The image shows the front cover of an antique book. The cover is decorated with a traditional marbled paper pattern. The background is a dark brown color, overlaid with a complex, organic pattern of irregular, rounded shapes in shades of yellow and cream. These shapes are separated by thin, branching veins of dark blue and reddish-brown. The overall effect is reminiscent of stone or biological tissue. The book is bound in a dark, possibly black or dark green, material, which is visible along the right edge and the spine. A small, rectangular white label is affixed to the bottom left corner of the cover. The label contains the following text:

DUNN & WRIGHT,
Picture and Printers,
47 WEST HILL STREET,
GLASGOW.

The attached forms on the certificates of emergency, having appeared the Sheriff refused to sign the order on emergency of the 11th having received information that the patient was not the person named in the certificate and the name lay, but instead of signing the order the Sheriff telegraphed a letter to the Secretary of the Board of Directors, for the reason that the patient was not turned out on the public road, but allowed to remain in the house, it may be here added that the certificate was amended and the Sheriff signed the order today.
