

23. Persons who have given notice of intention to attend an examination, and have failed duly to attend at the time appointed for the same, shall not be entitled to attend on a future occasion unless and until they have given renewed notice of intention to attend an examination, and shall in each case have paid a fee of One Guinea—or if the persons Act 1868, sec. vii.

shall have produced to the Registrar Medical certificates or other satisfactory evidence that the said failure to attend was occasioned by unavoidable and proper causes—One Shilling.

Proposed Addition to Bye-Law to be submitted to a General Meeting in January, 1912.

24. *The Council may, by resolution at any ordinary meeting, enter into reciprocal agreements with Colonial Pharmaceutical Authorities, empowered under Statute, to grant Certificates of competent skill and knowledge to practise Pharmacy in any British Colony; and may make amend or determine thereunder regulations for the admission to the Register of Chemists and Druggists of Great Britain, without examination, of persons who after approved courses of study and examination have become registered in any British Colony, as entitled to carry on the business of a Chemist and Druggist in that Colony; provided that no person shall be registered under this Bye-Law who fails to produce satisfactory evidence of having undergone an approved course of study, and of having passed the qualifying examination of the Colony in which he is registered.*

25. *Persons holding Colonial Certificates of qualification and being desirous of becoming registered without Examination, as Chemists and Druggists in accordance with the last preceding Bye-Law, shall submit to the Registrar such evidence as may be required by the Regulations, made from time to time by the Council in that behalf, and shall pay to the Registrar a fee of Twelve Guineas, whereupon, if the Council shall so see fit they shall be registered.*

Section VIII.

REGISTRAR.

Stat. 1852, sec. v.

1. The Registrar shall receive and, for at least five years preserve the lists issued by the Examiners, signifying that examinations have been passed.

Stat. 1852, secs. v., x.

Act 1868, sec. x.

2. The Registrar shall from time to time make out and maintain Registers of all persons being respectively Members or Student-Associates of the Society, also a Register of all persons entitled to be registered under the Statute, 1852, and also a Register in accordance with the provisions of the Act, 1868, of all persons who shall be entitled to be registered under that Act.

3. The names of persons registered as Student-Associates shall, upon their Registration as Chemists and Druggists, be removed from the Register of Student-Associates.

Charter, lines 84, 268 Stat. 1852, sec. v.

4. Persons who have not been examined under the said Statute, 1852, who have been registered as Pharmaceutical Chemists by reason of their election as Members of the Society, and who have not paid life subscriptions, shall pay the annual subscription required from Members; and the names of all such Members as last mentioned who fail

to pay their annual subscriptions before the first day of April in any year shall be omitted from the Register of Pharmaceutical Chemists.

5. The Registrar shall comply with such orders or Regulations for regulating the Registers to be kept by him as may from time to time be made by the Council. Act 1868, sec. ix.

6. All the said Registers shall be revised annually and laid before the Annual General Meeting of the Society. Stat. 1852, sec. v.; Act 1868, sec. x.

Section IX.

TREASURER.

1. It shall be the duty of the Treasurer to take charge of all moneys, to pay such accounts as the Council may order by the signature of six Members of the Council in Council assembled, and to render his account at each monthly meeting. Charter, line 192.

Section X.

SECRETARY.

1. The Secretary shall have authority over the clerks and servants of the establishment, whose wages he shall pay. He shall be in attendance at his office during the hours to be from time to time specified by the Council, and be present at meetings of the Council and Committees, General and Special Meetings, and also at the Evening Meetings. It shall be his duty to superintend the affairs of the Society under the direction of the Council and Committees. He shall keep the books of the Society in a neat and orderly manner, shall conduct the correspondence, and issue all summonses, notices and advertisements, take the minutes of all Meetings for business, and read them, and make a report of all matters that come under his cognizance for the information of the Council and Committees. He shall consult and act on the instructions of the President or Vice-President on any business requiring attention, between the various meetings, and be responsible for the safe custody of all the documents and property belonging to the Society which shall be under his control. He shall find security in the sum of £500, and shall receive all subscriptions, fees, and donations, and give a printed receipt for the same, and no other, checking each receipt. He shall promptly pay to the Society's bankers on behalf of the Treasurer the amount of moneys so received by him. He shall receive such a sum in advance for current expenses as the Council may order, and account for the same to the Committee for Finance. Charter, line 193.

Section XI.

AUDITORS.

1. The Auditors shall meet at least two months previous to the Annual General Meeting. It shall be their duty to inspect the Accounts of the Society, and the Financial Statement Charter, line 149.

prepared for them by the Committee for Finance, which, when approved, must be certified and signed by the Auditors present at the Audit, and presented to the Council not later than at its ordinary meeting in May.

Section XII.

SUMMONSES FOR MEETINGS.

1. All Summonses, Notices, or Advertisements shall be issued by the Secretary, and Summonses if left at the place of business or residence, or transmitted by post, addressed to the place of business or residence of the person summoned, shall be considered as received.
2. Summonses, Notices, or Advertisements convening Annual or Special General Meetings shall be given not less than ten clear days before the day thereby appointed for the Meeting. All other Summonses, Notices, or Advertisements shall be given not less than three clear days before the day thereby appointed for the Meeting, and in all the said cases there shall appear notice of the general nature of the business to be discussed at the Meeting.

Charter, lines 141, 142, 198.

Section XIII.

FILLING UP VACANCIES BY DEATH, RESIGNATION, OR REMOVAL.

Charter, line 258.

1. In the event of any vacancy occurring in the office of President, Vice-President, or Treasurer, the Secretary shall report the same, and the cause thereof, in the summons for the next meeting of the Council, which meeting shall thereupon find and declare such vacancy, and immediately proceed to elect one of its number to fill such vacant office.

Charter, lines 173, 258.

2. In the event of any casual vacancy occurring in the Council or in the Auditors, or in the several Committees, the Secretary shall report the vacancy in the summons for the next meeting of the Council, and at such meeting some member of the Council, or of the Society, as the case may require, shall be appointed to fill the vacancy, but any person so appointed shall retain his office so long only as the member causing the vacancy would have held the same if the vacancy had not occurred.

Charter, line 258.

3. In the event of a vacancy occurring in the office of Registrar or Secretary, the President or Vice-President shall appoint some person, *pro tempore*, to fulfil the duty of the office, and in the summons for the next meeting of the Council the vacancy shall be declared; and some person or persons being proposed and seconded at such meeting the election shall take place, but shall not be final, unless confirmed at the next meeting of the Council.

Section XIV.

REMOVAL OF OFFICERS AND MEMBERS.

1. Every Member of Council who shall commit any act or acts which appear to the Council derogatory to the honour of his office, shall give an explanation of the same to the Council, on being required to do so; and in default thereof, or if such explanation be unsatisfactory to the Members present, he shall be liable to the censure of the Council; or, if it be deemed expedient, a notice may be given by any Member of the Council for a motion of removal from the Society of the Member so offending, which notice shall be inserted in the summons for the ensuing meetings of the Council, until disposed of. Charter, lines 180, 254.

2. If any report be made to the Council by a Member of the Society in writing, with his name attached, that another Member or a Student-Associate has been guilty of any act or conduct which is contrary to, or subversive of, the interests of the Society, or a violation of its laws and regulations, and if the Council be of opinion that the alleged act or conduct is of such character, the Secretary shall be instructed to write to the Member or Student-Associate so accused for an explanation, and in default of explanation, or if the same be unsatisfactory, any Member of the Council shall, if he think it expedient, give notice of a motion for the removal of such Member or Student-Associate from the Society. This notice must be inserted in the summons for the ensuing meetings of the Council until disposed of; and be taken into consideration at the first meeting thereof at which twelve Members are present. No motion for the removal of a Member from the Society shall be carried except with the consent of three-fourths of the Members of the Council present. Charter, lines 180, 254.

3. Any Member or Student-Associate desiring to retire from the Society shall send notice thereof to the Secretary in writing, together with the Certificate of Membership, if any, held by him. No Member shall be released from his obligation to pay his annual subscription until such time as the Certificate of Membership, if any, shall have been returned. Charter, ine 266.

Section XV.

FUNDS AND PROPERTY.

1. The whole property of or under the control of the Society shall be subject to the management, direction, and control of the Council, and may, under the direction of the Council, be invested in or upon mortgage of property or Securities for the time being, from time to time recognised by lawful authority as proper for investment by Trustees. Charter, line 40.

2. The property and funds of the Society, other than moneys from time to time in the hands of the Treasurer or Secretary, shall not be disposed of, or otherwise dealt with, except in pursuance of an order of the Council, signed by six Members, at the least, in Council assembled. Charter, line 237.

Section XVI.

BENEVOLENT FUND.

Charter, line 232.

1. The Benevolent Fund shall consist of donations and subscriptions, and such grants as may from time to time be made by the Council from the General Fund towards the particular objects of such Fund, in addition to the sum already invested in respect of the same Fund.
2. Donations* in aid of the Benevolent Fund shall be invested; and no part of the invested capital of such Fund shall be distributed among the recipients of relief.

Act 1868, sec. xxii.

3. The interest accruing from the invested portion of the Benevolent Fund, together with annual subscriptions and grants made from the General Fund in aid thereof, shall be applicable, in the discretion of the Council, towards the relief of persons eligible to receive the same according to the provisions of the Act, 1868, and any unapplied portion of the same in any year may be invested and thenceforward form part of the invested Fund.

Section XVII.

ANNUAL AND SPECIAL GENERAL MEETINGS.

Charter, lines 101, 127.

1. The Council shall prepare a Report of its proceedings during the past year, which, together with the Report of the Auditors, shall be presented at the Annual General Meeting, and inserted in the *Pharmaceutical Journal*.
2. The Council shall meet previous to the Annual General Meeting, and arrange the order of business to be transacted thereat; and the proceedings of the Annual General Meeting shall be considered perfect in themselves without the necessity of reading or confirming the minutes of the preceding Annual General Meeting.

Charter, line 139.

3. No business shall be brought forward at any Special General Meeting, but that for which it is convened, and of which due notice has been given to the Members, pursuant to the preceding Bye-law, No. 2, under Sec. 12.

---

* FORM OF BEQUEST.

TO THE BENEVOLENT FUND.

"*I give and bequeath the sum of* *unto the* PHARMACEUTICAL SOCIETY OF GREAT BRITAIN, *the same to be paid out of my pure personal estate, and to be applied for the purposes of the* BENEVOLENT FUND *of the said Society.*"

N.B.—Devises of land and bequests of money savouring of realty, or in other words connected in any way with land, will be void.

Section XVIII.

AN ACT TO REGULATE THE SALE OF ARSENIC, JUNE 5, 1851. 14 VICT., CAP. 13.

Whereas the unrestricted sale of arsenic facilitates the commission of crime: Be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

1. Every person who shall sell any Arsenic shall forthwith, and before the delivery of such Arsenic to the purchaser, enter or cause to be entered in a fair and regular manner in a book or books to be kept by such person for that purpose, set forth in the schedule to this Act, or to the like effect, a statement of such sale, with the quantity of Arsenic so sold, and the purpose for which such Arsenic is required or stated to be required, and the day of the month and year of the sale, and the name, place of abode, and condition or occupation of the purchaser, into all which circumstances the person selling such Arsenic is hereby required and authorized to inquire of the purchaser before the delivery to such purchaser of the Arsenic sold, and such entries shall in every case be signed by the person making the same, and shall also be signed by the purchaser, unless such purchaser profess to be unable to write (in which case the person making the entries hereby required shall add to the particulars to be entered in relation to such sale the words "cannot write"), and, where a witness is hereby required to the sale, shall also be signed by such witness, together with his place of abode.

2. No person shall sell Arsenic to any person who is unknown to the person selling such Arsenic, unless the sale be made in the presence of a witness who is known to the person selling the Arsenic, and to whom the purchaser is known, and who signs his name, together with his place of abode, to such entries, before the delivery of the Arsenic to the purchaser, and no person shall sell Arsenic to any person other than a person of full age.

3. No person shall sell any Arsenic unless the same be before the sale thereof mixed with soot or indigo in the proportion of one ounce of soot or half an ounce of indigo at least to one pound of the Arsenic, and so in proportion for any greater or less quantity: Provided always that, where such Arsenic is stated by the purchaser to be required not for use in agriculture, but for some other purpose for which such admixture would, according to the representation of the purchaser, render it unfit, such Arsenic may be sold without such admixture in a quantity of not less than ten pounds at one time.

4. If any person shall sell any Arsenic, save as authorized by this Act, or on any sale of Arsenic shall deliver the same without having made and signed the entries hereby required on such sale, or without having obtained such signature or signatures to such entries as required by this Act, or if any person purchasing any Arsenic shall give false information to the person selling the same in relation to the particulars which such last-mentioned person is hereby authorized to inquire into of such purchaser, or if any person shall sign his name as aforesaid as a witness to a sale of Arsenic to a person unknown to the person so signing as witness, every person so offending shall for every such offence, upon a summary conviction for the same before two justices of the peace in *England or Ireland*, or before two justices of the peace or the sheriff in *Scotland*, be liable to a penalty not exceeding twenty pounds.

5. Provided, that this Act shall not extend to the sale of Arsenic when the same forms part of the ingredients of any medicine required to be made up or compounded according to the prescription of a legally qualified medical practitioner, or a member of the medical profession, or to the sale of Arsenic by wholesale to retail dealers upon orders in writing in the ordinary course of wholesale dealing.

6. In the construction of this Act the word "Arsenic" shall include arsenious acid and the arsenities, arsenic acid and the arseniates, and all other colourless poisonous preparations of Arsenic.

AN ACT TO REGULATE THE SALE OF POISONS IN IRELAND.*

14TH JULY, 1870.

33 & 34 VICT., CAP. 26.

1. The several articles mentioned in the Schedule A to this Act annexed shall be deemed to be poisons within the meaning of this Act; and the King and Queen's College of Physicians in Ireland may from time to time, by resolution, declare that any article other than those mentioned in the said schedule and in such resolution named ought to be deemed a poison within the meaning of this Act; and thereupon the said College shall submit the said resolution for the approval of Her Majesty's Privy Council in Ireland, and if such approval shall be given, then such resolution and approval shall be advertised in the "Dublin Gazette"; and on the expiration of one month from such advertisement the article named in such resolution shall be deemed to be a poison within the meaning of this Act.

2. It shall be unlawful to sell any poison, either by wholesale or by retail, unless the box, bottle, vessel, wrapper, or cover in which such poison is contained be distinctly labelled with the name of the article, and the word "poison," and with the name and address of the seller of the poison; and it shall be unlawful to sell any of the poisons which are named in the first part of Schedule A to this Act annexed, or which may hereafter be added thereto under section 1 of this Act, to any person unknown to the seller, unless such person is introduced by some person known to the seller; and on every sale of any such article the seller shall, before delivery, make or cause to be made an entry in a book to be kept for that purpose, stating in the form set forth in the Schedule B to this Act annexed, the date of the sale, the name and address of the purchaser, the name and quantity of the article sold, and the purpose for which it is stated by the purchaser to be required, to which entry the signature of the purchaser and of the person (if any) who introduced him shall be affixed; and any person selling poison otherwise than is herein provided shall be liable to a penalty not exceeding five pounds for the first offence, and to a penalty not exceeding ten pounds for the second or any subsequent offence; and for the purposes of this section the person on whose behalf any sale is made by any apprentice or servant shall be deemed to be the seller: but the provisions of this section which are solely applicable to poisons in the first part of the Schedule A to this Act annexed, or which require that the label shall contain the name and address of the seller, shall not apply to articles to be exported from Ireland by wholesale dealers, nor to sales by wholesale to retail dealers in the ordinary course of wholesale dealing, nor shall any of the provisions

**As amended by subsequent Acts.*

of this section apply to any medicine supplied by a duly qualified apothecary, nor apply to any article when forming part of the ingredients of any medicine dispensed by a duly qualified apothecary, provided such medicine be labelled in the manner aforesaid with the name and address of the seller, and the ingredients thereof be entered with the name of the person to whom it is sold or delivered in a book to be kept by the seller for that purpose ; and nothing in this Act contained shall repeal or affect any of the provisions of the Act of the fourteenth and fifteenth years of the reign of Her present Majesty, intituled " An Act to Regulate the Sale of Arsenic."

4. Every penalty recoverable under the provisions of this Act shall be recoverable in a summary way, with respect to the police district of Dublin metropolis, subject and according to the provisions of any Act regulating the powers and duties of justices of the peace for such district or of the police of such district, and with respect to other parts of Ireland before a justice or justices of the peace sitting in petty sessions, subject and according to provisions of the Petty Sessions (Ireland) Act, 1851, and any Act amending the same, and shall be applied according to the provisions of the Fines Act (Ireland), 1851, or any Act amending the same.

C. Tichborne, of Waltham Terrace, Blackrock, near Dublin, Henry Whitaker, M.R.C.S.E., of Belfast, and all other persons who shall be qualified and elected in the manner prescribed by this Act, shall be members of the Pharmaceutical Society of Ireland, and the said persons in this section specifically named as such members as aforesaid shall constitute and be the first council of the Pharmaceutical Society of Ireland.

*As amended by subsequent Acts.

There shall be a president and vice-president of the said Society, and the said Sir Dominic Corrigan, Baronet, shall be the first president, and the said Aquilla Smith, M.D., the first vice-president of the said council.

Persons who may be elected members of Pharmaceutical Society and of the council.

6. Every person who shall be registered under this Act as a Pharmaceutical Chemist shall be qualified to be elected as a member of the said Pharmaceutical Society; and every person so registered and elected a member of the said Pharmaceutical Society shall be qualified to be elected, and when elected to act as a member of the council of the said Pharmaceutical Society.

Term of office of president and vice-president.

7. The persons by this Act named as president and vice-president of the said council, and their successors in such offices respectively, shall hold the office of president and vice-president respectively during one year, but shall be eligible for re-election, and in case of any vacancy in the office of president or vice-president of the said council, caused by such president or vice-president ceasing to be a member of the said council, or by the resignation or incapacity of any such president or vice-president, such vacancy shall be filled by the election of some member of the said council to fill such vacancy.

Council to go out of office by rotation.

8. The members of the said council shall go out of office by rotation in the following manner: viz., on the first Monday of October in the year one thousand eight hundred and seventy-six one-third of the members of such council shall go out of office, and on the first Monday of October in the following year another third of the members of such council shall go out of office, and on the first Monday of October in the following year the remainder of the members of such council shall go out of office; and on the first Monday of October in every subsequent year one third of the members of such council (being those who have been longest in office) shall go out of office; and in each instance the places of the retiring members of such council shall be supplied by the election by the members of the Pharmaceutical Society on the first Monday of October in each year of a like number of their body to act as members of the said council in the place of the retiring members.

Manner of making the rotation list.

9. In order to determine the rotation by which the first members of the said council shall go out of office, the said council shall at their first meeting under this Act form a rotation list, and at such meeting the chairman shall write the names of all the members on separate slips of paper, all as nearly as may be of equal size, and having folded them up in the same manner, he shall put them into a ballot box, and shall in the presence of the meeting draw out such slips of paper in succession, and the names upon the slips so drawn shall be written by the chairman in a list in the order in which they are drawn; and every such list shall be kept among the papers of the said council, and the names therein shall be numbered consecutively, and the members of the said council shall retire from office in the order in which their names appear on such list, in the proportions in this Act mentioned.

Retiring members eligible to be re-elected.

10. Every member of the said council going out of office by rotation may be re-elected, and after such re-election he shall with reference to going out by rotation be considered as a new member.

As to filling up of occasional vacancies.

11. If any extraordinary vacancy shall be occasioned in the said council, the said council shall, on a day to be fixed by the president of the said society (such day to be not later than * *the second monthly meeting* after such vacancy has been signified to the said president), elect another person to supply such vacancy, and every person so elected shall continue a member of the said council until the time at which the person in the room of whom he was chosen would regularly have gone out of office, and he shall then go out of office, but shall be capable of immediate re-election.

Elections.

12. Elections of members of the said council, and of president and vice-president thereof, under this Act, shall be held and the voting and other

* *Altered from "ten days" by the Amending Act of* 1890.

proceedings in the case of a contest shall be conducted in the manner prescribed by regulations made in pursuance of this Act.

Proceedings at meetings of council.

13. At a meeting of the said council the president, or in his absence the vice-president, shall act as chairman, and in case the president and vice-president shall both be absent, one of the members present shall be elected chairman by the majority present.

At all meetings of the said council the questions there considered shall be decided by a majority. In case of an equal division, the chairman shall, in addition to his own vote, have a casting vote.

No business shall be transacted at any meeting of the said council unless seven members of the council be present, and all the powers under this Act vested in the council may be exercised by any seven or more of the council present at any meeting of the council.

First meeting.

14. The council of the said Pharmaceutical Society shall hold their first meeting within six months after the passing of this Act, at such place in the city of Dublin, at such hour, and on such day as the Chief Secretary to the Lord Lieutenant may respectively order and appoint, and they may adjourn such meeting from time to time as shall seem fit.

Regulations for execution of Act

16. At the first meeting of the said council, or some adjournment of the same, they may, subject to the provisions of this Act, make regulations with respect to the matters following :—

(1) The meetings and other proceedings of the said council.
(2) The examinations of persons desirous of being registered as pharmaceutical chemists under this Act.
(4) The times at which and the mode in which elections of members and associates of the said Pharmaceutical Society are to be held and conducted :
(5) The mode in which elections of members of the council, and of president and vice-president thereof, are to be held and conducted :
(6) The fees to be charged for examination, licence and registration under this Act, and the entrance fees and annual subscriptions to be paid by members of the said Pharmaceutical Society, and the application of the same, and of all moneys received by the treasurer under this Act :
(7) The duties of the registrar, treasurer, clerks, and other subordinate officers, and the manner in which the same shall be discharged, and the salaries to be paid to such officers respectively ; and
(8) Generally for all such other matters as may be necessary for the due execution of this Act.

The said council may from time to time, revoke or alter any such regulation, and make new regulations instead thereof or in addition thereto.

Resolution and regulation to be approved by Lord Lieutenant and Privy Council.

17. * [*Any resolution made under the authority of this Act with respect to the title of chemist and druggist, and*] Every regulation made under the authority of this Act, shall be subject to the approval of the Lord Lieutenant and Privy Council, and shall be of no force or effect until the same shall [*respectively*] be so approved, and notice of such approval shall be published in the Dublin Gazette.

[*Any resolution and*] All regulations made under the authority of this Act and approved as aforesaid shall be laid before both Houses of Parliament within twenty-one days after the same shall be made, if Parliament be sitting at such time, or if Parliament be not sitting, within twenty-one days after the commencement of the next session of Parliament after the making thereof.

* [*Any such resolution and*] All such regulations when so approved shall be of the like force and effect as if they had been enacted in this Act.

---

* *The words within brackets have become void by virtue of the Amending Act*, 1890.

Appointment of registrar and treasurer.

20. The said council may from time to time appoint a fit and proper person as a registrar under this Act, and shall have power to remove any such registrar from the said office, and may also appoint and remove from time to time a treasurer, and such clerks and other subordinate officers as may be requisite for carrying out the purposes of this Act, and also to pay suitable salaries to the said registrar, treasurer, clerks, and officers.

Examination.

21. For the purpose of ascertaining the qualification of persons desirous of keeping open shop for the retailing, dispensing, or compounding poisons or medical prescriptions and being registered as pharmaceutical chemists, *[*or as chemists and druggists under this Act*], the said council shall cause examinations to be held at such times and in such manner as may be prescribed by regulations made in pursuance of this Act, and the said council shall appoint examiners to conduct the same: Provided always, that no person shall conduct any examination for the purposes of this Act until his appointment has been approved by the Lord Lieutenant and Privy Council; and such appointment shall not in any case be in force for more than five years; and that it shall be the duty of the said Pharmaceutical Society to allow any officer appointed by the Lord Lieutenant and Privy Council for that purpose to be present during the progress of any examination held for the purposes of this Act.

All persons desirous of being registered as pharmaceutical chemists under this Act may at any such examination present themselves for examination, and they shall be examined with respect to their knowledge of the Latin and English languages, of arithmetic, of botany, of materia medica, of pharmaceutical and general chemistry, of practical pharmacy, of the British Pharmacopœia, and of such other subjects as may from time to time be prescribed by any regulations made in pursuance of this Act; *[*and all persons desirous of being registered as chemists and druggists under this Act may at any such examination present themselves for examination, and they shall be subjected to such a modified examination with respect to their knowledge of the subjects aforesaid as may from time to time be prescribed by any regulations made in pursuance of this Act:*] Provided always, that such examinations shall not include the theory and practice of medicine, surgery, or midwifery, or any branch of medicine or surgery; and the examiners appointed by the council are hereby empowered, after such examinations respectively, to grant or refuse to such persons, as in their discretion may seem fit, certificates of competent knowledge and qualification and skill to be registered as pharmaceutical chemists *[*or as chemists and druggists*] under this Act: Provided always, that in case of rejection a rejected candidate shall not present himself for re-examination until after six months after such rejection.

Persons entitled to be registered under this Act.

22. Every person by this Act nominated as a member of the council of the Pharmaceutical Society of Ireland shall be entitled to be registered as a pharmaceutical chemist without payment of any fees or charges; and every person who shall be duly examined in accordance with the provisions of this Act, and who shall be certified by the examiners to be qualified to act as a pharmaceutical chemist, and every licentiate of Apothecaries Hall, shall, upon giving to the registrar such reasonable proof thereof as may be required under any regulations made by the council of the said Pharmaceutical Society in that behalf, and upon payment of the proper fees and charges, be entitled to be registered under this Act as a pharmaceutical chemist.

* [*Every person who shall be duly examined in accordance with the provisions of this Act, and who shall be certified by the examiners to be qualified to act as a chemist and druggist, shall, upon giving to the registrar such reasonable proof thereof as may be required under any regulations made by the council*

---

* *The words within brackets have become void by virtue of the Amending Act*, 1890.

of the said Pharmaceutical Society in that behalf, and upon payment of the proper fees and charges, be entitled to be registered under this Act as a chemist and druggist.]

Fees for examination, licence, and registration.

23. For every examination, licence, and registration such reasonable fees or charges shall be paid as shall from time to time be fixed and determined by any regulation or regulations to be made by the said council in pursuance of this Act, and such fees shall be paid to the treasurer, and shall by him be applied to the purposes of this Act in manner prescribed by such regulations.

Register of pharmaceutical chemists and of chemists and druggists.

24. The registrar to be appointed under or by virtue of this Act shall from time to time make out and maintain a complete list (to be called the "Register of Pharmaceutical Chemists for Ireland") * [*and also a complete list (to be called the "Register of Chemists and Druggists in Ireland")*] of all persons registered as pharmaceutical chemists * [*or as chemists and druggists*] respectively under this Act; and in such registers the names shall be in alphabetical order according to the surnames, with the respective residences, in the form set forth in the schedule to this Act annexed, or to the like effect; and shall keep proper index of such register, and all such other lists and books as may be required by the said council and as may be necessary for giving effect to the regulations of the said council and to the provisions of this Act.

Duty of registrar to make and keep register.

25. It shall be the duty of the registrar to keep the said register corrected, and to erase the names of all registered persons as and when they shall die, and from time to time to make the necessary alterations in the addresses of the persons registered under this Act; and to enable the registrar duly to fulfil such duties, it shall be lawful for him to write a letter to any registered person, addressed to such person according to his address on the register, to inquire whether he has ceased to carry on business or has changed his residence; such letter to be forwarded by post as a registered letter, according to the post-office regulations for the time being, and if no answer shall be returned to such letter within the period of six months from the sending of the letter, a second of similar purport shall be sent in like manner; and if no answer be given thereto within three months from date thereof, it shall be lawful to erase the name of such person from the register: Provided always, that the same may be restored by direction of the said council, should they think fit to make an order to that effect.

Evidence of qualification to be given before registration.

26. No name shall be entered in the said register except of persons authorized by this Act to be registered, nor unless the registrar be satisfied by the proper evidence that the person claiming is entitled to be registered; and any appeal from the decision of the registrar may be decided by the said council; and any entry which shall be proved to the satisfaction of the said council to have been fraudulently or incorrectly made, may be erased from or amended in the register under an order in writing of the said council.

Annual registers to be published, and to be evidence.

27. The registrar shall in the month of January in every year, cause to be printed, published, and sold correct copies of the register of pharmaceutical chemists * [*and of the register of chemists and druggists*] in alphabetical order according to the surnames; and printed copies of such register for the time being in force, purporting to be so printed and published as aforesaid, or any extract therefrom, or from the original register, certified under the hand of the said registrar, and countersigned by the president or two members of the said council, shall be evidence in all courts and in all proceedings that the persons therein specified are registered according to the provisions of this Act; and the absence of the name of any person from any such copy of either of the said registers shall be evidence, until the contrary shall be made to appear, that such person is not registered in such register according to the provisions of this Act.

---

* *The words within brackets have become void by virtue of the Amending Act*, 1890.

Penalty on wilful falsification of registers or for obtaining registration by false representation.

28. Any registrar who shall wilfully make or cause to be made any falsification in any matter relating to the said registers, or either of them, and any person who shall wilfully procure or attempt to procure himself to be registered under this Act, by making or producing, or causing to be made or produced, any false or fraudulent representation or declaration, either verbally or in writing, and any person aiding or assisting him therein, shall be deemed guilty of a misdemeanour, punishable by fine or imprisonment, and shall on conviction thereof be sentenced to be imprisoned for any term not exceeding twelve months.

Notice of death of pharmaceutical chemist to be given by registrars of deaths.

29. Every registrar of deaths in Ireland, on receiving notice of the death of any person registered under this Act as a pharmaceutical chemist * [*or as a chemist and druggist*], shall forthwith transmit by post to the registrar under this Act a certificate, under his own hand, of such death, with the particulars of time and place of death, and on receipt of such certificate the said registrar under this Act shall erase the name of such deceased pharmaceutical chemist * [*or chemist and druggist*] from the proper register and shall transmit to the said registrar of deaths the cost of such certificate and transmission, and may charge the cost thereof as an expense of his office.

Persons selling or compounding poisons or assuming the title of pharmaceutical chemist to be qualified.

30. * [*So much of the Act of* 1791 *as prohibits the keeping of open shop within the meaning of the said Act by any person other than a licentiate of Apothecaries' Hall shall be repealed; provided always, that*] It shall be unlawful for any person to sell or keep open shop for retailing, dispensing, or compounding poisons within the meaning of the Act of the session of the thirty-third and thirty-fourth years of the reign of Her present Majesty, chapter twenty-six, or medical prescriptions, unless such person be registered as a pharmaceutical chemist * [*or a chemist and druggist*] under this Act, or to assume or to use the title of Pharmaceutical Chemist, or Pharmaceutist, or Pharmacist, or Dispensing Chemist, * [*or the title of Chemist and Druggist*] in any part of Ireland, unless such person shall be registered as a pharmaceutical chemist * [*or as a druggist and chemist respectively*] under this Act; and any person acting in contravention of this enactment, or compounding any medicines of the British Pharmacopœia, except according to the formularies of the said Pharmacopœia, shall for every such offence be liable to pay a penalty of five pounds; but no such penalty shall exempt any person from being liable to any other penalty, damage, or punishment to which he would have been subject if this Act had not passed: Provided always, that nothing in this section contained shall affect any licentiate of Apothecaries' Hall, or any person who shall have been registered as a legally qualified medical practitioner before the passing of this Act, or who shall be registered as a legally qualified medical practitioner after the passing of this Act, and who, in order to obtain his diploma, shall have passed an examination in pharmacy.

Reserving rights of certain persons.

31. Nothing in this Act contained shall extend to or interfere with the making or dealing in patent medicines, or with the business of wholesale dealers in supplying poisons in the ordinary course of wholesale dealing *[*or of chemists and druggists who are practising as such in Ireland upon their own account at the time of the passing of this Act*], save and except the provisions against the compounding of poisons or medical prescriptions, and against the preparing of any medicines of the British Pharmacopœia except according to the formularies of the said Pharmacopœia; and nothing in this Act contained shall prevent any person who is a member of the Royal College of Veterinary Surgeons of Great Britain, or holds a certificate in veterinary surgery from the Highland and Agricultural Society of Scotland, from dispensing medicines for animals under his care.

PHARMACY ACT (IRELAND), 1875, AMENDMENT ACT, 1890.

[53 & 54 Vict. Ch. 48.]

Be it enacted by the Queen's most excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same as follows :

Short title.

1. This Act may be cited as the Pharmacy Act (Ireland), 1875, Amendment Act, 1890.

Extent of Act.

2. This Act shall apply to Ireland only.

Interpretation.

3. In this Act—

"The principal Act" means the Pharmacy Act (Ireland), 1875.

"The Society" means the Pharmaceutical Society of Ireland.

"The council" means the council of the Society.

"The Registrar" means the registrar of the Society.

* *The words within brackets have become void by virtue of the Amending Act*, 1890.

"The treasurer" means the treasurer of the Society:

"Poisons" mean all articles deemed to be poisons within the meaning of the Act thirty-three and thirty-four Victoria, chapter twenty-six, intituled "An Act to regulate the sale of poisons in Ireland."

Repeal of 38 & 39 Vict. c. 57, s. 15.

4. Section fifteen of the Principal Act, and all other provisions of that Act empowering the Pharmaceutical Society of Ireland to create a grade of chemists and druggists legally qualified to dispense medical prescriptions are hereby repealed.

Register of chemists and druggists and registered druggists.

5. The registrar shall, in the manner by this Act provided, from time to time make out and maintain complete lists, to be called "the register of chemists and druggists" and "the register of registered druggists in Ireland," containing the names of all persons who have made application to be registered and are entitled to be registered as chemists and druggists and registered druggists respectively under the provisions of this Act, and the provisions of the principal Act with respect to the registers thereby authorised shall *mutatis mutandis* extend and apply to such registers, except so far as such provisions are altered by or are inconsistent with the provisions of this Act. All persons so registered shall be entitled to keep open shop for the sale, retailing or mixing of poisons: Provided that nothing in this Act shall be deemed to confer on such persons any right to compound medical prescriptions.

Chemists or druggists practising as such at passing of 38 & 39 Vict. c. 57, entitled to be registered.

6. Every chemist and druggist, or chemist, or druggist, who was practising as such in Ireland as a principal at the passing of the principal Act, shall be entitled to be registered as a chemist and druggist under this Act on complying with the following provisions:—

(1) He shall, within a year from the passing of this Act, make application in writing to the registrar to be registered under the provisions of this Act.

(2) Such application shall be accompanied by a statutory declaration of the applicant in the form set out in Schedule A* to this Act or to the like effect: Provided that it shall be lawful for the council to require from any such applicant such evidence as they may think fit of the truth of the statements contained in the statutory declaration so made by him, and to require such other confirmatory evidence as they shall think sufficient.

(3) He shall pay to the treasurer of the Society a fee of one guinea.

(4) Notwithstanding the provisions of section thirty-one of the principal Act, no person shall be entitled to keep open shop for the selling, retailing, or mixing of poisons by reason that he was a chemist and druggist practising as such in Ireland on his own account at the time of the passing of the principal Act, unless he shall be registered as a chemist and druggist under this Act.

Chemists or druggists in business before passing of Act entitled to be registered.

7. Every chemist and druggist, or chemist, or druggist, who has gone into business as a principal after the passing of the principal Act and before the passing of this Act, shall be entitled to be registered as a druggist on complying with the following provisions:—

(1) He shall, on or before the first day of June one thousand eight hundred and ninety-one, make application in writing to the registrar to be registered under the provisions of this Act.

(2) Such application shall be accompanied by a statutory declaration of the applicant in the form set out in Schedule B† to this Act, or to the like effect.

(3) He shall be examined with respect to his knowledge of reading and writing, elementary arithmetic, and the appearances of the poisons, drugs, and chemical salts in common use, and the Act of the session of the thirty-third and thirty-fourth years of the reign of Her present Majesty, chapter twenty-six, and shall obtain from the examiner or examiners appointed by the Lord Lieutenant of Ireland to hold such examination a certificate of having satisfactorily passed the same.

* *Declaration of being in business before* 1875.

† *Declaration of practice as C. & D. as a principal.*

(4) The Lord Lieutenant in Council shall appoint examiners to conduct the examinations prescribed by this section for applicants, and shall fix the fees to be paid to such examiners and to the Society respectively in respect of such examinations, and the examinations shall be held in Dublin and at such other places as the Lord Lieutenant in Council shall consider necessary.

(5) Every person who went into business as a chemist and druggist as a principal between the passing of the principal Act and the passing of this Act, and who has styled himself chemist and druggist, and has complied with the provisions of this section, and passed the examination under this section, shall be permitted to retain the title of chemist and druggist.

(6) Every person who having styled himself as a chemist and druggist shall claim to retain the title of chemist and druggist under the provisions of this section, shall at the time of his application to be registered, make a statutory declaration stating when and where he was in business as a chemist and druggist styling himself as such.

(7) It shall be lawful for the council to require from any such applicant such evidence as they may think fit of the truth of the statements contained in the statutory declaration so made by him, and to require such other confirmatory evidence as they shall think sufficient.

Registration of registered druggists.

8. Every person who shall duly have completed, or shall duly complete, a term of service as apprentice or assistant of not less than four years to a pharmaceutical chemist, or to a licentiate apothecary, or to a person or persons who shall have become, or who had he or they survived or continued in business would have been entitled to become, a registered chemist and druggist, or registered druggist, under this Act, shall be entitled to be registered as a registered druggist under this Act on complying with the following provisions :—

(1) He shall make application in writing to the registrar to be registered under the provisions of this Act.

(2) Such application shall be accompanied by a statutory declaration of the applicant in the form set out in Schedule C* to this Act, or to the like effect, with an additional declaration in the form set out in Schedule D †, or to the like effect.

(3) He shall be examined with respect to his knowledge of English orthography and composition, arithmetic, and the weights and measures of the British Pharmacopœia, the appearance and properties of the various drugs and chemicals in general use, and the Act of the session of the thirty-third and thirty-fourth years of the reign of Her present Majesty, chapter twenty-six, and shall obtain from the examiners appointed by the council to hold such examination a certificate of having satisfactorily passed the same.

(4) He shall pay to the treasurer of the Society, on presenting himself for such examination, a fee of two guineas, and a further fee of two guineas on being registered.

Provided that if he shall fail to satisfy the examiner, he may present himself for subsequent examinations on paying the examiner's fees.

Provided also that evidence shall be adduced to the satisfaction of the council that the applicant has completed a term of apprenticeship such as hereinbefore described ; and provided also that if the term of apprenticeship be continued after the expiration of one year from the passing of this Act it shall not entitle the applicant to present himself for examination, unless the term shall have been completed with a pharmaceutical chemist, a licentiate apothecary, or a registered chemist and druggist, or registered druggist under this Act.

9. It shall be the duty of the Society to provide for examinations being

† *Declaration of master with whom service was passed.*

held at which applicants for registration as registered druggists may present themselves for examination. Such examinations shall be held at not greater intervals than the examinations of persons desirous of being registered as pharmaceutical chemists under the principal Act, and shall be held at Dublin, Belfast, Cork, and such other places as may be convenient. Examinations of intending druggists.

Provided that it shall not be compulsory on the Society to cause any such examinations to be held outside Dublin unless at least twelve persons make application for examination thereat.

10. Every person who shall have served an apprenticeship of four years with a pharmaceutical chemist, a licentiate apothecary, a registered chemist and druggist, or a registered druggist shall be entitled to present himself for examination under this Act, and shall be entitled on passing his examination to be registered as a registered druggist under this Act, and every person who shall have served such apprenticeship to a registered chemist and druggist, or a registered druggist not being a pharmaceutical chemist, and who shall comply with the regulations of the Society in force for the time being, and in addition shall have served an assistantship of two years to either a pharmaceutical chemist or a licentiate of the Apothecaries' Hall keeping open shop, shall be entitled to present himself for examination under the Principal Act as a pharmaceutical chemist, and shall be entitled on passing his examination to be registered as a pharmaceutical chemist. Apprentices having passed examination entitled to registration.

11. The provisions of the Principal Act with respect to the examinations therein mentioned shall extend and apply to the examinations by this Act authorised, except so far as such provisions are altered by or are inconsistent with the provisions of this Act. Provisions of 38 & 39 Vict. c. 57 as to examinations to extend to examinations authorised by this Act.

12. (1) Within three months after the passing of this Act, the Society shall, subject to the provisions of the principal Act, make regulations for the election of registered chemists and druggists and registered druggists as associates of the Society under the title of associate druggists.

(2) Every person who shall be registered under this Act as a chemist and druggist or registered druggist shall be qualified to be elected an associate druggist, subject to any regulations made in pursuance of the principal Act and this Act, and every person so elected and continuing as such associate shall have the same privileges of voting for members of the Council and of attending all meetings of the Society and of voting thereat and otherwise taking part in the proceedings of such meetings as members of the Society, and shall be qualified to be elected and when elected to act as a member of the council of the Society. Provided always that such associates contribute to the funds of the Society the same annual subscriptions as members contribute for the time being under the regulations thereof, and provided also that such associate druggists shall not style themselves associates of the Pharmaceutical Society, and any druggist making use of such title shall be liable to have his name erased from the Register of Associate Druggists. Persons who may be elected associates of the Pharmaceutical Society.

13. At a date to be fixed by the Council, but not later than the fifteenth day of January one thousand eight hundred and ninety-one, an election shall be held of seven persons (who shall be registered as druggists or chemists and druggists) to be additional members of the Council of the Society, and such election shall be held in like manner in all respects as an election of members of the Council of the Society in the place of retiring members held under the principal Act : Provided that the persons entitled to vote at the election of such seven members on the said Council shall be persons who shall be then registered as chemists and druggists, or registered druggists. And every such person so voting at such election shall pay to the Society a fee of one guinea as an annual subscription in respect of the year 1891. First election of representatives of chemists and druggists to council.

14. At the annual election in October one thousand eight hundred and ninety-one, under the principal Act and this Act, the Council of the Society shall go out of office, and a new council shall be elected consisting of twenty- Election of new Council in 1891.

one members, not more than seven of whom shall be associate druggists, and the right of voting for members of council at this and all subsequent elections shall be common to both members of the Pharmaceutical Society and associate druggists. Provided nevertheless that the president and vice-president shall remain in office to conduct the election of October one thousand eight hundred and ninety-one, and declare the votes, but not longer unless duly elected, and the retiring rotation of members shall be determined in the same manner as is provided by section nine of the principal Act. Provided also that in the event of the death or resignation of the said president and vice-president, or either of them, or their inability or unwillingness to conduct such election, it shall be lawful for the Lord Lieutenant to nominate and appoint some other person to conduct such election who shall have the same power with respect thereto as if he had been elected chairman of the meeting.

No person to assume title of registered druggist, or chemist and druggist, or sell poisons, unless registered.

15. From and after the passing of this Act it shall be unlawful for any person to assume, and from and after the first day of January, 1892, it shall be unlawful for any person to use the title of a registered druggist or chemist and druggist in any part of Ireland, or to sell poisons, unless such person shall be registered as a chemist and druggist or registered druggist, under this Act, and any person acting in contravention of this enactment shall for every such offence be liable to pay a penalty not exceeding five pounds.

Printed copies of registers to be sent to inspectors of weights and measures, who shall report any person infringing Act.

16. In the month of January in each year, the registrar shall send printed copies of the register of pharmaceutical chemists and of the register of chemists and druggists and of the register of registered druggists, to the inspector of weights and measures in each constabulary district in Ireland, and it shall be the duty of such inspector to report to the Council any offences against the provisions of the principal Act or this Act or the Act thirty-three and thirty-four Victoria, chapter twenty-six, entitled "An Act to regulate the sale of poisons in Ireland," committed within his district, and one third of every sum of money recovered as a penalty against any person so offending shall be paid to any such inspector who shall be the means of bringing such person to justice.

Shop for sale of poisons or compounding medical prescriptions, to be personally managed by owner or qualified assistant.

17. Any person or persons lawfully keeping open shop for selling, retailing, or mixing poisons shall personally manage and conduct such shop and the retailing and mixing of poisons therein, or shall employ for the purposes aforesaid, as an assistant or manager in such shop, a duly registered chemist and druggist, or registered druggist, or pharmaceutical chemist or licentiate apothecary, and such person or persons lawfully keeping open shop as aforesaid shall, for the purposes of this Act and of the principal Act, be held to be the retailer and compounder of poisons aforesaid therein; and every person or persons lawfully keeping open shop for selling and retailing poisons, and dispensing and compounding medical prescriptions, shall personally manage and conduct such shop and the retailing, dispensing, and compounding of poisons and medical prescriptions therein, or shall employ for the purposes aforesaid as assistant or manager in such shop a duly qualified pharmaceutical chemist or licentiate apothecary, and such person or persons lawfully keeping open shop as aforesaid shall, for the purposes of this Act and of the principal Act, be held to be the retailer and compounder of poisons or medical prescriptions as aforesaid therein; and any person or persons acting in contravention of this enactment shall for every such offence be liable to pay a penalty not exceeding five pounds.

Registrar may require name of proprietor of premises where poisons are

18. It shall be lawful for the registrar at any time to write a letter addressed to the proprietor or proprietors of any premises where open shop is kept for the selling, retailing, dispensing, or mixing of poisons or compounding of medical prescriptions (such letter to be delivered on the premises, or to be forwarded by post as a registered letter according to the post office regulations for the time being in force), requiring such proprietor

or proprietors, within seventeen days from the delivery of such letter, to furnish in writing to the registrar a statement of the name and address of the *bonâ fide* proprietor or proprietors of such shop, and if such proprietor or proprietors do not personally manage and conduct such shop, the name of the duly qualified manager or assistant managing or conducting the same, and the description of his qualification ; and in case such proprietor or proprietors neglect to furnish such information to the registrar within the time aforesaid, he or they and each of them shall be liable to pay a penalty not exceeding one pound for every day during which such default shall continue, and so long as such default shall continue it shall be unlawful for any person to sell or retail, dispense or mix poisons or compound medical prescriptions on such premises, and every person or persons acting in contravention of this enactment shall for every such offence be liable to pay a penalty not exceeding five pounds unless he or they shall prove to the satisfaction of the court or justices having jurisdiction in the case that he or they did not know of such default. Every person who shall make a false statement in writing with intent to mislead in reply to any inquiry addressed to him by the registrar under this Act shall be held to have made a false declaration, and shall be liable to the penalty provided under section twenty-eight of the principal Act.

sold, or medical prescriptions compounded, to be furnished to him.

19. The Council may cause examinations to be held at such times and in such manner as may be prescribed by them from time to time for the purpose of examining assistants to pharmaceutical chemists, and such assistants as shall pass such examination shall be competent to transact the business of a licentiate of the Pharmaceutical Society in his temporary absence, but shall not be entitled to conduct or manage a business or to keep open shop on their own account.

Examinations for assistants to pharmaceutical chemists.

20. Section eleven of the principal Act shall be read and have effect as if the words " the second monthly meeting " were substituted for the words " ten days " in that section.

Amendment of 38 & 39 Vict. c. 57 s. 11.

21. All sums payable to the treasurer under this Act shall be applied by him under the direction of the council to the purposes of the principal Act and this Act.

Application of moneys paid to treasurer.

22. All penalties recoverable under this Act shall be recoverable and applied in the same manner as penalties recoverable under the principal Act.

Penalties.

23. This Act and the principal Act shall be read together and construed as one Act.

Note.—*So much of the Irish Statutes as makes it an offence to sell poisons by an unregistered person is repealed by the Poisons and Pharmacy Act,* 1908, *subject to the conditions specified in Section* 2 *of that Act.*

Regulations for Irish Licencees similar in character to those given on p. 60 *have been imposed.*

Section 5 *of the Poisons and Pharmacy Act,* 1908, *also applies to Ireland.*

NATIONAL INSURANCE ACT, 1911.

The National Insurance Act received Royal Assent on December 16, 1911, and is to come into operation on a date between July 15 and December 31 of the following year. The pharmaceutical portions of Clause 15 are as follows :—

(5) Every such Committee shall also make provision for the supply of proper and sufficient drugs and medicines and prescribed appliances to insured persons in accordance with regulations made by the Insurance Commissioners, which shall provide for the arrangements made being subject to the approval of the Insurance Commissioners, and being such as to enable insured persons to obtain from any persons, firms, or bodies corporate with whom arrangements have been made such drugs, medicines, and appliances if ordered by the medical practitioner by whom they are attended, and shall require the adoption by every Insurance Committee of such a system as will secure—

(*a*) The preparation and publication of lists of persons, firms, and bodies corporate who have agreed to supply drugs, medicines, and appliances to insured persons whose medical benefit is administered by the Committee, according to such scale of prices as may be fixed by the Committee ;

(*b*) A right on the part of any person, firm, or body corporate desirous of being included in any such list as aforesaid, of being so included, for the purpose of supplying such drugs, medicines, and appliances as such person, firm, or body corporate is entitled by law and authorised by the Committee to supply, except in cases where the Insurance Commissioners after inquiry are satisfied that the inclusion or continuance of the person, firm, or body corporate in such list would be prejudicial to the efficiency of the service :

Provided that—

(*i*) If the Insurance Commissioners are satisfied that the scale of prices fixed by the Committee is reasonable, but that the persons, firms, or bodies corporate included in any list are not such as to secure an adequate and convenient supply of drugs, medicines, and appliances in any area, they may dispense with the necessity of the adoption of such system as aforesaid as respects that area and authorise the Committee to make such other arrangements as the Commissioners may approve ;

(*ii*) Except as may be provided by regulations made by the Insurance Commissioners, no arrangement shall be made by the Insurance Committee with a medical practitioner under which he is bound or agrees to supply drugs or medicine to any insured persons ;

(*iii*) Subject to the regulations made by the last foregoing proviso, the regulations shall prohibit arrangements for the dispensing of medicines being made with persons other than persons, firms, or bodies corporate entitled to carry on the business of a chemist and druggist under the provisions of the Pharmacy Act, 1868, as amended by the Poisons and Pharmacy Act, 1908, who undertake that all medicines supplied by them to insured persons shall be dispensed either by or under the direct supervision of a registered pharmacist or by a person who, for three years immediately prior to the passing of this Act, has acted as a dispenser to a duly qualified medical practitioner or a public institution ;

(*iv*) Nothing in this Act shall interfere with the rights and privileges conferred by the Apothecaries Act, 1815, upon any person

qualified under that Act to act as an assistant to any apothecary in compounding and dispensing medicines.

The full text of the Act is not given here, as it does not directly deal with the practice of Pharmacy. The foregoing are the essential clauses from a pharmaceutical point of view. Pharmacists have no specific representation on the Commission, the Insurance Committees or the Advisory Committees, but it is hoped this may be remedied. No Regulations have yet been formulated by the Commissioners. Separate Commissioners have been appointed for Scotland and for Wales.

EXTRACT FROM PERJURY ACT, 1911.

Sec. 6. If any person—

(*a*) procures or attempts to procure himself to be registered on any register or roll kept under or in pursuance of any public general Act of Parliament for the time being in force of persons qualified by law to practise any vocation or calling; or

(*b*) procures or attempts to procure a certificate of the registration of any person on any such register or roll as aforesaid,

by wilfully making or producing or causing to be made or produced either verbally or in writing any declaration, certificate, or representation which he knows to be false or fraudulent, he shall be guilty of a misdemeanour and shall be liable on conviction thereof on indictment to imprisonment for any term not exceeding twelve months, or to a fine, or to both such imprisonment and fine.

Sec. 7. (1) Every person who aids, abets, counsels, procures or suborns another person to commit an offence against this Act shall be liable to be proceeded against, indicted, tried and punished as if he were a principal offender.

(2) Every person who incites or attempts to rocure or suborn another person to commit an offence against this Act shall be guilty of a misdemeanour, and on conviction thereof on indictment shall be liable to imprisonment, or to a fine or to both such imprisonment and fine.

Note.—The foregoing extract takes the place of the repealed portions of the Pharmacy Acts, 1852 and 1868, indicated on pages 40 and 44 of this calendar.

(*b*) MORPHOLOGY, INCLUDING ANATOMY. The external form of plants :—thallus, stem, root, leaves, inflorescence, flower, fruit. The distinguishing features and common modifications of these structures. Principles of branching and different kinds of branch systems. Phyllotaxis, including vernation. The different kinds of buds and their arrangement on the stem.

A general acquaintance with the elements of plant anatomy ; the vegetable cell, tissues, *e.g.*, merismatic, epidermal, fundamental and vascular. The characteristic anatomical features of roots, stems, and leaves of flowering plants and ferns.

The candidate is expected to recognise by means of the microscope, and describe sections illustrating the above plant structures.

The method of increase in thickness of stems and roots, and the characters of primary and secondary tissues. The characters of the flowers. The methods of pollination; self- and cross-fertilisation. The formation of the seed and germination.

(*c*) PHYSIOLOGY. The *elementary facts* in connection with the physiology of plants, including the nature and source of the food of plants, and the manner in which the raw materials are elaborated. Chlorophyll, its manner of occurrence in the plant; its functions and the conditions under which it discharges them. Reserve materials, their nature, mode of deposition, and the manner in which they are utilised by the plant. The manner in which plants grow, and the conditions necessary for the growth of a plant. The manner in which plants respond to external stimuli, *e.g.*, light, gravity, etc. Sexual and asexual reproduction.

CHEMISTRY AND PHYSICS.

The candidate is expected to possess an *elementary* knowledge of the following subjects:—

(*a*) The law of the conservation of energy; the law of gravitation; the balance; specific gravity; atmospheric pressure; pressure of aqueous vapour; the barometer, air-pump, and siphon; the law of Boyle; temperature; thermometers; the law of Charles; the law of gaseous diffusion; V. Meyer's method for determining vapour densities.

(*b*) The chief characteristics of chemical action, the distinction of elements and compounds; the laws of chemical combination by weight and volume; the hypothesis of Avogadro; atomic weight and molecular weight; chemical formulæ and nomenclature; valency; the distinction between metals and non-metals.

(*c*) The general characters of the non-metals; the chief methods of preparation and the typical reactions of the following non-metallic elements and compounds:—hydrogen, oxygen, ozone, water, hydrogen peroxide; chlorine, bromine and iodine, and their compounds with hydrogen and oxygen; fluorine, hydrofluoric acid; nitrogen, ammonia, the oxides of nitrogen, nitrous acid, nitric acid; sulphur, hydrogen sulphide, sulphurous and sulphuric anhydrides and acids, thiosulphuric acid; phosphorus, phosphine, the oxides and oxy-acids of phosphorus, the chlorides of phosphorus; silicon, silica, fluoride of silicon, silicofluoric acid; boron, boric acid. The usual impurities in such of the above-named substances as are included in the British Pharmacopœia.

(*d*) The general characters and classification of the metals, and the general methods of forming oxides and salts; the sources, the usual methods of extracting, and the chief properties of, the undermentioned metals, also the modes of preparation, properties, adulterations and contaminations of their principal compounds—potassium, sodium, ammonium, lithium, barium, strontium, calcium, magnesium, zinc, aluminium, iron, chromium, manganese, nickel, cobalt, arsenium, antimony, tin, copper, bismuth, lead, silver, mercury, gold and platinum.

(*e*) Carbon, its oxides, cyanogen, hydrocyanic acid, cyanides, ferrocyanides and ferricyanides, oxalic acid. The chief methods of preparing methane, ethane, ethylene, acetylene, methyl and ethyl alcohols, formic and acetic aldehydes and acids, ethyl acetate, acetamide, olein, glycerol, benzene, phenol, nitro-benzene aniline, benzoic acid, salicylic acid, hydrate of chloral, chloroform, iodoform, ether; the principal properties, reactions, and mutual relations of these compounds. The candidate will also be expected to possess a general knowledge of the methods of estimating carbon, hydrogen, oxygen and nitrogen in organic compounds, and of obtaining molecular formulæ.

Note.—The candidate is expected to solve simple problems relating to the weight and volume, under different conditions of temperature and pressure, of elements and compounds concerned in chemical reactions.

CHEMISTRY.—Practical Examination.

The candidate is required to determine the specific gravity of liquids and solids, and to be familiar with the general construction and use of the thermometer and barometer.

To recognise by chemical tests the more important non-metallic elements and compounds, as well as the metals and salts indicated in the foregoing list; to detect the chief impurities in those that are included in the British Pharmacopœia; to recognise by their physical properties those which possess well-defined characteristics. To analyse a mixture containing not more than two metals and two acid radicles.

To identify by chemical tests the following organic compounds: hydrocyanic acid, cyanides, ferrocyanides, ferricyanides, oxalates, acetates, tartrates, citrates, salicylates, starch, cane sugar, grape sugar, salicin, quinine, morphine, strychnine, and their salts; and to detect the impurities in such as are included in the British Pharmacopœia.

To perform those volumetric determinations which are described in the British Pharmacopœia. To understand the principles of volumetric analysis, and to prepare, standardize, and use volumetric solutions.

To be familiar with the construction and use of the balance, and to have a practical knowledge of the Imperial and Metric Systems of Weights and Measures.

To quantitatively determine the total alkaloids in cinchona bark, and its official preparations, in the liquid extract of belladonna and its preparations, and in the liquid extract of ipecacuanha; also the strychnine in the extract, liquid extract, and tincture of nux vomica; the morphine in opium and its extract, liquid extract and tincture; and the resin in tincture of jalap.

To have a practical acquaintance with the methods of preparing the more important inorganic substances including the non-metals and their compounds, and such metallic compounds as are included in the British Pharmacopœia, and also the following organic compounds:—ether, chloroform, amyl nitrite, ethyl acetate, and hydrocyanic acid, so that he may be able to explain to the examiner the operations involved in their preparation, and, if called upon, to perform the operations or certain stages of them himself.

MATERIA MEDICA.

The candidate is required to recognise specimens of any crude drugs mentioned in the British Pharmacopœia or in the annexed list, as well as their principal commercial varieties; to be acquainted with their botanical (or zoological), geographical, and commercial sources, the natural orders to which they belong, as well as the modes of collection and preparation for the market; to indicate the morphological nature of such as are organized, and the mode of formation of such as are unorganized; to correctly describe them, and to point out diagnostic characters either chemical or physical, the latter as far as they can be ascertained by the use of a lens. To name the chief active constituents of official drugs, to know the proportion present in good samples of the more important of them, and to possess a practical knowledge of any pharmacopœial tests or processes of assay applied to crude drugs or their official products.

PHARMACY.

The candidate is required to possess a general knowledge of the following branches :—

(*a*) Operations requiring the use of heat. Evaporation, with particular reference to the preparation of extracts and inspissated juices ; special characters and modes of preparing the various classes of extracts ; influence of surface, temperature and pressure upon the rate of evaporation ; water, steam and sand baths ; distillation, ordinary, fractional and destructive, distinctive characters and objects of each ; official preparations illustrating the various kinds of distillation, apparatus employed, the retort and receiver, still and worm, Liebig's condenser, principles on which they are constructed and used. Sublimation ; its objects and applications in pharmacy ; official products of sublimation, calcination and fusion. Desiccation ; temperature best suited for drying particular drugs, loss in drying vegetable drugs, forms of drying ovens, principles on which they are constructed and used.

(*b*) Disintegration of solid substances : cutting, bruising, and pulverization ; apparatus employed, principles indicating which is to be adopted in particular instances ; methods for controlling the degree of comminution, sieves and sifting, trituration, levigation, elutriation, granulation, including methods for producing certain chemicals as fine powders, small crystals, scales, etc. Solution : its nature, solvent power of various menstrua, influences of (*a*) temperature ; (*b*) state of division of the substance to be dissolved ; (*c*) time ; (*d*) position of the substance in the menstruum ; lixiviation, infusion, digestion and decoction ; maceration, percolation and displacement, principles on which the successful performance of these processes depends ; form and materials for percolators and

other vessels employed. Filtration, objects and methods, filtering media, means of expediting filtration; dialysis, its application in pharmacy, construction and use of the dialyser. Expression; methods of obtaining the juices from plants; recovery of the residual liquids from tincture marcs, etc., screw, hydraulic and other presses. The principles involved in the dispensing of medicines, particularly with reference to the best excipients and methods for forming pill masses, the preparation and nature of emulsions, the most suitable emulsifying agents, and the best means of suspending insoluble substances in liquids.

The candidate is also required to show a general knowledge of the processes, and understand the principles of the processes by which the official preparations belonging to the following classes are made: collodions, confections, decoctions, dilute acids, extracts (solid and liquid), glycerins, infusions, juices, liniments, lotions, mixtures, ointments, pill masses, plasters, powders (simple and compound), solutions, spirits, suppositories, syrups, tinctures, vinegars, waters and wines. A knowledge of the proportion of active ingredient or crude material in official preparations containing aconite, antimony, arsenic, belladonna, calabar bean, cantharides, chloral hydrate, chloroform, caustic potash and soda, colchicum, digitalis, elaterinum, ergot, iodine, iodoform, ipecacuanha, lead, mercury, nux vomica, opium, phosphorus, scammony, stramonium, squill, alkaloids and alkaloidal salts.

The candidate is required—

(*a*) To enumerate the poisons contained in the Schedule to the Poisons and Pharmacy Act, 1908, viz.:—

Poisons within Part I. of the Schedule.
Poisons within Part II. of the Schedule.

(*b*) To describe minutely the conditions required upon the sale *by Retail* of poisons, both in Part I. and Part II. of the Schedule of Poisons; and to write the proper entry required, according to Schedule F of the Pharmacy Act, 1868, for the sale of a poison coming within Part I. of the Poison Schedule.

(*c*) To state the conditions imposed on the sale of scheduled poisons *by Wholesale and for Export*, and upon the sale of a scheduled poison when forming an ingredient in a medicine dispensed.

The candidate is also expected to possess a knowledge of the conditions imposed on the sale of Arsenic by the Arsenic Act.

PRACTICAL PHARMACY AND DISPENSING.

The candidate is required—To conduct such operations of the British Pharmacopœia, or such parts of them as may be practicable, involved in the processes for preparing collodions, confections, decoctions, dilute acids, extracts (solid and liquid), glycerins, infusions, juices, liniments, lotions, mixtures, ointments, pill masses, plasters, powders (simple and compound), solutions, spirits, suppositories, syrups, tinctures, vinegars, waters and wines.

To weigh, measure, and compound medicines; to write the directions in concise language in a *neat and distinct* hand; to finish and properly direct each package. [*In awarding marks in this subject the time taken by the candidate in doing the work is taken into account.*]

PRESCRIPTIONS.

The candidate is required to read without abbreviation autograph prescriptions, translate them into English, understand the grammatical construction of the Latin, and render a literal as well as an appropriate translation of the directions for use. To detect errors, discover unusual

doses, and have a general knowledge of Posology. To calculate percentages and other quantities occurring in prescriptions; also to render in good Latin ordinary prescriptions written in English.

Candidates must not take into the Examination Rooms or Laboratories any books or any notes or memoranda, whether written or in print.

MAJOR EXAMINATION.

FOR REGISTRATION AS PHARMACEUTICAL CHEMISTS UNDER THE PHARMACY ACT, 1852. PHARMACEUTICAL CHEMISTS ARE EXEMPT IN ENGLAND AND WALES FROM SERVICE ON ALL JURIES AND INQUESTS UNDER JURIES ACT, 1862.

Fee Three Guineas.

The examination in the respective subjects may be oral, practical, or in writing.

BOTANY.

In addition to what is required for the Minor Examination, the candidate is expected to show a competent practical knowledge of the following subjects :—

CLASSIFICATION.—The general principles of classification; the Natural system.

The characteristic features of the following groups :—

THALLOPHYTA.
- ALGÆ.
- FUNGI (INCLUDING LICHENS).

BRYOPHYTA.
- HEPATICÆ.
- MUSCI.

      - Cyperaceæ.
      - Graminaceæ.

MORPHOLOGY.—Alternation of generations as illustrated by the life-histories in the several classes of plants; relative magnitude and degree of development of the sporophyte and the gametophyte. The general anatomy of plants, treated more fully than in the Minor Examination.

PHYSIOLOGY.—The general physiology of nutrition and growth. The relationships and adaptations of plants to their surroundings.

PRACTICAL WORK.—The candidate is expected to make and mount microscopic preparations illustrating vegetable structure, and to be able to apply microchemical tests for cellulose and its modifications as they exist in the cell wall, and for the chief products which are formed in plant cells.

CHEMISTRY AND PHYSICS.

In addition to the subjects indicated by the Schedule for the Minor Examination the candidate is expected to possess a knowledge of the most important facts connected with—

(*a*) The physical constitution of the three states of matter ; liquefaction of gases, critical point ; the diffusion of gases and liquids, dialysis ; methods for determining vapour densities ; solution.

(*b*) The dynamical theory of heat ; heat and temperature ; sources, development and propagation of heat ; radiation, diathermancy and athermancy ; separation of heat from light ; latent heat ; boiling point, distillation ; freezing mixtures ; specific heat ; calorimeters ; relation of specific heat to atomic weight ; methods of determining exceedingly high and low temperatures.

(*c*) The undulatory theory of light ; reflection ; refraction ; interference of light ; propagation of light, the photometer ; mirrors and lenses, the microscope ; decomposition of white light by a prism ; the spectroscope, spectrum analysis ; double refraction ; polarization, the polariscope ; influence of light in promoting chemical change, the principles of the ordinary photographic processes.

(*d*) The methods of producing magnetism ; magnetic induction. Sources of electricity, frictional electricity ; the electroscope ; electric induction ; electric machines ; the Leyden jar ; voltaic electricity ; the principal forms of voltaic batteries ; the galvanometer ; chemical effects of current ; electrolysis ; measurement of current, Ohm's law ; voltameter ; secondary currents ; secondary batteries ; thermo-electricity, the thermopile ; production of heat and light from electricity ; electromotors ; dynamo-machines.

(*e*) The history of the atomic theory ; the hypothesis of Avogadro ; the methods by which the standard atomic weights have been determined ; dissociation ; specific volume ; the periodic law.

(*f*) Classification of carbon compounds ; rational formulæ ; isomerism. The characteristics and constitution of the chief typical organic compounds. The constitution, sources, methods of preparation, properties, reactions and mutual relations of the following organic compounds : *Cyanogen derivatives.*—Urea, cyanuric acid, uric acid. *Hydrocarbons.*—The principal members of the paraffin, olefine, acetylene and benzene series ; their chief haloid and nitro-derivatives. Theory of isomerism in paraffin and benzene series. *Paraffin derivatives.*—Distinction of primary, secondary and tertiary alcohols ; the chief primary monohydric alcohols ; glycol ; glycerine (glycerol) ; mannite ; acetaldehyde, chloral ; chloral hydrate ; acetone ; ether ; the principal acids of the acetic series ; oleic acid ; glycollic and lactic acids ; oxalic, succinic, malic, tartaric, racemic and citric acids ; ethylamine ; acetamide ; glycocine ; cane sugar ; grape sugar ; milk-sugar ; maltose ; starch and cellulose. *Benzene derivatives.*—Phenol sulphonic acid ; phenol ; resorcin (resorcinol) ; aniline ; benzaldehyde ; salicylaldehyde ; benzoic acid ; salicylic acid. The principal properties of the terpenes and camphors, essential oils, resins. The characteristics of naphthalene and its derivatives. The processes of alcoholic, acetic, lactic and ammonic fermentation. The properties and decomposition products of the principal gluco-

sides, alkaloids, and other substances of definite chemical composition in the British Pharmacopœia.

CHEMISTRY.—Practical Examination.

The candidate is expected to be able—

To analyse mixtures containing three metallic salts; to estimate the nitrogen in organic compounds by the soda-lime and Kjeldahl processes; to determine melting and boiling points. To perform processes of gas analysis which can be carried out in a nitrometer. To perform the operations (or certain stages of them) necessary for the preparation of cyanogen, artificial urea, ethyl chloride, iodoform, ethylene, ethylene dibromide, acetaldehyde, formic acid, oxalic acid, nitro-benzene, aniline, benzoic acid, the nitrophenols. To recognise by their chemical reactions, and to determine, where necessary, by the Pharmacopœial gravimetric or volumetric methods, the strength and purity of the most important of the inorganic and organic compounds (including crude drugs and galenical preparations) described in the British Pharmacopœia. To detect and separate the most important alkaloids, alkaloidal salts and glucosides, and to separate in the pure state morphine from opium and strychnine from nux vomica. To detect methyl alcohol in tinctures, liniments, and other preparations.

In the practical portion of the Major Examination standard works of reference are provided for the use of candidates, at the discretion of the examiner. No other books or memoranda are allowed.

MATERIA MEDICA.

In addition to what is required for the Minor, the candidate is expected to show a practical knowledge of the methods of estimating the value of important drugs, of distinguishing commercial varieties of the same, and of separating such of their active principles as are official in the British Pharmacopœia.

The candidate is also expected to have a general acquaintance with the active constituents of all important drugs, and to possess a general knowledge of the chemical properties of the official alkaloids, glucosides, resins, and essential and fixed oils.

The candidate is expected to make and describe microscopical preparations of any organized vegetable drug official in the British Pharmacopœia, and to point out distinctive histological features in the same. The candidate is also expected to discover obvious adulterations present in powdered drugs, from comparison with authentic material.

EXAMINATION FEES.

Minor Examination	Ten Guineas.
Major Examination	Three Guineas.

All fees must be paid at the time of giving notice to attend an Examination; and no portion of a fee will, under any circumstances, be returned.

Reduced Fees are payable in certain cases (see Bye-law vii., section 22 and 23). These fees are:—

1. In regard to re-entry of a failed candidate for—
   - (*a*) The Minor Examination . . Three Guineas.
   - (*b*) The Major Examination . . Two Guineas.
2. In regard to re-entry of a candidate who failed to attend either the Major or Minor . . } One Guinea.
3. In regard to re-entry of a candidate whose absence has been officially excused . . } One Shilling.

MAJOR EXAMINATION PAPERS, 1911.

APRIL.

BOARD OF EXAMINERS FOR ENGLAND AND WALES.

CHEMISTRY.

Time allowed: Three Hours.

Candidates must not answer more than six questions, three from each Part.

PART I.

1. Describe the reaction of hydrogen peroxide with each of the following: An aqueous solution of potassium permanganate, lead peroxide in the presence of dilute nitric acid, an aqueous solution of potassium iodide, a solution of chlorinated lime.

2. Give an account of the "contact process" of manufacturing sulphuric acid, explaining the main physical and chemical principles on which it is based.

3. Fully describe the changes which occur on heating (*a*) potash alum, (*b*) red lead, (*c*) ammonium sulphate, (*d*) potassium ferrocyanide, (*e*) potassium persulphate. Give an approximate estimate of the temperatures required to effect the changes you describe.

4. Draw up a scheme for the quantitative analysis of any one of the following:—A gaseous mixture of hydrogen, carbon monoxide, methane and nitrogen; an alloy of lead and bismuth with small proportions of zinc and iron; a mixture of sodium sulphite and thiosulphate.

5. Give practical details for the preparation of phosphorous pentachloride. How would you determine the purity of your product? Describe its chief uses as a reagent.

PART II.

6. Two compounds having the molecular formula $C_2H_5NO_2$ are known. How are they prepared and how do they differ in constitution? Fully describe the experiments you would make to distinguish between them.

7. Describe the preparation of ethyl acetoacetate. Discuss its formula and give an account of its behaviour with dilute and concentrated akalies.

8. Give an example of a ketose and of an aldose, describing reactions in which they resemble one another closely and also some by which they may be distinguished. How can an aldose be converted into a ketose?

9. Describe in a practical manner the preparation of any one of the following: B naphthol from naphthalene; benzonitrile from aniline; hydroquinone from benzene. Explain the chief reactions involved in the processes you describe.

10. How is glycerine obtained on a commercial scale? Describe a synthesis of glycerine and reactions of it which prove the presence of three hydroxyl groups in its molecule.

PHYSICS.

Time allowed: Three Hours.

Five Questions only to be attempted.

1. A liquid having a specific gravity of 0·8 is mixed with an equal weight of another liquid of specific gravity 1·2 Contraction takes place and the volume of the mixture is nine-tenths of the sum of the volumes of the separate constituents. What is the specific gravity of the mixture?

2. Describe a method of comparing the intensities of two sources of

light. A candle placed at a distance of six feet from a screen illuminates it to a certain extent. How many similar candles would be required to produce the same illumination of the screen if they were placed at a distance of thirty feet?

3. What do you understand by "the mechanical equivalent of heat"? Describe a method of measuring it.

4. Current at 100 volts pressure is available from two unmarked terminals. You are required to charge four secondary cells each of which has a voltage of 2 when fully charged. Explain how you would arrange the cells, find the proper method of connecting them to the terminals, and calculate the amount of resistance you would insert in the circuit.

5. Define the term "refractive index." Describe two methods of determining it in the case of a liquid. Explain how an optical analysis of a mixture of two pure liquids may be made.

6. Describe, with all essential practical details, a method of determining the electro-chemical equivalent of copper.

WRITTEN BOTANY AND MATERIA MEDICA.

Time allowed: Three Hours.

BOTANY: Two Hours.

Four Questions only to be attempted.

Answers should be accompanied by illustrative sketches.

A.

1. Give some account of the chief characteristics of meristematic tissue. Illustrate by means of diagrams the nature of the meristems of an ordinary Dicotyledon and indicate their relation to the mature tissues.

2. Describe briefly how a Fern plant arises from the spore. Point out what structures in Angiosperms are comparable to the spores of Ferns, and give reasons for your comparison.

3. What are the principal reserve-substances found in seeds? In each case mention a seed in which the reserve-substance is found and the chief chemical characteristics of the latter.

4. How would you distinguish between plants belonging to the Cyperaceae and Graminaceae? Describe the structure of the flower in a typical representative of each order.

5. Write a brief essay on *one* of the following subjects:—

(*a*) Parasitism.
(*b*) The contrast between wind and insect-pollination.
(*c*) Tendrils.

B.

1. Describe carefully the structure of the phloem of any Angiosperm. In what respects does the phloem of a Fern differ from that of an Angiosperm?

2. What is a gamete? Give a brief account, with figures, of the different types of gametes found in the vegetable kingdom.

3. What is meant by intramolecular (anaerobic) respiration? Describe how you would demonstrate the process experimentally. How does it resemble the process of alcoholic fermentation?

4. Give some account of the chief characters distinguishing the orders Dipsaceae and Compositae. Describe carefully the structure of the ovary in each order.

5. Write a brief essay on *one* of the following subjects:—

(*a*) Insectivorous plants.
(*b*) The necessity for seed-dispersal.
(*c*) The influence of light on the growth of plants.

MATERIA MEDICA: One Hour.

Two Questions only to be attempted, of which No. 1 must be one.

A.

1. Describe the official parts of the following plants, drawing a sketch of the leaf of each: *Atropa Belladonna, Datura Stramonium, Digitalis Purpurea, Hyoscyamus Niger.* Name the active principles and indicate clearly how you would determine the amount present in *one* of these drugs.
2. Explain the value of the ash limit in each of the following cases, pointing out the suspected adulterant: Clarified Honey, Lemon Juice, Scammony, Podophyllum Resin, Milk Sugar, Wool Fat, Lupulin.
3. Give the botanical and geographical source of Guaiacum Wood. How is the resin obtained? Give its characters, composition, usual adulterants, and tests of purity.

B.

1. Give the botanical and geographical source and diagnostic features of Ipecacuanha Root. Name the alkaloids it contains and state how they may be distinguished from each other. Outline a process for the determination of the total alkaloids in a sample of the powdered root.
2. Give the source, mode of preparation, and chief characters and tests of the following: Tannic Acid, Jalapin, Podophyllin, Santonin.
3. Name and describe the official parts and products of *Convolvulus Scammonia.* How are the latter obtained? How would you detect the presence of (*a*) Guaiacum Resin, (*b*) Jalap Resin, and (*c*) Colophony Resin, in Scammony Resin?

BOARD OF EXAMINERS FOR SCOTLAND.

CHEMISTRY.

Time allowed: Three Hours.

Six Questions only to be attempted, three of which must be from Part II.

PART I.

1. Describe carefully *two* methods by which the fixation of atmospheric nitrogen has been effected, and indicate the importance of the products obtained by the methods you mention.
2. How would you obtain pure carbon monoxide from potassium ferrocyanide? Give an account of the preparation and chief properties of the compounds formed by the union of carbon monoxide with metals.
3. How is sodium peroxide manufactured? Explain clearly the behaviour of this compound towards water at different temperatures, and indicate its importance as a reagent in analytical chemistry (inorganic or organic).
4. On what evidence does the formula usually assigned to bleaching powder rest? Describe and explain the process you would employ in accurately estimating the proportion of available chlorine in a sample of bleaching powder.

PART II.

5. By means of examples, show how metals have been used as reagents in effecting the synthesis of marsh-gas and its homologues. From your answer indicate how a general formula can be deduced from the series of which marsh-gas is the first member, and mention the theoretical considerations involved in this deduction.

6. Explain what is meant by saying that glycocoll and anthranilic acid are amphoteric substances. Give a short account of *either* glycocoll *or* anthranilic acid by reference to its constitution, preparation, chief properties, and identificaton.

7. Starting from toluene, outline the various methods by which benzaldeyde can be obtained. Contrast the chemical behaviour of this compound with that of acetaldehyde.

8. With illustrative examples explain any chemical reactions or processes associated with each of the following names: (*a*) Hofmann; (*b*) Fittig; (*c*) Zeiscl; (*d*) Kolbe.

PHYSICS.

Time allowed: Three Hours.

Only five Questions to be attempted.

1. What do you understand by the term colloidal solution? Mention the chief properties of such solutions, and describe briefly any methods of preparing them from inorganic substances.

2. Enumerate the main sources of error in the use of a mercury thermometer, and explain briefly how you would determine and apply the necessary corrections.

3. Explain clearly how the specific heat of a gas at constant pressure may be determined.

4. Mention the various methods that have been employed in measuring the velocity of light, and give a detailed account of *one* of these methods.

5. State Faraday's laws of electrolysis, and explain how you would determine the electro-chemical equivalent of copper.

6. What is meant by each of the following: specific volume, isothermal mutarotation, critical temperature, volt, ohm?

WRITTEN BOTANY AND MATERIA MEDICA.

Time allowed: Three Hours.

BOTANY: Two Hours.

1. Give a full account of the structure of the inflorescence and flower of the Mustard. Describe in detail the gynæcium, and compare it with that of a Poppy.

2 If a slice of bread be kept under a bell glass and becomes mouldy, what Fungi are likely to appear? Describe in detail some of the commonest of them.

3. Name and describe in detail with drawings the constituent tissues of a woody tree-trunk, and briefly explain their arrangement.

MATERIA MEDICA: One Hour.

Two Questions only are to be attempted.

1. State the botanic and geographic source of the official Coca Leaves; describe their distinctive characters and explain how the two varieties can be distinguished. Mention their respective cocaine content. Show how the hydrolysis of cocaine can be employed to indicate its constitution. Can you trace a chemical relationship of cocaine to atropine?

2. Write a short commentary on the principles to be kept in view in endeavouring to add to the number of standardized galenic preparations. Illustrate your remarks by examples from any work you have done on the subject.

3. Scammonium.—State how this is obtained, its nature, how it is assayed, and how it is distinguished from scammony resin, guaiacum resin, and jalap resin. What are the reasons for its displacement by the resin in official preparations?

JULY.

BOARD OF EXAMINERS FOR ENGLAND AND WALES.

CHEMISTRY.

Time allowed: Three Hours.

Candidates must not answer more than six questions, three from each Part.

PART I.

1. Give examples of monatomic gases and vapours, and state fully your reasons for considering them to be of such a nature.
2. How would you prepare pure nitrogen? Mention some elements with which nitrogen will combine directly. State the conditions in each case. Give a short account of one industrial method for the "fixation" of atmospheric nitrogen.
3. Ozone and carbon disulphide are endothermic substances. Explain fully what you understand by this, and give an account of reactions and properties of these substances to illustrate your answer.
4. What reactions occur between suphurous acid and (*a*) iodine, (*b*) hydrogen peroxide, (*c*) ferric choride, (*d*) hypophosphorous acid (*e*) hydrogen sulphide, (*f*) manganese dioxide? In each case state clearly the conditions required for the reactions you describe.
5. Write a short essay on one of the following: "Van der Waal's Equation," "Radio Active Elements," "Adsorption," "Catalysis."

PART II.

6. Discuss the meaning of the term acid as applied to carbon compounds.
7. Describe the preparation of acetamide, giving practical details. How may acetic acid, methylamine and methyl cyanide be obtained from it?
8. Write a structural formula for uric acid. Describe one synthesis of it, and give a short account of the chief products of the oxidation of uric acid.
9. Describe, with practical examples, the chief methods of introducing alkyl radicles into the benzene nucleus.
10. Write a short account of the alkaloids coniine, morphine, and atropine.

PHYSICS.

Time allowed: Three Hours.

Only five Questions to be attempted.

1. Give practical directions for determining the densities at 15° centigrade of quicklime, sand, and carbon dioxide.
2. What do you understand by the latent heat of water? Calculate its value from the data, 10 grams of ice at 0° centigrade added to 200 grams of water at 14·5° centigrade gave a final temperature of 10° centigrade.
3. Write a short essay on osmotic pressure.
4. Draw a diagram to illustrate the action of a diffraction grating and explain the production of a spectrum by it. What are the chief differences between a diffraction and a prismatic spectrum?
5. State Faraday's Laws of Electrolysis. An electrode of copper and one of platinum are immersed in a solution of copper sulphate, and current is passed (*a*) from the copper to the platinum, (*b*) in the reverse direction. Describe the effects produced in each case.
6. Describe the construction of an induction coil and give a short account of its use in the production of X rays and in wireless telegraphy.

WRITTEN BOTANY AND MATERIA MEDICA.

Time allowed: Three Hours.

BOTANY: Two Hours.

Four Questions only to be attempted.

Answers should be accompanied by illustrative sketches.

A.

1. Describe with the aid of diagrams the structure of the wood of a Dicotyledonous tree, as seen in transverse, radial longitudinal, and tangential longitudinal sections.
2. Give some account of the detailed structure of the stamen of an Angiosperm. Describe the changes that take place in the pollen grain from the time of its first formation up to the moment of fertilisation.
3. What conditions influence the rate of growth of a plant? Describe experiments in support of your statements.
4. Give some account of the position, mode of formation and structure of the sexual reproductive organs of a moss. Compare with them the sexual organs of an Alga, such as *Fucus* or *Vaucheria*.
5. Write a brief essay on *one* of the following subjects:—
   (*a*) The reasons for the prevalence of Compositæ.
   (*b*) The circulation of nitrogen in the universe.
   (*c*) Bees and flowers.

B.

1. Give some account of any types of plant-hairs, with which you are familiar, indicating in each case the exact function of the hair.
2. Describe the way in which the seed and embryo are developed from the ovule of any Angiosperm, omitting all stages prior to the occurrence of the fertilisation-process.
3. On what conditions does the rate of assimilation of carbon dioxide depend? How would you demonstrate the truth of your statements experimentally?
4. Give some account of the structure and modes of reproduction of any common mould. Point out how the form you select is adapted to its conditions of life.
5. Write a brief essay on *one* of the following subjects:—
   (*a*) Irritability in plants.
   (*b*) Grasses as an order adapted to wind-pollination.
   (*c*) Food-storage in plants.

MATERIA MEDICA: One Hour.

Two Questions only to be attempted.

A.

1. Give the botanical and geographical source and mode of preparation of Catechu and Kino, distinguishing clearly between the two. What is the cause of the gelatinisation of Tincture of Kino, and how may it be prevented?
2. How would you distinguish Belladonna root from each of the following: Liquorice, Gelsemium, Pellitory, Gentian, Phytolacca? Illustrate the differences as far as possible by sketches.
3. Give the botanical and geographical source and characters of Nux Vomica. In what amount and in what proportions are the alkaloids usually found in the seeds, and how would you prepare a specimen of pure strychnine therefrom.

B.

1. Give the botanical and geographical source and mode of collection of Copaiba. What are its chief characters and composition, and by what tests would you determine its purity ?

2. Give the source, method of preparation, characters and chief tests of each of the following : Wool Fat, Spermaceti, Cacao Butter.

3. Describe the official varieties of Coca Leaves. What are the chief alkaloids and in what proportions do they usually occure in the leaves ? Outline a process for the preparation of pure Cocaine.

BOARD OF EXAMINERS FOR SCOTLAND.

CHEMISTRY.

Time allowed : Three Hours.

Six questions only to be attempted, three of which must be from Part II.

PART I.

1. Describe, with essential practical details, the method you would adopt in preparing *pure* hydrogen peroxide, and explain how you would estimate the proportion of hydrogen peroxide in a given sample of it.

2. Give an account of any electrical process by which each of the following substances may be prepared :—

(*a*) Aluminium *or* Sodium ;

(*b*) Nitric acid *or* Ammonium persulphate.

3. Explain the nature of the evidence which supports the different constitutional formulæ that may be assigned to sulphurous acid, and give any accurate method for determining the strength of a solution of sulphurous acid.

4. What reasons can be adduced for placing iron, nickel, and cobalt in the same family of elements ?

PART II.

5. Describe and explain the methods that may be employed for introducing alkyl groups into the benzene nucleus.

6. Give the process for preparing each of the following compounds, and explain, with illustrative examples, how each of them may be used in synthetical organic chemistry :—

(*a*) Magnesium methyl iodide ; (*b*) Benzyl chloride ; (*c*) Amyl nitrite ; (*d*) Potassium benzene sulphonate.

7. Formulate each of the following compounds graphically, and give an account of the experimental facts which favour the constitution you assign to each :—

(*a*) Citric acid *or* Uric acid ;

(*b*) Caffeine *or* p-Cymene.

8. How are the carbohydrates usually classified ? Mention the chief properties of the class to which glucose belongs, and indicate the process by which an aldose can be converted into a ketose.

PHYSICS.

Time allowed : Three Hours.

Five Questions only to be attempted.

1. (*a*) Explain clearly how it is that the molecular weight of a substance can be obtained from the density of its vapour. (*b*) Calculate the molecular weight of the compound, which, on being vapourised, gave the follow-

ing result: 0·1528 gram. of substance displaced 47·6 c.c. of air measured at 8°c and 758 mm. pressure. (A litre of hydrogen at N.T.P. weighs 0·09 gram. Vapour tension of water at 8°c = 8 mm.)

2. Give a short description of any quantitative experiment which proves that a change of pressure affects the temperature of the melting point of a substance.

3. Describe and explain the process you would adopt in determining the specific heat of a small artificial diamond.

4. With the aid of a diagram explain the essential parts of a polarimeter, indicate its mode of action, and how you would determine the specific rotatory power of cane sugar.

5. Give an account of some form of electrical pyrometer.

6. Mention and explain any discoveries in physical science associated with each of the following names: (*a*) Andrews *or* Graham; (*b*) Fraunhofer *or* Raoult.

WRITTEN BOTANY AND MATERIA MEDICA.

Time allowed: Three Hours.

Botany: Two Hours.

1. Give a detailed account of the inflorescence and flower of a grass (naming the plant to which your description refers), and compare the structure with that in other Monocotyledons.

2. Describe and explain the damage done to crops by *Puccinia graminis*, *or* by *Phytophthora infestans* suggesting in either case remedial measures.

3. Give a detailed account of the structure of phlœm.

Materia Medica: One Hour.

Two Questions only to be attempted.

1. State how you would establish the identity of Lard, Wool Fat, Soft Paraffin, and ascertain their freedom from impurities which would unfit them for Pharmacopœial purposes.

2. Suppose you had handed to you a portion of an unknown root, how would you proceed to ascertain if it contain constituents likely to be active, and, if any found, their nature?

3. Balsam of Tolu, Balsam of Peru, Prepared Storax.—Describe the methods by which they are obtained, and their physical characters. Compare them as regards chemical constituents, indicate the chief points of difference in this respect, and mention some distinctive tests.

THE SCHOOL OF PHARMACY.

TEACHING STAFF.

CHEMISTRY AND PHYSICS.

PROFESSOR ARTHUR W. CROSSLEY, D.Sc., Ph.D., F.R.S., Sec. C.S., F.I.C., Dean of the Faculty of Science, University of London.

Assistant Lecturer and Senior Demonstrator—
Mr. C. H. WARNER, B.Sc. (Lond.), A.I.C.

Demonstrators—
Mr. C. H. HAMPSHIRE, B.Sc. (Lond.), A.I.C., Mr. SYDNEY SMITH, A.I.C., and MR. W. R. PRATT, A.I.C.

PHARMACEUTICS.

PROFESSOR HENRY G. GREENISH, F.I.C., F.L.S.
Demonstrator—Mr. H. A. TAYLOR.
Lecturer in Botany—Mr. F. CAVERS, D.Sc. (Lond.), A.R.C.Sc., F.L.S.
Dean of the School—PROFESSOR A. W. CROSSLEY.

The Seventieth Session, 1911–1912, commenced on October 5th, 1911, and terminates at the end of June, 1912.

COURSES OF STUDY.

Two courses of study are given, an Elementary and an Advanced Course. During the Elementary Course the student is expected to give his attention to the subjects included in the Schedule for the Minor or Qualifying Examination of the Pharmaceutical Society. The courses of lectures and laboratory instruction commence in October, and are continued to about the end of June. A student who works diligently during the Elementary Course is expected to be ready to pass the Minor Examination in July.

In the Advanced Course the instruction includes the subject-matter of the Schedule for the Major Examination of the Pharmaceutical Society. Lectures and Laboratory work commence in October, and are continued to about the end of March. Students attending this Course are expected to be ready to pass the Major Examination in April.

Students who have passed the Major Examination at the termination of the Advanced Course are entitled to apply for admission to the Research Laboratory without payment of any further fee.

Entries are received for either the Elementary or the Advanced Course, or both.

Benches in the Chemical and Pharmaceutical laboratories are allotted, in the first instance, to those students who enter for the full course of instruction, either Elementary or Advanced. Those who wish to extend their education over a longer term, or who, for sufficient reasons, desire to take only a part of the curriculum, can enter for any of the subjects, provided that there are vacancies in the laboratories.

The times at which the lectures and classes in practical work will be held, subject to such alterations as may be found necessary in the interests of the students, are announced under the headings of the several subjects.

Students may enter the School at any time, but are strongly advised to do so in October. Every student is required to attend all the lectures and demonstrations of each course for which he has entered, or to state the cause of absence to the Professor. Should the absence extend beyond two days, a written explanation of the cause must be furnished to the Dean.

SPECIAL COURSES.—Arrangements have been made for providing special shorter courses for Students, who, by attending classes at a University College or other similar Institution, have acquired during their apprentice-

ship a sufficient knowledge of the Sciences allied to Pharmacy. Students proposing to enter for these courses must satisfy the Teaching Staff that they have received adequate previous training. Students can also be admitted to separate classes or to courses specially adapted to their requirements.

Advanced Lectures in branches of learning connected with Pharmacy are delivered during April, May, and June in each year. The Lectures are open gratis to all who have passed the Major Examination.

PRIZES.—At the termination of each course in each subject examinations are held, and Medals and Certificates of Honour offered for competition by the Council of the Society. (See page 133.)

CERTIFICATES OF ATTENDANCE.

Certificates of Attendance at the Courses of BOTANY, CHEMISTRY, PRACTICAL CHEMISTRY, MATERIA MEDICA, and PHARMACY, are given to Students who are regular in their attendance, and do their work to the satisfaction of the Professors.

Certificates of attendance at the two Courses of Lectures on Chemistry and at the Chemical Laboratories are accepted as evidence of chemical training by the University of London for the Intermediate and Final Examinations, by the Institute of Chemistry in connection with the examinations for the Associateship, and also by the Conjoint Board of the Royal Colleges of Physicians and Surgeons, as well as by other Examining Bodies.

Certificates of Attendance at the Course of Pharmacy are also accepted by the Conjoint Board, and the Elementary Course in Botany is accepted by the University of London for the Intermediate Examinations, and by the Institute of Chemistry.

* SYLLABUS OF LECTURES.

BOTANY.

Lecturer—F. CAVERS D.Sc, (Lond.), A.R.C.Sc., F.L.S.

The Elementary Course extends from October to the end of June. The lectures are delivered on Wednesdays and Thursdays. The laboratory work, which deals practically with the subject-matter of the lectures, is held on Wednesday afternoons, commencing at 2 o'clock.

The Advanced Course extends from October to the end of March. The lectures are delivered on Wednesdays and Thursdays throughout the session. The laboratory work is held on Thursday mornings from 9 till 12.

The Gardens of the Royal Botanic Society, Regent's Park, will be open for purposes of study to all students of the School. Orders of admission will be issued on the recommendation of the Lecturer.

These lectures are adapted for Students who intend to proceed to a degree in Science at the University of London.

ELEMENTARY COURSE.

MORPHOLOGY.—The peculiarities of form which are found among plants. Different members of the body of the plant. Characteristics and modifications of roots, stems, and leaves. Branching and formation of branch systems.

Phyllotaxis, or the arrangement of leaves upon stems.

Morphology of reproductive organs. Inflorescences. Flowers, fruit, seeds.

ANATOMY.—The construction of the body of plants from cells. The structure of the vegetable cell, and its modifications; combinations of cells. Tissues, and tissue systems.

The elementary histology of the vegetative members and reproductive organs of the flowering plant and the fern.

PHYSIOLOGY.—The processes of absorption and nutrition. Respiration. Growth. Sensitiveness. Reproduction.

CLASSIFICATION.—The main divisions of the vegetable kingdom and their most important characteristics—Thallophyta, Bryophyta, Pteridophyta, Phanerogamia. Gymnospermæ, and Angiospermæ, Dicotyledones, and Monocotyledones. The following Sub-classes and Natural Orders of the Angiospermæ :—Thalamifloræ, Discifloræ, Calycifloræ, Corollifloræ (or Gamopetalæ), Monochlamydeæ, Petaloideæ, Spadicifloræ, and Glumifloræ; Ranunculaceæ, Cruciferæ, Rosaceæ, Leguminosæ, Umbelliferæ, Compositæ, Solanaceæ, Liliaceæ.

The description of flowering plants in technical language.

ADVANCED COURSE.

MORPHOLOGY.—Polymorphy. The alternation of generations as traceable throughout the vegetable kingdom.

The relative dimensions and characteristic features of the gametophyte and sporophyte in the different groups of plants.

Heterospory and its bearing upon the production of the seed.

PHYSIOLOGY.—The general physiology of nutrition and growth treated more fully than in the Elementary Course. The adaptation of the plant to its environment.

CLASSIFICATION.—The principles of classification. Natural and Artificial systems. The classification at present adopted in England.

(*Including Physics in their relation to Chemistry.*)

PROFESSOR A. W. CROSSLEY, D.Sc., Ph.D., F.R.S., Sec. C.S., F.I.C.

Assistant Lecturer—Mr. C. H. WARNER, B.Sc. (Lond.), A.I.C.

Demonstrators—

Mr. C. H. HAMPSHIRE, B.Sc. (Lond.), A.I.C., Mr. SYDNEY SMITH, A.I C., and Mr. W. R. PRATT, A.I.C.

The Chemical Laboratories, which provide convenient accommodation for Analytical Work and Research, occupy the whole of the top floors of 17, Bloomsbury Square, and 72, Great Russell Street. They comprise a laboratory for Minor Students, one for Major Students, and one for Research. The Laboratories have recently been entirely refitted in accordance with modern requirements, and are now among the best Chemical Laboratories in London.

The Lectures on Elementary Chemistry are delivered by the Professor at 9 o'clock on Thursday and Saturday mornings, and at 2 o'clock on Fridays (commencing in October); and those on Physics are delivered by the Assistant Lecturer on Friday mornings at 9 o'clock. Revision classes in both subjects are held weekly, and, in addition, lectures on the theory of the work in Practical Chemistry are given once a week during the first two terms. The Lectures on Advanced Organic Chemistry are on Monday and Tuesday at 12 o'clock, and on Wednesday for General and Inorganic Chemistry (commencing in October), and those on Physics on

Wednesday and Friday. All the lectures are fully illustrated by experiments. The lectures on Physics include practical demonstrations in the use of physical instruments.

Practical Work in Optics and Electricity is carried on in the Physics Laboratory on Saturday mornings during the Session.

The Lectures in Chemistry, and the Course of Practical Chemistry, are both recognised by the Institute of Chemistry.

ELEMENTARY COURSE.

Lectures on Chemistry.

Constitution of matter. Indestructibility of matter. Physical properties of solids, liquids, and gases. Boyle's law. Charles' law. Avogadro's hypothesis. Characteristics of chemical action. Distinction between elements and compounds. Atomic and molecular weights. Chemical formulæ and nomenclature. Valency. Chief methods of preparation and typical reactions of the following non-metallic elements and compounds :—hydrogen, oxygen, nitrogen, ammonia and ammonium compounds, hydrazine, hydroxylamine, oxides of nitrogen, nitrous and nitric acids, aqua regia. *Water.*—Composition, physical and chemical properties, solution of solids, liquids, and gases in water, properties of solutions. Ozone, hydrogen peroxide. *Air.*—Composition, phenomena of combustion. *Chlorine.*—Industrial methods of production, bleaching, hydrochloric acid, oxides and oxy-acids of chlorine. *Bromine, Iodine.* Compounds with hydrogen and oxygen, iodic acid. Peculiarities of iodine. *Fluorine.*—Hydrofluoric acid. *Carbon.*—Allotropic forms. Carbon monoxide, dioxide, and disulphide ; hydrocarbons ; luminosity of flame ; the Bunsen burner. *Sulphur.*—Allotropic forms, recovery from waste products, hydrogen sulphide, sulphur dioxide and trioxide, sulphurous and sulphuric acids, thiosulphuric acid. *Phosphorus.* Allotropic forms, phosphine and phosphonium compounds, oxides of phosphorus, hypophosphorous and phosphoric acids, chlorides of phosphorus. *Boron.*—Boric acid and borax, boron nitride. *Silicon.*—Silica, silicic acid and silicates, glass, silicon fluoride and chloride, silicofluoric acid.

General characters of metals and non-metals. Meaning attached to the terms acid, base and salt. Electrolysis. Thermo-chemistry. Classification of the elements. Periodicity of chemical and physical properties. The periodic law.

Sources, methods of extraction, and properties of the following metals ; and preparation, properties, adulterations and impurities of their principal compounds :—Lithium, sodium, potassium, calcium, strontium, barium, magnesium, zinc, cadmium, mercury, copper, silver, gold, platinum, aluminium, cerium, tin, lead, arsenic, antimony, bismuth, chromium, manganese, iron, cobalt, nickel.

Recognition and estimation of elements in organic compounds. Empirical and molecular formulæ. Constitutional formulæ. Homology. Isomerism. Saturated and unsaturated compounds. Substitution.

Preparation, chief properties, reactions and mutual relations of the following compounds : Methane, ethane, ethylene, acetylene, paraffin-wax; methyl, ethyl, and amyl alcohols, glycerol; methyl and ethyl chlorides and iodides, chloroform and iodoform ; ether, esters, ethyl and amyl nitrites, methylamine ; cyanogen, hydrocyanic acid and cyanides, ferrocyanides and ferricyanides, nitriles and isonitriles, urea; formaldehyde, acetaldehyde, chloral hydrate, acetone; formic and acetic acids, valeric, palmitic, stearic and oleic acids, acetamide, ethyl acetate, stearin and olein, fats and oils, soaps; lactic acid, oxalic, succinic, tartaric and citric acids ; glucose, lactose, maltose, and cane-sugar, starch, cellulose ; benzene, toluene, isomerism and substitution in the benzene series ; nitrobenzene, aniline and acetanilide. Diazo-compounds; phenol, nitrophenols, phenolsulphonic acid ; benzaldehyde, benzoic acid, salicylic acid ; salicin, quinine, morphine, strychnine.

Lectures on Physics.

States of matter; fundamental and derived units; velocity; acceleration; laws of motion; force; composition and resolution of forces; work; energy, its conservation; transformation and dissipation; the law of gravitation; fluid pressure; density and specific gravity; principle of Archimedes and its application in determining density; atmospheric pressure and its measurement by the barometer; Boyle's law; simple forms of air pump and water pump; nature of heat; meaning of temperature; expansion of solids, liquids, and gases; thermometry; vapour pressure; vapour density and its measurement.

Practical Chemistry.

Tests for potassium, sodium, ammonium, magnesium, calcium, strontium, barium, zinc, manganese, cobalt, nickel, iron, aluminium, chromium, arsenic, antimony, tin, mercury, lead, bismuth, copper, cadmium and silver.

Recognition of chlorides. bromides, iodides, fluorides, hypochlorites, chlorates, nitrites, nitrates, sulphides, sulphites, sulphates, thiosulphates, hypophosphites, phosphates, carbonates, bicarbonates, borates, silicates, arsenites, arsenates, chromates and permanganates.

Identification of acetates, oxalates, tartrates, citrates, salicylates, cyanides, ferrocyanides, ferricyanides, starch, glucose, cane-sugar, salicin, quinine, morphine, and strychnine.

Preparation of a series of typical official inorganic compounds and of chloroform, ethyl acetacte, ethyl nitrite, amyl nitrite, hydrocyanic acid and ether.

Analysis of mixtures containing two metals and two acid radicles.

Detection of common impurities in official salts.

Volumetric analysis. Standardisation and use of volumetric solutions of sulphuric acid, sodium hydroxide, silver nitrate, potassium permanganate, potassium dichromate, iodine and sodium thiosulphate.

Estimation of the total alkaloids in preparations of cinchona, belladonna and ipecacuanha; of strychnine in nux vomica; of morphine in opium preparations; and of resin in tincture of jalap.

In addition to the purely chemical work, instruction is given in the laboratory in practical physics, comprising use of the balance; determination of the specific gravities of liquids and solids; use of the barometer and thermometer; and determination of boiling and melting points by the Pharmacopœial method.

ADVANCED COURSE.

Lectures on Chemistry.

History of the atomic theory, methods by which atomic weights have been determined; specific volume; valency.

Physical properties of matter, diffusion, dissociation, vapour pressure, melting and boiling points, criteria of purity, mixtures, alloys; solutions, osmotic pressure, determination of molecular weights by the freezing-point and boiling-point methods, conductivity, electrolytic dissociation, relative strengths of acids and of bases; law of mass action, reversible reactions, velocity of reaction; heats of formation and of neutralization; influence of light in promoting chemical change; periodicity of chemical and physical properties, comparative study of the properties of non-metals, metals and their compounds from the standpoint of the periodic law.

Classification of carbon compounds; rational formulæ, isomerism, optical activity, correlation of chemical and physical properties with constitution. Constitution, sources, methods of preparation, properties, reactions and mutual relations of the following substances:—

Hydrocarbons of the paraffin, olefine, and acetylene series and their halogen derivatives; primary, secondary and tertiary monohydric alco-

hols, glycol, glycerol, mannitol; ether, mercaptan, ethyl sulphide, esters of inorganic acids; nitroparaffins, ethylamine and its derivatives, alkyl derivatives of phosphorus, arsenic and zinc; formaldehyde, acetaldehyde, chloral, acetone; acetic acid and its homologues, anhydride, chloride, amide and esters. Oleic acid; glycollic and lactic acids, glycocine, ethyl acetoacetate; oxalic, malonic, succinic, malic, tartaric, racemic and citric acids; cyanogen derivatives, cyanuric acid, mustard oil, urea, uric acid; glucose, lactose, maltose, cane-sugar, starch, cellulose; hydrocarbons of the benzene series and their halogen derivatives; nitrobenzene, aniline, diazo-compounds, phenylhydrazine; phenol and its derivatives, resorcinol, pyrogallol, phloroglucinol, benzyl alcohol; benzaldehyde; salicylaldehyde; acetophenone; benzoic acid, salicylic, gallic and tannic acids, mandelic acid, phthalic acid; cinnamene, anethol, eugenol, cinnamic acid, coumarin; naphthalene and its derivatives, naphthol; anthracene, alizarine; terpenes, and citrenes, camphor, essential oils; glucosides and bitter principles, salicin, amygdalin, santonin, aloin; pyridine, quinoline, coniine, atropine, cocaine, quinine, strychnine, brucine, morphine, codeine; alcoholic acetic, lactic, and ammonic fermentation, enzymes and enzyme actions.

Lectures on Physics.

Two rooms are now in use for the teaching of practical physics, and enable Students to acquire a thorough insight into the use and construction of those physical instruments with which a pharmacist should be acquainted. The rooms are fitted with suitable bench accommodation, water, gas, and electricity being available for experimental purposes. One room is more particularly devoted to instruction in the practical study of heat, and in the use of electrical apparatus. The second room is provided with a bench on which photometric and other optical measurements can be made.

Heat and Temperature.—Expansion of solids, liquids, and gases; thermometry; calorimetry; change of state; vapour pressure; hygrometry; liquefaction of gases; conduction and convection of heat; radiation; the mechanical equivalent of heat. *Laws of Propagation of Light.*—Shadows; photometry; reflexion and refraction of light at plane and spherical surfaces; prismatic dispersion; chromatic dispersion in lenses; achromatism; compound microscope and astronomical telescope; the eye; the wave theory of light; interference; diffraction, and polarisation of light.

Magnetism.—Lines of force; magnetic induction; Coulomb's law; terrestrial magnetism; frictional electricity; induction; condensers; electrometers; Volta's cell; forms of voltaic cells; electro-motive force; resistance; measurement of current; Ohm's law; heating and chemical effects of current; electro-magnetism; thermo-electricity; telegraphy; wireless telegraphy; the passage of electricity through gases; simpler phenomena of radio-activity.

The practical work is arranged as far as possible to illustrate the lectures.

Practical Chemistry.

Qualitative analysis of mixtures containing three metallic salts.

Gravimetric estimation of copper, iron, aluminium, calcium, silver, lead, zinc, bismuth, sodium, magnesium, manganese, arsenium, antimony, mercury, tin, ammonia, sulphuric acid, hydrochloric acid, phosphoric acid, carbon dioxide, glucose, lactose, and cane-sugar.

Volumetric estimation of calcium, lead, bismuth, copper, glucose, and cane-sugar.

Preparation of cyanogen, urea, ethyl chloride, iodoform, ethylene dibromide, acetaldehyde, aldehyde-ammonia, formic acid, oxalic acid, nitrobenzene, aniline, benzoic acid and the nitrophenols.

Determination of melting and boiling points.

Recognition of elements and radicles in organic compounds.

Tests for methyl, ethyl, and amyl alcohols, glycerol, chloroform, iodoform, chloral hydrate, ethyl acetate, starch, glucose, lactose, cane-sugar, phenol, resorcinol, pyrogallol, β-naphthol, urea, aniline, acetanilide, phenacetin, phenazone, salol, sulphonal, santonin, salicin, indigo, caffeine, quinine, cinchonine, strychnine, brucine, morphine, codeine and cocaine.

Detection of methyl alcohol in tinctures, liniments, and other galenicals.

Estimation of nitrogen in organic compounds, by the soda-lime and Kjeldahl processes.

Gasometric estimation of nitrites, nitrates, urea, hydrogen peroxide, bleaching powder, and potassium permanganate.

Determination of alkaloidal strength and purity of drugs, galenicals and other official organic preparations. Separation, in a pure state, of morphine from opium, and of strychnine from nux vomica.

THE RESEARCH LABORATORY.

Director of Chemical Research.

PROFESSOR A. W. CROSSLEY, D.Sc., Ph.D., F.R.S., Sec., C.S., F.I.C.

Director of Pharmacy Research.

PROFESSOR HENRY G. GREENISH, F.I.C., F.L.S.

Students who have passed the Major Examination, and other persons desirous of obtaining information concerning the applications of Chemistry to Pharmacy, or of undertaking investigations in the higher branches of Chemistry and Pharmacy, are eligible for admission. In this Laboratory advanced instruction in the methods of scientific investigation is given, under the direction of the Directors and their assistants.

Applications for admission should be made, in the first instance, to one of the Directors, who will submit them to the Research Committee for approval. (For Regulations, see p. 195.)

The Redwood Scholar, the Burroughs Scholar, and the Salters' Research Fellow in Chemistry, carry on their work in this Laboratory. Students of the School of Pharmacy who become Pharmaceutical Chemists are entitled to apply for admission to the Laboratory for the remainder of their Session without payment of any further fee.

MATERIA MEDICA.

The Elementary Course of Lectures in this subject is delivered on Tuesdays at 9 o'clock, commencing in October and extending to the end of June. Each lecture is followed by practical work in the Histological Laboratory. The Histological Laboratory is a large and lofty room on the first floor. It is excellently lighted and fitted with benches, the back ones being raised so as to allow of good illumination for microscopical work. Microscopes, electric lamps, and all accessories, except razors, are provided.

The Advanced Course of Lectures is delivered on Fridays at 12 o'clock, commencing in October, and terminating at the end of March. The lectures are preceded by practical laboratory work.

The Elementary Course will treat of all the drugs included in the Syllabus of the Minor Examination. The physical and diagnostic characters of each will be carefully described, the geographical, botanical (or zoological), and commercial sources indicated, the more important active principles

enumerated, and the mode of collection and preparation for the market described in detail. The morphological nature of such as are organised will be explained, together with the mode of formation of those that are unorganised. Full details are given in the School Prospectus.

The Advanced Course includes instruction in the examination of the principal starches, of kamala, lupulin, lycopodium, etc., as well as in the preparation, examination, and description of sections of typical examples of hairs, spores and glands, leaves, woods, barks, stems, rhizomes, roots, seeds, fruits and flowers. The methods usually adopted for separating the component tissues and elements will be described and practised, and the student thus afforded instruction in the complete histological examination of foods and drugs. The chief diagnostic characters of the more important will be pointed out and instruction will be afforded in the investigation of their powders, and illustrated by the practical examination of certain drugs commonly purchased by the pharmacist in the form of powder.

The lectures will also include the methods of assaying important drugs and of separating such of their active constituents as are official in the British Pharmacopœia.

Pharmacy.

The Lectures on this subject are delivered on Mondays at 2.30 p.m., commencing in October and extending to the end of June. Each lecture is followed by practical work in the Laboratories. The Lectures on Dispensing are delivered on Tuesdays at 2.30 p.m., and are followed by practical work. A Latin class is held at 2 p.m. on Mondays.

Pharmacy includes lectures on, and practical instruction in, the performance of all pharmaceutical operations, such as evaporation, exsiccation, desiccation, disintegration, solution, crystallization, scaling, precipitation, colation and filtration, extraction, lixiviation, infusion, digestion, decoction, maceration, percolation, trituration, levigation, elutriation, expression, and sterilisation, as well as in the production of all classes of galenical preparations, such as medicated waters, dilute acids, collodions, confections, etc. The Pharmacy Laboratory is situated over part of the Examination Hall, and offers ample accommodation for students. It is provided with the apparatus and drugs necessary for the manufacture of galenical preparations, a number of typical examples of which are made by the students during the Session.

Dispensing includes practice in the reading of prescriptions, the detection of errors and unusual doses, and systematic instruction in the weighing, measuring, compounding, and finishing off of medicines. All operations that can be performed at the dispensing counter, such as the various methods of coating pills, preparing tablets and tablet triturates, lozenges and pastilles, suppositories, lamellæ, cachets, capsules, etc., are practised by the student, who will thus be afforded an opportunity of acquiring a sound knowledge of this branch of his business.

During the course of instruction in pharmacy and dispensing modern appliances for the pharmaceutical laboratory and the dispensing counter will be described, and, if possible, practically used, special attention being directed to such apparatus as the retail pharmacist may advantageously employ in the daily routine of his calling.

Instruction is also given in Latin and Prescription Reading, and in the Law relating to the Sale of Poisons.

The Dispensing Laboratory is situated below the Chemical Research Laboratory, and contains two long dispensing counters, each of which accommodates a double row of students. Each bench is provided with a gas jet, water bath, etc., and with drawers containing every requisite for dispensing. The wall space is occupied by shelves on which chemicals and galenical preparations are arranged in four sets. In this laboratory

each student has the opportunity of dispensing about 200 typical prescriptions.

Practical Pharmacy.

The practical work following the lectures will embrace the preparation by the student of a number of typical examples drawn from the official dilute acids, waters, liquors, plasters, extracts, fluid extracts, mixtures. liniments, oils, oleates, syrups, tinctures, ointments, effervescing salts, etc.

Applied Pharmaceutics.

In connection with the Research Laboratory, the Council has provided a Laboratory of Applied Pharmaceutics which is under the charge of the Professor of Pharmaceutics. Students who have passed the Major Examination and others who may be desirous of obtaining practical experience and instruction in manufacturing Pharmacy may be admitted to this special Laboratory on application to Professor Greenish, who will submit their names to the School Committee for approval.

SCHOOL OF PHARMACY PRIZES.

Medals and Prize Certificates are offered for competition by the Council of the Society, and are awarded partly on the results of the class examinations and partly on those of the periodical revision classes in each subject. They can be taken only by subscribers to the Society who have attended at least three-fourths of the course immediately preceding the competition.

* * * * *

Botany, Chemistry, Practical Chemistry, Materia Medica.

At the end of June a Bronze Medal and two Certificates of Honour are offered for competition in each of these subjects by students who have attended the Elementary Course.

At the end of March a Silver Medal and two Certificates of Honour are offered for competition in each of these subjects by students who have attended the Advanced Course.

Pharmacy.

The Council offers the Martindale Memorial Medal in Silver and two Certificates of Honour for competition to subscribers to the Society who have attended the Course of Pharmacy.

C. J. Hewlett Memorial Exhibition.

This award is made by the Council on the recommendation of the Professors to the Student-Associate, other than a Bell Scholar, who most distinguishes himself during attendance at the Elementary Course. The amount of the Exhibition is about £15, and the successful student will be required to attend the next ensuing Advanced Course in the Society's School. The first competition took place in 1910, and the award was made to Miss Dorothy J. Bartlett. In 1911 the exhibition was awarded to Mr. S. H. Stroud.

Copies of "Science Papers" are presented to the Silver Medallists in the advanced course, by the late Sir Thomas Hanbury, in memory of his brother, Daniel Hanbury, F.R.S,

MEMBERSHIP OF THE SOCIETY.

Every person registered as a Chemist and Druggist within the meaning of the Pharmacy Act, 1868, is entitled to apply for admission as a Member of the Pharmaceutical Society. There is no entrance fee to be paid, but all applications for election must be made in the form prescribed by the Bye Laws. Printed forms of application have been prepared and may be obtained from the Offices of the Society, 17, Bloomsbury Square, London, and 36, York Place, Edinburgh. Members of the Society are granted Certificates of Membership which they are entitled to possess and use during the continuance of membership ; but on the death of a Member, or on his ceasing to subscribe, the certificate again becomes the property of the Society and must be returned to the Office.

The Membership of the Society on December 31st, 1911, was above seven thousand.

STUDENT-ASSOCIATES.

Persons registered as " Apprentices or Students " are eligible to become Student-Associates of the Society, and printed forms of application for election may be obtained at the Offices of the Society.

PRIVILEGES OF SUBSCRIBERS.

All subscribers are supplied with the *Chemists' Annual* and the *Pharmaceutical Journal* regularly as published, free of charge, and

have the privilege of obtaining the Journal publications—such as the *P. J. Formulary, The British Pharmaceutical Codex*, and similar works—at a special preferential price. The use of the Members' Rooms, Library and Museums is also free to every one associated with the Society. Books from the Library may be borrowed subject to the Library Regulations—which are published in this Calendar, see *Index*—and the outward carriage of books to provincial borrowers is paid by the Society. The Evening Scientific Meetings of the Society are open to all subscribers and their friends. Members are eligible for nomination as candidates for election to the Council, and are entitled to vote at all meetings of the Society. They have also a voice in the administration of the Benevolent Fund. Pharmaceutical Chemists may compete for the Redwood and the Burroughs Scholarships, and Members who have passed the Major Examination are also entitled, under certain conditions, to compete for the Pereira Medal and Council Prizes. The conditions of competition will be found in this Calendar under the heading of the particular Scholarships or Prizes.

Student-Associates are entitled to compete for the Jacob Bell Memorial Scholarships, the Manchester Pharmaceutical Association Scholarship, the Hewlett Exhibition and the Herbarium Prize, for particulars of which the *Index* should be consulted. They are also entitled to enter the Society's School of Pharmacy at reduced fees.

Annual Subscriptions.

Members	One Guinea.
Life composition Fee for Members	Ten Guineas.
Student-Associates	Half a Guinea.

N.B.—All subscriptions are payable on application for Election, and on January 1st in each succeeding year, and must be paid before March 31st. Former subscribers may be restored to their status in the Society on payment of the subscription for the current year.

SCHOLARSHIPS AND PRIZES.

THE JACOB BELL MEMORIAL SCHOLARSHIPS.*

Two Bell Scholarships are offered annually and come into operation at the commencement of the Session in October, and the scholars shall for that Session be pupils in the School of the Pharmaceutical Society.

Annual Value of Scholarships.—Each scholarship is of the annual value of £25, and is tenable for one year only. The scholar may, however, at the termination of his year of tenure apply for free admission to the next ensuing Advanced Course in the School of Pharmacy. The payment will be made in two moieties ; the first to be paid when the scholar enters upon his studies in the school, and the second at the expiration of five months. In addition to the Endowment, the Council provides for the Bell Scholars free Laboratory instruction and admission to the lectures, thus enhancing the pecuniary value of the Scholarships by at least £30. Books of the value of £5—given by the late Thomas Hyde Hills—are divided equally between the Scholars.

Subjects of Examination.

Latin :—Translation of " unseen " passages. Latin into English, English into Latin.

French or German :—Translation of " unseen " passages. French or German into English, English into French or German.

Chemistry, Pharmacy, and Botany :—A three hours' paper dealing with these subjects in their relation to the British Pharmacopœia. The questions will be based upon an elementary knowledge of the principal Chemicals, Drugs, and Processes of the British Pharmacopœia such as a student may reasonably be expected to have acquired during apprenticeship.

No questions will be set either in English Grammar or in Arithmetic. The value of a competitor's English will be judged from the quality of his written work, considered as a whole ; whilst in Arithmetic the competitor's knowledge will be tested by problems presented in the course of the technical paper.

Conditions of the Competition.—Each competitor must give notice to the Registrar on or before June 1st.

The notice must be accompanied by—

(*a*) A Registrar's Certificate of Birth.

(*b*) Testimonials from present or previous employers, or masters, as to capability, industry, and general conduct.

---

* A scholar is supposed to be *commencing* his studies, or at least to have made only that progress which may be reasonably looked for during an apprenticeship. The object of the examination is to ascertain that the candidate has such an amount of ability, and affords evidence of having made such use of it in the acquirement of elementary knowledge, as will justify the expectation of his proving a successful student, who may do credit to the appointment, and become a useful and accomplished member of the pharmaceutical body.

(*c*) A declaration that the competitor has passed not less, or has been engaged not less than three years in the pharmacy of a Registered Pharmaceutical Chemist, or Chemist and Druggist. (The form on which this declaration is to be made can only be obtained from the Registrar.)

At the time of giving notice the Competitor must be a "Student-Associate" of the Society.

On the day on which the examination is held the Competitor must be not less than twenty or more than twenty-two years of age.

No person to whom a Manchester Pharmaceutical Scholarship has been awarded, or who has entered for the Minor Examination, is permitted to compete for a Bell Scholarship.

The examination for these scholarships will take place on the third Tuesday in June, and competitors may elect to sit at either the London, Edinburgh or Manchester centre. It is wholly in writing, and is conducted under such conditions as the Council may from time to time deem expedient. The written papers must be distinguished by a motto, and not by the name of the competitor.

The examination is conducted by an examiner or examiners appointed by the Council, and the award made (subject to the approval of the Council) by a Committee consisting of the President, the Vice-President, and the said examiner or examiners.

QUESTIONS SET IN 1911.

Latin and French or German.

Time allowed: Two Hours.

Examiner—Thomas Tickle, B.Sc. (Lond.), F.I.C.

Notice.—In framing Answers, Candidates should not enlarge upon the Questions, but should confine themselves to giving, as briefly and clearly as they can, the information required. In awarding marks, the neatness and legibility of the writing will be taken into account.

Latin.

1. *Translate into English*:—Haec ubi dixit, paululum commoratus, signa canere jubet; atque instructos ordines in locum aequum deducit: dein, remotis omnium equis, quo militibus, exaequato periculo, animus amplior esset, ipse pedes exercitum, pro loco atque copiis, instruit. Nam uti planities erat inter sinistros montes, et ab dextra rupe aspera, octo cohortes in fronte constituit: reliqua signa in subsidio arctius collocat. Ab his centuriones omnes lectos, et evocatos, praeterea ex gregariis militibus optimum quemque armatum in primam aciem subducit. C. Manlium in dextera, Faesulanum quemdam in sinistra parte curare jubet: ipse cum libertis et colonis propter Aquilam adsistit, quam bello Cimbrico C. Marius in exercitu habuisse dicebatur.

At ex altera parte C. Antonius, pedibus aeger, quod proelio adesse nequibat, M. Petreio legato exercitum permittit. Ille cohortes veteranas, quas tumulti causa conscripserat, in fronte; post eas caeterum exercitum in subsidiis locat. Ipse equo circumiens, unumquemque nominans apellat, hortatur, rogat, uti meminerint, se contra latrones inermos, pro patria,

pro liberis, pro aris atque focis suis cernere. Homo militaris, quod amplius annos triginta tribunus, aut praefectus, aut legatus, aut praetor in exercitu fuerat, plerosque ipsos factaque eorum fortia noverat; ea commemorando militum animos accendebat.

2. *Translate into English* :—Spiritus libras duas retortae vitreae infunde, eique acidum adjice, et misce. Dein in arenam impone, et calorem auge, ita ut quam primum ebulliat liquor, transeatque aether in vas recipiens glacie vel aqua refrigeratum. Destillet liquor, donec pars aliqua gravior transire incipiat. Liquori, qui restat in retorta, calore prius imminuto, reliquum spiritum affunde, ut simili modo destillet aether.

Liquores destillatos conjunge, tum partem supernatantem effunde, eique, adjice potassae carbonantem, subinde per horam agitans. Denique ex retorta ampla destillet aether, et in vase obturato servetur.

3. *Translate into Latin* :—Meanwhile the Romans had done little or nothing to check their enemy. At last the consul, Publius Cornelius Scipio, arrived at Massilia and was surprised to find that Hannibal was about to cross the Rhone. But he was too late to oppose the passage and Hannibal crossed the river without hindrance.

4. *Translate into Latin* :—Mix the potassium carbonate, previously dried, and the sulphur, in a warm mortar; introduce them into a crucible; heat this, at first gradually, until effervescence has ceased, and finally to dull redness, so as to produce perfect fusion.

French or German.

French.

1. *Translate into English* :—Si tout est silence et repos dans les savanes de l'autre côté du fleuve, tout ici, au contraire, est mouvement et murmure. Des coups de bec contre le tronc des chênes, des froissements d'animaux qui marchent, broutent ou broyent entre leurs dents les noyaux des fruits; des bruissements d'ondes, de faibles gemissements, de sourds meuglements, de doux roucoulements, remplissent ces déserts d'une tendre et sauvage harmonie. Mais quand une brise vient à animer ces solitudes, à balancer ces corps flottants, ä confondre ces masses de blanc, d'azur, de vert, de rose, à mêler toutes les couleurs, à réunir tous les murmures, alors il sort de tels bruits du fond des forêts, il se passe de telles choses aux yeux, que j'essayerais en vain de les décrire à ceux qui n'ont point parcouru ces champs primitifs de la nature.

2. *Translate into English* :—Broyez les quatre premières substances ensemble, mettez-les sur le feu avec un peu plus d'un litre d'eau; chauffez, en agitant continuellement, jusqu'à l'ébullition (autrement la mie de pain se prend et se brûle au fond du vase), et faites bouillir un quart d'heure dans un vase couvert; passez avec légère expression à travers une étamine peu serrée, et ajoutez l'eau de fleurs d'oranger. Ces proportions doivent donner un litre de liquide.

3. *Translate into French* :—The future of such a nation is a problem of great interest. It is one which must have, in its ultimate solution, the greatest material effect upon Europe, because of the country's vast natural resources and the industry and capability of its teeming inhabitants, whose power, it is believed by some, is destined to become again, as it was ages ago, the greatest in Asia.

German.

1. *Translate into English* :—Es sind vergangene Zeiten, als für dynastische Zwecke kleine Heere von Berufssoldaten ins Feld zogen, um eine Stadt, einen Landstrich zu erobern, dann in die Winterquartiere rückten oder Frieden schlossen.

Die Kriege der Gegenwart rufen die ganzen Völker zu den Waffen, kaum eine Familie, welche nicht in Mitleidenschaft gezogen würde. Die voll

Finanzkraft des Staates wird in Anspruch genommen, und kein Jahreswechsel setzt dem rastlosen Handeln ein Ziel.

Solange die Nationen ein gesondertes Dasein führen, wird es Streitigkeiten geben, welche nur mit den Waffen geschlichtet werden können, aber im Interesse der Menschheit ist zu hoffen, dass die Kriege seltener werden, wie sie furchtbarer geworden sind.

Ueberhaupt ist es nicht mehr der Ehrgeiz der Fürsten, es sind die Stimmungen der Völker, das Unbehagen über innere Zustände, das Treiben der Parteien, besonders ihrer Wortführer, welche den Frieden gefährden.

2. *Translate into English* :—Käufliches, nur ganz gröblich zerkleinertes Blutlaugensalz wird in geräumigen Schalen von Eisen in dünner Schicht ausgebreitet, und bei mässiger Erwärmung solange erhitzt, bis die Krystalle durch und durch verwittert sind. Dann wird das Salz noch warm zu feinem Pulver zerrieben, wieder auf derselben Schale ausgebreitet und noch einige Stunden bei gleichmässiger Temperatur getrocknet.

3. *Translate into German the passage set for translation into French.*

Chemistry, Pharmacy and Botany.

Time allowed: Three Hours.

1. State what you understand by the term "salt."

Name any salts of the British Pharmacopœia which have (*a*) alkaline properties not due to a surplus of combined akali and (*b*) acid properties not due to a surplus of combined acid.

Discuss the properties of the acids and bases which yield such salts.

2. Describe the course of effects you would expect to be successively produced during the evaporation of each of the following liquids to dryness: Solution of Ammonia, Diluted Acetic Acid, Solution of Ferric Nitrate, Solution of Mercuric Chloride, Hydrochloric Solution of Arsenic.

3. How would you purify a specimen of Solution of Zinc Chloride from traces of iron or lead?

4. State the composition and describe the characters of the following: Grey Powder, Blue Pill, and Mercury Ointment.

5. Write a short article on the selection of excipients for massing various pill ingredients.

6. Describe as fully as you can the preparation of one of the following: Compound Decoction of Aloes, Black Draught, or Syrup of Rhubarb.

7. Describe what you know of conditions adapted to cross fertilisation in plants.

8. Describe one of the following plants: Broom, Lavender, or Poppy.

MANCHESTER PHARMACEUTICAL ASSOCIATION SCHOLARSHIP.

One Scholarship is offered annually, and is presented at the commencement of the session of the School of Pharmacy in October. The Scholar shall for that session be a pupil in that School, or in case he may elect, he shall be a pupil in any Provincial School of Pharmacy approved by the Council of the Society.

The Scholarship is of the value of about £26 (the income arising from a sum of £750), which is to be expended for instruction in the School of the Society, or in the Provincial School selected by the Scholar and approved by the Council of the Society.

Subjects of Examination.

Latin :—Translation of "unseen" passages. Latin into English, English into Latin.

French or German :—Translation of "unseen" passages. French or German into English, English into French or German.

Chemistry, Pharmacy, and Botany :—A three hours' paper dealing with these subjects in their relation to the British Pharmacopœia. The questions will be based upon an elementary knowledge of the principal Chemicals, Drugs, and processes of the British Pharmacopœia such as a student may reasonably be expected to have acquired during apprenticeship.

Conditions of the Competition.—Each Competitor must give notice to the Registrar on or before June 1st.

The notice must be accompanied by—

(*a*) A Registrar's Certificate of Birth.

(*b*) Testimonials from present or previous employers or masters as to capability, industry, and general conduct.

(*c*) A declaration that the Competitor has passed not less, or has been engaged not less than three years in the pharmacy of a Registered Pharmaceutical Chemist, or Chemist and Druggist, in Lancashire, Cheshire, or the High Peak Parliamentary Division of Derbyshire. (The form on which this declaration is to be made can only be obtained from the Registrar.)

At the time of giving notice the Competitor must be a "Student-Associate" of the Society.

On the day on which the examination is held the Competitor must be not less than nineteen or more than twenty-one years of age. The examinations are held at the same time and centres as for the Jacob Bell Scholarships, and the award made in the same manner and by the same persons as in the case of those Scholarships.

No person to whom a Bell Scholarship has been awarded is permitted to compete for the Manchester Pharmaceutical Association Scholarship. A Competitor who has entered for the Minor Examination shall not be awarded a Manchester Scholarship, and a Manchester Scholar entering for the Minor Examination within six months of the commencement of the Session for which his scholarship is tenable shall forfeit the Scholarship.

QUESTIONS SET IN 1911.

Examiner—THOMAS TICKLE, B.Sc. (Lond.), F.I.C.

The papers in French, German, and Latin, set for this examination are the same as those set for the Jacob Bell Scholarships Examination.

BOTANY, CHEMISTRY, AND PHARMACY.

Time allowed: Three Hours.

1. Explain what is meant by the term "saturated solution." State what you know of the saturation solubility of the following substances: Potassium Chlorate, Mercuric Chloride, Arsenious Anhydride, Iron and Ammonium Citrate and Hydrocyanic Acid.
2. How is Reduced Iron prepared? Describe the effect of moist air on it, and also the effect produced by heating it in a current of steam.
3. How is Precipitated Sulphur produced? Give in outline the Chemistry of the process, and state how you would test the purity of a specimen.
4. How are the following prepared: Confection of Roses, Mucilage of Tragacanth, and Glycerin of Starch?
5. Write a short article on the selection of pill coatings, suitable for the protection of different classes of ingredients.
6. Describe as fully as you can the preparation of one of the following: Compound Liquorice Powder, Compound Tincture of Cardamoms or Compound Rhubarb Pill.
7. Give a description of some typical methods of storage of reserve food material by plants.
8. Describe one of the following plants: Hemlock, Elder, or Hop.

THE REDWOOD SCHOLARSHIP.

The Redwood Scholarship is offered biennially in April to Pharmaceutical Chemists who are desirous of obtaining advanced instruction in Chemistry and Chemical Pharmacology, with a view to conducting original investigations in these subjects.

The scholar, thanks to the increase of the endowment realised through the efforts of the late Mr. Michael Carteighe, now receives the sum of at least £60, and is provided, free of cost, with a working bench, apparatus and materials in the Research Laboratory of the Pharmaceutical Society. He is required to work under the supervision of the Directors, and to observe the rules and regulations of the Laboratory. The nomination of the scholar is made by the Research Committee after ascertaining the candidate's fitness by means of an examination in Chemistry and Materia Medica, or in such other manner as the Committee may think fit. The nomination of the Research Committee is submitted for the approval of the Council, which elects the scholar.

A Redwood scholar may be re-elected on the recommendation of the Research Committee.

The holder of a Jacob Bell Memorial Scholarship, if he be a Pharmaceutical Chemist, is eligible for election as a Redwood scholar after the expiration of his Bell Scholarship.

Applications for the Redwood Scholarship must be sent to the Registrar of the Pharmaceutical Society not later than the 25th day of April, 1912, or on the corresponding date in alternate years.

THE BURROUGHS SCHOLARSHIP.

The Burroughs Scholarship is offered biennially in April to Pharmaceutical Chemists who are desirous of obtaining advanced instruction in Chemistry and Pharmacy, with a view to conducting original investigations in these subjects.

The scholar receives the sum of about £50, and is provided, free of cost, with a working bench, apparatus, and materials in the Research Laboratory. He is required to work under the supervision of the Directors, and to observe the rules and regulations of the Laboratory. The nomination of the scholar is made by the School Committee after ascertaining the candidate's fitness by means of an examination in Chemistry and Pharmacy, or in such

other manner as the Committee may think fit. The nomination of the Committee is submitted for the approval of the Council, which elects the scholar.

Applications for the Burroughs Scholarship must be sent to the Registrar of the Pharmaceutical Society not later than April 25, 1913, or on the corresponding date in alternate years. No appointment was made in 1905, but a scholar was elected in 1906 to fill the vacancy.

COUNCIL EXAMINATION PRIZES.

Pharmaceutical Chemists who were Members of the Society at the time of passing the Major Examination will be entitled to enter for the following prizes at the competition next following the date on which they passed the Major Examination :—

First Prize.—Pereira Medal in silver, and a present of books value £5, or thereabouts, given by the late Thomas Hyde Hills in memory of Jacob Bell.
Second Prize.—The Pharmaceutical Society's Medal in silver.
Third Prize.—The Pharmaceutical Society's Medal in bronze.

Subjects of Examination.—Materia Medica ; Botany ; and Chemistry.

The competition for these prizes takes place in April of every year, after the ordinary meetings in that month of the Boards of Examiners.

The Registrar communicates with each person entitled to compete, requiring not less than three days' notice of his intention to present himself for examination ; and no person will be admitted to compete unless he shall have given the required notice.

The Examination is a written one, and competitors may be examined in London or in Edinburgh.

The Council selects and appoints special Examiners, who set the questions, examine the answers, and report the result direct to the Council.

PEREIRA MEDAL COMPETITION.

QUESTIONS SET IN 1911.

BOTANY.

Time allowed: One and a Half Hours.

Examiner—Dr. F. E. FRITSCH.

Answer EITHER of the first two questions, and any TWO of the remaining ones, but not more. Wherever possible, answers should be accompanied by illustrative sketches.

1. What are laticiferous elements? Describe carefully their structure and mode of development, and state how you would distinguish between the different types of laticiferous elements. Name three plants in which each type occurs.

2. How would you measure the rate and distribution of growth in a root? How would the rate of growth of the root be affected (*a*) by raising the temperature, (*b*) by lowering the temperature, (*c*) by allowing the root to grow in a small closed space? Give reasons for your answer.

3. Give a brief account of the structure and methods of reproduction of any common Lichen. What features of physiological interest are presented by the organisms of this group?

4. What reasons can you bring forward to justify the statement that the Phanerogamia are on a higher plane of development than the Pteridophyta?

5. Illustrate by reference to the natural Orders with which you are familiar the value for classificatory purposes of any *two* of the following characters: (*a*) the inflorescence, (*b*) the mode of placentation in the ovary, (*c*) the fruit.

CHEMISTRY.

Time allowed: Three Hours.

Examiner—PROFESSOR HERBERT JACKSON, F.I.C.

1. Explain the meaning of the term "migration velocities of ions." Describe methods of determining (*a*) the relative velocities and (*b*) the absolute velocities of the ions in a solution of an electrolyte such as potassium choride.

2. What reactions occur when chlorine acts in the cold on aqueous solutions of ammonia, hydrogen sulphide, sodium carbonate, silver nitrate, sodium thiosulphate?

3. Write a short essay on colloids.

4. Give a general account of the chief methods which have been employed for the separation of the optically active constituents of racemic compounds.

5. Describe reactions which illustrate the resemblances and differences between the following aliphatic and aromatic compounds: acetaldehyde and benzaldehyde; diethylamine and diphenylamine; ethyl bromide and phenyl bromide; ethyl alcohol and phenol; potassium ethyl sulphate and potassium phenyl sulphate.

6. Describe the synthesis of a hexose. How may a hexose be converted into a pentose and the latter back into a hexose? How would you recognize a pentose and distinguish it from a hexose?

MATERIA MEDICA.

Time allowed: One and a Half Hours.

Examiner—E. SAVILLE PECK, M.A.

1. Write a short account of the cultivation, collection, and preparation for the market of *three* of the following drugs: Catechu, Cinchona, Dill, Guaiacum, Henbane, and Hydrastis Canadensis.

2. Give an outline of the chemistry of three of the common essential oils of the British Pharmacopœia and the general methods employed for determining their genuineness or otherwise.

3. How would you distinguish from one another the following fruits:—anise, caraway, cummin, fennel, and hemlock? Illustrate your answer by diagrams.

HERBARIUM PRIZE.

A Silver Medal is annually offered by the Council for the best Herbarium, collected in any part of the United Kingdom, the Channel Islands, or the Isle of Man, between the first day of January in one year and the first day of July in the year following ; and should there be more than one collection possessing such an amount of merit as to entitle the collector to reward, a second Prize, consisting of a Bronze Medal, and also Certificates of Honour, will be given at the discretion of the Council. In the event of none of the collections possessing sufficient merit to justify the Council in awarding Medals and Certificates, none will be given.

Competitors must be " Student-Associates " of the Society, and under twenty-one years of age.

The collections must consist of Phanerogamous Plants and Ferns, arranged according to the Natural System adopted in some work on British Botany (such as that of Babington or Hooker), and be accompanied by lists, arranged according to the same method.

No collection may contain more than 150 specimens, which must be carefully selected and mounted so as to display the characteristic features of the more prominent and *typical* genera of the chief British Natural Orders. The name of each plant, its habitat, and the date of collection, must be stated on the paper on whch it is mounted.

Each collection must be accompanied by a note, containing a declaration, signed by the collector, and certified by his employer, or a Pharmaceutical Chemist to whom the collector is known, to the following effect :—

> The specimens which accompany this note were collected by myself, between the first day of January, 19—, and the first day of July, 19—, and were named and arranged without any other assistance than that derived from books.

The merits of the collections will be estimated not so much by the number of plants as by the correctness with which they are named, and by their being typical specimens. The manner in which they are preserved and mounted will also be taken into account.

The collections must be forwarded to the Registrar of the Society Bloomsbury Square, so that they may be received by him not later than the first day of July, indorsed " Herbarium for Competition for the Prize." After the prize distribution in October, they will be retained one month, under the care of the Curator of the Museums, and then returned to the collectors, if required.

THE MUSEUM.

E. M. Holmes, F.L.S., *Curator.*

The Museums of the Society contain an extensive, and in many ways unique, collection of Materia Medica and articles allied thereto, and are freely accessible to Members and Student-Associates, subject only to necessary regulations for the protection of the specimens. Persons interested or engaged in the examination or scientific investigation of Medicinal substances are granted permission to visit the Museums on application to the Secretary, and the Council is always glad to authorize the Curator, when occasion arises, to specially facilitate the inquiries of medical or other investigators. The specimens are classified and exhibited in such a manner as to afford Students the best opportunities for instruction in the recognition and comparison of Leaves, Flowers, Fruits, Seeds, Herbs, and Stems ; whilst those articles of historic and literary interest—in which the Museum is singularly rich—are conveniently arranged for purposes of reference.

In addition to ordinary commercial drugs, official and non-official, the Society's collection comprises a large portion of the Museum of the late Dr. Pereira, a valuable series of specimens of Chinese and Indian drugs, and contributions from scientific men in different parts of the world which serve to illustrate the natural history of drugs and medicines. A large Herbarium of Medicinal plants is also at the service of subscribers to the Society, and a collection of microscopic slides illustrating botanical structure and histological characteristics has been placed in charge of the Curator for loan to Students and others who may desire to examine particular slides on the Society's premises. A microscope is provided in the Library, and another is available, if required, in the Hanbury Room.

The additions made to the Museums from time to time are reported monthly to the Council, and are published in the *Pharmaceutical Journal.* They also form an interesting feature at the Evening Meetings of the Society, where they are exhibited, and, if necessary, described by the Curator.

A catalogue of the Hanbury Herbarium may be obtained by Members and Student-Associates on application to the Curator, who will furnish subscribers with detailed information on matters connected with his Department.

The Museum is open from 9 a.m. to 6 p.m. daily, except on Saturday, when it is closed at 2 p.m. The Museum is closed during the first fortnight in September.

THE LIBRARY.

J. W. Knapman, *Librarian.*

The Library is available for the use of subscribers to the Society. It contains some fourteen thousand volumes and pamphlets, comprising the standard works on Chemistry, Botany, Materia Medica, and the allied Physical and Natural Sciences, as well as the chief British and Foreign scientific publications dealing with those subjects. The current Medical, Scientific and Pharmaceutical periodicals are also regularly provided. Adequate accommodation exists for the convenience of Members and Students desiring to use the Library for reference or study ; whilst those who are precluded, on account of residing outside the metropolitan area, from personally

attending the Library, have the privilege of borrowing books subject to the conditions specified in the subjoined Regulations. The outward carriage of such books is defrayed by the Society. A revised Catalogue of the books in the Library in London and in Edinburgh was published in 1911, and may be obtained by subscribers, price 1*s.* 6*d.*, on application to the Librarian. The present Regulations are as follows, and any modifications thereof from time to time are announced in the *Pharmaceutical Journal*:—

REGULATIONS.

1. The Library is open daily, except Saturdays—From October to June, 9 a.m. till 6 p.m.; from July to September, 9 a.m. till 5 a.m; Saturdays, 9 a.m. till 2 p.m.; Evening Meeting nights, 6 p.m. till 8 p.m.

2. Subscribers to the Society may obtain books on making personal or written application for them.

3. No person shall have more than two volumes at a time, or be entitled to keep any book for a longer period than fourteen days, except subscribers residing in the provinces, who shall be allowed to retain books twenty-one days. But when a book is due it may be borrowed again upon application to the Librarian, provided it has not been bespoken by any other person. Books which have been bespoken shall circulate in rotation according to priority of application.

4. The scientific journals shall not be circulated until the expiration of the month of publication. The volumes comprising the Hanbury Library, works containing valuable plates, and certain standard works of reference shall not be circulated; such books shall be distinguished in the catalogue by an asterisk.

5. If, under special circumstances, more than the stipulated number of volumes, or the loan of any volume marked with an asterisk, be required, the Librarian is authorized to supply them, on receiving the sanction of the Secretary, who shall report the loan to the Library Committee at their next meeting.

6. The outward carriage of books borrowed by subscribers residing in the provinces will be defrayed by the Society.

7. If a book be retained by a borrower after written application has been made to him for it, the Council may order it to be replaced, and charge the borrower in default with the amount thus incurred. If any book, when returned, is found to have been damaged, the borrower shall make good the damage or replace the book.

8. The Library is closed during the first fortnight in September, to admit of the examination of the books.

MEMBERS' ROOMS.

For the convenience of Members and Student-Associates visiting Town who may desire to write letters or transact ordinary business matters, two rooms have been reserved; one for general conversation and the other for business interviews. Accommodation for any special requirements can generally be arranged for subscribers if timely notice be given to the Secretary.

Persons ineligible to become connected with the Society, who are desirous of obtaining admission to the Museum, or to the Library, should make application to the Secretary.

THE RESEARCH LABORATORY.

Director of Chemical Research—

PROFESSOR A. W. CROSSLEY, D.Sc., Ph.D., F.R.S., Sec. C.S.

Director of Pharmaceutical Research—

PROFESSOR HENRY G. GREENISH, F.I.C., F.L.S.

The Research Laboratory was instituted in January, 1888, for the purpose of furthering Pharmaceutical research. It is open, without payment of any fee, to properly qualified persons who wish to carry out investigations. It is managed by a Committee appointed by the Council,and is under the direction of the Professor of Chemistry and the Professor of Pharmaceutics. The holders of the various post-graduate Scholarships in the appointment of the Council carry out their work in this Laboratory. The following are the regulations which relate to the admission of workers :—

1. Any person who desires to assist in the researches undertaken by the Directors, or who wishes to pursue an investigation on his own account, may be admitted as a worker by the Committee on the nomination of either of the Directors, to whom written application is to be made for the purpose. A worker who desires to remain engaged in investigation for more than one year shall renew his application for admission each year.

2. Each worker will be expected before his admission to satisfy one of the Directors of his competency, and if he wishes to undertake any particular investigation he must also furnish a statement in writing of its nature and extent.

3. Every worker will be furnished with gas and water, and, at the discretion of the Director under whose direction he is to work, with such materials and apparatus as may be requisite. He will be expected, on being called upon by the Director, to reinstate such apparatus as he may damage.

4. No inquiry having a direct commercial object shall be conducted in the Laboratory.

5. The selection of subjects for investigation shall be left to the discretion of the Committee, assisted by the Directors. The Directors shall allow the utmost freedom to each investigator in the methods of research, so far as they are consistent with the orderly government of the Laboratory. No publication of any research shall take place without the sanction of the Committee or Directors, and in all cases the words, " Communication from the Research Laboratory of the Pharmaceutical Society of Great Britain," or their equivalent, shall be appended to the title of each paper.

6. The Directors shall have power (for any sufficient cause) to order a worker to cease to use the Laboratory at any time or immediately, but the worker shall have a right of appeal to the Committee, whose decision shall be final.

THE RESEARCH FELLOWSHIP.

In order to promote and encourage the extension of chemical and botanical knowledge in their relations to pharmacology and pharmacy, by experimental inquiry on the part of those pharmaceutical chemists who by reason of their special training are competent to undertake it, the Council in 1892 established a Research Fellowship of the Society under the following conditions :—

1. "Any pharmaceutical chemist, being a member of the Society, who has systematically worked for at least one session in the Research Laboratory of the Pharmaceutical Society of Great Britain, or in another similar laboratory approved by the Research Committee, and is, in the judgment of the Directors of the said laboratory, proficient in the principal methods of chemical research, especially as applied to pharmacology and pharmacy, shall be eligible to receive from the Council the title of Research Fellow of the Pharmaceutical Society on the following conditions :—

2. "That the candidate carries out to the satisfaction of the Research Committee, or of some person or persons appointed by them, an investigation, the subject of which shall be set or approved by the Committee, to which the candidate shall have devoted at least three months' independent work in the Research Laboratory of the Pharmaceutical Society, or in another laboratory approved by the Research Committee, without receiving any such assistance as would deprive the investigation of its independent character from the officers of the said laboratory, one or more of whom may, however, be requested by the Committee to watch the progress of the inquiry and furnish a report as to the manner in which the work has been done, and also a signed declaration as to its independence.

3. "The candidate shall submit to the Committee an exact and orderly account of the experiments he has made, and of the conclusions which he has drawn from them, and this account shall be written in the usual form of a scientific memoir, and when necessary shall include, as an introduction, an adequate discussion of the previous literature of the subject.

4. "The Research Fellowship may be awarded to a pharmaceutical chemist, being a member of the Society, upon evidence of botanical training and capacity for research and upon conditions in respect to training and investigation similar to those laid down for chemistry in the foregoing clauses.

5. "No person other than a pharmaceutical chemist and a member of the Society shall hold the title of Research Fellow."

SALTERS' RESEARCH FELLOWSHIP IN CHEMISTRY.

This Fellowship, of the annual value of £100, is offered by the Worshipful Company of Salters. It is tenable for not more than 3 years in the Research Laboratory of the Society, and the holder is expected to devote his whole time to original investigation.

The following are the Rules and Regulations for the award of the Salters' Company Fellowship :—

1. The subject of the Fellowship shall be chemistry considered especially in its relation to pharmacology, that is, the application of the newest methods of scientific chemistry to the elucidation of pharmacological problems.

2. The Fellowship shall be of the annual value of £100, and shall be tenable for not more than three years in succession, except by special permission of the Court of the Salters' Company. If a Fellow who has already held the office for one or two years desires to be re-elected, he shall renew his application each year, and his nomination shall be subject to his work having been carried on to the satisfaction of the Director of the Research Laboratory. The Fellow elected shall devote his whole time to research in the Research Laboratory of the Pharmaceutical Society, under the supervision of the Directors, and he shall not hold any other office or appointment except by special permission of the Court of the Salters' Company, granted on the strong recommendation of the Directors and of the Research Committee of the Pharmaceutical Society. Any person duly qualified in the methods of chemical research shall be eligible for selection, preference being given to a candidate who has already worked for one or more sessions in the Research Laboratory.

3. The nomination of the Fellow shall be made to the Court of the Salters' Company by the Research Committee of the Pharmaceutical Society, on the recommendation of the Directors of the Research Laboratory, who shall adopt any method they may deem desirable to test the fitness of a candidate. The election of the Fellow shall be made by the Court of the Salters' Company, which meets on the first Thursday in October of each year.

The holders of the Fellowship since its institution in 1894 are as follows :—

1894.	Carr, F. H.	1903–4.	Hills, J. Stuart.
1897.	Tickle, T.	1905–7.	Renouf, Nora.
1899.	Chapman, E. M.	1908–10.	Gilling, Charles.
1900–3.	Garsed, W.	1911.	Renouf, Nora.

THE HANBURY MEMORIAL FUND.

The Council of the Pharmaceutical Society are the Trustees of a Fund raised to establish a Memorial to Daniel Hanbury, who died in 1875.

The Memorial takes the form of a Gold Medal, which is awarded biennially for high excellence in the prosecution or promotion of original research in the Chemistry and Natural History of Drugs.

The Medal is awarded by the following adjudicators :—The respective Presidents for the time being of the Linnean, Chemical, and Pharmaceutical Societies, and of the British Pharmaceutical Conference, together with one Pharmaceutical Chemist, who shall, prior to each award, be nominated by the last-named two Presidents.

The recipient of the medal also receives the sum of £50, presented in the name of Sir Thomas Hanbury, K.C.V.O., as an expression of his desire to be associated with the Memorial to his brother.

HANBURY MEDALLISTS.

NORTH BRITISH BRANCH.

36, York Place, Edinburgh.

J. Rutherford Hill, *Assistant Secretary in Scotland.*

The following resolution was passed by the Council at a Meeting held on November 3rd, 1886 :—

"1. That with a view to define the significance, application, and use of the term North British Branch, it is desirable to place on record that the use of the term shall be understood to apply to the Board of Examiners in Scotland ; to the Executive referred to in clause 2 ; to persons appointed to hold any honorary office by the Council and acting in Scotland in its behalf ; and to the House and all other property of the Society in Edinburgh.

"2. In order to assist the Council in its management of the Branch an Executive of not more than twenty-one members shall be formed, to be called the Executive of the North British Branch of the Pharmaceutical Society of Great Britain.

"3. The President and Vice-President of the Society and such members of Council as may be resident in Scotland shall be *ex-officio* members of the Executive. The others, to make up a number not exceeding twenty-one, shall be elected annually by the members [*and associates in business*] resident in Scotland. Travelling expenses of members of the Executive living outside Edinburgh to be paid.

"4. The Executive shall elect a Chairman and Vice-Chairman from among their number, one of whom shall preside in the absence of the President or Vice-President of the Society.

"5. The Chairman shall have charge of the funds voted for the use of the Branch.

"6. It shall be the duty of the Executive to nominate persons for appointment as members of the Board of Examiners in Scotland.

"7. The Executive shall report to the Council, and forward vouchers for money expended annually or more frequently if required so to do."

EXECUTIVE.

MUSEUM, LIBRARY AND READING-ROOM.

The Society's rooms at 36, York Place, Edinburgh, are open daily to subscribers to the Society from 10 to 4, and in the evening from 8 to 10. On Saturdays from 10 to 2 only.

The Museum is arranged in a systematic manner, and every facility is given to afford easy access to the specimens. The students' cases of materia medica have been made as complete as possible. Books of reference and botanical illustrations are placed on the tables in the Museum for the use of students.

The Library and Reading Room contains upwards of 1,200 volumes, and is regularly supplied with several weekly and monthly publications. Books may be obtained subject to the Library regulations (page 194). A catalogue of the Libraries in London and Edinburgh, in one volume, is published, and may be obtained from the Librarian, 17, Bloomsbury Square, W.C., price 1*s*. 6*d*., postage 3*d*.

LECTURES AND CLASSES.

Pharmaceutical Students are admitted on special terms to some of the courses of Lectures on Botany, Chemistry, and Materia Medica, and of practical instruction in Chemistry, recognized by the University of Edinburgh, and the Royal Colleges of Physicians and Surgeons, Edinburgh. Students may enter upon a course of Practical Chemistry at any time.

BENEVOLENT FUND.

This Fund, which was one of the objects for which the Pharmaceutical Society was founded, has afforded assistance to many necessitous persons. Formerly, according to the rules laid down in the Charter for its distribution, relief could not be granted to persons whose connexion with the Society had ceased. This was felt to materially restrict the usefulness of the Fund, and advantage was taken of the opportunity afforded by the Pharmacy Act of 1868 to insert a clause empowering the Council to grant aid, not only to Members and Associates for the time being, but *to all persons who have been registered as Pharmaceutical Chemists or Chemists and Druggists, whether connected with the Society or not.*

By the Charter of Incorporation, power is given to the Council to transfer money from the General to the Benevolent Fund ; and for this reason, in framing the regulations of the Fund, it has been expressly provided that every Member of the Society shall have a voice in the election of annuitants. In the years 1842, 1843, and 1844, three several sums of £500 each were so transferred. In those years the annual subscription to the Society from a Member was two guineas instead of one as at present. The reduction of the amount of these subscriptions for a time precluded a further augmentation of the Benevolent Fund from that source ; but the sums already granted having been invested in Consols, formed the foundation of a fund to which the Council has added from time to time the unexpended income arising from interest, donations, and annual contributions, and by a further transfer of £500 from the General Fund in 1870. In the year 1848 a public dinner was held, which yielded over £800 to this Fund ; and at the still more successful special meetings in 1867, 1877, 1887, and 1897, larger amounts were contributed. At the decennial festival held on May 14, 1907, at the King's Hall, Holborn Restaurant, the special appeal resulted in the satisfactory sum of £1,458 6*s*. being added to the Fund. The ordinary annual contributions, which in 1860 were £491 1*s*. have now risen to about £1,500, this latter amount being exclusive of Donations. The capital, part of which is invested in Freehold Ground Rents, now exceeds £43,000.

There were, in addition to the annuitants, considerably over 100 applicants for assistance during the past year, and in most instances prompt relief was given. When it is remembered that most of the applicants had families looking to them for partial or entire support, the number of persons benefited must be taken as greater than these figures indicate.

Many changes in the conditions affecting pharmacy have taken place since the Fund was commenced 70 years ago, and each year an addition may be expected to the number of applicants. The number of potential claimants upon the resources of the Fund may be realised when it is remembered that there are some sixteen thousand names on the present Register of Chemists and Druggists, and that, in addition, the applicability of the Fund extends to the widows or orphan children of such persons, as well as to the widows or orphan children of those who were

formerly registered. The maintenance and development of the benevolent side of the work of the Society is therefore the moral duty of every Chemist and Druggist in Great Britain, and it is reasonable and logical to expect that each will contribute, to the best of his ability, towards the strengthening of his own Benevolent Fund. The Benevolent Fund of the Pharmaceutical Society stands somewhat in the position of an *Insurance Fund*, from which all hope that it may not be their lot to seek assistance, but by an unfortunate course of events many of the most prosperous have been only too glad to accept temporary or permanent relief from it.

All genuine cases of necessity presented to the Council are aided by temporary assistance. In 1865 the system of granting annuities was commenced; two of £30 each were then given; the amount was in 1878 increased to £35, and in 1891 the Council raised the amount to £50 per annum. A smaller amount is granted to annuitants under 65 years of age, according to regulations. Four additional annuitants were elected in December last, and at the present time no less than thirty-one annuitants are in the enjoyment of an adequate fixed income from the Fund.

All contributors of half a crown and upwards to the Fund have votes in the election of annuitants (see regulations of the Fund).

In order, however, to continue these annual elections, it is desirable that the invested capital should be increased sufficiently to insure from its interest provision for these grants, which, when once given, cannot be recalled; and it is important that it should be generally known that the interest from capital *is insufficient to pay the present annuities.*

As a further reason for urging increased support, it is well to draw attention to the fact that the system of granting sums in casual cases involves a considerable expenditure, amounting in 1911 to £1,254. The publication in the *Journal* of such facts naturally brings further applications, which the Council will be unable to entertain if too large a proportion of the annual subscriptions be absorbed in the payment of Annuities.

REGULATIONS OF THE BENEVOLENT FUND.

1. The objects of this fund are,—

Objects.

To provide pensions for distressed persons who are or who may have been Members or Associates of the Society; for Pharmaceutical Chemists; for Chemists and Druggists; or for the widows of such persons.

To afford occasional grants of money to distressed persons who are or who may have been Members or Associates of the Society; or Pharmaceutical Chemists; or Chemists and Druggists; or their widows or orphan children.

Election of Pensioners.

2. At the Meeting of the Council in October, in every year, the expediency (financially) of electing pensioners in the following December shall be considered, and in the event of an election being determined on, the decision of the Council, stating the number of Annuitants to be elected, and the date on which the Election shall take place, shall be made known by advertisement in *The Pharmaceutical Journal*, and such other papers as the Council may direct.

Age of Candidate.

3. Every candidate for election must be at least fifty years of age.

Amount of Pension.

4. The following shall be the scale of pensions :—

£40 per annum to pensioners under 65 years of age.

£50 per annum to pensioners 65 years of age and upwards.

No pension shall exceed £50 per annum.

Evidence of Petitioner's eligibility for assistance.

5. Every petitioner for relief from the fund shall produce a certificate of moral character, and such evidence of his or her age as shall be satisfactory to the Council of the Society; and shall also state the time and place or places in which he or she has been engaged in business, whether on the Petitioner's own account or otherwise; how his or her misfortunes originated, and when; the present means of subsistence; the number of persons (if any) dependent upon him or her for support; and any other particulars the Council may require.

Evidence of the eligibility of a Widow for assistance.

6. Every widow who is an applicant for relief shall produce evidence of her age, the *certificate of her marriage*, and the *certificate of the burial of her husband*, or such evidence as shall satisfy the Council on these points; she shall also state the period during which her husband was in business, and where; the cause of misfortune; and the present means of subsistence; the number of children (if any) dependent on her for support; and any other particulars the Council may require.

Orphans' application.

7. Every application on behalf of an orphan shall state his or her age, and afford satisfactory evidence of the marriage of the parents, and burial of the deceased parent or parents; and if any and what provision exists for the maintenance of such orphan; the application to be accompanied by a certificate signed as required by Clause 8, and any other particulars the Council may require.

Home for Orphans by purchase.

In the case of an orphan left under circumstances of urgent distress, the Council may, if it think fit, provide, or assist in providing, a home by purchase in one of the public asylums for orphans.

Certificates of two Members or Donors necessary.

8. In all petitions for assistance from the fund, except that specified in Clause 7, the truth of the statements therein contained shall be certified by at least two Members of the Society, or two Subscribers or Donors to the fund, who are personally acquainted with the facts of the case.

Decision of the Council.

9. All applications for relief or assistance shall be submitted to a Committee of the Council, to be called the Benevolent Fund Committee, previous to being laid before the Council.

The Council, after due investigation, if satisfied that the case is an eligible one, will decide on the amount and character of the relief to be afforded.

When the Council shall decide that any case is fitting for Annual Pension, the case shall be recorded in a book to be kept for that purpose, and immediately after the decision as to the expediency of electing pensioners (but not previously), notice shall be given to the persons whose names are so recorded.

Candidates' votes for past Subscriptions or Donations.

10. *Should any Subscriber or Donor, or the widow of any Subscriber or Donor, become a Candidate for an annuity, such number of votes shall be placed to his or her credit, at each election, during his or her candidature, as shall be represented by the whole amount of subscriptions or donations to the Benevolent Fund he or she (or in the case of a widow, her husband) may have contributed.*

Votes to be carried on.

11. The votes recorded for any unsuccessful candidate shall be carried to his or her credit at succeeding elections.

Cessation of Pension.

12. Pensions will be withheld or terminated by the Council if at any time it shall be evident that the election of any annuitant has been secured by fraud or by false representation ; or in case of any misconduct on the part of the recipient ; or in the event of his or her forestalling by assignment future payments ; or if the circumstances of the Pensioner at any time shall appear to the Council to disqualify him or her to receive the benefits of this fund. If the circumstances of the pensioner do not appear to the Council to *wholly* disqualify him or her from receiving the benefits of the Fund, the Council may, at its discretion, vary the amount of his or her annuity. Pensions to widows will cease if they marry again.

Fraud, or alteration of circumstances.

Council may vary the amount of Pension.

Pensioners to make Annual Declaration of circumstances.

Every person in receipt of a pension shall, in December of every year, make, on a form to be sent by the Secretary for that purpose, a declaration as to his or her circumstances. In default of such declaration being made, the Council may, if there be no sufficient reason for the omission, withhold further payments of the pension.

Annual Subscribers.

13. At each election of annuitants contributors to the fund shall have *one vote* for each **half-crown** subscribed annually, but the number of votes shall be increased to *five votes* for **half-guinea,** and in the same proportion for each **half-guinea** subscribed beyond that sum.

Life Subscribers.

14. Persons contributing *five guineas* at one time shall have *five votes for life* at each election of annuitants ; the right of voting at such elections being increased in the proportion of *one vote* for every **guinea** contributed.

Votes of Firms or Corporations.

15. Firms or corporations contributing *five guineas* at one time shall have *five votes* at each election of annuitants for the period of *ten years* from the date of such contribution ; the right of voting at such elections being increased in the proportion of *one vote* for every **guinea** contributed.

16. Persons or firms giving donations of *less* than **five guineas** shall have *five votes* for every **half-guinea** subscribed at the ensuing election of annuitants.

Votes of Executors.

17. One executor paying a legacy of **fifty pounds** shall have *five votes* for life at each election of annuitants, and if the legacy amount to **one hundred pounds,** or upwards, each of the executors shall have the same privilege.

18. Persons subscribing on or before the day of Election will be entitled to vote thereat.

Votes of Members. 19. Every Member of the Society not in receipt of nor an applicant for relief from the Fund shall have two votes at each election of Annuitants.

Votes from several sources. 20. Every person entitled to vote in more than one class of voters shall be entitled to the votes due to him from each of such sources.

Voting. 21. The votes shall be taken by the voting-papers which shall be sent prior to the Election to every Member, Donor, and Subscriber entitled to votes under clauses 13, 14, 15, 16, 17, 18, 19, and 20.

Votes by Proxy. 22. Any person entitled to vote, but residing abroad, may exercise the privilege of voting by proxy, provided that the person authorized is also entitled to vote on his own behalf, and that his name and address have previously been given to the Secretary.

Payments in arrear. 23. The voting-papers of Members and Subscribers whose payments are in arrears shall be withheld until the subscriptions be paid.

Meetings for Election of Annuitants. Chairman. 24. At every Meeting for the election of annuitants, the chair shall be taken by the President, or Vice-President, or by a Member of the Council for the time being, and five or more scrutineers shall be elected from the voters present to examine the voting-papers, and report to the Chairman the number of votes polled for the respective candidates.

Scrutineers.

Rejection of Votes. 25. Should any voting-paper not be properly filled up or signed, the same shall be rejected by the scrutineers.

Casting Vote. 26. In the event of an equality of votes, the Chairman shall have the casting vote.

Inspection of Papers. 27. The voting-papers and scrutineers' lists shall not be open to the inspection of any person without permission from the Council.

Second Scrutiny. 28. Should a second scrutiny be demanded or any complaint made in reference to the result of the poll, the same shall be submitted to the consideration of the Council at its first subsequent meeting, and its decision shall be final.

FORM OF BEQUEST

TO THE BENEVOLENT FUND.

"I give and bequeath the sum of *unto the* PHARMACEUTICAL SOCIETY OF GREAT BRITAIN, *the same to be paid out of my pure personal estate, and to be applied for the purposes of the* BENEVOLENT FUND *of the said Society."*

N.B.—Devises of land and bequests of money savouring of reality, or in other words, connected in any way with land, will be void.

FOR LISTS OF SUBSCRIPTIONS AND DONATIONS TO THE BENEVOLENT FUND, SEE APPENDIX.

THE ORPHAN FUND.*

(Founded by Thomas Hyde Hills, 1891.)

By the will of the late Thomas Hyde Hills, the sum of £1,000 was bequeathed to the Benevolent Fund of the Pharmaceutical Society with the condition that it be invested and the income arising therefrom applied, in the discretion of the Council, for the purpose of assisting or purchasing the election of orphans of Members [and Associates] of the Society (who were subscribers to the Benevolent Fund for three years and upwards) to Orphan Schools or Asylums.

With a view to carrying out effectually the intention of the testator the Council decided that the legacy should be regarded as the nucleus of a Fund to be known as "*The Orphan Fund of the Pharmaceutical Society (founded by Thomas Hyde Hills, 1891).*"

To this Fund subscriptions and donations are invited. Donations and legacies are invested, and the income derived therefrom, together with such portion of the annual subscriptions as may be deemed necessary, is devoted to the object contemplated by the late Mr. Hills.

It is hoped that the Orphan Fund will develop side by side with the Benevolent Fund, and thus supplement the scheme of benevolence which the Founders of the Pharmaceutical Society commenced for the relief of the necessitous among the pharmaceutical brotherhood.

Six cases have been dealt with under this Fund, and two orphans are at present maintained at the London Orphan Asylum, Watford, by payment from the Fund. Another is maintained at the Infant Orphan Asylum, Wanstead.

EXTRACT FROM PROCEEDINGS OF COUNCIL, NOVEMBER 2, 1892.

Orphan Fund of the Pharmaceutical Society (Founded by Thomas Hyde Hills, 1891).

That the legacy to the Benevolent Fund, bequeathed by the late Thomas Hyde Hills, be regarded as a nucleus of a fund to be known as the "*Orphan Fund of the Pharmaceutical Society (founded by Thomas Hyde Hills, 1891).*"

That donations and subscriptions be invited, and that donations be invested.

That the income derived from the invested capital and such portion of the subscriptions as the Council may deem desirable, be applied in the discretion of the President and Council of the Pharmaceutical Society of Great Britain for the purpose of assisting or purchasing the election of orphans of Members [and Associates] of the Society (who have been subscribers to the Benevolent Fund for three years and upwards) to Orphan Schools or Asylums.

That every application for assistance from the Fund be made in the manner directed by clause 7 of the Benevolent Fund Regulations at present in force, and be submitted to the Benevolent Fund Committee, who will, in due course, report to the Council.

That the right of selecting a child for admission into an Orphan School or Asylum be vested solely in the Council.

REGULATIONS.

The object of this Fund, which shall be called the "Orphan Fund of the Pharmaceutical Society, founded by Thomas Hyde Hills, 1891," is to provide, or assist in providing a home in an Orphan School or Asylum, for the necessitous orphan children of Members [and Associates] of the Pharmaceutical Society of Great Britain who have subscribed to the Benevolent Fund of the Society for at least three years.

Every application on behalf of an Orphan shall state his or her age, and afford satisfactory evidence of the marriage of the parents, and burial of the

---

* *The words within brackets [ ] have now become obsolete.*

deceased parent or parents ; and shall also state if any and what provision exists for the maintenance of such Orphan, and furnish any other particulars the Council of the Pharmaceutical Society may require. And every such application shall be accompanied by a certificate signed by at least two Members of the Society, or two Donors or Subscribers to the Benevolent Fund, or two Donors or Subscribers to the Orphan Fund who are personally acquainted with the facts of the case, certifying as to the truth of the statements contained in the application.

Every application under these regulations must be made on the printed form which may be obtained from the Secretary of the Society for that purpose.

All applications shall be submitted to the Benevolent Fund Committee previous to being laid before the Council ; and the Council shall have the sole power of selecting a child for admission into an Orphan School or Asylum.

The Orphan on whose behalf any application is made under these regulations must be able to conform to the rules of the Institution in which it is desired to place him or her ; and the relatives or guardians of such child shall be required to give a written undertaking relieving the Council from all responsibility or liability in respect of removal of the child from the Institution, and of its subsequent maintenance.

In the case of an Orphan maintained in a School or Asylum by annual payments from the Fund, the relatives or guardians of such child shall at the end of each twelve months during the time it is so maintained, make a declaration in the form to be obtained from the Secretary for that purpose ; such declaration to be countersigned by a Member of the Society, or Donor or Subscriber to the Benevolent Fund, or Donor or Subscriber to the Orphan Fund, who can personally vouch for its accuracy. In default of this declaration being made, or if the particulars contained therein be deemed unsatisfactory, the Council may withhold further payment in respect of the Orphan in question.

The Council shall have the power at any time to withhold payment in respect of an Orphan maintained at the expense of the Fund, should circumstances arise rendering such action desirable.

No grant from the Fund shall be made to or on behalf of any Orphan whose age exceeds fifteen years.

WATERALL LEGACY FUND.

This Fund was established in March, 1900, in conformity with the provisions of the will of the late George Edwards Waterall, of Nottingham. The Council accepted the position of Trustees, and adopted the following scheme for the administration of the Fund :—

(1) The legacy of £1,000 shall be invested in the Public Funds, and the income received therefrom shall be paid into a separate account at the Society's bankers, which account shall be called the " Waterall Legacy Fund," and a separate account of the receipts and disbursements of the Fund shall be kept by the Secretary of the Society.

(2) Subject to such deductions as may be requisite to defray the cost of administering the Fund, the income derived from the investment of the capital of £1,000 shall be applied for the benefit of deserving poor persons in the manner hereinafter indicated, that is to say—

(*a*) The person who shall have precedence as a first recipient or as a recipient to be afterwards appointed at any time by the Council of the Pharmaceutical Society of Great Britain to receive such income, shall be a member of the Pharmaceutical Society who shall have carried on

business in the city of Nottingham for a period of at least ten years prior to the date of his appointment by the said Council to receive such income.

(*b*) Should there be no such Member of the said Society in the said city of Nottingham who shall, in the opinion of the said Council, be qualified to receive such income, then the said Council shall pay or apply the said income for the benefit of any registered chemist or druggist who shall have carried on business in the city of Nottingham for a like period of ten years prior to the date of his appointment by the said Council to receive such income.

(*c*) In the event of the failure of the said Council to find any member of the Society or any registered chemist or druggist as aforesaid, then the said Council shall pay or apply the said income for the benefit of any member of the Society or any registered chemist or druggist wherever resident as in its absolute discretion shall be deemed fit.

(*d*) The said Council may at any time discontinue the payment or application of the said income if in its opinion the person receiving the same shall have become unfit to receive the same by reason of bad conduct or of improved circumstances, or for any other reason, and the said Council shall then appoint another person to whom the said income shall be paid or applied.

(*e*) Upon the death of any recipient of the said income, or if the payment or application of the said income shall be discontinued by the said Council as hereinbefore provided, the said Council shall as soon as conveniently may be after the expiration of one month from such death or discontinuance appoint another person to or for whom the said income shall be paid or applied under the foregoing conditions.

(3) The Council shall *in the month of April*, 1901, proceed to the appointment of a person to receive the net income derived from the invested capital of the Fund, having previously announced its intention so to do by advertisement in the *Pharmaceutical Journal* not less than one calendar month before the date of appointment. If, after having advertised the date fixed for appointment as aforesaid, the Council shall not be in receipt of any application from or on behalf of any of the persons contemplated as having a preferential claim upon the Fund by the terms of Clause 2 of this scheme, then the said Council shall be entitled to assume that there are no preferential claimants within the meaning of the terms of the bequest, and the Council shall then have absolute discretion to apply the income of the Fund for the benefit of any registered chemist and druggist as it may think fit.

(4) In the event of any recipient being elected an annuitant of the Benevolent Fund of the Society, such recipient shall forthwith cease to receive the benefits of the "Waterall Legacy Fund."

(5) Applications must be made in a form to be prescribed by the Council from time to time, and subject to such regulations and conditions as the Council may from time to time prescribe, and announce in the *Pharmaceutical Journal*.

(6) No portion of the income derived from the invested capital of the Fund may be used for the purposes of, or become merged in, the Benevolent Fund of the Society.

The Regulations governing the administration of the Waterall Legacy Fund are based upon those in force for the Benevolent Fund of the Society, from which they differ so slightly as to render it unnecessary to insert them here.

The Council has, in conformity with the above Scheme of Administration duly appointed a Chemist and Druggist residing in Nottingham to receive the benefits of the Fund, and he is now being paid the sum of £24 per annum.

NOTE.

Information hitherto published in this Calendar respecting Statutes and Regulations affecting the business of a Chemist and Druggist is now contained in the "Chemist's Annual," which is published in connection with the "Pharmaceutical Journal," and is presented gratis to every member of the Pharmaceutical Society.

REGULATIONS FOR THE APPOINTMENT OF DISPENSERS IN NAVAL HOSPITALS.

Regulations for the appointment, pay, and allowances of Dispensers in His Majesty's Naval Hospitals at home and abroad. The establishment of such Officers is as follows, viz. :—

Haslar	5	Chatham	3
1 Supernumerary for disposal.		Malta	2
Plymouth	4	Gibraltar	1
Haulbowline	1	Hong Kong	1

" 1. The age of dispensers on entry shall not be less than 21, or more than 28 years.

" 2. Candidates must possess certificates that they hold either the Major or the Minor qualifications of the Pharmaceutical Society of Great Britain, or the certificate of competency granted by the Pharmaceutical Society of Ireland.

" 3. Entry into the Service will be by limited Competition, conducted by the Civil Service Commissioners, Burlington House, London, W., from whom information as to subjects of examination, etc., can be obtained. Candidates for examination will be selected by the Director-General of the Medical Department of the Navy, 18, Victoria Street, S.W., to whom applications should be addressed.

" 4. Dispensers will be required to serve in any of His Majesty's Naval Hospitals to which they may be appointed, either at home or abroad.

" 5. Dispensers will be included in the list of salaried officers and will be entitled to pensions under the terms of the Superannuation Acts.

" 6. Dispensers will be paid an inclusive salary of £110 per annum on entry, rising by £5 biennially to £130, and thence by £10 biennially to £230. They will also be provided with quarters. When quarters cannot be found the authorised house allowance will be given. When Dispensers are resident within the precincts of a naval hospital, they will be allowed to buy certain articles of provision and fuel at contract rates.

" 7. Dispensers in charge of stores will be granted the following additional allowances, viz. :—

	Per annum.
At Haslar, Plymouth and Chatham Hospitals	£40
At any other hospital at home or abroad	£20

The Dispenser instructing the Sick Berth Staff at Haslar and Plymouth Hospitals will also receive an allowance of £20 per annum.

" 8. Dispensers serving at the following stations abroad, will be paid a further allowance to meet the increased cost of living, viz. :—

	Per annum.
At Malta and Gibraltar	£35
At Hong Kong	$533\frac{1}{3}$

This allowance, however, will not be included in the pay and emoluments on which civil superannuation will be granted.

" 9. Dispensers serving at home will be granted twenty-eight days' annual leave, exclusive of Sundays, subject to such arrangements as the Public Service may require. Those serving abroad are to be allowed the same annual leave, with liberty to reserve it from year to year, so as to obtain a lengthened period of absence ; but such reserved leave cannot be claimed as a right, and shall not in any case exceed six calendar months, and if granted it will be on the distinct understanding that arrangements can be made for the performance of the Officer's duties during his absence without putting the public to any expense in providing substitutes.

This concession is not intended to authorise any accumulation of leave with the object of an abnormal period of leave being reserved with a view to its being taken on final relief from a foreign appointment or prior to retirement.

"10. In cases of sickness, dispensers will not be permitted to remain absent on sick leave more than twenty-eight days in the aggregate in any year, without the sanction of the Lords of the Admiralty, who will grant an extension of leave in such cases as they may think fit, but not exceeding a total period of twelve calendar months during any period of four years or less. When sick leave has been granted, full pay will be allowed up to a total of six calendar months in any period of four years or less, after the expiration of which time half-pay only will be granted, except when the dispenser would, if superannuated, be entitled to a higher amount, in which case he may be paid at the superannuation rate.

"11. If a dispenser desires to resign his appointment, he will be required to give three calendar months' notice."

Special Regulations.

The following regulations in respect to competitions which have taken place in London, Edinburgh, and Dublin, are offered for the information of Chemists. But it must be pointed out that the Civil Service Commissioners specifically mention that such regulations may be altered for future examinations.

I. The limits of age for this situation are 21 and 28, and Candidates must be of the prescribed age on the first day of Examination.

II. No candidate will be eligible who does not hold :—

either

(A) A certificate that he possesses the major or minor qualification of the Pharmaceutical Society of Great Britain ;

or

(B) The certificate of competency granted by the Pharmaceutical Society of Ireland.

Evidence on these points must be sent in at such times and in such manner as may be appointed.

III. The Examination will be in the following subjects :—

1. Pharmaceutical Chemistry.
2. Materia Medica, including the British Pharmacopœia and its Appendix, poisons and their antidotes, dosage of remedies, and preparation of antiseptic solutions.
3. Recognition of Chemicals and Drugs employed in Medicine.
4. Practical Pharmacy, Reading of Prescriptions, and Detection of errors in prescribing.

The Examination in subjects 3 *and* 4 *will be vivâ voce.*

IV. Application for permission to attend the Examination must be made at such time and in such manner as may be appointed.

V. A fee of 10*s.* will be required from every Candidate attending the Examination.

Note.—Successful candidates will be required to satisfy the Civil Service Commissioners as to their physical fitness to serve on foreign stations.

REGULATIONS OF THE LOCAL GOVERNMENT BOARD RELATIVE TO THE APPOINTMENT AND DUTIES OF POOR LAW DISPENSERS.

Appointment of Dispenser.

The Guardians shall, within twenty-one days from the opening of any Dispensary which may be provided by them, appoint some duly qualified person to be the Dispenser at the Dispensary ; and all the provisions contained in the General Order, and in any other Orders in force which relate to the appointment and the suspension of officers, the supply of vacancies, and the payment of salaries of officers, and the provisions contained in the General Order of the Local Government Board, with

regard to the tenure of office of certain officers therein named, shall apply to the Dispenser.

No person shall be qualified to be appointed a Dispenser unless he shall be a Licentiate of the Society of Apothecaries, London, or hold a certificate of that Society as to his qualification to act as an Assistant in compounding and dispensing medicines; or shall be a compounder of medicines duly qualified in accordance with the Regulations for the Army Medical Staff Corps; or shall have been duly registered under the Pharmacy Act, 1868; or shall have been duly registered under the Pharmacy Act (Ireland) 1875, and the Pharmacy Act (Ireland) (1875), Amendment Act 1890, as qualified to compound medical prescriptions.

Duties of Dispenser.

The following shall be the duties of a Dispenser :—

1. To attend at the Dispensary at such hours and for such time as the Guardians shall appoint.
2. To take charge of and keep carefully and safely, as far as shall be in his power, all drugs, medicines, and stores provided by the Guardians for use in the Dispensary.
3. To compound and supply all medicines required by the Medical Officers for use in the discharge of the duties of their office.
4. To prepare and dispense skilfully and cautiously all prescriptions drawn up and ordered by the Medical Orders, and punctually to supply the medicines when prepared for the persons authorised to receive the same, and when so required by the prescriptions, to express in writing or by printed labels the proper directions to accompany the medicines.
5. To make such pharmaceutical preparations for use in dispensing prescriptions as he may be required to make from time to time by the Medical Officers.
6. To take charge of the Dispensary and to keep the same and all its furniture and appurtenances in clean and proper condition.
7. To enter in a book, to be kept for that purpose at the Dispensary, the time of his own arrival and departure.
8. To file all prescriptions supplied to him by or on account of the paupers or by the Medical Officers, and keep them in the Dispensary, subject to the Directions of the Guardians.
9. To prepare from time to time, as directed by the Guardians, an estimate of any drugs, medicines, and stores which may be required, and to submit the same to the Guardians: also to bring under the notice of the Medical Officers or the Guardians the need for further supply of drugs, medicines, and stores, as and when such need shall occur.
10. To keep an account, in a book to be supplied by the Guardians, of all drugs, medicines, and stores committed to his charge, and as nearly as may be, of those consumed or supplied to or for the paupers or to the Medical Officers, and of the quantities thereof remaining in store; to balance such account at the termination of each half-year ending on the twenty-fifth day of March, and the twenty-ninth day of September, and to submit the same from time to time to the Guardians.
11. To perform all such duties in relation to the dispensing of medicines and relief to the out-door sick poor as the Guardians may from time to time direct.

The foregoing Regulations apply only to the Dispensaries in Metropolitan Unions and in such other Unions where special Orders of the Local Government Board are in force, but they form the basis of the majority of Poor Law Institutions where dispensing is carried on.

LOCAL ORGANISATION.

The local interests of the Society are entrusted to a number of honorary officers; in a great many cases selected by the local Pharmaceutical Associations, who are all invited by the Council to co-operate in this direction. In Scotland the Executive of the Society's North British Branch selects and recommends suitable persons for appointment.

RESOLUTION ADOPTED BY THE COUNCIL, AUGUST 1, 1900.

*(1) That the Resolutions now standing on the Minutes of Council as to the appointment of Local Secretaries be rescinded, and that the collection of subscriptions from Members by these officers be not looked upon as a necessary duty of such officers.

(2) That a Member of the Society be appointed in each Parliamentary division in Great Britain to watch the interests of the Society in that division, and to promote therein, under the direction of the Council, such Parliamentary influence on matters affecting Chemists and Druggists as may be found requisite.

(3) That the officers so appointed be officially termed Divisional Secretaries, and they shall be furnished by the Registrar of the Society with a list of the registered persons resident in their respective divisions, as well as with a copy of the current issues of the Register and Calendar.

(4) That the appointments be annual, and be made by the Council at its Meeting in November of each year. The names of the persons appointed shall be published in the *Pharmaceutical Journal* and in the Calendar.

(5) That the office of Divisional Secretary be honorary, but that expenses incurred in the due discharge of the duties of the position be defrayed by the Society.

(6) That the duties of a Divisional Secretary be as follows :—

(*a*) To assist the Registrar in maintaining a correct Register, by amending the local list officially furnished in accordance with paragraph 3 above.

(*b*) To report in confidence to the Registrar, for investigation, cases of alleged infringement of the Pharmacy Acts occurring in the division.

(*c*) To communicate from time to time to the Editor of the *Pharmaceutical Journal* items of local news of general Pharmaceutical interest.

(*d*) To take such local action in the promotion of or opposition to legislative proposals as the Council may direct.

(*e*) Generally to keep the Council in close touch with the views of registered persons in the locality.

In pursuance of the provisions of the above scheme, the following appointments were made in 1911 :—

Note—The Universities of Oxford and Cambridge each return two Members to Parliament, and London University returns one member. In Scotland the Universities of Edinburgh and St. Andrews are associated and jointly elect one representative; a similar arrangement being in force for the Universities of Glasgow and Aberdeen. All these special constituencies are omitted from the foregoing lists, as they can be specially dealt with direct by the Council.

LOCAL PHARMACEUTICAL ASSOCIATIONS.

The local Associations of registered persons in various parts of Great Britain play a not unimportant *rôle* in the work of the Pharmaceutical Society. Many of these Associations have made very considerable progress in the promotion and improvement of local educational facilities for students—an undertaking that has always commanded the sympathetic interest of the Council—and all of them, in varying degrees, are engaged in work that tends to facilitate that general consolidation of pharmaceutical interests which it has ever been the object of the Society to achieve.

The Council, both by tradition and inclination, is disposed to give every encouragement to local effort or to anything calculated to stimulate it, and it is thought that the publication of a list of the Associations of registered persons in Great Britain in the Calendar of the Society may be at once convenient to those using the book and serviceable to the organisations themselves. The Council has appointed a Local Association Committee to give special attention and guidance to local organising efforts, and a special Officer—Mr. W. J. Uglow Woolcock—has been provided to visit the Associations and give such information and encouragement as may be needed.
