GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or persons in Glasgow, who have subscribed the Obligation for Payment of Board: and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Every Patient must be provided with proper apparel. An accurate list of every Article brought with the Patient, must, on admission, be delivered to the Steward. If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after 7 o'clock in the morning, and before 7 o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Three Days' previous notice must be given, before the Removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr Hutcheson, Royal Lunatic Asylum, or 72 St George's-Place; or to the Secretary and Treasurer, Mr Donald Cuthbertson, No. 110 West George Street. And, to ensure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

According to the rate of Board, a difference will be observed in the apartments, in the quality of furniture and of diet, in the rank of associates, and in the proportion of attendants or servants.

Every Patient must be provided with proper apparel. An accurate list of every Article brought with the Patient, must, on admission, be delivered to the Steward. If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after 7 o'clock in the morning, and before 7 o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Three Days' previous notice must be given, before the Removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr Hutcheson, Royal Lunatic Asylum, or 72 St George's-Place; or to the Secretary and Treasurer, Mr Donald Cuthbertson, No. 110 West George Street. And, to ensure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Sir,

It is with reluctance that I take up the pen to reply to yours of the 5th Inst. Not that I have got nothing but so much to state.— in exculpation for none interference.— After being twice addressed by Mr Stevenson on the same subject, I went out to explain verbally & personally what I felt would occupy too much space for a single letter.— At that time I decidedly declined for reasons then announced, all interference in the matter.— leaving those who were assaulted, to prefer their own plea for redress, as I could not conscienciously subscribe to her insanity.— That the madness of blasted illegitimate hopes goaded on by vindictive malice will often induce temperaly mental aberation I do not doubt; but that it should lay claim to sympathetic feeling is incompatible with the experience of its victims.— A sneevelling reptile compassion, which has neither a voice to be heard distinctly, nor leg to stand upon, will be apt to censure my indiffference to a Sisters woes.— There are plenty of living monuments in your neighbourhood on both sides of my family connexions, who can amply testify the ineffectualness of parental or fraternal indulgence to cure the Malady of a vicious temprament.— I have suffered enough already in ~~circuitance~~ circumstance and family peace from improvidence & profligacy, to be swayed from the course which I have adopted.— The root of her Malady is the paramount

vice of the age.— A strong desire to possess a situation of comfort and independence without fulfilling requisite duties honourably to attain the object of her aims, as in many previous instances, she does not scruple to waste her mothers means in the indulgence of her indolent propensities.—

She is difficient in rectitude of principle without inheriting any mental embecility.— Her scemes are concocted with more than the forecast of ordinary minds, unhackneied in the pathes of vice and intrigue.— She is also deliberate in the extravagance of her vagaries, flinging shame and disgrace to the winds, in the hope of possesing public sympathy from the very magnitude of their Character.— I say this from watchfull experience of her own language in her endeavour to excuse her outbreaks.— It would be a shameful exhibition, and a tedious wast of time, were I to enumerate all the family incidents that have engendered my contempt, and formed the ground work of incessant turmoil.— To extend them would comprehend volumes, exceeding in extravagance the tales of modern fiction to imbody the depravity of vulgar life.— Had my mother taken my counsel, and turned her over to her own resources on the first symptoms of her discontent, the present consequences I think might have been avoided; but her discrimination is as imperfect, as her daughters sympathy is fictitious. My sister Mrs. Rodger would have taken her in charge for ten pounds less than her annual income, but all arrangements on that head proved abortive thorough the insinuating intrigues of her comassionate housekeepey who has still stuck to her means and

substance like a horse leech.— In all the scrambles for plunder by my connexions on both sides, I scarce such unhallowed gains, any thing which I possess is the innocent fruits of persevering industry accompanied with a self denial, that has never been exhibited by my clamorous applicants, whose wants I have often relieved with, I now think a culpable compassion, which has been uniformly treated with heartless ingratitude.— I am truly sorry that either my own relations, or any with whom I am not personally related, should furnish ~~exam~~ examples of improvidence to burthen the community, we feel the examples of such improvidence here with a vengeance. My decided impression is, that we can only multiply them by pandering to their follies, in exercising a Maukish compassion for them, while enduring the just penalty of their own demerits.— You have therefore my hearty approbation to treat her in any way you may judge best to secure the public peace, but I decline all further interference.— I presume she is possessed of some funds in the meantime.— The power of the board you refer to will be more effective than mine to give possession.— Whatever may come to my hand in future, due to her, shall not be withheld from a Legal Mandate. Her Malady is not a Lunacy. It is a Dormacy which has been gathering strength for some time back previous to Whitsunday & Martinmas during the Ebbs of the exchequer, but subsides again for some time during the flood water.— Make her pay in her own person the penalty of her transgressions, and my opinion is she will soon be cured of her theatrical propensities.— I hope you will excuse my

selfishness which refuses to sacrifice its interests to the claims of impro-
vidence & profligacy. —

Yours

Sincerely

Sir

I receive the Copy of Mrs Hamilton's letter, his sister Mrs Boyle has had strange notions she imagined that people was talking about her when she was passing them on the street, but these fancies were before she lost the command of herself. Her greatest foolness were on young after well dressed person on the street and used to make up with them, but her mind seemed to be most set upon Mr Stevenson The Minister she declared that she was with child to him, besides the Aunt that is mentioned on the Schedule she had a Grand Aunt that was for a time troubled with Hypochondria, Her Brother in law thinks that she could not be depended on both regard to truth, but she never was found for a liar with the publick I think he got irritated at her She never said that he wished to take advantage of her, and that he wished to Hold her so that James Harvie now in the Asylum might get his will of her a thing without the least foundation

please write and let me know if she is improving any since she has been with you. Her brother was here last week he told me he had thought even about he had wrote and that he was quite satisfied with it, he says that his opinion as that it is nothing but a fit of ill nature and in shewing her tenacy was only encouraging her to vex others

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after 7 o'clock in the morning, and before 7 o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Three Days' previous notice must be given, before the Removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr HUTCHESON, Royal Lunatic Asylum, or 72 St George's Place; or to the Secretary and Treasurer, Mr DONALD CUTHBERTSON, No. 110 West George Street. And, to ensure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after 7 o'clock in the morning, and before 7 o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Three Days' previous notice must be given, before the Removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr Hutcheson, Royal Lunatic Asylum, or 72 St George's Place; or to the Secretary and Treasurer, Mr Donald Cuthbertson, No. 110 West George Street. And, to ensure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after 7 o'clock in the morning, and before 7 o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Three Days' previous notice must be given, before the Removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr Hutcheson, Royal Lunatic Asylum, or 72 St George's-Place; or to the Secretary and Treasurer, Mr Donald Cuthbertson, No. 110 West George Street. And, to ensure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only at the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or person in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

And, to ensure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or Persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

According to the rate of Board, a difference will be observed in the apartments, in the quality of furniture and diet, in the rank of associates, and in the proportion of attendants or servants.

Every Patient must be provided with proper apparel. An accurate list of every Article brought with the Patient, must, on admission, be delivered to the Steward. If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after 7 o'Clock in the morning, and before 7 o'Clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed or dies before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Three Days' previous notice must be given, before the removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, Gartnavel; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George Street. And, to insure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

The Warrant—which will be granted on the presentation of Certificates of Lunacy from two respectable Medical Practitioners—is to be presented at the Asylum, on or before the arrival of the Patient.

II. Written Obligation for Payment of Board, as well as for due observance of the Rules of the Institution, from one or two respectable persons resident in Glasgow. The Letter of Obligation is to be deposited with the Treasurer on Payment of the Board.

The Forms of these Documents, herewith furnished, or Copies of them, must be properly filled up and subscribed.

According to the rate of Board, a difference will be observed in the apartments, in the quality of furniture and diet, in the rank of associates, and in the proportion of attendants or servants.

Every Patient must be provided with proper apparel. An accurate list of every Article brought with the Patient, must, on admission, be delivered to the Steward. If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after 7 o'Clock in the morning, and before 7 o'Clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed or dies before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of these Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Three Days' previous notice must be given, before the removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, Gartnavel; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George Street. And, to insure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

All necessary Documents may be addressed (post paid) to the Physician, Dr Hutcheson, Royal Lunatic Asylum, or 72 St George's Place; or to the Secretary and Treasurer, Mr Donald Cuthbertson, No. 110 West George Street. And, to ensure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

We hereby certify that Elizabeth Dawson is a member of the United Presbyterian congregation of Kelling Wm St.; that she is a person of excellent moral character; that she has for a considerable period been in bad health that latterly her mind has been affected; that her widowed mother with whom she now resides at Partick, has no source of regular income, but is dependent on the earnings of her son who is employed in one of the mills in that neighbourhood; that in these circumstances it is desirable that provision should be made for placing the said Elizabeth Dawson in the Glasgow Asylum, we therefore most willingly recommend her case to the favorable consideration of the Parochial authorities, praying them to supply the necessary means for maintaining her in the Asylum.

The Forms of these Documents, herewith furnished, or Copies of them, must be properly filled up and subscribed.

According to the rate of Board, a difference will be observed in the apartments, in the quality of furniture and of diet, in the rank of associates, and in the proportion of attendants or servants.

Every Patient must be provided with proper apparel. An accurate list of every Article brought with the Patient, must, on admission, be delivered to the Steward. If any necessary part of dress should not be duly supplied, after eight days' intimation has been given that it is wanted, it will be furnished by the House, and the cost of it charged against the Patient.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after 7 o'clock in the morning, and before 7 o'clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed, or dies, before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year, or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No Person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the Person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum, within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Three Days' previous notice must be given, before the Removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr HUTCHESON, Royal Lunatic Asylum, or 72 St George's-Place; or to the Secretary and Treasurer, Mr DONALD CUTHBERTSON, No. 110 West George Street. And, to ensure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after 7 o'Clock in the morning, and before 7 o'Clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed or dies before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Three Days' previous notice must be given, before the removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, Gartnavel; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George Street. And, to insure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Three Days' previous notice must be given, before the removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, Gartnavel; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George Street. And, to insure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

The Warrant—which will be granted on the presentation of Certificates of Lunacy from two respectable Medical Practitioners—is to be presented at the Asylum, on or before the arrival of the Patient.

II. Written Obligation for Payment of Board, as well as for due observance of the Rules of the Institution, from one or two respectable persons resident in Glasgow. The Letter of Obligation is to be deposited with the Treasurer on Payment of the Board.

Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed or dies before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Three Days' previous notice must be given, before the removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr. Hutcheson, Royal Lunatic Asylum, Gartnavel; or to the Secretary and Treasurer, Mr. Donald Cuthbertson, No. 110 West George Street. And, to insure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed or dies before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

Three Days' previous notice must be given, before the removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, Gartnavel; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George Street. And, to insure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

Patients, in cases of urgency, will be admitted at any hour; but, in ordinary cases, they must be sent to the Asylum after 7 o'Clock in the morning, and before 7 o'Clock in the evening. Timely notice of the hour when any Patient may be expected to arrive ought always to be given to the Physician, that due preparation may be made for the Patient's reception.

On applying to the Physician, the Patient will be carefully and expeditiously conveyed to the Asylum; the necessary expenses being paid to the Steward by the Applicant.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed or dies before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Three Days' previous notice must be given, before the removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr. Hutcheson, Royal Lunatic Asylum, Gartnavel; or to the Secretary and Treasurer, Mr. Donald Cuthbertson, No. 110 West George Street. And, to insure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, Gartnavel; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George Street. And, to insure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

GENERAL REGULATIONS.

Patients sent by any Parish which has contributed a sum proportioned to its population, as stipulated by the Regulations, pay according to a rate of Board fixed annually.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed or dies before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Three Days' previous notice must be given, before the removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, Gartnavel; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George Street. And, to insure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.

Patients sent by other Parishes, pay according to the first rate of board.

The board is, in all cases, paid quarterly and in advance. The regular quarterly terms are: 1st January, 1st April, 1st July, and 1st October. The first payment is always made from the day of admission, to the end of the current or of the next quarter.

When any Patient is dismissed or dies before the close of a quarter, an application may be made to the Weekly Committee, to ascertain if any, and what portion of the sum advanced for board shall be refunded.

Patients have no claim to remuneration for their labour.

A fee, on admission, is paid to the Institution by each Patient, at the second rate of board, and upwards. On the dismissal or death of the Patient, after six and within twelve months, the fee is repeated. But should the Patient remain a year or longer, the fee is repeated only on the expiry of the year, and on that of each succeeding year of the Patient's residence in the Asylum. No fees are paid for parish Patients, or by Patients at the first rate of board.

Patients are admitted and dismissed by orders from the Physician.

No person affected with contagious fever, or in a dying state, can be admitted as a Patient.

When any Patient is ordered to be dismissed, timely written notice of the order for dismissal is always sent to the person or persons in Glasgow, who have subscribed the Obligation for Payment of Board; and when the Patient is not removed from the Asylum within a week after the time fixed in the notice, the board is doubled and the case reported to the Sheriff.

Near Relatives, Guardians, or others, producing proper written authority, from the subscribers of those Letters of Application on which Patients have been admitted, are, by an order from the Physician, allowed to visit Patients.

No Visitor is permitted to enter the apartment of any Patient of a different sex, but under proper restrictions.

All letters or other articles, brought to or from Patients, must be lodged in the Physician's office before they can be permitted to pass in or out.

Three Days' previous notice must be given, before the removal of any Patient.

All necessary Documents may be addressed (post paid) to the Physician, Dr. HUTCHESON, Royal Lunatic Asylum, Gartnavel; or to the Secretary and Treasurer, Mr. DONALD CUTHBERTSON, No. 110 West George Street. And, to insure the immediate admission of any Patient from a distance, it is requested that these, if possible, be transmitted in due time for correspondence, before the Patients be sent to the Asylum.
