25 and 26 Vict. Cap. 54, Sect. 16.

RULES FOR THE REMOVAL ON PROBATION OF PATIENTS IN ASYLUMS.

The object of these Rules is to furnish Inspectors of Poor and others with the information necessary to enable them to apply for the removal of Patients from Asylums on trial; to point out the steps which the Board of Lunacy require shall be taken for their proper care during the period of trial; and to indicate the course to be adopted on the expiry of the period.

1. Application for the sanction of the Board for the Removal of Patients, whether Private or Pauper, on Probation shall be made according to Form G.

2. No Patient sent to an Asylum at the instance of the Procurator-Fiscal shall be liberated on Probation without his concurrence.

3. Pauper Lunatics removed on Probation shall be visited, once in every three months, by a medical man appointed by the Parish Council, who shall record his visits in the Visiting Book for Pauper Patients in Private Dwellings, which may be procured from Messrs. CONSTABLE, 11 Thistle Street, Edinburgh. It is very desirable that the first visit should be made within three weeks after the removal of the Patient from the Asylum.

4. During the period of Probation, Pauper Lunatics remain subject to visitation by the Commissioners, and all the Board's instructions in regard to them shall be carried out as in the case of Patients placed permanently with their sanction in Private Dwellings.

5. A Patient on Probation cannot, during the currency of the probationary period, be removed from the Poor Roll, nor can any of the conditions on which sanction was granted be altered, without the sanction of the Board.

6. On the order of the Board, or on an entry being made by the Parochial Medical Officer that a Pauper Patient has ceased to be suitable for remaining out on Probation, the Inspector shall, within fourteen days thereafter, remove him back to the Asylum, and send notice to the Board that this has been done.

7. When for any reason it is deemed necessary to send a Patient on Probation back to the Asylum, the Superintendent is bound to receive him on the simple demand for admission, provided the period of Probation is still current.

8. When a Patient on Probation, whether Private or Pauper, is certified recovered during the currency of the probationary period, a notice similar to what is required in the case of Lunatics in Private Dwellings under the Board's permanent sanction should at once be sent to the Board, and also to the Medical Superintendent of the Asylum from which the patient was liberated.

9. In the event of the death of a patient taking place during the currency of the probationary period, intimation should be at once sent to the Medical Superintendent, with a Medical Certificate as to the cause of death.

10. Before the period of Probation expires, in the case both of Private and Pauper Patients, if notice is not given to the Board that the Patient is to be replaced in an Asylum, a Medical Certificate must be transmitted to the effect either—(1) that the Patient is recovered, or (2) that he is still of unsound mind. In the latter case, the Certificate must further state that Asylum treatment is no longer necessary, and notice must be given to the Board of the manner in which the Patient has been disposed of. The Superintendent of the Asylum from which the Patient has been removed should also, in all cases, be informed as to the Patient's mental condition at the close of the period of Probation.

11. In the case of a Pauper Lunatic who, after the expiry of the period of Probation, remains insane, and in receipt of Parochial Relief, and who is suitable for residence in a Private Dwelling, application must be made to the Board of Lunacy, according to Form D, for their sanction to whatever permanent arrangement may be proposed for the Patient's care. In the case of such Patients, one Medical Certificate only is required to accompany the application. (See Rule 24 of Board's Instructions.)

25 and 26 Vict. Cap. 54, Sect. 16.

RULES FOR THE REMOVAL ON PROBATION OF PATIENTS IN ASYLUMS.

The object of these Rules is to furnish Inspectors of Poor and others with the information necessary to enable them to apply for the removal of Patients from Asylums on trial; to point out the steps which the Board of Lunacy require shall be taken for their proper care during the period of trial; and to indicate the course to be adopted on the expiry of the period.

1. Application for the sanction of the Board for the Removal of Patients, whether Private or Pauper, on Probation shall be made according to Form G.

2. No Patient sent to an Asylum at the instance of the Procurator-Fiscal shall be liberated on Probation without his concurrence.

3. Pauper Lunatics removed on Probation shall be visited, once in every three months, by a medical man appointed by the Parish Council, who shall record his visits in the Visiting Book for Pauper Patients in Private Dwellings, which may be procured from Messrs. CONSTABLE, 11 Thistle Street, Edinburgh. It is very desirable that the first visit should be made within three weeks after the removal of the Patient from the Asylum.

4. During the period of Probation, Pauper Lunatics remain subject to visitation by the Commissioners, and all the Board's instructions in regard to them shall be carried out as in the case of Patients placed permanently with their sanction in Private Dwellings.

5. A Patient on Probation cannot, during the currency of the probationary period, be removed from the Poor Roll, nor can any of the conditions on which sanction was granted be altered, without the sanction of the Board.

6. On the order of the Board, or on an entry being made by the Parochial Medical Officer that a Pauper Patient has ceased to be suitable for remaining out on Probation, the Inspector shall, within fourteen days thereafter, remove him back to the Asylum, and send notice to the Board that this has been done.

7. When for any reason it is deemed necessary to send a Patient on Probation back to the Asylum, the Superintendent is bound to receive him on the simple demand for admission, provided the period of Probation is still current.

8. When a Patient on Probation, whether Private or Pauper, is certified recovered during the currency of the probationary period, a notice similar to what is required in the case of Lunatics in Private Dwellings under the Board's permanent sanction should at once be sent to the Board, and also to the Medical Superintendent of the Asylum from which the patient was liberated.

9. In the event of the death of a patient taking place during the currency of the probationary period, intimation should be at once sent to the Medical Superintendent, with a Medical Certificate as to the cause of death.

10. Before the period of Probation expires, in the case both of Private and Pauper Patients, if notice is not given to the Board that the Patient is to be replaced in an Asylum, a Medical Certificate must be transmitted to the effect either—(1) that the Patient is recovered, or (2) that he is still of unsound mind. In the latter case, the Certificate must further state that Asylum treatment is no longer necessary, and notice must be given to the Board of the manner in which the Patient has been disposed of. The Superintendent of the Asylum from which the Patient has been removed should also, in all cases, be informed as to the Patient's mental condition at the close of the period of Probation.

11. In the case of a Pauper Lunatic who, after the expiry of the period of Probation, remains insane, and in receipt of Parochial Relief, and who is suitable for residence in a Private Dwelling, application must be made to the Board of Lunacy, according to Form D, for their sanction to whatever permanent arrangement may be proposed for the Patient's care. In the case of such Patients, one Medical Certificate only is required to accompany the application. (See Rule 24 of Board's Instructions.)

RULES FOR THE REMOVAL ON PROBATION OF PATIENTS IN ASYLUMS.

The object of these Rules is to furnish Inspectors of Poor and others with the information necessary to enable them to apply for the removal of Patients from Asylums on trial; to point out the steps which the Board of Lunacy require shall be taken for their proper care during the period of trial; and to indicate the course to be adopted on the expiry of the period.

1. Application for the sanction of the Board for the Removal of Patients, whether Private or Pauper, on Probation shall be made according to Form G.

2. No Patient sent to an Asylum at the instance of the Procurator-Fiscal shall be liberated on Probation without his concurrence.

3. Pauper Lunatics removed on Probation shall be visited, once in every three months, by a medical man appointed by the Parish Council, who shall record his visits in the Visiting Book for Pauper Patients in Private Dwellings, which may be procured from Messrs. CONSTABLE, 11 Thistle Street, Edinburgh. It is very desirable that the first visit should be made within three weeks after the removal of the Patient from the Asylum.

4. During the period of Probation, Pauper Lunatics remain subject to visitation by the Commissioners, and all the Board's instructions in regard to them shall be carried out as in the case of Patients placed permanently with their sanction in Private Dwellings.

5. A Patient on Probation cannot, during the currency of the probationary period, be removed from the Poor Roll, nor can any of the conditions on which sanction was granted be altered, without the sanction of the Board.

6. On the order of the Board, or on an entry being made by the Parochial Medical Officer that a Pauper Patient has ceased to be suitable for remaining out on Probation, the Inspector shall, within fourteen days thereafter, remove him back to the Asylum, and send notice to the Board that this has been done.

7. When for any reason it is deemed necessary to send a Patient on Probation back to the Asylum, the Superintendent is bound to receive him on the simple demand for admission, provided the period of Probation is still current.

8. When a Patient on Probation, whether Private or Pauper, is certified recovered during the currency of the probationary period, a notice similar to what is required in the case of Lunatics in Private Dwellings under the Board's permanent sanction should at once be sent to the Board, and also to the Medical Superintendent of the Asylum from which the patient was liberated.

9. In the event of the death of a patient taking place during the currency of the probationary period, intimation should be at once sent to the Medical Superintendent, with a Medical Certificate as to the cause of death.

10. Before the period of Probation expires, in the case both of Private and Pauper Patients, if notice is not given to the Board that the Patient is to be replaced in an Asylum, a Medical Certificate must be transmitted to the effect either—(1) that the Patient is recovered, or (2) that he is still of unsound mind. In the latter case, the Certificate must further state that Asylum treatment is no longer necessary, and notice must be given to the Board of the manner in which the Patient has been disposed of. The Superintendent of the Asylum from which the Patient has been removed should also, in all cases, be informed as to the Patient's mental condition at the close of the period of Probation.

11. In the case of a Pauper Lunatic who, after the expiry of the period of Probation, remains insane, and in receipt of Parochial Relief, and who is suitable for residence in a Private Dwelling, application must be made to the Board of Lunacy, according to Form D, for their sanction to whatever permanent arrangement may be proposed for the Patient's care. In the case of such Patients, one Medical Certificate only is required to accompany the application. (See Rule 24 of Board's Instructions.)
