THE OBJECTS OF THE ASSOCIATION ARE  
THE SUPERVISION AND THE ASSISTANCE OF THE  
INVALID AND CRIPPLED CHILDREN  
OF THE POOR

*"Do ye hear the Children weeping, O my brothers,  
Ere the sorrow comes with years?  
They are leaning their young heads against their mothers,  
And that cannot stop their tears."*

## GENERAL SCHEME.

### OBJECTS AND METHODS.

THE Invalid Children's Aid Association was formed in 1888 for the purpose of helping, supervising, and, if possible, curing the *seriously invalided and crippled* children of the poor. It works chiefly by Visitors, each of whom takes charge of one or more children. The Visitors are grouped into Districts and Branches, of which there are now fifty-eight.

The work of each District is controlled by a selected Visitor—selected for experience among the poor, organising ability, and (where possible) nursing knowledge. This Visitor is styled a Representative. Organising and giving effect to these labours is a strong Executive Committee, which meets twice a week to consider cases, and to decide as to the steps that should be taken in each instance. Most of the work is carried on in co-operation with the Charity Organisation Society, whose enquiry agency is most kindly placed at the disposal of the Association. The general aim is to obtain for the children the best possible medical treatment, and the means of earning their livelihood in the future.

The Branches are worked by Local Committees but are in close touch with the Centre.

### ADVANTAGES SECURED.

The benefits which it is the object of the Association to secure for the children appear to fall under one of the two following heads:

#### PERSONAL MINISTRATIONS.

1. It is the primary aim of the Association to find, for every child referred to it, a *friend*, who shall give to it, so far as circumstances permit, unstinted *personal service*; doing for it, and getting done, everything that experience, common-sense, and kindness may suggest.

#### MATERIAL BENEFITS.

2. Under this head would come such matters as skilled nursing; special medical advice; medical comforts, warm clothing; surgical appliances and expensive dressings; the loan of spinal carriages, wheel-chairs, and perambulators; admission into Hospitals; admission into Homes (in London and in the Country)—Nursing—Training or Incurable; together with "boarding out" in cases for which Homes either do not exist or are less suitable.

Treatment is not generally continued after children are fifteen years of age; but if they are learning trades or there are special circumstances this rule does not apply.

They shall be elected annually at the General Meeting, the Representatives having previously been nominated.

The Central Sub-Committees shall be appointed by the Executive Committee. In case of a vacancy occurring in the Executive Committee during the current year, the Committee shall have power to elect a substitute member from the nominees of the Council.

## THE COUNCIL.

The Council shall consist of the President, Vice-Presidents, Executive Committee, the Representatives, and two members representing each Branch Committee, and co-opted members.

The Council shall meet four times a year and the Executive Committee shall report to the Council matters of importance concerning the work of the Association.

(Note :—Members of the Council not actively engaged in the work of the Association may be asked if they wish to be summoned to the Ordinary Meetings.)

Any member of the Council may propose a name for election on the Executive Committee when a vacancy occurs.

## HON. TREASURERS.

There shall be two Hon. Treasurers, who, through the Finance Committee, shall manage the financial affairs of the Association.

## THE SECRETARY.

There shall be a Secretary who shall have the management, under the Executive Committee's direction, of the business of the office and of those employed therein, who shall work under his or her direction and supervision. The Secretary shall be responsible for keeping the Minutes and for the custody of the books and papers of the Association.

## ALTERATIONS OF LAWS.

The Rules shall not be added to or altered, except at the Annual Meeting. Notice of suggested alteration shall be given in writing to the Secretary one month before the Annual Meeting.

## BRANCHES.

The formation of Branch Committees may be sanctioned when thought desirable by the Executive Committee.

Branches shall work in accordance with the regulations of the Central Committee.

Branches should be represented on the Central Executive Committee, and any proposed deviations from the principles of the Society should be brought before the Executive Committee.

(Note :—The Association is responsible for the actions of its Branches and the Branches have the advantage of the reputation and experience of the Central Association.)

## REPORT.

GREAT courage is needed and perseverance in these transition days, when we are training our people to understand themselves; when we are endeavouring to solve the problems of poverty in a new way. But those of us, who are keen in the fight, are rewarded by coming upon astonishing forces marshalled to our aid: the discovery of hidden or sleeping powers in the human being, whether his or her body be broken or not. As we go onward we can afford to have our counsels criticised as "Counsels of Perfection," for before us, who see, shines a far but illuminated horizon, and there is knowledge to be gained and to be given every step of the way thereto.—DUCHESS OF SUTHERLAND.

The twentieth century is just entering upon its teens and is quite the most engaging child the world and his wife have yet had. He is keen too and means, like all wise children, to bring up his parents in the way wherein they should go. As a beginning he is doing his best to bring home to them what social parentage means, and how much it can do to supplement the individual parentage, which it can never replace. The twentieth century pleads that, besides his own parents, every child has in the State a social father who more and more controls and trains him, and in Society a social mother who daily seeks to love and tend him more truly. Never has the claim of young life been stronger on men and women

than it is now. They know that all the light will go out of their own lives if they neglect it.

How active both the State and Society have recently been, the Conference convened by us last June has abundantly shewn. We had illuminating addresses from the Duchess of Sutherland and Lord Aberdeen, surveys of the movement from experienced workers, London and Provincial, sympathy and guidance from Mrs. Burgwin, Mrs. Kimmins and Mr. Loch. Very interesting papers were contributed (1) on the progress of the movement, by Mr. Leppington, (2) on tuberculosis in children, by Miss Broadbent, Dr. Williamson, Dr. Elliott Browne and Dr. Gillam. (3) On the work of the Potteries Guild, by the Duchess of Sutherland. (4) On after-care and training, by Sir John Kirk, Principal Millis of the Borough Polytechnic and Principal Williams of the Northampton Institute, while at the final session Mr. C. S. Loch explained the ways in which it is hoped that children will benefit, if the proposals of the Poor Law Commission are carried into effect.\*

On the side of the State we have had Acts, such as the Notification of Births Act, and the Children's Act, aimed at preventing the infantile mortality which is still a National disgrace, and the new measures sanctioned by Parliament for the medical inspection and feeding of school children.

On the side of Society we find :

1. A new and strong interest in the problems of eugenics and parenthood.
2. An ever-growing sympathy with children, leading to improved methods of child study and child training.
3. A fuller consideration of the mental and social needs of children.
4. A more careful application of scientific method in dealing with children.

Both social parents are anxious to do their duty and neither can do without the other. The State can and should do much, but Society can and should do far more. The social mother has more important functions than the social father.

Now, as one of the handmaids of the social mother, our Association aims at being efficient and trustworthy. It is not for us to say how far we have succeeded, but the increase in our case work and the constant growth in our co-operation with other bodies, public and private, seem to suggest that we are fulfilling a social need, and our wish is every year so to do our work that Society may be willing to entrust us with more work still. We are continually revising our methods

\* The papers were published in the *C.O.S. Review* for Sept. 1903, which may be obtained at the I.C.A.A. Office.

and striving to grow up with the new century into larger and nobler ideals. We therefore have a clear conscience in appealing for more workers and increased financial support.

In one of Lafcadio Hearn's delightful stories a little Japanese girl cherishes her dolly in the belief that her devotion to it will make it live. And when it remains always only a dolly she weeps and says: "I love it all I know how, but alas! I do not love it enough." It is certain, is it not, that we do not love our afflicted children enough? Is it equally certain that we love them all we know how?

The following Tables show the sources from which children have been referred to the Centre and the Branches, and the nature of their complaints.

## FINANCE.

The year, although it has ended satisfactorily, has been an anxious one from the point of view of Finance, since for many months there was no available balance and in October the Committee were compelled to borrow £200 from the Bank, to enable them to meet their liabilities. Strenuous efforts were made to raise the money necessary to carry on the work and the loan was repaid in the last week of the year. During the same week a legacy of £300 from the executors of the late Mrs. Whitehead was received and an unexpected and most welcome donation of £100 per Sir William Bennett, so that the deficit, which had cast a cloud over every meeting, gave place to a balance such as the Association has not possessed for many years.

This is a matter for especial rejoicing, because the Committee has undertaken heavy responsibilities in the way of starting fresh work in the poorer and outlying districts of London,—work which they feel to be the most important and the most pressing at the present moment,—which yet would have had to be abandoned if financial help had not been forthcoming. More and more the Central Office should become the generating station, as one may say, of the system, and there is no doubt that the Central I.C.A.A. must show more in proportion spent on executive work, as the case work is taken over by the Branches, who can do it more efficiently and with greater local knowledge.

The Conference, also, has increased the correspondence, owing to the demand for literature and information and to the necessity for sending to the provincial Federated Societies notices of Council and other meetings. Glad as we are that the Association should be recognised as an authority and a source of help, it must be remembered that work of this character, including numerous interviews, makes heavy demands on the time and strength of the Secretary, who cannot now devote her whole time to the routine of the office.

That the forward movement of the last two years has been justified is proved by the figures for 1909, which show that, in addition to £6,534 received by the Centre, the Branches have collected £4,366, a total increase of £3,100, and that there have been 3,674 new cases referred to the Association, of which 1,580 came to the Centre.

Most sincere thanks are again due to the "Ways and Means Committee" for their efforts, which resulted in a sum of £284 being added to the funds of the Association, and also to Miss Berryman for £21 raised by a performance of the play "Christine Macnab" at the Cripplegate Institute.

Donations of £100 from X. Y. Z. and from Miss Thomas per Mrs. Valpy, have again been most welcome, and only those engaged in the task of raising money which, for the most part, is contributed in very small amounts, can realise the gratitude of the Hon. Treasurers for a large sum which requires only one letter and one receipt.

#### THE GOLDEN BOOK

was instituted by the Founder of the I.C.A.A. to obtain individual help for specially poor children whose parents are unable to contribute much towards their support in the Hospitals or Convalescent Homes to which they are sent. Reports of these children are sent periodically to the friends interested.

During the year 1,356 special appeals have been sent, 132 new Donors have given to the Golden Book and about 100 children have been helped by friends, whose assistance in apprenticeship and in spinal and hip cases, which require long treatment in Hospitals and Homes, is specially useful. We are very grateful to those friends who, when the child they were maintaining no longer required help, have kindly undertaken to assist another child. A sum of over £700 was received during the year.

#### THE HOMES COMMITTEE.

One of the most satisfactory features of the work of the Homes Committee is that year by year the complaints of Homes become of a less serious nature, and although there were eight more than last year, thirty-nine as against thirty-one, only two Homes have been removed from the list, one a boarding-out Home deemed unsuitable for delicate children and the other a Training Home designed for normal rather than invalid children. Doubtless the system of investigating every complaint has resulted in the elimination of the less carefully managed Homes, while new ones are only adopted after every precaution has been taken to make sure of their suitability. All boarding-out Centres are locally supervised, and the ladies doing this at Broadstairs and Tunbridge Wells have been invited to take over powers as Infant Life Protection Visitors under the Children's Bill. We have lost the advantage of Miss Lambert's supervision at Newbury, and greatly miss her help; we have not yet found anyone to replace her. We now board out children at Horsted Keynes under Miss Marshall, and the work continues at Broadstairs, Tunbridge Wells, Ogbourne St. George, and in a few cottages at other

places. To the supervisors and doctors who give so much time to the boarded-out children we owe unstinted thanks. An arrangement has come into force with the Jewish Board of Guardians that all Jewish phthisical cases are referred to the Health Committee of the Board and dealt with by it.

Twenty-five new Homes have been sanctioned, of which ten are boarding out, and 15 nursing or convalescent. A few Homes have been closed by those responsible for them, during the year. Nurse has visited 39 of the Institutions which are constantly in use, and has inspected most of the new Homes. The Committee has met eight times during the year.

#### THE APPRENTICESHIP ASSOCIATIONS.

Feeling as we do that the time and money spent upon the children should be directed to making them as far as possible self-supporting citizens, our appreciation of the work of the Apprenticeship Committees is necessarily great. There is one at work now in most of the London districts, but in many cases they cannot assist cripples. Most of our children, however, having attended the Special Schools, pass naturally on leaving through the hands of the After Care Committee, and this Committee now places its knowledge and machinery at the disposal of all other I.C.A.A. cases, subject to certain financial conditions. In this manner 13 non-special school children have been dealt with during the year and 24 placed from Special Schools. Many cases have again been sent to the various excellent Training Homes.

Two found work for themselves, one was placed privately, one marked off as he refused to wear glasses ordered by the doctor, and six are current cases.

Out of eleven reports on old cases, three girls apprenticed to dressmaking are said to be doing well, while one has failed in health; five boys apprenticed to printing, cabinet-making, watch-making, boot-making and tailoring are "very satisfactory," but two others apprenticed to tailors are reported as "unsatisfactory."

#### "WAYS AND MEANS COMMITTEE."

In answer to a request from the "Ways and Means Committee," the "Amateur Art Society" promised to give a third of the proceeds of their Annual Exhibition. It was held in March, at 16, Grosvenor Place, and £100 was afterwards handed over to the Association.

The "English Ladies' Orchestral Society" gave a Concert in aid of the funds in December. Bridgewater House was kindly lent for the occasion. The "Ways and Means Committee" were responsible for the sale of tickets and the sum of £52 15s. was realised.

Mr. Little having resigned, Miss Erskine was appointed Hon. Treasurer. Four new Members of Committee were elected.

A successful Ball was again held in November at the Wharnccliffe Rooms, resulting in a sum of £127.

Miss Bruce kindly acted as Hon. Secretary of the Ball Committee.

#### SPECIAL FIVE SHILLING FUND.

The Five Shilling Surgical Instrument Fund of the I.C.A.A. is now entering upon its third year of work, and is of great assistance to the Association in helping to provide Spinal Carriages, for which there is a far greater demand than supply, and Surgical Boots and Instruments, the cost of which is heavy and only partially defrayed by parents.

Several new subscribers and donors have been added to the Fund, but others on the other hand have fallen off, and new ones are very much wanted to take their place. The number of "Local Collectors" has been increased, but more are wanted in the various suburbs and surrounding districts of London. Much thanks are due to those ladies who are helping in this way, also to all those who have continued their generous support of the Fund during the past year.

Though Miss Willis still remains practically the head of the Fund, the secretarial work has been entirely taken over by Mrs. Hugh Davidson and Miss Conrad, who are now joint Hon. Secretaries, and to whom in future all contributions and

offers of help should be addressed at 12, Queensberry Place, S.W., from where the Fund is worked.

#### CO-OPERATION WITH OTHER AGENCIES.

*The Hospitals* continue to refer children to us in increasing numbers. In the majority of cases there is now an Almoner whose assistance much facilitates our work and renders it far more effective. Where there is a Samaritan Fund the Hospital often helps us financially. Our gratitude is also due to the Medical Officers, and Sisters of the Hospitals, who refer cases to us, and to the Doctors and Superintendents of the Homes, to which the children are sent, for their courtesy in filling in forms and answering inquiries.

*The Charity Organisation Society.* Our co-operation with the C.O.S. continues to be both close and constant. We are indebted to them not only for financial aid but for reports as to character and advice as to assessments, which supplement in the most valuable manner the work of our Association.

*Boards of Guardians.* Our co-operation with the Guardians necessarily varies in the different districts, but it is a satisfaction to feel that, where it appears advisable to leave a case to the Poor Law, there is usually every chance of the treatment being carried through, and many of our children have derived much benefit from the excellent Metropolitan Asylums Board Homes.

*The Education Authority* gives us valuable help and co-operation by means of the Special Schools for the physically defective which most of our children attend and where, almost invariably, one at least of the Managers is a worker from our Association. We have also provided many volunteers for the newly established Children's Care Committees, and as Medical Inspection of school children becomes more general we shall no doubt find our work increased and, we hope, our usefulness also.

*Churches.* We are very grateful to the Clergy and the Ministers of all denominations for help in visiting or in money,

and for the collections which have on several occasions been given for the benefit of our funds. To the Dean and Chapter of Westminster we are again indebted for a collection in December.

*The N.S.P.C.C.* continues to help us in those difficult cases where parents are guilty of wilful neglect. Almost invariably the visits of their Inspector produce excellent results and enable us to renew our relations with the family under greatly improved conditions.

*The Queen Victoria Jubilee Institute of Nurses* has this year established a complete system of co-operation with us which is already proving of great value. Our children have always derived much benefit from the kindness of the Queen Victoria and the District Nurses.

*The National Association for the Prevention of Consumption* arranged an Exhibition which has been visited by many thousands of people during the year in various parts of London. The Children's Section was under the supervision of Miss Broadbent, and a particularly successful feature of the Exhibition has been the organising of parties of school children, who were taken round the Exhibition each morning and given a short address. There is no doubt that the Exhibition and the lectures in connection with it will do much to disseminate knowledge on this all-important question.

*The Children's League of Kindness.* This Society, which carries on a similar work to our own in the South of London, co-operates with us financially on all our cases which are within its area.

*The Ragged School Union.* Once more we wish to express our hearty thanks to Sir John Kirk and his staff for all the help which they have given us.

*The Sunbeam Mission.* Many children are provided by means of this Society with "friends" who do much to brighten their lives and who are frequently most kind in helping us with the expense of treatment.

*The Children's Sanatorium, Holt.* We are fortunate in being able to work so closely with this Sanatorium, where such excellent results are obtained for our children. By mutual arrangement all the secretarial work in connection with it is done in our office. As we investigate the cases of all applicants, we are often able to deal with any London cases which require treatment while awaiting admission, and we can supervise the children on their return. We are grateful to Mr. Wyatt for allowing us to have so large a share of the benefits conferred by the treatment at Holt.

Asquith, Mrs. Alfred Lyttelton and others, has been giving valuable help throughout the year by providing friendly visitors for cases sent by the Societies with which it is affiliated. It has been arranged to include the I.C.A.A. among these Societies and our supply of visitors has thus been reinforced by new helpers. These, according to the principle of the Personal Service Association, are grouped under "District Heads" chosen for their experience in social work, who can advise the less experienced helpers as to the best means of assisting the family visited.

*Registration.* Another new development is the establishment in many boroughs of a system of Mutual Registration of Assistance. Thus, for example, the I.C.A.A., having furnished the Registrar with the list of cases within the area which are being dealt with by them, is notified at once of any assistance which may be given to a case by another Society. In this way overlapping is prevented, and the different societies interested in a family are brought into touch with one another.

*The Jewish Board of Guardians* co-operates with us financially in all Jewish cases and investigates such cases for us.

*The Church Army* is most helpful to us in assisting the families of many of our children.

*The London Mendicity Society* investigates and reports upon cases for us and co-operates with us financially.

*The Association for the Care of Catholic Cripple Children* co-operates with us in suitable cases.

*Massage Associations* and various *Schools of Physical Exercises* provide expert free treatment to many of our children.

*The Hospital Sunday Fund* has made us 130 grants towards surgical boots and instruments, amounting to £114 14s.

The I.C.A.A. is represented by the Secretary on the Committees of the:

- (1) Convalescent Homes Association.
- (2) National Association for the Welfare of the Feeble-Minded.
- (3) Women's Industrial Council.
- (4) Health Society of the National Union of Women Workers.
- (5) Mansion House Council for Dwellings of Poor.

And Members of the I.C.A.A. have been invited to represent the Association on the:

- (1) Council of the C.O.S.
- (2) Various Councils of Social Welfare.
- (3) Council of the National Association for the Prevention of Consumption.

## HELP RECEIVED.

We are much indebted to H.R.H. the Princess of Wales, not only for a donation to our funds, but for the beautiful present of dolls and also a further gift of calendars and sweets, all of which have given great pleasure to the children.

Our warm gratitude is given to Mrs. Sreatfeild, who continues to place at our disposal the cots endowed by her at the Victoria Hospital Home, at Broadstairs, Victoria Home, Margate, Mount Vernon Hospital and Alexandra Hip Hospital; to the friend who subscribes for three beds at Hawkenbury for us; to Miss Somers for free cots at Myholme; to Miss Fielden for the use of her Fresh Air Home at Redhill; to Miss Rigg for the use of the Lakebridge Home at Leamington; and to those who take our children free of charge at the Eversley Home, Hythe, at Horsham, Little Gadesden, Mrs. Unwin's Home and High Beech.

We are again indebted to many volunteers who help us in our heavy office work. We are specially grateful to Miss Willis, Miss Manley, Miss Erskine, The Misses Enthoven, The Hon. Romola Russell, Mrs. Arthur Russell, Miss Maunsell, Miss Hamilton, Miss Hale, Miss Norman, Miss Southwell, Miss Oppenheimer, Mrs. Oldfield, Miss Bruce, Miss Gulliver, The Misses Fanning, Miss Harter, Miss Samuel, The Hon. Florence Palk, Miss Russell, and others; and to those who have relieved us of all typewriting and cyclostyling work. For the services of many of these helpers we have to thank the Lend-a-Hand Club, the Girls' Diocesan Society, and the Jewish Union of Women Workers.

Welcome gifts of clothing have again been received from the Needlework Guilds and from the Lenten work party of the Girls' Club of St. Mark's Church, Notting Hill.

Mrs. Lejeune and Mrs. Wrench and her children sent us dolls and toys which, together with the gifts received on Pound Day (December 6th), enabled us again to brighten Christmas time for many of our little invalids. We are specially grateful for this form of help as the funds of the Association are never spent to provide clothing, toys or nourishment.

In conclusion we would urgently appeal for free letters for Convalescent Homes:—

disposal of the Committee, rent free for a year, together with a subsidy of £2 a week towards expenses. This has been used as a Home for eight little boys between the ages of six and twelve, suffering from early phthisis, as further accommodation for this class of case was particularly needed. We have been fortunate in acquiring the services of an excellent matron and the results have been most satisfactory in every way. Much local interest has been aroused in the Home, several ladies have come regularly to teach the children and a Committee for local supervision has been formed. We cannot sufficiently express our indebtedness to Mrs. Palaret for such very real and substantial help.

#### ANNUAL MEETING.

The Annual Meeting was held on the 25th of May, at 16, Grosvenor Place, by kind permission of Lord Newlands, and was presided over by Lord Grenfell, who spoke of the way in which the Association assisted invalid and crippled children of the poor. It worked in connection with Hospitals, with the Guardians of the poor, with Nursing Homes and with the Schools. The children received not only medical assistance, but their education was looked after and when they left school the Association helped to apprentice them.

Sir Alfred Fripp said that the Society was of the greatest assistance to the Hospitals, as it enabled them to put children, who needed it, in the way of obtaining surgical appliances and securing rest in Convalescent Homes.

Mr. Warrington Haward, Chairman of the Executive Committee, explained that they had been obliged to dissent from the proposal, advocated by Sir William Treloar and approved by the Association of Subscribers to Charities, that Committees should be formed by the Mayors of the Metropolitan Boroughs which should be responsible for the distribution of funds for crippled children under the guidance of Sir William Treloar's Cripples Hamper Fund. They thought it undesirable that new organisations should be started to do work for which well-organised societies already existed.

Over £100 were subscribed during the afternoon on the initiative of a lady who offered £10, if £90 more were promised at the meeting, the total result being largely due to the enthusiastic advocacy of Sir Alfred Fripp and Mr. How.

#### COUNCIL MEETINGS.

Four meetings of the Council were held during the year and were mainly occupied with discussions on the methods

and business of the Association, including the arrangements for the Conference, which was the most important event of the year.

Miss Hughes, of the Queen Victoria Jubilee Nurses, attended at one meeting to introduce the scheme for mutual co-operation between district nurses and the I.C.A.A., which was approved and will render even closer the friendly relations already existing.

A letter was also received from the Education Department of the London County Council inviting the co-operation of I.C.A.A. workers on the Care Committees to be established in connection with the schools, and it was decided to ask those who were willing to help to send in their names. It was noted that I.C.A.A. representatives were already in close touch with the Special Schools for Physically Defective Children. There was some discussion as to the difficulty of arranging for summer holidays for children attending these Special Schools, and Miss Beavan described the provision of holidays in Liverpool, where it is undertaken by the I.C.A.A., the Home being practically an open-air school.

We have to report with very great regret the deaths of two eminent surgeons, who were for many years of great help to the Association. Sir Thomas Smith was one of our earliest supporters, and was always ready by his genial presence and telling words to advocate our cause. Mr. Clutton also had long been known as giving to our work the approval of his wisdom and experience.

- 2.—"Health Societies," by F. J. Allan, Esq., M.D.
- 3.—"Medical Inspection of Schools; School Clinics," by Miss Lowry, M.D.

One of the results of the Conference was a scheme for the federation of Country Societies with the London I.C.A.A., and the following rules were accepted as a basis.

#### *Conditions.*

I. That the Society should be similar in its aims and methods to the I.C.A.A.

II. *Aims and Objects.*—The supervision and assistance of the invalid and crippled children of the poor.

III. *Methods.*—(1) Adequate enquiry to be made into the family conditions of the child, either through the C.O.S., or trained visitors. (2) The help given to be such that it will, if possible, strengthen the family bond and encourage the parents to take their share in any scheme arranged for the benefit of the child. (3) To utilise as far as possible existing agencies. (4) To keep in view the education and future employment of the child. (5) There should be an annual audit of accounts. (6) There should be a Committee of management. (7) The work should be unsectarian.

#### *Advantages to be obtained by Federation.*

- (1) The registration of similar societies and of the area of their work.
- (2) The exchange of annual reports and enquiry

forms. (3) The exchange of special knowledge and experience e.g. of Convalescent, Nursing and Training Homes; of suitable trades for crippled children; of the difficulties of the work; of new methods and developments; literature of the subject. (4) The transfer of cases removed from the Provinces to London and *vice versa*. (5) Conferences on matters affecting invalid and crippled children.

It was suggested that there should be a meeting in the Autumn to form a committee and arrange details of organisation.

A motion was also put and carried "That it be an object of the Federation to promote the formation of societies in places where they do not already exist."

With the object of carrying out the recommendations of the Council and making it representative of the Federation the Executive of the I.C.A. Association adopted the resolutions referred to them by the Council.

"(1) Each Federated Provincial Society to elect two members on the Council. (2) That the London Council form the nucleus of the Federation Council. (3) That the Executive of the Federated Council consist of three members elected by the Executive, three by London Branches, three by London District Representatives, three by Federated Provincial Societies. Elections to be annual. This Executive to supersede the present Council Sub-Committee. (4) Members of Provincial Societies on the Executive of the Federation Council to be elected for 1910 only by the London Council."

We certify that we have obtained all the information and explanations we have required, and that the Balance Sheet at 31st December, 1909, is in our opinion properly drawn up so as to exhibit a true and correct view of the state of the Association's affairs according to the best of our information, and the explanations given to us and as shown by the books of the Association.

# THE INVALID CHILDREN'S AID ASSOCIATION. (LONDON) INCORPORATED.

Note.—It may be well to explain that the sums £1,875 8s 11d. and £38 16s. 7d. which appear as having been spent upon Homes and Surgical Appliances, do not represent the total expenditure upon these cases concerned, but only the expenditure as shown by the books of the Association. In many instances the child may have been sent to a Home by a C.O.S. Committee, or a grant towards an Instrument may have been made by the Hospital Sunday Fund and the only part of the total cost which our books would show would be the amount contributed from our own funds.

*Report for 1909.*

THE outstanding event of the year has been the National Conference of Associations dealing with Invalid and Crippled Children at Denison House in May. Few that were present will forget the inspiring words of, to mention two only of the speakers, the Duchess of Sutherland and Miss Evans.

It was interesting too to learn from Dr. Elliott Browne of the recent development of the children's work of the Metropolitan Asylums Board. Is it too much to hope that the benefits which are now enjoyed by the children of the destitute will soon be extended to the children of poor persons who are not destitute?

We preface our own report, as usual, with a few facts and figures. Three hundred and twenty new cases have been entered on our books and 152 have been marked off, leaving 946 who need our help.

The total number on our Register is 1,993.

In addition to the 509 cases helped financially, we investigated and reported on many cases where the parents were too poor to contribute even the smallest sum, and have visited and advised and taken to various hospitals many more.

The increased activity of the School Care Committees and the appointment of Almoners at the London Hospital have brought us much extra work and the resources of the Committee have been drawn upon to their fullest extent. The office work has been greatly assisted by Miss Cohen's energetic kindness in obtaining a typewriter, which has proved a real blessing. We find it is impossible to deal adequately with the work under present conditions and we

propose to appoint an assistant secretary as soon as we can collect the necessary funds. We are issuing a special appeal for the purpose and hope that it may meet with a generous response.

We need new subscribers for our general work also, for the increase in our income is in the main due to special efforts and we cannot count on their recurrence. To our Chairman we owe the large sum of £34 9s. 4d., being half the proceeds of an amateur performance at the Court Theatre on May 13th.

A meeting held by the permission of the Warden in the drawing-room of Toynbee Hall owed much of its success to the hard work of Miss Samuel, who first suggested it. The Hon. H. L. W. Lawson, as Mayor of Stepney, took the chair, while among the speakers were Julia, Marchioness of Tweeddale, whose eloquent appeal brought us several ladies as new and welcome visitors; Mr. Openshaw, whose words on the curability of diseases roused great interest and gave us fresh courage to continue our work; and Mrs. Barnett, who spoke of the ever pressing need of co-operation between volunteer and State paid workers. Miss Broadbent gave a summary of the work attempted by the Association and Mr. F. D. How made an earnest appeal on behalf of the children. The Committee wish to express hearty appreciation of the great kindness of those who attended this meeting. The financial result was also cheering and several new subscribers were enlisted on that occasion. Very hearty thanks are once more due to Miss Cohen and Mrs. Lawrence for their zealous help in financial matters. We end the year with a balance, and for this we have to thank the Bromley High School for Girls, who most kindly sent us £29 12s. 6d., half proceeds of their Annual Sale of Work held in December. We are most grateful for this unexpected donation and desire to thank Miss Sharp for her kindness in enlisting the School's sympathy.

While deploring the accident which prevented Miss Sharp from fulfilling the duties of Hon. Treasurer, we desire to express our gratitude to Mr. Goodhue for his great kindness in carrying on the work during Mrs. Zeffert's, her co-Treasurer's, absence abroad.

The Committee owe hearty thanks to Messrs. Cole, James and Rozelaar, who most kindly act as Hon. Auditors for this Branch.

We have been happy in securing some new visitors during the past year but we still need many more, and deplore the loss of Mrs. Hart, a most energetic worker, who is now leaving London. The Personal Service Association has sent us three workers and holds out hopes of further help.

Sevenoaks for nearly three years, and though he has much improved, he will need careful watching, and probably a prolonged stay at the sea-side. This case has already proved a very costly one and is likely to continue so for some considerable time.

*E. B., 7.*—This little girl first came under our care three years ago, suffering from tubercular knee and elbow. A splint was provided, towards which the parents made a small contribution, and the child was then sent to Camberley for six months, the parents again paying something towards her maintenance. She returned home, but soon relapsed and was sent to the sea-side, where she improved. Last summer she was sent to Brentwood for three months, and on her return the surgeon reported there is now no disease in the knee, and the child need no longer wear her splint. She has been attending Special School for some time, and is under constant supervision.

The North Camberwell Committee have now 259 cases on their books. The district is worked from the United Girls' Schools' Settlement, where the Committee meets every Tuesday morning at 11.30 a.m.

The Chairman is Miss de Burgho-Hodge, Head of the U.G.S. Settlement, and Mrs. Tyldesley Jones (late Representative) is the Vice-Chairman.

A doctor serves on the Committee, also the Secretary of the C.O.S. as well as the Hon. Secretary of the Apprenticeship Committee, Hon. Secretary of the Registration of Assistance,

Hon. Secretary of the Camberwell Health Society, and Representatives from the various Relief Committees in the District, as well as others.

There are twenty-six visitors, who visit their cases every week, and all the work is done in close co-operation with the C.O.S. It has now been arranged, that as the Representative for South Camberwell (Miss Maw) is giving up, the whole district shall be worked from this Committee.

This arrangement dates from March 1st, 1910.

#### REPORT FOR 1909.

The work of the Chelsea Branch was started in the beginning of the year, and the Committee were in a position to take over the cases and the financial responsibilities accompanying them on 15th February. A Meeting held at 45, Pont Street, by kind permission of Mr. and Mrs. F. Du Cane Godman, on 26th February, inaugurated the work very successfully by making the formation of the Branch known and by bringing the needed financial help.

An office was found necessary for the work to be well carried out, and a room was secured for this purpose in the house occupied by the Chelsea Committee of the Charity Organization Society. It has been a great convenience to have the I.C.A.A. office under the same roof as the C.O.S., who have been most cordial and helpful in every respect. Office hours are Mondays, Wednesdays and Fridays from 11 to 1.30 o'clock. The Committee meet fortnightly on Fridays at 5 o'clock, at 39, Cadogan Gardens. During the holiday months the services of a very capable Secretary, Miss Tatton, were shared with the Fulham and Kensington Branches.

There are sixteen Visitors working for the Branch.

The generous donations to special cases given through the Golden Book have been most helpful. Lady Florence Norman has very kindly acted as Golden Book Secretary, and will be glad to receive more names of those willing to be inscribed in the Golden Book and to befriend some particular child.

Letters for Hospitals & Convalescent Homes have been received from Lady Florence Norman, Miss Ferard and Mr. Arthur Hammersley; gifts of clothes from Mrs. Owen and Mrs. Cecil Lubbock, and a donation, at Christmas, of clothes and toys from Lady St. Helier through Mrs. Wilton Phipps.

We greatly regret the resignation from the Committee of Miss Mudd, late Almoner of St. George's Hospital; also of Mr. Joseph Cuning as Vice-Chairman, owing to the difficulty of attending Committees on Fridays. Dr. Jex-Blake has kindly consented to act as Vice-Chairman, and Mr. H. W. Wilson has joined the Committee in place of Mr. Cuning. Miss Hadwen has taken Mrs. Dunn Gardner's place as representing the Poor Law Guardians, and Miss Tettenborn has replaced Miss Richardson as Sanitary Inspector.

Much kind help has been given in the office by Miss Johnson, Miss Hadwen, Mrs. Cecil Lubbock, Mrs. Owen and Mrs. Richard Rathbone. Miss Loring has recently been appointed Assistant Hon. Secretary, as Miss Thompson was obliged to resign early in the year owing to illness.

The work in Chelsea has prospered during the short time that has elapsed since the Branch was started, and there is every prospect of it increasing and flourishing.

31st December, 1909.

Owing to the very satisfactory growth of the Paddington Branch, the Committee have issued a separate Report for their friends and subscribers.

This growth is in part due to the fact that, owing to the position of the Borough on the outskirts of London, a number of cases are referred to the Committee which are resident outside the Metropolitan area. These cases, for which no other similar source of help would be available, are almost invariably dealt with, thanks to the energy of Miss Streatfeild both in visiting and in raising special funds.

Unless there is any special reason to the contrary, each case in which money is to be spent is sent to the C.O.S., in order that they may give a report as to character and circumstances, and assess the parents' payments. The child cannot be dealt with apart from the family, and much gratitude is due to the C.O.S.—already overburdened with work—for supplementing in this way the work of the I.C.A.A.

It is a source of great satisfaction to the Committee to feel that, where it may seem desirable to leave a case to the Poor Law, the treatment required can be satisfactorily carried through, owing to the close co-operation with the Guardians of Paddington and Willesden. Several of our children have

benefited by the excellent Poor Law Homes, and in some cases the Guardians have supplied boots or instruments through us.

In one or two Dispensary cases sent by Dr. Williamson the Committee have tried the experiment of providing nourishment under careful supervision, in the hope of rendering home treatment effective, and thus obviating the risk incurred by a return to more or less bad surroundings after prolonged or expensive treatment in the country.

## SOUTHWARK BRANCH.

This Branch was inaugurated in June 1909. The Children's Committee of the Women's University Settlement, which for many years had considered the I.C.A.A. cases of this district, was dissolved, and a new Committee was formed for the purpose of dealing with I.C.A.A. children only. It is somewhat difficult to compare the work accomplished under the new arrangement with that of past years, as the Branch has been in existence for such a short time, but we believe that the main object of its formation will be achieved, i.e. the saving of time and labour, both in the Central Office and in our own.

The Committees are held at the Women's University Settlement on Second and Fourth Thursdays at 5 p.m.

## REPORT FOR 1909.

A branch of the I.C.A.A. was started in Tottenham on 8th February, 1909.

Eleven children were handed over from the Central Office, who, with 132 new cases make a total of 143, for 10½ months.

The district has been divided for visiting between five representatives, Jewish and Roman Catholic Children being visited by ladies of their own community.

We should still be grateful for more help in visiting. Hearty thanks are due to many institutions and individuals for help received in money, convalescent letters, clothing, stationery and secretarial help.

A meeting was held in March at the local offices of the Charity Organisation Society at which representatives of the churches, charitable societies and schools of the neighbourhood discussed the advisability of forming an I.C.A.A. Branch in the western part of the Borough of Wandsworth, and re-organizing the work in the district among Invalid Children.

Previously the work for the Children had been carried out by the I.C.A.A. Central Office through the C.O.S., and in conjunction with the representatives Miss Hunt Holley (Putney) and Miss N. Watson (Wandsworth). It was thought a local committee would much facilitate the work.

The scheme was entirely approved and a committee and officers nominated.

Considering it very desirable that all Societies in the Borough concerned with the welfare of children should work in close co-operation,—a general appeal for funds was issued jointly with the Children's Country Holiday Fund, the results of which enabled the new Committee to commence work in July.

The Branch was duly sanctioned by the Central Executive Committee, and cases to the number of 135 were handed over, so that for the first few months few new cases could be taken.

On October 19th a meeting was held at the Wandsworth Town Hall to explain the work of the I.C.A.A. and so create

interest in the neighbourhood. The Rev. Canon Curtis, Chairman of the Board of Guardians kindly took the chair, the speakers being, Miss Frere, Dr. Flora Murray, Sister Ruth Northcroft, Mr. Owen Seaman. The meeting was very well attended.

On November 11th by kind permission of the Rev. A. J. Payne, Mrs. T. A. I. Howell spoke on the work of the I.C.A.A. at the Saturday Evening Concert in connection with the Earlsfield Baptist Church. The audience were much interested.

On November 22nd a Drawing Room Meeting was held for our visitors, Mrs. Schloss very kindly read a paper on the method of I.C.A.A. visiting adopted in her district. Mrs. T. A. I. Howell and Mr. Weston spoke on the social work in the neighbourhood and interesting discussions followed. As an immediate result of the meeting seven of those present gave in their names as willing to become visitors.

The success of the Branch has been due to the indefatigable efforts of the Hon. Organizing Secretary, to whom we wish to record our thanks. We are, too, greatly indebted to our Chairman and Vice-Chairman who have so kindly assisted the Committee by giving medical advice on cases when especially required. Also our sincere thanks are due to the Charity Organization Society. In every case they have made full investigations for us and helped us with valuable suggestions.

We have received generous recognition from all the churches and charitable societies of the district, in every case they have willingly co-operated with our Committee. Two Churches, St. John's, Putney, and St. Anne's, Wandsworth have also given us collections from the Children's Service.

Among gifts to the Branch, our grateful acknowledgment and thanks are due for a spinal carriage, a bath chair, a camp bed, spinal instruments, Hospital and convalescent Letters, clothing and books; also various fittings for the office.

In October, 1908, we began work with the names of 225 children on our books, and between then and December 31st, 1909, 155 new cases have been referred to us. Several of these 380 children have been now marked off, as having left the district or as being over age. Six have been sent to permanent Homes during the year, and are doing very well, one, a very delicate girl, has moved with her family right into the country, one little boy, a bad case of rickets, after being sent by us for seven months to Brighton and making a vast improvement, has been adopted by a stepbrother, a Hertfordshire farmer, to prevent the good work done being wasted. We have lost eight through death. We now have 345 children on our books.

We have helped in 110 cases to provide surgical instruments, the majority of these being sent to us by the "Marie Celeste" Society of the London Hospital, which has always given a considerable grant.

Sixteen delicate little cripples had a fortnight's country holiday, through the kindness of the Woman's Settlement, Canning Town.

We have been very greatly helped by a large number of West Ham and other Hospital "Letters" given by our Hon. Treasurer and other kind donors, and a great many children have been kept away in Nursing and Convalescent Homes through gifts of "Letters" and free vacancies for far longer periods than our over-burdened funds could stretch to.

A spinal carriage, presented to us in the Spring by Her

*James B.*, 3 years, suffered from serious malformation of the feet. We sent him to the National Orthopædic Hospital for six months, during which time he had three most successful operations, and was then ordered a walking instrument. We obtained this instrument, the parents making a small contribution towards the cost. We are watching the case very carefully and the boy promises to make a very good cure.

The Committee meets every Wednesday at 82, Wimbledon Hill. The meetings take place at 10.30 a.m., except on the 2nd Wednesday in the month, when the meeting is at 6 p.m. Visitors and others interested in cases are invited to attend.

For the first time since the Wimbledon Branch was formed a whole time Medical Officer was appointed by the Local Education Authority, and 274 cases were referred to this Association by Dr. Eleanor Lowry, the officer appointed for assistance. She also showed her interest in the Committee's work by constantly attending their meetings and bringing up personally the cases of children needing help. It must of course be understood that only the very poorest and most needy cases are usually referred to the Committee, and out of the 274 reported by Dr. Lowry, 88 were already on the Society's books. The number of new cases received from all sources during 1909 was 254, and of these 75 were not assisted for various reasons. In 11 help was refused by the parents; 4 were referred to the Guardians; in 6 help was found to be unnecessary. The total number of old and new cases assisted was 208, and of these 150 still remain on books as against 33 last year.

It will be seen that for the first time dental cases have been reported. Dr. Lowry found on going round the Schools 70 per cent. of the children required dental treatment, and, with the kind co-operation of some of the local dentists, arrangements were made for attending to the most urgent cases; but unfortunately these arrangements have not been as successful as was hoped, mainly owing to the invincible objections shown by parents to having their children's teeth attended to, and their habit of ignoring the appointments made on their behalf, even when their consent had been obtained. Some interesting notes sent in by Dr. Lowry are given here.—

*"Defective Sight."*—This is closely associated with Education and increases with age in a suggestive manner. At 7 years of age the percentage is 3.8; at 10 years it is 10.6; and at 14 years it is 12.5 per cent.

*Adenoids.*—Seven per cent. of School children have had one, two or three operations for adenoids. Most of the cases have been helped by the I.C.A.A.

*Ear Discharge.*—This is hardly ever thought worth treating, except when taken up by the I.C.A.A. The mothers feel that they have done their duty when they have inserted a wedge of cotton wool, or even in some cases a plug of chewing tobacco. The disease quite frequently leads to very dangerous results, and such a child may die at any time from Meningitis. The results of Medical Inspection would have been very slight without the help of the Invalid Children's Aid Association. The ignorance of parents about feeding, clothing and care of children is almost incredible."

It is satisfactory to find that the payments of parents last year amount to £59 16s. 3d., as against £36 4s. 6d. in 1908; and when it is realised that this sum is collected in small weekly instalments, sometimes of only a penny, and sometimes after repeated calls without any payment being made, it will be seen how much reason the Committee have to be grateful to their visitors, not only for their interest in the children's welfare, but also for the patience and trouble taken in other directions. The Committee also express their thanks to the Local Education Authority for a grant in recognition of their work, and to the Teachers in the Elementary Schools for a contribution from their Sports Fund.

It will be seen that the accounts only just balance, and an increase in the number of Subscribers is needed if the work is to be properly carried on. Though the expenditure amounts to £246 9s. 4d., the Subscriptions amount only to £91 1s. 6d., and it is earnestly hoped that friends of the Association will do their best to enlist new help, personal as well as financial. The clerical expenses amount to 6 per cent., and much gratitude is due to Mrs. Dering and Miss D. H. Carver for the great amount of time and hard work they give for the benefit of the Association.

In conclusion, the Committee acknowledge with thanks the help received from Miss M. Rawlings, who every week drives out a small invalid in her donkey carriage.

Mrs. Leuchars, in providing clothes for children sent away.

"The Charity Organisation Society."

"The Children's League of Kindness."

"The National Society for the Prevention of Cruelty to Children."

Also the receipt of Hospital and Surgical Aid Letters from Mrs. Beevor, Mrs. Carver, Miss Violet Clay, Miss Graham, Miss Edwardes Jones, Mrs. Arthur Preece, Mrs. Samuel Twining, Miss B. S. Vizard and Miss A. M. Wilson.
