Date of Admission	Nov. 6. 02.	Date of Examination	Nov. 6. 02.
Name of Patient	Christina Christie		
REPORT—			
<p>The patient is a single female, aged 45 years, of fair complexion, and is well developed. She is a native of Glasgow, and has been married for 20 years. Her husband is a laborer, and she has three children. She has been in the asylum for 10 years, and has been treated for insanity. Her present condition is such that she is unable to take care of herself, and is in need of constant supervision. She is of a nervous and excitable temperament, and is prone to fits of anger and depression. Her diet is good, and she is well clothed. Her general appearance is that of a well-to-do woman, but her eyes are somewhat sunken, and her hair is thinning. There are no marks of violence on her person.</p>
