(*) *State the facts.*

1. Facts indicating Insanity observed by myself: (*) He speaks in a wild and unconnected manner on various subjects, and is evidently in a state of insanity

(*) *State the information, and from whom derived.*

2. Other facts (if any) indicating Insanity communicated to me by others: (*) John McClinton farmer at Tomachroe says he has often seen Wm Mc Donald in a state of excitement requiring him to be tied to prevent injury to others. That he understood Mc Donald struck his own brother with a fire shovel and that he would do so. That he threatened as a dangerous character Mr Henderson residing next door, only about 8 days ago he was so violent as to require to be tied. That he was a great noise and talked a great deal of nonsense. To the best of belief he is in a similar state to what he was in when last visited. Mr Mc Clinton says he has seen Mc Donald since the date of his last visit and he was very violent & frightful. Mr McCredie Tomachroe says he talks incoherently when he has any violent & frightful fits. And has been told so by people present at his visit. Mr Henderson confirms the McClintons statements. He is subject to Epileptic fits.
