 OF THE  
 KENT COUNTY OPHTHALMIC HOSPITAL.

REPORT  
 OF THE  
 BOARD OF MANAGEMENT,

*For the Year ending 31st of December, 1865.*

---

“**A**LTHOUGH the Board made earnest appeal to the County, for new and increased Subscriptions in the two last Reports, there has been no response whatever to them. The usefulness of the Hospital must consequently be as much limited in the year to come, as in the two preceding years: it is much to be

regretted that more Subscribers do not come forward from all ranks of Society, it may be with their mites only, to help such a really useful Institution.

“The Report of the financial position of the Hospital is not altogether satisfactory, comparatively it is favourable, as the outstanding accounts do not amount to quite so much as in the foregoing year, and the balance at the Bank is larger; while the income arising from all sources has been considerably less than the average income of the last four years, proving thus that the resolution of the Board to assimilate the expenditure to the income, though at a great sacrifice of the public advantages of the Hospital, has been strictly adhered to.

“The Subscriptions for 1865, were only £581 19s. 6d. against £594 15s. 6d., in 1864. This is somewhat below the average of the last 8 years.

“The donations also shew a decrease of £129 0s. 5d., as compared with those of the previous year. The total sum received as donations was £219 9s. 3d., £77 8s. 1d. of which was given by the Artisans, Mechanics, and Shipwrights, employed in her Majesty's Dockyards, at Chatham and Sheerness, to whom the Board again offer their special thanks, as well as to the workmen in the employ of the South Eastern Company, at Ashford, for their Contribution of £14 0s. 2d., the proceeds of their Annual Ball.

“Only £39 17s. 7d. was collected after Sermons in the whole of the Kentish Churches and Chapels.

"The legacies bequeathed this year to the Hospital, amounted to £250, making the whole sum now invested £3369 16s. 7d.

"The Surgeon has introduced several alterations and improvements to the previously existing means for examining the eye, and scientifically testing the sight for glasses; making the appliances of the Hospital equal to those of any similar Institution in the Kingdom.

"371 in-patients were admitted during the year.

"1940 out-patients attended in the same period, and the whole number of visits of out-patients to the Hospital for advice and medicine, was 8091.

"334 operations have been performed in the year, being 90 more than last year. Mr. Adams having performed no less than 120 operations for Cataract alone.

"A conference of Sub-committees of this Hospital and the West General Kent Hospital was arranged, to consider the desirableness of obtaining more and more clearly defined spiritual advantages for both Hospitals, such as regular visitation, Sunday services and daily prayers, and it has been decided that a Chaplain shall be appointed jointly, at a stipend of £100 per annum, £20 per annum of which sum will be paid from the funds of this Hospital.

Under these circumstances the Board trust that Subscriptions may be forthcoming to defray this new but most necessary charge on the scanty funds.

*Maidstone,*

*March 28th, 1866.*

MY LORDS, AND GENTLEMEN,

In laying before you the Medical Returns for 1865, permit me to call your attention to the great demand there has been on the beds of the Institution, this in a great measure was caused by the large number of Patients requiring operation, and more especially for the removal of Cataract. Many times I was obliged to refuse admission for the want of room, and also in several instances compelled to discharge In-patients before I otherwise should have done, to make way for more urgent cases.

The facilities for scientifically testing vision, and accurately choosing glasses, being far behind the requirements of the day, we have during the year made several alterations and introduced important improvements into this department, which I doubt not will add materially to the usefulness of your valuable Institution.

I have the honor to be,

My Lords, and Gentlemen,

Your faithful servant,

**MATTHEW. A. ADAMS,**

Surgeon to the Hospital.
