PREFACE.

THE following List contains the names of all who have held Office or who have obtained any Prize at the Royal College of Surgeons of England up to the end of 1895.

The dates of most of the Appointments run across the years: in these cases the date of election is given: thus P. 1874 means that the Office was held for the year 1874-75. The Professors are generally appointed in one year and deliver their Lectures in the year following: thus Hunt. Prof. Surg. & Pathol. 1890-91 shows that the Professor was elected in 1890 and gave his lectures in 1891.

In all cases where the date is left blank, thus 1890- , it is to be understood that the term of Office had not expired at the end of 1895.

By the Charter of 1800 the Government of the College was vested in the Court of Assistants, which consisted of twenty-one members, one of whom was styled Master and two others Governors. The Charter of 1822 changed the names of Master and Governors to President and Vice-Presidents, and the Court of Assistants was from that date called The Council.

To those original Members of the College who had also belonged to the Corporation of Surgeons the date of admission to the latter body is given.

It may be interesting to note that one member of the Company of Barbers and Surgeons, Joseph Warner, held Office at the College of Surgeons. The entries in the books of the Barbers' Company read as follows:—

“3 Dec^r. 1734 Joseph Warner Son of Ashton Warner of Antigua in the West Indies Esquire putts himself Apprentice to Samuel Sharpe Surgeon for seven years from the day of the date above written In consideration of Three hundred and ffifty pounds paid by y^e ffather.”

“1st Dec^r. 1741 Joseph Warner late Apprentice to Samuel Sharpe made free by Service on the testimony of his said Master and was Sworne.”

A copy of this List will be kept in the College Library complete up to date for purposes of reference.

May 1896.
