fifteen years ago my said father

he left two sons and a daughter
vizt. myself who and the eldest my
Brother Neil who is a Quarrier at

investigation my my said sister
is aged about Twenty years and
is unmarried she went to service
about five years ago she was for the
first two years serving in Glasgow
and

and then went to England some:
time after going to England intem:
ation came to her mother who is
still living and resident in family
with me that the said Janet Mc
Dougall had become insane It was
arranged between the parties in Eng:
land with whom she served and
her relations at Ellanabreck that
she should be sent home to scott-
and they sent her accordingly to
Leith whether I went to meet her and
brought her home to Ellanabreck this
was about eighteen months ago
since which time she has lived in
family with her mother her Brother
Neil and myself up to the time of
her being sent to Inveraray which
was upon the fifteenth day of June
current when I first met her at
Leith and brought her home her
mind was in a state of deep melan:
choly and she would not answer
any thing that was said to her

she
}

she remained in the same state down to the period of her removal to Inveraray with the exception that at many intervals she became very much excited and threatened her mother with personal violence and also several times struck her with sticks and such weapons as came in her way about a fortnight before her removal she became extremely violent we were obliged to lock fast all the knives and every dangerous weapon I recollect at that time of once coming into the house and seeing her with a knife in her hand of which she had got possession and with which she threatened to stab her mother and take her life she appeared to have taken a great dislike at all her relations and threatened that she would get up on various occasions and stab every one of us through might I am satisfied that

during the whole time since her
return from England as aforesaid
that she has been in a state of
insanity and that every person
resident in the same house
with her or near her was in a
state of imminent danger for
there personal safety we would
have sent her sooner to a place
of confinement for safety if we
could have afforded the means
of doing so all which I depone

resided, for nine months back I
visited Janet Mc Dougall complained
upon about eight months ago and
she has been under my charge
ever since till her removal to Inverary
about ten days ago when I was
first called to visit her I perceived
that her mind was in a state
of excitement but could not

say whether it might not be temporary and might not arise from some disease of the Brain capable of being removed by treatment but after the lapse of two months I come to be of opinion that she was decidedly non compos mentis and that from the state of her complaint she was at times in a state of melancholy and at other times in an excited and furious state. Several times saw her in a furious or excited state and being sent for by her friends about two weeks before her removal to Inveraray and when asking to see her tongue she struck me violently upon the Jaw and said she would tear my nose off and used many similar expressions from all I have seen and known of her I am decidedly of opinion that her being at large is attended with danger both to herself and every person around her and that this has been the case for several months back all which

which is truth as I shall answer

Depones as follows viz. I am
acquainted with Widow M^c Dougall

Widow of the late Schoolmaster of
Kilbrandon, who died several years
ago. She had four children three
of whom are still in life, and
one of them lives with herself whose

He is about seventeen years of age.
She has a brother named Duncan
M^c Dougall who I understand is a farmer
at Gortan near Muckavin. These so far as

I am aware are her nearest relatives; Widow Mr Dwyer lives herself at Luing, and I have had frequent opportunities of seeing her within the last two years. Her mind has been frequently affected since the twenty fourth day of December last, and in a week or two thereafter, she became so furious that it was necessary to tie her, several times since that period, up to the time of her removal to Inveraray about two weeks ago, she made several attempts to set her house on fire. I heard her on one occasion threaten her said son John Archibald that she would split his head with an axe if he did not leave the house. From all I have seen of her conduct, I am decidedly of opinion that her mind is seriously affected, and that it would be dangerous to the Public to allow her to go at large.

alarmed for some time back for their

ago. It also consists with my
knowledge that she made several
attempts to set her house on
fire, and that she also threat-

John Archibald, I have often
seen her in a state of nudity.
From all I have seen, I am satis-

decidedly insane, and so violent,
that it would be dangerous to

Depones as follows viz. I am sister of Ann Rankin complained against. In the month of April of last year the said Ann Rankin went to Glasgow with the view of procuring service. About two months after her going out I received several letters from which it appeared that she had become insane and was placed in a lunatic asylum I went out at that time and saw her. Though she was composed at first her mind was evidently much affected. On former occasions before being seized with the insanity which affected her in Glasgow she was often subject to fits of violent temper. She got apparently better & I brought her home to Kildus Island in the month of August last

and she remained there with me till the Twenty sixth day of June of the present year when she was apprehended and brought to Inveraray. On various occasions since her return in August last she was extremely violent and I was often compelled to leave the house to save my life & also to call in men to take charge of her. On the occasions of her violence before referred to I am of opinion that she was in a state of insanity. From what I have lately seen of my said sister. I am of opinion that her being allowed to go at large would be dangerous both to herself and to the public. - She is about 43 years of age & was never married. As which the

Ann Rankin complained
upon was received by me
into the said prison upon the
Twenty eighth day of June
last. She seemed on her
admission to be in a state of
Total insanity & for many
days was in a state of great
excitement and committed
a number of incoherent acts.
She exposed her person and
seemed quite unable to distin-
guish between what was
right and wrong. For the last
few days she appeared to be
improved and more composed

opportunity of seeing Ann

as well as from being desired
by the public Prosecutor to
examine into her state of mind
with a view to the present
enquiry. I am of opinion
that she labours under the
form of insanity called mania.
She appeared to be extremely
