The first part of the book is devoted to a general  
 description of the country and its inhabitants.  
 The author describes the various tribes and  
 their customs and manners. He also mentions  
 the different languages spoken in the country.  
 The second part of the book is a history of  
 the country from the earliest times to the  
 present. The author relates the various wars  
 and revolutions which have taken place in  
 the country. He also mentions the different  
 governments which have reigned in the  
 country. The third part of the book is a  
 description of the different parts of the  
 country. The author describes the different  
 mountains, rivers, and lakes. He also  
 mentions the different cities and towns in  
 the country. The fourth part of the book is  
 a description of the different plants and  
 animals which are found in the country.

The fifth part of the book is a description  
 of the different minerals which are found  
 in the country. The author mentions the  
 different kinds of gold, silver, and iron  
 which are found in the country. He also  
 mentions the different kinds of coal and  
 other minerals which are found in the  
 country. The sixth part of the book is a  
 description of the different arts and  
 manufactures which are practiced in the  
 country. The author mentions the different  
 kinds of weaving, spinning, and other  
 arts which are practiced in the country.
