26 July. I must not record my
visit to the Retreat by a simple
insertion of my name, after the
high satisfaction I have derived
in closely inspecting it, in all its
branches & details. Having visited
nearly all the Principal Institutions
in Europe for the treatment of insane
persons of every class - I can & do
conscientiously aver that I consider
the Retreat to come up quite to my
ideas of what an Establishment
of this kind should be, & to reflect
great honor on the Charity, the
benevolence, & the perseverance
of the Society of Friends under
whose auspices the Institution
is placed. My thanks are due
to Mr. Ellis for his urbanity &
candour in conducting me through it

Mr. Wimmel from Hamburg

Dr. Julius from Berlin

With great pleasure I can and will express here the feelings produced in me by seeing the great improvements the Retreat has undergone since I visited it in 1828, in moral and physical respect, the creation of the employment of a House Surgeon (see) so ably by Mr. Flaxman, and by the additional ground and buildings newly erected.
