GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

All necessary Documents may be addressed (post paid) to the Physician, Dr. Hutcheson, Royal Lunatic Asylum, or 72 St. George's-Place; or to the Secretary and Treasurer, Mr. Donald Cuthbertson, No. 110 West George-Street. And, to ensure the immediate Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after seven o'clock in the morning, and before seven o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, *after* six, and within twelve months, the fee is repeated. No Visitor is permitted to enter the apartment of any Patient of a *different* sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of board fixed annually.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

(ADDRESS)

Dr. Hutcheson

Asylum

Dear Sir

I sent you a patient, Isabella Miller, on Monday evening & beg now to say respecting her that her insanity has been growing upon her for several years. After her removal from home it was more apparent how the symptoms operated. She seemed greatly to enjoy seclusion both from light & from observation. She had between 20 & 30 sets of window blinds for her bed room window most of them dark colours & of the thickest cloth such as Jane.

Although she kept the house in a state of filth & the greatest disorder, & paid no attention to the comfort of her father she was remarkably careful of her own comfort & health — generally wore three petticoats, slept with something about her head such as a stocking or blanket shawl, & had five pairs of blankets upon her bed.

Her disorder appears to have originated in a life of idleness & indisposition to work. The example of industry set before her by her relations has had no effect upon her: her slothfulness has only

increased. This account of her
will probably indicate the kind of
treatment most likely to prove
successful.

Yours very truly
George Miller

First Rate of Board,...£0 8 6 per Week. | Second Rate of Board, £0 15 0 per Week.

WEST HOUSE:

First Rate of Board,..	£1	1	0	per Week.	Fourth Rate of Board,	£3	3	0	per Week.
Second,.....	1	11	6	—	Fifth,.....	4	4	0	—
Third,.....	2	2	0	—					

Superior Accommodation, such as a suite of Private Apartments, Attendants, &c. may be had.

THE TWO FOLLOWING DOCUMENTS ARE IN EVERY CASE INDISPENSABLE:

I. Warrant from the Sheriff of Lanarkshire, in terms of the Statutes 55 Geo. III. Cap. 69; 9 Geo. IV. Cap. 34; 4 and 5 Vic. Cap. 60. The Warrant—which will be granted on the presentation of Certificates of Lunacy from two respectable Medical Practitioners,—is to be presented at the Asylum, on or before the arrival of the Patient.

II. Written Obligation for Payment of Board, as well as for due Observance of the Rules of the Institution, from one or two responsible Persons resident in Glasgow. The Letter of Obligation is to be deposited with the Treasurer on Payment of the Board.

The Forms of these Documents herewith furnished, or Copies of them, must be properly filled up and subscribed.

According to the rate of Board, a difference will be observed in the apartments, in the quality of furniture and of diet, in the rank of associates, and in the proportion of attendants or servants.

Every Patient must be provided with proper apparel. An accurate list of every article brought with the Patient, must, on admission, be delivered to the Steward. If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after seven o'clock in the morning, and before seven o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is reputed only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, or 72 St. George's-Place; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George-Street. And, to ensure the immediate Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

Robertson & Son, Printers to the Queen.

THE TWO FOLLOWING DOCUMENTS ARE IN EVERY CASE INDISPENSABLE:

I. Warrant from the Sheriff of Lanarkshire, in terms of the Statutes 55 Geo. III. Cap. 69; 9 Geo. IV. Cap. 34; 4 and 5 Vic. Cap. 60. The Warrant—which will be granted on the presentation of Certificates of Lunacy from two respectable Medical Practitioners,—is to be presented at the Asylum, on or before the arrival of the Patient.

II. Written Obligation for Payment of Board, as well as for due Observance of the Rules of the Institution, from one or two responsible Persons resident in Glasgow. The Letter of Obligation is to be deposited with the Treasurer on Payment of the Board.

The Forms of these Documents herewith furnished, or Copies of them, must be properly filled up and subscribed.

According to the rate of Board, a difference will be observed in the apartments, in the quality of furniture and of diet, in the rank of associates, and in the proportion of attendants or servants.

Every Patient must be provided with proper apparel. An accurate list of every article brought with the Patient, must, on admission, be delivered to the Steward. If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after seven o'clock in the morning, and before seven o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person afflicted with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, or 72 St. George's-Place; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George-Street. And, to ensure the immediate Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

Third,.....	2	2	0	—					

Superior Accommodation, such as a suite of Private Apartments, Attendants, &c. may be had.

THE TWO FOLLOWING DOCUMENTS ARE IN EVERY CASE INDISPENSABLE:

I. Warrant from the Sheriff of Lanarkshire, in terms of the Statutes 55 Geo. III. Cap. 69; 9 Geo. IV. Cap. 34; 4 and 5 Vic. Cap. 60. The Warrant—which will be granted on the presentation of Certificates of Lunacy from two respectable Medical Practitioners,—is to be presented at the Asylum, on or before the arrival of the Patient.

II. Written Obligation for Payment of Board, as well as for due Observance of the Rules of the Institution, from one or two responsible Persons resident in Glasgow. The Letter of Obligation is to be deposited with the Treasurer on Payment of the Board.

The Forms of these Documents herewith furnished, or Copies of them, must be properly filled up and subscribed.

According to the rate of Board, a difference will be observed in the apartments, in the quality of furniture and of diet, in the rank of associates, and in the proportion of attendants or servants.

Every Patient must be provided with proper apparel. An accurate list of every article brought with the Patient, must, on admission, be delivered to the Steward. If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after seven o'clock in the morning, and before seven o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, or 72 St. George's-Place; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George-Street. And, to ensure the immediate Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

GENERAL REGULATIONS.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

According to the rate of Board, a difference will be observed in the apartments, in the quality of furniture and of diet, in the rank of associates, and in the proportion of attendants or servants.

Every Patient must be provided with proper apparel. An accurate list of every article brought with the Patient, must, on admission, be delivered to the Steward. If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after seven o'clock in the morning, and before seven o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, or 72 St. George's-Place; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George-Street. And, to ensure the immediate Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

Glasgow Royal Lunatic Asylum.

PATIENTS ARE ADMITTED ON THE FOLLOWING TERMS:

First Rate of Board,	£0	8	6	per Week.	Fourth Rate of Board,	£1	11	6 per Week.
Second,	0	15	0		Fifth,	2	2	0
Third,	1	1	0		Sixth,	3	3	0

THE THREE FOLLOWING DOCUMENTS ARE IN EVERY CASE INDISPENSABLE:

I. Certificate of Lunacy from a respectable Medical Practitioner. The Certificate is to be exhibited, along with the Petition, to the Sheriff.

II. Warrant from the Sheriff of Lanarkshire, in terms of the Statutes 55 Geo. III. Cap. 69. and 9 Geo. IV. Cap. 34. The Warrant, together with the Medical Certificate, must be presented at the Asylum, on or before the arrival of the Patient.

III. Written Obligation for Payment of Board, as well as for due Observance of the Rules of the Institution, from one or two responsible persons resident in Glasgow. The Letter of Obligation is to be deposited with the Treasurer, on payment of the board.

The forms of these Documents, herewith furnished, or copies of these, must be properly filled up and subscribed.

According to the rate of board, a difference will be observed, in some, or all, of the following particulars, viz. in the size of the bed-room, in the number of apartments, in the quality of furniture and of diet, in the rank of associates, and in the proportion of keepers or servants, appointed to a given number of Patients. If a keeper or servant be provided solely to attend a single Patient, or if the exclusive use of a suite of apartments be required for a Patient of the highest class, a charge is made in addition to the rate of board.

Every Patient must be provided with a proper suit of apparel, and with a sufficient number of changes of those articles of dress which will often require to be washed. An accurate list of every article brought with the Patient, must, on admission, be delivered to the Superintendent. If any necessary part of dress should not be duly supplied, after intimation has been given that it is wanted, it will be furnished by the house, and the cost of it charged against the relatives, guardians, or parish, by whom the Patient has been placed in the Asylum.

Patients, in cases of urgency, will at any hour be admitted; but, in ordinary cases, they must be sent to the Asylum, after seven o'clock in the morning, and before seven o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive, ought always, if possible, to be given to the Superintendent. Thus due preparation will be made for the Patient's reception; and, if immediate medical attendance should be requisite, the Patient shall, as soon as possible after admission, be visited by the Physician.

GENERAL REGULATIONS.

Patients sent by any parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of board fixed annually.

Patients sent by other parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly, and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board, shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Physician, by each Patient at the second rate of board, and upwards. On the dismission, or on the death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No person affected with contagious fever, or in a dying state, can be admitted as a Patient. Harmless lunatics, and women far advanced in pregnancy, are also inadmissible, unless under peculiar circumstances, to be judged of by the Weekly Committee.

Patients verging to the state of idiocy, epileptic Patients, and others whose cure, after due trial of treatment in the Asylum, appears to be hopeless, are dismissed.

When any Patient is ordered to be dismissed, timely written notice of the order for dismission is always sent by the Secretary, to the person or persons in Glasgow, who have subscribed the obligation for payment of board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the rate of board is doubled.

Near relatives or guardians, or others producing proper written authority, from the subscribers of those letters of application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients at such hours as he may specify.

No visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

No person shall bring into, or carry out of the house, any article for a Patient, without the knowledge of the Superintendent, or of the Matron.

All necessary Documents may be addressed (post paid) to Dr. Balmanno, No. 37, St. Vincent-Place, the Physician; or to Mr. Donald Cuthbertson, No. 110, West George-Street, the Secretary and Treasurer. A sealed *confidential* statement of properly numbered Answers to the following Queries, may be enclosed, for the Physician, along with the other Documents, addressed to the Secretary. The Sheriff's Warrant having been produced, and the Regulations of the Institution duly observed, the Physician will grant an Order for Admission. But, to ensure the immediate admission of any Patient from a distance, it is requested that the Documents may, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three days' previous notice must be given, before the removal of any Patient.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, or 72 St. George's-Place; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George-Street. And, to ensure the immediate Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

Notes of Evidence in Proceedings at the instance of the Procurator Fiscal against Helen White

Robert Schuman knows Helen White - Known her for many years - Have resided always within ½ a mile of her all the time - Seen her often in a very excited state - Saw her on 16 March current - Her aunt a very old woman came into our house next door - said that Helen White had sent her for money that was not due by us - same day the old woman was put out of the house by Helen - She came to my house - We sent her back to her house - at night we went to the house to Helen thinking something might be wrong - found the old woman locked on between the two doors - The old woman fell down between the doors - Assisted her and wished in - Helen refused me entrance and demanded my warrant - I forced up the door - She was behind with the tongs in her hand - Got the old woman in - Helen attempted to strike with tongs - tongs taken - she then

then got a large stick, then in my getting hold of her she hit me she then got another iron weapon a bannock iron then a besom all were taken from her She was very violent all the time with very bad language House crowded Helen was removed by the Police Constable Stewart old woman was removed She old woman was in danger of her life Three months on the twelve she is dangerous Has been so since Martinmas last She is reported to have vindictive feelings of Greed The reason is some dispute about the house and some accommodation she thinks she is entitled to have and does not get

By Court

Aged between 30 & 40 strong woman never saw her the worse of drink appears a sober woman She aunt is said to be 88 years of age She has threatened myself and many others Complaints have often been made against her The old woman was fast speaking when found appeared to have been from effects of cold The old woman is a quiet woman

Sworn

Never heard her quarrelling - Sober woman
At times Helen is quiet and is then
a peaceful woman, and only when she
is in one of her bad periods - The old
woman could not be brought to Perth -
It is said she was burned out of ~~the~~ a
house when young and got a fright
George Johnman went to Atkins house
with last witness on the night of
16 March last - boisterous many nights
Found the old woman between the two
doors - door locked - Helen refused to
open it - brother forced it open - found
old woman quite weak - Helen got
up the tongs to strike us - gave no
reason for putting out the old woman -
Brother put the old woman on the
chair - after tongs taken from her she
took up a piece of wood, also taken
from her - then she took up toaster
Very violent - also took up a heather
besom - a crowd gathered - Police
Constable sent for who took away Helen -
I have known Helen for many years
all that time has had occasional
periods of excitement - I consider her
violent and dangerous when in these states
If we had not interfered said
might

night the old woman to all appearance must have died – Helen gave no reasons for her violence.

By Court

Helen is a sober woman, and her violence is not the consequence of drink – She is peaceful when not in her periods of excitement – The old woman is always a peaceful woman.

Mrs Schroman – Resides near to Helen White Has known her for many years – at times she becomes very violent without any apparent cause and continues so for months – She is dangerous when in this state – Has heard her threaten violence to Speed and threaten to burn his house and hay – She was violent at the time – I thought she might do this and told Speed to be on his guard.

By Court

It is said she drinks but she was quite sober when she threatened Speed – I never saw her drunk myself – I and my brothers are no relations of the Whites and there is no quarrel between them and us – Never saw the Speeds teasing or annoying her or any way.

Ayes

Ann Blackwood or Nelson Resides near
Helen White - Known her for many
years - at different times she becomes
violent and has alarmed the neighbours - 1844
Has heard threatening the burns of
Robert Johnman, ordering them out
of the house or she would lick them -
burns were just playing - not annoying
her - is sometimes in a quiet state -
Has been in a bad mood since
Martinmas last - We fear that she
may set fire to the house - Has
heard her threaten to set fire to
George Speeds hay - The neighbours
are in dread - It is said she
drinks but I never saw her the
worse of drink - but that she is
occasionally wrong in the mind -
Has heard that she was burnt out
of her house when young, and that
she lost a great deal of property - This
is the longest period of her illness
that I have known -

I. Warrant from the Sheriff of Lanarkshire, in terms of the Statutes 55 Geo. III. Cap. 69; 9 Geo. IV. Cap. 34; 4 and 5 Vic. Cap. 60. The Warrant—which will be granted on the presentation of Certificates of Lunacy from two respectable Medical Practitioners—is to be presented at the Asylum, on or before the arrival of the Patient.

II. Written Obligation for Payment of Board, as well as for due Observance of the Rules of the Institution, from one or two responsible Persons resident in Glasgow. The Letter of Obligation is to be deposited with the Treasurer on Payment of the Board.

The Forms of these Documents herewith furnished, or Copies of them, must be properly filled up and subscribed.

According to the rate of Board, a difference will be observed in the apartments, in the quality of furniture and of diet, in the rank of associates, and in the proportion of attendants or servants.

Every Patient must be provided with proper apparel. An accurate list of every article brought with the Patient, must, on admission, be delivered to the Steward. If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after seven o'clock in the morning, and before seven o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, or 72 St. George's-Place; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George-Street. And, to ensure the immediate Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

Dr. Rutherson

Sir,

I have endeavoured according to the best information I can gather to give the particulars of Mary McCartney's case. It was long considered here that it was simply a fit of cross temper occasioned by the marriage of a brother in law who had lodged with her, and now it has settled down in the form of Hypochondriacism to a very violent extent and it is deemed unsafe to allow her to remain at home any longer.

There were no oddity or eccentricity discoverable before, nor mental infirmity, vice or intemperance; but was industrious enough and kept a clean house. She has a good deal of temper about her, but nothing like the violence of insanity. As far as is known none of her relatives were insane, but her father was given to intemperance.

My own opinion is that she hoped and planned to prevent the marriage; and not succeeding in that she went on till her bodily health has become exceedingly disordered and now that acting upon the mind has brought her to the present state. When in her ordinary health she had a bad stomach, took quantities of soda, and although she has for some months back devoured quantities of raw oatmeal and raw onions she has not vomited, though she did so frequently before.

I may add to Query 8. that she has been irregular for three months back, but that I should think was rather the consequence than the cause of her illness. The surgeon is not at hand to describe the nature of the irregularity and as I am unacquainted with Medical terms I cannot describe it, neither does the female who reports this like to suppose to say what it is. These are all the particulars, and I sincerely hope that under the skilful treatment of yourself and in your admirable

institution she will soon recover and I have the honour
to be — Your Obedient Servant

I. Warrant from the Sheriff of Lanarkshire, in terms of the Statutes 55 Geo. III. Cap. 69; 9 Geo. IV. Cap. 34; 4 and 5 Vic. Cap. 60. The Warrant—which will be granted on the presentation of Certificates of Lunacy from two respectable Medical Practitioners—is to be presented at the Asylum, on or before the arrival of the Patient.

II. Written Obligation for Payment of Board, as well as for due Observance of the Rules of the Institution, from one or two responsible Persons resident in Glasgow. The Letter of Obligation is to be deposited with the Treasurer on Payment of the Board.

The Forms of these Documents herewith furnished, or Copies of them, must be properly filled up and subscribed.

According to the rate of Board, a difference will be observed in the apartments, in the quality of furniture and of diet, in the rank of associates, and in the proportion of attendants or servants.

Every Patient must be provided with proper apparel. An accurate list of every article brought with the Patient, must, on admission, be delivered to the Steward. If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after seven o'clock in the morning, and before seven o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board: and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, or 72 St. George's-Place; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George-Street. And, to ensure the immediate Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

Hamilton, 28th June 1846.

My dear Sir,

I think it proper to trouble you with a few lines, respecting a person of the name of Isabella Livingstone, for whose transmission under your charge I signed a Certificate - She has undergone the Medical treatment - being only seized a few days previously with Symptoms of insanity, and I am thoroughly convinced of the impropriety of her remaining longer shut with her Brethren, that I immediately recommended her Relations to send her to an Asylum - which Miss Stuart's Relations were for having done - being sensible that it was her best Chance for recovery - besides from her violent State it was unsafe for her remaining here

She has been about 25 years in the family with whom she has been living - at one time I am informed she was much addicted to the unfortunate habit of taking intoxicating Liquors to great excess - but for some years has given it up - I was also told by a Medical Gentleman, that she has (or had at one time) an open sore in one of her Arm pits, which it may be proper

to

to enquire into, just at the time I saw her I had
no opportunity of doing so, She being at the time
I visited her firmly tied up (agreeably to the
old practice) in what is called a Straight waist-
Coat, owing to the furious state in which she
had been in breaking windows &c &c She is
a most improper servant to be with the Lady
with whom she has been. Miss Hume being quite
alone living by herself with only another Servt
and who says she is certain at this time "Bell
has got no strong drink for some months"
however that must be taken with some little
allowance — I shall be obliged by your taking
the trouble at your leisure of informing me
how she goes on, or rather attending her self
& such misdemeanours from her habits. Miss
Hume takes a great interest in her

welfare

Belfast – Excuse the trouble I have given
and believe me to remain
Very respectfully Yours

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

All necessary Documents may be addressed (post paid) to the Physician, Dr. Hutcheson, Royal Lunatic Asylum, or 72 St. George's-Place; or to the Secretary and Treasurer, Mr. Donald Cuthbertson, No. 110 West George-Street. And, to ensure the immediate Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

I. Warrant from the Sheriff of Lanarkshire, in terms of the Statutes 55 Geo. III. Cap. 69; 9 Geo. IV. Cap. 34; 4 and 5 Vic. Cap. 60. The Warrant—which will be granted on the presentation of Certificates of Lunacy from two respectable Medical Practitioners—is to be presented at the Asylum, on or before the arrival of the Patient.

II. Written Obligation for Payment of Board, as well as for due Observance of the Rules of the Institution, from one or two responsible Persons resident in Glasgow. The Letter of Obligation is to be deposited with the Treasurer on Payment of the Board.

The Forms of these Documents herewith furnished, or Copies of them, must be properly filled up and subscribed.

According to the rate of Board, a difference will be observed in the apartments, in the quality of furniture and of diet, in the rank of associates, and in the proportion of attendants or servants.

Every Patient must be provided with proper apparel. An accurate list of every article brought with the Patient, must, on admission, be delivered to the Steward. If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after seven o'clock in the morning, and before seven o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

All necessary Documents may be addressed (post paid) to the Physician, Dr. Hutcheson, Royal Lunatic Asylum, or 72 St. George's-Place; or to the Secretary and Treasurer, Mr. Donald Cuthbertson, No. 110 West George-Street. And, to ensure the immediate Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All necessary Documents may be addressed (post paid) to the Physician, Dr. Hutcheson, Royal Lunatic Asylum, or 72 St. George's-Place; or to the Secretary and Treasurer, Mr. Donald Cuthbertson, No. 110 West George-Street. And, to ensure the immediate Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

And, to ensure the immediate Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current, or of the next, quarter.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

And, to ensure the immediate Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

A fee, on admission, is paid to the Physician, by each Patient at the second rate of board, and upwards. On the dismissal or death of the Patient, after six, and within twelve months, the fee is repeated. But should the Patient remain a year or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the rate of board is doubled.

Near Relatives, Guardians or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office, before they can be permitted to pass in or out.

All necessary Documents may be addressed (post paid) to Dr. Hutcheson, Royal Lunatic Asylum, the Physician; or to Mr. Donald Cuthbertson, No. 110 West George-Street, the Secretary and Treasurer. And, to ensure the immediate Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Superior Accommodation, such as a suite of Private Apartments, Attendants, &c. may be had.

THE TWO FOLLOWING DOCUMENTS ARE IN EVERY CASE INDISPENSABLE:

I. Warrant from the Sheriff of Lanarkshire, in terms of the Statutes 55 Geo. III. Cap. 69; 9 Geo. IV. Cap. 34; 4 and 5 Vic. Cap. 60. The Warrant—which will be granted on the presentation of Certificates of Lunacy from two respectable Medical Practitioners—is to be presented at the Asylum, on or before the arrival of the Patient.

II. Written Obligation for Payment of Board, as well as for due Observance of the Rules of the Institution, from one or two responsible Persons resident in Glasgow. The Letter of Obligation is to be deposited with the Treasurer on Payment of the Board.

The Forms of these Documents herewith furnished, or Copies of them, must be properly filled up and subscribed.

According to the rate of Board, a difference will be observed in the apartments, in the quality of furniture and of diet, in the rank of associates, and in the proportion of attendants or servants.

Every Patient must be provided with proper apparel. An accurate list of every article brought with the Patient, must, on admission, be delivered to the Steward. If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after seven o'clock in the morning, and before seven o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of Board.

The Board is, in all cases, paid quarterly and in advance. The days of quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the date of admission, to the end of the current, or of the next, quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, for repayment, if any, and what portion of the sum advanced for Board shall be refunded.

Physicians have no claim to remuneration for their labours.

The Fee on admission, is paid to the Institution by each Patient, whether of second rate of board, and upwards. On the dismissal or removal of the Patient, after six, and within twelve months, the Fee is remitted. But should the Patient remain a year, or longer, the Fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum.

No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Necessary Documents may be addressed (post paid) to the Physician, Dr. Hutcheson, Royal Lunatic Asylum, or 72 St. Vincent Place; or to the Secretary and Treasurer, Mr. Donald Cuthbertson, No. 110 West George-Street. And, to ensure the speedy Admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence before the Patient be sent to the Asylum. Three Days' previous notice must be given, before the Removal of any Patient.

The Warrant—which will be granted on the presentation of Certificates of Lunacy from two respectable Medical Practitioners—is to be presented at the Asylum, on or before the arrival of the Patient.

II. Written Obligation for Payment of Board, as well as for due Observance of the Rules of the Institution, from one or two responsible Persons resident in Glasgow. The Letter of Obligation is to be deposited with the Treasurer on Payment of the Board.

Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are:—1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the case is reported to the Sheriff.
