HB13/6/7

Extract From the Minutes of the Directors of the Glasgow Royal Lunale May lum, daled 2" December 1830. Having resumed consideration of this subject, and deliberated fully when it, the Meding were of opinion that it would be expedient to accept the sum of one hundred pounds from each of the parishes of Galsten und Loudeun, and to allow them, in return the privilege of having · each at any time on paupar palient in the Asylum at the lowest rate of board, as mentioned in last Minute; and it was resolved that the proposed payment should be accepted accordingly, but that . the Secretary should delay intimating . this resolution to the parishes, and closing . the transaction, until it be seen whether it be approved of by the annual General Meeting of Contributors, to be held as usual in the beginning of next months?
