PREFACE.

The Buxton mineral water is discharged from several openings in very large quantities, at the temperature of 82 degrees, Fahrenheit. It is charged with nitrogen gas in, probably, a larger degree than any other mineral water. This gas is presented in water which has, otherwise, alkaline, earthy, and saline properties; and is remarkably detergent and softening to the skin when used as a bath; while it is free from odour or disagreeable taste, is clear and bright in its appearance, and of a singularly beautiful faintly blue colour.

The medicinal action of the water, whether used as baths, or drunk, has been from time immemorial known to be great, in relieving or curing all conditions of a rheumatic or gouty character. It is stated by Dr. Jones, so long ago as the year 1572, that it was then used for the relief of the same ailments as it is at the present time.

Dr. Jones says, that in his time Buxton was much resorted to by poor afflicted persons; and, towards the end of the sixteenth century, this was considered to be so serious an injury by the inhabitants of the adjoining chapelry of Fairfield, as to render them unable to provide funds for the maintenance of their chaplain, by reason of the urgent and continued claims of the many poor sufferers resorting to the Buxton Baths, as set forth in a petition on this matter addressed by them to Queen Elizabeth. These poor persons had been from time immemorial so far aided, as to have had gratuitous baths of the mineral water provided for them; and there seems to have been a fund called the "Treasury of the Bath," by which their pecuniary necessities were more or less ministered to. Dr. Jones writes, in reference to this fund, what may be quoted in this place:—"If any think this magisterial imposing on people's pockets, let them consider their abilities and the sick poor's necessities, and think whether they do not in idle pastimes throw away in vain, twice as much yearly; it may entail the blessings of them who are ready to perish upon you, and will afford a pleasant after reflection. God has given you physic for nothing; let the poor and afflicted (it may be members of Christ) have a little of your money,—it may be the better for your own health: Heaven might have put them in your room and you in theirs; then a supply would have been acceptable to you."

Beyond this somewhat vague earlier history, there is no record of the Buxton Bath Charity until the year 1785, of which date there is extant at the Hospital, a document (*vide* pages 35-36), apparently an annual report of the Institution, from which time the use of the baths and waters and pecuniary aid had been regularly given to the poor patients, until the year 1859, when the Devonshire Hospital was provided for the reception of the patients.

The air of Buxton, resting on the large area of the mountain limestone and millstone grit formations, at an elevation of 1000 feet

and upwards above the sea level, must be an important factor in enhancing the health advantages of the situation of the Hospital; and the sanitary position that has been secured by the efficient drainage and sewerage of Buxton, and its conveyance to a distance from the town, and complete chemical defœcation, and the destruction of all remaining refuse in a powerful furnace, must have completed the sanitary advantages, and lessened beyond calculation the risks of zymotic or epidemic disease. The reduction of the yearly death-rate to little more than nine per thousand, as recorded by Mr. Frederick Turner, the Medical Officer of Health, is the well-earned result of the well-devised action of the Buxton Local Board.

It has been gathered from the annual reports that in the eighteen years from 1820, 14,906 patients were admitted to the benefits of the Charity, of which number 12,608 were discharged as cured or much relieved.

In the twenty following years, from 1838 to 1858, 23,319 patients were admitted; and of these, 16,575 were cured or much relieved; 5859 were relieved in some degree; and 885 were no better at the time of discharge.

The Devonshire Hospital was opened for the reception of the patients of the Charity in the year 1859. It is the successful result of the conversion of a very extensive range of building, erected and used as stables since the commencement of the present century. The structure, which is of important and substantial character, surrounds a parterre of considerable extent, and contains a colonnade of handsome proportions, is situated on a commanding eminence, presenting views of the town and valley of Buxton, and is near to the baths, the railway stations, and the principal buildings. It is curious and interesting, that in what purports to be the first volume of a work, entitled "Les Delices de L'Espagne et du Portugal," dated 1707, plate 495, is an exact representation of the interior area of the Devonshire Hospital. The plate is inscribed "Palais des Rois Chretiens à Granade, vu par dedans de la Cour." It does appear to be an extreme turn of what we may surely think to be Providential fortune, that such a building should have been used as the design for stables, and the stables have become, little more than half a century after erection, a Hospital for the reception and care of the poor afflicted sufferers, resorting to Buxton for the use of its mineral waters.

From the year 1820, then, to the beginning of September, 1858, when the Hospital was opened, or in 38 years, the Institution had received 38,225 patients; of which number 35,042 were beneficially treated, and 2183 were very partially if at all relieved. During those 38 years the Buxton Bath Charity received, on an average, upwards of 1000 patients every year, and afforded cure or marked relief to 922 of that number. To a very large proportion of this important number of poor sufferers, chiefly from chronic rheumatism, the Charity gave a weekly allowance of 6s. during their stay in Buxton, in addition to all other benefits; until the funds became so seriously

impaired that the weekly money allowance was necessarily reduced to 5s., at which sum it remained until the opening of the Hospital. From the time of reducing the weekly money allowance, the pecuniary prosperity of the Buxton Bath Charity may be dated. The funds accumulated year by year, until the time of rebuilding the Buxton Baths, on the part of the Duke of Devonshire, when a capital of nearly £3000 had been gathered together by the scrupulous management of the Trustees. The names may be mentioned, first and particularly, of the late Bishop Spencer, at one time a trustee, and incumbent of Buxton, and more recently one of the Vice-presidents of the Hospital; of Mr. Heacock, and Mr. Smithers, its successive Treasurers; and of Sir Charles Scudamore, Mr. Page, Mr. Cumming, Dr. Carstairs, and the Rev. R. P. Hull Brown,—as being no longer alive to witness and take part in the present development of the Charity; and also in order of seniority as to connection with the Institution, of Dr. Robertson, and of the Hon. and Rev. F. R. Grey, as still living to rejoice in the well-doing of the Buxton Charity and its Hospital. Of these £3000, £500 was judiciously expended on the rebuilding of the Charity Natural Baths; the large remaining sum which those Baths cost, and the whole cost of the Hot Baths of the Charity, having been paid by the munificence of the late Duke of Devonshire. Again, in 1853-4, when the proposal of a hospital to receive the patients of the Institution was brought before the public by Mr. Smithers and the other Trustees, the sum of £1000 from the accumulated fund was given towards the Hospital; leaving a residue of £1500 Consols, which sum remains thus invested. (See Estate Account.)

The history and doings of the Buxton Bath Charity have thus been summarily brought down to the time of forming the Hospital, the expenses of which were defrayed by the individual and collective liberality of the Trustees; by special subscriptions from the public; by the proceeds of a bazaar, that was bountifully supplied and supported, &c.—a total sum of £6000 having been thus got together, and expended on the conversion of this valuable building to hospital purposes. This conversion, with its anxious details and successful results, was mainly due to the untiring exertions of the late Mr. Wilmot, aided by the architectural skill of Mr. H. Currey, and the liberal consideration of the late Duke of Devonshire.

It forms an interesting episode in this history, that, in the winter of 1862-3, during what will be long remembered as the Cotton Famine, a special fund was obtained, chiefly by the exertions of the late Mr. Wilmot, and 100 young women, under 30 years of age, selected by the Relief Committees of their respective towns, as being most likely to be benefited by the change of air and the comforts of the Hospital, were received, and taken care of, as to food and as to medicines, and restored to their homes in the subsequent spring, with renovated health and strength, and full of gratitude for what they had received. The balance of the subscriptions, amounting, with interest, to £256, was invested as a separate fund for ever, to enable poor female operatives from factory towns to be received into the Hospital.

A very important circumstance in the history of the Hospital is that the grounds in front of it have been, with much kind consideration, made over to the Institution on the part of the Duke of Devonshire; maintaining the detached position of the building, enhancing its appearance, and adding to the outdoor advantages of the patients.

The building is the property of His Grace the Duke of Devonshire, and the conversion of it to the use of the Hospital for ever, on the payment of the rent of £5 yearly, was benevolently granted by the late Duke of Devonshire, as testified on the stone on the south front of the building, on which is inscribed: "The last munificent Charity of William Spencer, 6th Duke of Devonshire, K.G., who allowed these buildings to be converted to the use of the sick poor, January, A.D., 1858." This annual payment ceased when the premises were conveyed in legal form, as mentioned below. A considerable sum of money that had been collected for the construction of the Hospital was expended upon the work. The walls and roof of the structure were fortunately found to be in good preservation; the interior was entirely removed, and re-arranged; the subsoil carefully taken away, and about two-thirds of the building occupied for the purposes of the Hospital, by a chaplain's house, a dispensary, and a dispenser's apartments, a house for the master and matron, kitchen, day-rooms, dining-hall, and spacious dormitories, affording separate beds for 120 patients, in addition to the beds provided for cases of accident, and in addition to the rooms required for the servants of the establishment.

During the year 1868, a legal Conveyance of the buildings and grounds of the Hospital was given to the Trustees by the present Duke of Devonshire at the nominal rent of five shillings yearly, on the condition that they shall be used exclusively for the purposes of the Charity. (A copy of the Conveyance is appended at page 28.)

During the year 1872, the duties of Chaplain to the Hospital were kindly undertaken by the Vicar of Buxton, and the Chaplain's House was converted to the general purposes of the Hospital; the number of beds for patients was raised to 150, and better accommodation afforded to the out-patients, dispensary, &c.

During the year 1878, a legal Conveyance of additional buildings and ground was made by the Duke of Devonshire. This addition was acquired by the Trustees to enable them to accept a proposed grant from the Cotton Districts Convalescent Fund for the extension described below. (A copy of this Conveyance will be found at page 30.)

During the same year, 1878, the land and buildings of the Charity Hot Baths were legally conveyed by the Duke of Devonshire to the Trustees at the nominal rent of five shillings yearly. (A copy of this Conveyance will be found at page 32.) An undertaking was entered into during the same year by which the Charity Natural

Bath is held by the Trustees under a nominal rent of five shillings yearly.

During the twenty-nine years since the Hospital was opened, there have been 46,019 patients under treatment, of which number 40,473 have been treated beneficially; and 5137, or about one-ninth of the whole, were not suffering from any of the forms of rheumatism, but were such cases as are ordinarily met with in hospitals. On the average of the twenty-nine years, the patients remained under treatment nearly 24 days; and 40,882 cases of rheumatism, embracing every conceivable variety of this obstinate disease, were thus extensively relieved by the remedial agency of the Buxton mineral waters.

During the year 1881 the great extension works of the Hospital were practically completed, and the Hospital was formally opened by the Patron, His Grace the Duke of Devonshire, and the Governors of the Cotton Districts Convalescent Fund, on the 11th of October. The accommodation for the additional number of patients under the grant of £24,000 from the Cotton Districts Convalescent Fund was obtained by the removal of the two walls which traversed the entire circuit of the main building, and formed the corridor communicating with the various wards; the whole space from the outside to the inside of the building was thus thrown open, and inner and outer windows supplied to all the wards; the internal area was thus increased very greatly, and ample space provided for wards and day-rooms to receive and accommodate the 300 patients. But an independent means of access to all the rooms of the Hospital was rendered necessary in consequence of this arrangement, and this could only be obtained by covering the large area of the interior, and giving access to the ground floor rooms from the floor of the inner basement, and to the rooms of the upper floor, from a gallery above this. This arrangement has, however, not only supplied the means of access to all parts of the Hospital, but has enabled all the wards to be practically detached from one another, almost giving the advantage of the deservedly-praised pavilion principle of hospital construction, while it has facilitated the ventilation of the whole building to an important degree, and increased the free and ready admission of light to every part of the interior. The gallery has with much ingenuity been constructed exclusively of bricks and iron, by which it has been rendered entirely fire-proof, giving all possible security in the event of fire. The great, covered, dry, warmed area of half-an-acre, canopied by the largest dome that has ever been erected, supplies very obvious and valuable contingent advantages for the recreation of the patients in all cold or doubtful weather; advantages which must represent a value to the afflicted and often crippled inmates beyond any calculation. As the whole of the main building is now devoted to the Patients of the Hospital, new buildings have been erected on the north side for all purposes that might be desirably detached, such as kitchens and kitchen offices, laundries, engine rooms, cellars, store-rooms, bedrooms for household servants, separate wards for accident cases, and rooms for the immediate isolation of any cases of infectious character that might become manifested. The extensions were carried out under the architectural superintendence of Mr.

R. R. Duke. The £24,000 expended from the Cotton Districts Convalescent Fund give a prior claim on the 150 additional beds to the nominees of the Fund; and these beds have been allotted to the principal Hospitals within the area of the manufacturing districts. It cannot but be a subject of much regret that the extension has cost a larger sum than the grant by not less than £7822 12s. 1d., besides the £5000 paid for land and premises for the Hospital Extension. It is of evident importance that this outlay should not be left as a charge on the means and resources of the Hospital.

This prefatory account has seemed to be needful for the information of those not already acquainted with the nature and merits of this Institution.

W. H. R.

DEVONSHIRE HOSPITAL

In recognition of the services of Dr. Robertson (Chairman of the Board of Trustees and Committee of Management), a Clock Tower was erected in 1882, on the principal front of the Hospital, by subscriptions specially given for this purpose, the Duke of Devonshire contributing the sum of £200 thereto, and also presenting a clock, with Cambridge chiming apparatus, and four illuminated dials, at a cost to His Grace of £500. The expense of lighting this clock, during the hours of the night, has been kindly undertaken by the Buxton Local Board.

The Members of the Committee of Management are desirous to report that they have their pleasure to do so after a year's continued usefulness of this great Hospital, and that various buildings have been done during the last twenty-nine years to the value of the Buxton Bath Charity, by alterations, repairs, and fittings, and every desirable care and attendance, medical and otherwise, to the Patients of the Buxton Charity, which appears to have been in active business to the advantage of the Buxton Hospital and its allied institutions during several successive centuries. Further more than one-half of these extensive buildings has been completed as the Devonshire Hospital since the month of September, 1884, under the benevolent kindness of the Duke and Duchess of Devonshire; and the whole of the structure was obtained for the year 1875-6, and aided by a substantial grant from the Devonshire Cotton Districts Convalescent Fund, was converted into this large and important Hospital; by which a deep sense of gratitude must be entertained, especially as it does separate beds for three hundred Patients with ample day-rooms, grand central covered area of hospital, and all needed contiguous outbuildings and rooms for medical residents, stewards and matron, nurses and servants. The Hospital is believed to be unique in its structural advantages for its remedial and restorative purposes, and its site, detached position, commanding and exceptional views from all sides, and its tarred grounds, are probably unequalled in the case of any similar institution. The increased power and usefulness, that have been thus obtained, must have afforded constant gratification to all who have been

REPORT
OF THE
COMMITTEE OF MANAGEMENT
OF THE

DEVONSHIRE HOSPITAL

AND

BUXTON BATH CHARITY,
FOR THE YEAR 1887.

The Members of the Committee of Management are thankful to report, as it has been their privilege to do year after year, the continued usefulness of this great Hospital, adding, as these buildings have done, during the last twenty-nine years, to the value of the Buxton Bath Charity, by affording board and lodging, and every desirable care and attendance, medical and otherwise, to the Patients of the ancient Charity, which appears to have been in active usefulness to the sufferers from rheumatism and its allied infirmities, during several successive centuries. Rather more than one-half of these extensive buildings has been occupied as the Devonshire Hospital since the month of September, 1858, under the benevolent kindness of the late and present Dukes of Devonshire; and the whole of the structure was obtained in the years 1879-80, and, aided by a munificent grant from the Governors of "The Cotton Districts Convalescent Fund," was converted into this large and important Hospital; for which a deep sense of gratitude must be entertained, supplying as it does separate beds for three hundred Patients, with ample day-rooms, grand central covered area of half-an-acre, all needful contiguous outbuildings, and rooms for medical residents, steward and matron, nurses and servants. The Hospital is believed to be unique in its structural advantages for its remedial and restorative purposes; and its site, detached position, commanding and exceptional views from all its sides, and its terraced grounds, are probably unequalled in the case of any similar institution. The increased power and usefulness, that have been thus obtained, must have afforded constant gratification to all who have been

concerned in supplying the expenditure required, to all those occupied in the work of the Hospital, and to those who send the Patients to the Hospital; and to the Patients themselves, must give a continual sense of comfort and advantage. The experience of the sixth year, since the great extension was practically completed, has fully confirmed the hopes and expectations of all interested, both as to the powers and opportunities added to the work of the Hospital, and as to the number of In-patients receivable and the amount of benefit that may be obtained.

During the year 1887, 2389 In-patients have been received, or 60 fewer than in 1886, or 100 fewer than in 1885; up to which time the number of In-patients had been increasing year by year. These decreases are probably to be referred to the very serious depression of all the monetary interests of the kingdom, whether manufacturing, mining, agricultural, or commercial; lowering the amount of available expenditure of all classes of the people, whether the bestowers or the recipients of public liberality; diminishing the contributions to nearly the whole of the charitable institutions throughout the kingdom; and limiting the auxiliary help from the resources of the poor and the invalided. It will be recognised that, with very few exceptions, nearly all the Patients of this Hospital have their homes in towns and districts at a distance from Buxton, and that the journey to and fro involves outlay which may place resort to Buxton beyond their means, even when a recommendation to the Hospital may have rendered all other expenditure unnecessary. A fund that would provide a return-railway-ticket to such necessitous sufferers, would indeed be a valuable addition to the benefits of the Hospital. But, in regard to these decreases in the number of the Patients received during the two years, 1886 and 1887, it will be found to amount to little more than three per cent. on the numbers received during any preceding year: a decrease which, when taken in connection with its probable causes, may be thankfully held to be much smaller than could have been looked for.

Of the 2389 In-patients admitted during the year ending December 31, 1887, the large number of 2226 were discharged as much improved; only 69 as no better; 18 were discharged at their own request; five had to be sent away on account of drunkenness; four because found to be infested with vermin; six as ascertained to be unfit cases for the Hospital; three left without report; one refused the treatment directed; two were guilty of bad conduct; two died; and fifty-three remained on the books at the end of the year. It is a thankful record, how few of these Patients have had to be sent from the Hospital without noteworthy benefit, after a residence of three weeks or upwards; and some of the benefit, in all reasonable probability, must be referred to the effect of change of air and scene and social circumstances, the removal to a large and sanitary building, with all the concomitants of plenty of good food and medical care, and the possible removal from less sanitary homes, and perhaps multiplied anxieties and privations. But the experience of long periods has shown, that the main factor in the benefit derived has been the medicinal effect on rheumatic conditions, general and local, of the mineral water of Buxton, happily in connection with the upland and dry air of the extensive district of the mountain limestone.

The number of the Out-patients admitted during the year 1887, has been 237. Of these, 183 have been discharged as improved, seven as no better, one was found to be an unfit case to be benefitted by Buxton and its mineral water, one was discharged at the Patient's own request, five remained on the books at the end of the year, and forty left without any report of the results. The subscribers who recommend these Out-patients should charge themselves with the duty of lessening this ground of complaint. It must be felt, on all

hands, to be a serious omission on the part of these Patients, sometimes no doubt unconscious of the imputation of ingratitude, and of the so far unsatisfactory record of the work of the Hospital. The Out-patients are, for the most part, those who have been unable to obtain an In-patient's recommendation; but they occasionally include persons of a different social class, who would not care to associate with the Patients of a charitable Institution, or who might not need to be supplied with board and lodging gratuitously, and to whom the free use of the baths and waters, and the medical advice and medicines, are thankful means of help in their visit to Buxton.

It used to be frequent subject of regret, during the earlier years of the existence of the Hospital, that no report seemed to be obtainable, as to what might be reasonably taken as a final result of the Hospital treatment; and, during the last fourteen years, a form, printed on a postal card, has been given to every In-patient on leaving the Hospital, to be filled up and returned six weeks after discharge. During the fourteen years, 20,465 of these cards have been received; and 14,751, are reported as improved; 5634 as no better; and 80 as having died within the six weeks. During 1887, 2009 of these postal cards have been received; and 1472 are reported as improved; 532 as no better; and five as having died during this short period after discharge. The long duration, the chronic character, and the severity of a very large number of these cases, must be borne in mind in estimating the value of this record. It is evident that it may be imperfect at the best, and the inferences from it may be more or less uncertain: any remaining lameness or disability would probably influence adversely the report of the Patient, or any other more salient interference with health or strength, notwithstanding any amount of general improvement, constitutional or otherwise. The number of deaths thus recorded, within so few weeks after having left the Hospital, indicate the grave nature of many of these cases. But, taking all the circumstances into consideration, as to the nature of the principal ailment, namely, rheumatism, as to its probable chronic condition, and as to the failure of previous treatment, it must be held that the results thus reported are remarkable and satisfactory, beyond any reasonable expectations that could have been formed.

The average number of Patients, daily resident in the Hospital during the year, has been 145·9. The number in the Hospital has, as usual, varied considerably during the several months of the year. The number of beds occupied during January, was only 26·8; during February, only 67·1; during March, only 98; during April, 100·6; during May, 177·8; during June, 205·1; during July, 236·9; during August, 263·3; during September, 259·6; during October, 172·3; and during November, only 81·5; and during December, only 62·6. The average number of days in the Hospital, per Patient, has been 22·3; only differing by two decimals from the average of the preceding year. It is reasonably assumed, that a longer stay in the Hospital would often be desirable, if the means could be afforded.

The average cost per day of each Patient, during the past year has been 2s. 3d., or rather more than one penny above the cost during the previous year. This may be referred to the somewhat smaller number of Patients. The average cost per week of each Patient has been 15s. 10½d.; and the average cost per Patient for three weeks, the necessary term of recommendation, has been £2 7s. 7½d. The necessity of a constant but wise economy is always under the consideration of the members of the House Committee; and it is trusted that such care has been scrupulously exercised. But a generous dietary must be a great factor in obtaining the full results of the

Hospital treatment, and a special means of general convalescence. In acute disease, a special heed must be given to the maintenance of the constitutional power expended during the attack; and in less acute and in chronic conditions, the wear and tear of body and mind need a corresponding supply of nourishing food. Any painful disease, such as rheumatism, must prove to be exhausting, in proportion to its degree and duration, and indicate the need of a proportionate dietary. But, in addition to the expenditure on food, the expenditure on the Hospital Baths involves a large yearly outlay, beyond what used to obtain when this was mainly done by the kind consideration of the Duke of Devonshire. The outlay of the year, thus occasioned, has amounted to £356 4s. 9d. This is a large but unavoidable expenditure, needful to a great Bath Charity, which derives much of its curative results from the use of the Buxton mineral water; but it must not be lost sight of, in comparing the outlay of this Institution with that of so-called *similar* Hospitals.

There has been a large outlay during the year on desirable or unavoidable renewals and additions. The smoking-room was found to be inconveniently small; and it was enlarged to the full extent of the outbuilding not otherwise needed for Hospital purposes. This is a great improvement, and could not have been desirably deferred; but it has involved an outlay of £30 8s. 5d. A new boiler was found to be necessary for the Hot Baths of the Hospital; and it has cost £153 18s. 6d. A new roof for the building of the Hot Baths was also found to be necessary, owing to leakage and other defects; and it has been advantageously renewed, but at a cost of £94 18s. 9d. The outlay of £279 2s. 7d., whether desirable or unavoidable, has thus been occasioned.

The financial position of the Hospital has been influenced by decreased receipts under several heads. The amount of the Annual Subscriptions is only less by £6 7s., which may probably be taken to be unimportant and incidental. The Casual Subscriptions, or payments for recommendations by non-subscribers, are happily more by £57 18s., indicating probably special requirements. The amount received for recommendations under the powers of the Governors of the Cotton Districts Convalescent Fund, are only less by what may be taken to be without significance. But the Donations received at the Hospital are less by £74 6s. 7d., and can only admit of the explanation, believed to be only too sufficient, of the less adequate means of the charitable public. The Donations received through the kind agency of the Hotels, Boarding Houses, and Lodging Houses of Buxton, are less by £58 13s. 4d.; and it is anxiously feared seem to be gradually becoming smaller and smaller. This is felt to be of much importance. It should be remembered, that almost the whole of the income of the ancient Buxton Bath Charity was derived from this source. Every visitor to Buxton was specially invited to contribute at least one shilling, at dinner, on the day of his arrival, to the funds of the Bath Charity. This was done at all the public tables of the different Hotels; and a few words of suggestive benevolence were commonly addressed to the new arrival by the oldest resident visitor in the house, who occupied the chair at the head of the table. Not seldom, and perhaps commonly in the case of more distinguished visitors, the proprietor of the house handed to the guest the Bath Charity Subscription Book, with a few words of kindly interest. It need not be said, if such a custom could be kindly recommenced in all the houses of public entertainment in Buxton, and in all the principal Lodging-Houses, in the present day, one thousand such benefactions, if only of one shilling each, would amount to fifty pounds, and 20,000 would amount to £1000; and if a proportionate number of these were of larger and larger amount, the whole expenditure of the Hospital might be readily obtained; and either a large investment might

very soon render the Hospital independent of public liberality, or the amount required for subscription might be reduced in a proportionate degree. The value of the Hospital to the general interests of Buxton cannot be exaggerated; it is justifiably believed that the prosperity of Buxton mainly originated and is mainly due to the successful curative work of this Institution; and the subject is consequently urged upon the benevolent and Christian attention of the influential inhabitants.

It will be seen that the accounts urge, both from the receipts and the expenditure, the need of every economy that can be exercised, without disadvantage to the great results of the work of the Hospital. As has been previously stated in regard to this great question, it has been found to be unquestionably true, that the management of a larger institution seems to be unavoidably more costly than that of a smaller one in proportion. It is to be hoped, that this may be due to a more complete working, and to a better class of service; and that thus more satisfactory results may be obtained.

The legacy announced in the last report, as having been bequeathed by Miss Nightingale, of Ludlow, of £1000, free of legacy duty, has been received and invested, and also a legacy of £100 from Mr. Robert Cocks, of Notting Hill. The legacies received during the two previous years, amounting to £254 11s. 5d., have also been invested.

Two new Life Subscriptions have been received.

An important donation of £50 has been received from Miss Beckett, of Somerby Park, Gainsborough.

The total sum obtained from Offertories and Collections in Churches and Chapels during the year has amounted to £100 6s. 2d. Offertories have been only granted during recent years in the Buxton Churches—on one Sunday during the year, in place of three Sundays which were granted previously. Those at St. John's and St. James' Churches, Buxton, have amounted to £17 18s. 0d. The smallness of these offertories is probably due to the later period of the year at which they were obtained. It has been kindly promised that they shall not be deferred in the future. Efforts have been made during recent years, by the unanimous and urgent wish of the members of the Committee of Management, to obtain united action in aid of the Hospital, from all the Churches and Chapels in Buxton, and in other towns and districts, upon which the Hospital may have any claim for support, on the second Sunday in August. This wish has been kindly and readily responded to by many of the Clergy and Ministers of Buxton, Burbage, Fairfield; Trinity Church, Buxton; St. Anne's Catholic Church, Buxton; Congregational Church, Buxton; Wesley Chapel, Buxton; Devonshire Park Chapel, Buxton; Presbyterian Services, Buxton; Earl Sterndale Church, Harpur Hill Church, Arley Chapel, Bottesford Church, Over Tabley Church, Ashover Church, Mansfield Woodhouse Church, Northenden Church, Belvoir Castle Church, and by a collection on Hospital Sunday at Malvern House.

But the whole question of the amount obtained by the Hospital from Offertories and Collections in Churches and Chapels asks for additional charitable consideration. A more Christian duty than the bestowal of alms, in aid of Institutions for the relief of the sick poor, can hardly be presented. Almsgiving for this important purpose has been held to be a special institution of Christianity. Hospitals for the reception of the sick poor are said to have been instituted by the Christian religion. It is urged that such help might

be reasonably looked for, not only from all the Churches and Chapels of Buxton and its neighbourhood, but, even in a more special degree, from all the Churches and Chapels of the centres of the manufacturing population, which derive so very large a proportion of the benefits of the Hospital. It is necessarily to be much lamented that this important source of income should be lessened, when the need of it may possibly become greater.

As to the administration of the Hospital, the powers of the Subscribers, &c., these remain as heretofore. The 150 beds for the most part created by the £24,000 granted by the Cotton Districts Convalescent Fund, are subject to the conditional prior claim of the Patients recommended under this authority. If not so utilised, these additional beds are at the disposal of the Patients recommended by the Subscribers, on the same terms as paid to the Hospital under the arrangement with the Governors of the Cotton Districts Convalescent Fund—namely, the payment of the actual cost of the Patient to the funds of the Hospital. This evidently equitable arrangement, in reference to the financial position and necessities of the Hospital, in reference to the legal agreement with the Governors of the Convalescent Fund, and in reference to the utilisation of the vacant beds, has been acted upon by 84 Subscribers during the past year, and is a most valuable means of increasing the usefulness, without adding to the financial responsibilities of the Institution.

The 150 beds assigned to the Governors of the Cotton Districts Convalescent Fund were judiciously allotted to the several Hospitals, &c., of Manchester, Salford, Ashton-under-Lyne, Blackburn, Bolton, Burnley, Bury, Lancaster, Macclesfield, Oldham, Preston, Rochdale, Stockport, Warrington, Wigan, and Pendlebury. If the conditions of the arrangement continue to be strictly complied with, and such cases only are sent as are most suitable to the curative influence of the Buxton Water; and, in fact, the same class of cases as those heretofore received; the value of this Charity will have been practically doubled, without increased anxiety as to its maintenance by the benevolence of the public.

Mr. John Edward Sutton, L.D.S.R.C.S., Ireland, and Member of the British Dental Association, has most kindly offered his professional services to the Patients of the Hospital, and has previously attended to the Patients gratuitously whenever requested to do so, and has been unanimously elected Dental Surgeon to the Hospital.

The Rev. F. W. A. Wilkinson having resigned the Honorary Chaplaincy of the Hospital, upon his acceptance of the living of St. John's, Chelsea, Mr. Wilkinson was duly thanked by the Committee of Management. The Rev. Joseph Eayrs, Vicar of Fairfield, has been appointed Chaplain to the Hospital.

Dr. Robertson has again been unanimously re-elected Chairman of the Board of Trustees and Committee of Management.

The Sheffield and Rotherham Joint Stock Banking Company have again been unanimously re-elected Treasurers of the Hospital.

The Chairman is *ex-officio* a member of the House Committee, and Mr. Duke, Mr. Walton, Mr. P. Le Gros, Dr. Dickson, Mr. G. F. Barnard, Mr.

Josiah Taylor, Mr. E. C. Milligan, Mr. Wainwright, and Mr. J. H. Orme have again been unanimately re-elected members of this Committee.

Mr. A. Schofield and Mr. S. Taylor have again been unanimately re-elected Auditors.

The thanks of the Committee are hereby tendered to the Clergymen and Ministers who have allowed sermons to be preached in their Churches and Chapels on behalf of the Hospital, and also to the Clergymen and Ministers who have preached the sermons.

The sermons preached on behalf of the Hospital in the Churches and Chapels of Buxton and neighbourhood were by the Rev. F. W. Reynolds, B.A., the Rev. H. J. Ferrier, D.D., the Rev. Conrad S. Green, the Rev. S. C. Sarjant, B.A., the Rev. J. Eayrs, the Rev. Gordon Robertson, M.A., the Rev. J. H. Ireland, the Rev. J. T. Hoeben, the Rev. F. R. Bellamy, of Matlock; the Rev. W. Marcus, M.A., of Sheffield; the Rev. R. B. Nightingale, B.A., and the Rev. S. B. Beattie.

The thanks of the Committee are hereby tendered to the proprietors of the Hotels and Lodging Houses, and also to the presidents of the dinner tables of the several Hotels: to the managers and attendants, and to all who have in any way exerted themselves to obtain support for the Hospital. The powers of the Institution depend much upon these exertions. The interests of Buxton are so greatly promoted by the prosperity and usefulness of the Hospital, that the claims of the Institution are urged upon the inhabitants, as being identical with the interests of the town.

The thanks of the Committee are hereby tendered to the Chairman and Members of the Buxton Local Board, for permission to place conspicuously, in the St. Ann's Well, a newspaper box in aid of the Hospital.

The thanks of the Committee are hereby tendered to the Chairman and Directors of the Palace Hotel Company, for permission to place conspicuously, in the entrance hall of the Hotel, a donation box in aid of the Hospital.

The thanks of the Committee are hereby tendered to the Chairman and Directors of the Buxton Improvements Company, for permission to place conspicuously, in the entrance to the Pavilion, a donation box and a newspaper box in aid of the Hospital.

The thanks of the Committee are hereby tendered to the proprietors of the newspapers, in which the quarterly reports, weekly reports, and meteorological reports from the Hospital are inserted; in no way can the interests of the Charity be more effectually promoted.

The thanks of the Committee are hereby tendered to the ladies and gentlemen who have acted as visitors to the Hospital during the several months of the year. The value of such services may be obviously very important. It is hoped that it will be increasingly felt, that these official visits should be frequent, and that the visits should not be of merely formal character; but that details should be enquired into, and any suggestions and remarks entered in a book kept for this purpose.

The thanks of the Committee are hereby tendered to the members of the medical staff and to the dental surgeon for their gratuitous services to the Hospital. Any adequate pecuniary compensation for these services must be always beyond the means of the Institution, and probably would not be received from the Charity if it could be offered.

The thanks of the Committee are hereby tendered to the honorary chaplain, the Rev. Joseph Eayrs; to the honorary librarian, Mr. Edwin Simpson, J.P.; to the honorary meteorologist, Dr. Thresh; to the treasurers; to the auditors; and to the various officials, whether honorary or otherwise, who, in their several capacities, have served the Hospital during the year.

It will be noticed that the Annual Meeting of the Subscribers will be held on the first Saturday in May, at half-past three in the afternoon.

Statements are submitted of the Revenue Account for the year ending December 31st, 1887; the Estate Account; and General Balance Sheet; together with the Annual Statement of the Wilmot Relief Fund Account.

There is a nucleus for a Samaritan Fund, kindly and chiefly contributed by the late Mr. Frederick Cooper, Inspector General of Hospitals. Mr. Cooper had taken a most kind and lively interest in this fund and its disposal, from its early institution; but in the patients of the Hospital generally he evinced a strong personal interest; the good that he did will survive him; and he will live long in the grateful memory of all connected with the Hospital, whether Patients or Executives. The history of Mr. Cooper's interest in the Hospital extends over many years. During the more active years of his long life, he was engaged on the Medical Staff of India. On his retirement, he took up his residence at Clifton, and subsequently at Bath, where he passed the Winter months. He came to Buxton in the Summer months during many successive years. He was always pleased with Buxton, and thought it useful to him. But his great interest was with the Patients of the Hospital, to whom his kindly counsel and visitations were sanctioned by the Chaplain. His Christian words and open-handed charity were ever at the service of the suffering and the needy. In course of time, it was suggested that he should be offered the position of one of the Vice-Presidents of the Hospital, which gratified him much. It is impossible to over-estimate the good he must have done, or the loss to the Patients occasioned by his death. This fund has been further contributed to by Miss Hall, Mr. Douglas Hebson, Mr. Alfred Hardwick, Mrs. Jackson, Mrs. Garner, Mrs. Pym Reading, Lady Emily Williams, Mrs. Burton Burton, Miss Annie Eyre, the late Mrs. Nesfield, the late Miss Forrest, Mr. J. H. Challis, Mr. G. Walton, Dr. Sanderson, the Rev. T. France Hayhurst, Mr. F. A. Burrows, the Rev. F. G. Hodgson, the Rev. B. Winfield, Mr. H. Robinson, Mr. J. W. Morten, the late Mr. J. J. Edgar, and the King William IV. Lodge of Oddfellows, Chesterfield; intended for the relief of urgent cases of distress on their discharge from the Hospital; the interest of which is available, at the discretion of the officials, under the authority of the House Committee. During the past year £7 9s. 0d. from this small fund have been utilised, for the relief of necessitous Patients, and a portion of this amount has been returned by friends of the Patients. Contributions to the fund are earnestly solicited. The Statement of Account for the past year is submitted.

It is gratifying to state that Mrs. Essington, the Misses Parkin, and other friends, have again given a quantity of warm clothing and other articles

for the use of the patients; and that Miss Trimmer, Mrs. Hawkins, Miss Armitstead, Miss Parkin, Mrs. Menzies, Mrs. Daniels, Mrs. W. Cross, "Mabel," Mr. F. Coventry, Mr. J. H. Orme, Mr. Dunch, Master J. W. Sutton, and the Committee of the Union Club, Buxton, have sent Newspapers, Books, Periodicals, &c., for the use of the Patients.

A kind friend at Haslingden has kindly sent 104 volumes of Books for the use of the Patients; these Books have been placed in the Library.

The Incumbent of Harpur Hill, and the Minister of the Congregational Church, have presented the Offerings of Fruit and Flowers from the Harvest Festival in their respective Churches. Gifts of Fruit and Flowers have also been presented by other kind friends.

Mr. J. Coulthurst, of Gargrave, kindly sent to the Hospital two Hampers of Rabbits, containing 40 and 29 couples respectively. Similar kind and considerate presents have been previously received from the same benefactor.

Invalid Chairs for the use of Patients have been presented by Mrs. J. V. Povah, Miss Philips, and Sir Henry Peek, Bart.

Bath Chairs for the use of the Patients have been presented by Mr. Hatton, and by a lady visitor, per Mrs. Best. Two Couches for the Women's Day Room have been presented by the Rev. C. J. Bayley. The sum of £10 has been collected by Mrs. Best for a crane for the use of the Female Patients at the Hot Baths.

An Amateur Concert was kindly promoted by Mrs. Best for the benefit of the Hospital and was given in the great centre of the Hospital on the afternoon of the 12th August; the Patients were kindly admitted to the performance, and there was a considerable attendance on the part of the public; after paying all expenses the sum of £18 12s. 10d. was added to the Hospital funds. This certainly deserves the thanks of all interested in the Hospital. Miss H. E. Brown also kindly promoted and assisted in a concert which was given in the centre of the Hospital on the afternoon of August 26th; Mr. Meyder and the members of the Band of the Buxton Improvements Company, and several ladies and gentlemen both professional and amateur most kindly gave their services at this concert, and after paying all expenses the sum of £20 1s. 8d. was presented to the Hospital; this also necessarily deserves the thanks of the Committee and Subscribers. The Patients also attended this concert.

A second effort was made on Saturday, August 27th in the afternoon, under the energetic suggestion of Mr. Charles Wilkinson and with the full support of the members of the Committee, to obtain a Saturday Hospital collection; it was so much more successful than the effort made in the previous year that £19 2s. 2d. were obtained on behalf of the Hospital. The effort was aided by the workmen of several of the principal employers of labour in Buxton, and it has probably served to identify the interests of the Hospital more closely with the kind feelings of the residents in the town. As was said previously, the public of Buxton are too apt to consider the Hospital to be rather a concern of the United Kingdom at large than a local institution; but the Hospital is frequently able to offer substantial medical

and surgical aid to the residents in the town and neighbourhood, and to give help that has often been of vital importance.

The men's day-room has always been used for morning and evening prayer, and, more or less, for other religious services. These services are conducted by the Chaplain, or under his sanction, and include a special service for Patients on Sunday. In the absence of the Chaplain, these services are kindly given by other friends, and are very gratefully mentioned, and are believed to be much valued by the Patients. Entertainments are given, in the women's day-room, on frequent evenings or afternoons, during the week; when the Patients are enlivened with music, &c., by various kind friends, whose cheering work must bless equally, both those who receive and those who give. It is a gratifying remembrance, that the women's day-room contains the admirable Broadwood pianoforte presented to the Hospital for the use of the Patients, five years ago; and the men's day-room contains an excellent American organ, presented nearly two years ago, which is necessarily of much value, more particularly in the religious services. It must be a pleasure to Subscribers living at a distance, to learn that the inmates of the Hospital are thus gladdened and brightened, by an active and continuous kindness and sympathy.

The Library, so kindly obtained by benefaction and the collection of subscriptions, on the part of Mr. Edwin Simpson, J.P., for the use of the Patients, is of very great value and much general interest. Mr. Simpson kindly takes the trouble to act as librarian, and is aided therein, with much kindness, by Mrs. Best. The books have been selected with much care and judgment; and are kept in admirable order, and with the recent, and probable future additions, this may prove to be an excellent adjunct to the work of the Hospital.

Subjoined is the Medical Report of the work of the Hospital, for the year 1887, which has been prepared from the Case Books by the Medical Residents, and must be of interest to all Subscribers, and may be a guide to medical men when called upon to sign the medical certificates, which are required, in addition to the recommendations of the Subscribers, before a Patient is admitted to the Hospital. The Report illustrates the value of the Buxton Mineral Water in the relief of most cases of rheumatic, gouty, or arthritic character; and so far explains the great amount of benefit that is derived by the Patients of the Hospital, and the comparatively few failures, as stated in the Annual and Quarterly Reports during so many successive years. It is shewn, that, of 2389 cases under treatment in the Hospital, in the past year, only 295 were without some form or degree of rheumatic complication; thus shewing the very large proportion of the Patients, whose cases are within the special remedial action of the Buxton Mineral Water. The proportion of the rheumatic cases which are complicated with disease of the heart, viz.:—312, is, as usual, a most important and remarkable feature of these Hospital Reports; shewing the absolute necessity of a painstaking and skilful diagnosis, and a zealous regard as to the use or avoidance of the mineral water, and as to the general treatment and management of the individual cases. The indebtedness of the Hospital to the members of the Medical Staff, both Honorary and Resident, is thus abundantly and accurately indicated: the curative results, and the comparatively small number of failures, and, still more, the very small number of fatalities, must be referred to medical accuracy in the use of the stethoscope, and of the other diagnostic "instruments of precision," with which the advanced science of medicine has supplied the members of the medical profession. The report, again, demonstrates how very far the Devonshire

Hospital is from being a mere convalescent Hospital; how great and thorough the medical work is, which it is called upon to do. Its results are justifiably regarded as affording an absolute proof of the value of scientific medicine; and the comparative hazard of all treatment, not based upon ascertained conditions. This is not the place to exhaust the lessons obtainable from the report; but enough has been said, to show that it deserves the thanks of the members of the Committee of Management of the Hospital, and the attentive consideration of its Subscribers.

At the Annual Meeting of the Committee of Management, held at the Hospital, on Saturday, January 7th, the Report was adopted, and it was moved by Mr. J. H. Orme, seconded by Mr. E. C. Milligan, and resolved unanimously, that the thanks of the Trustees and Committee of Management be given to the Chairman (Dr. Robertson), for the Annual Report, for his assiduous attention to the interests of the Hospital, and for his kindness in consenting to re-election as Chairman, and that the Report be printed, with the Treasurer's Accounts, &c., and circulated amongst the Subscribers and supporters of the Institution.

Inquiry has been made as to the proportion of the Patients of the Hospital for whom the baths of the Buxton mineral water are ordered to be taken. It is gratifying to find, as extracted from the Hospital records by the medical residents, that, of the 2389 Patients received during the year 1887, 2145 were able to use the baths, and only 244 were not in a state to use them with safety or advantage. Of these 104 were prevented from using the baths in consequence of cardiac complication, 33 were more or less advanced pulmonary cases, and 107 were cases of accidents, fractures, operations, and general disease.

THIS INDENTURE, made on the 22nd day of June, 1868, between the Most Noble William, Duke of Devonshire, of the first part; and William Henry Robertson, of the Square, Buxton, in the County of Derby, M.D.; Reginald Darwin, of Fern, Buxton, aforesaid, Esq.; William Parker Shipton, of the Square, Buxton, aforesaid, surgeon; Samuel Turner, of Sylvan Park, Buxton, aforesaid, surveyor; John Milligan, of Winster Place, Buxton, aforesaid, draper; Robert Rippon Duke, of Spring Gardens, Buxton, aforesaid, surveyor; Robert Bennet, of Hardwick Street, Buxton, aforesaid, M.D.; Thomas Dickson, of Wye House, Buxton, aforesaid, M.D.; Robert Broome, of Burbage, near Buxton, aforesaid, Esq.; Marmaduke Walter Vavasour, of North Wood House, Buxton, aforesaid, Esq.; Edward Levett Darwin, of the Park, Buxton, aforesaid, Esq.; Joseph William Taylor, of Hardwick Terrace, Buxton, aforesaid, Esq.; Frederick Turner, of the Quadrant, Buxton, aforesaid, surgeon; Francis Kennedy Dickson, of the Square, Buxton, aforesaid, physician; the Rev. Stephen Ray Eddy, of the Parsonage, Buxton, aforesaid, clerk; The Rev. Charles Smith, of the Parsonage, Fairfield, near Buxton aforesaid, clerk; George Francis Barnard, of Spring Gardens, Buxton, aforesaid, wine and spirit merchant; William Henry Flint, of Terrace Road, Buxton, aforesaid, physician; and Isaac Walton, of the Bank, Buxton, aforesaid, Esq., of the second part. Whereas the parties hereto of the second part are the Trustees of an Institution known as the "Devonshire Hospital and Buxton Bath Charity," instituted for the relief of poor persons from all parts of Great Britain and Ireland suffering from rheumatism, gout, and certain other specified diseases; and whereas the said William, Duke of Devonshire, is seized of the land and buildings hereinafter mentioned for an estate of inheritance in fee simple in possession; and whereas the said lands and buildings have, for some time past, by the permission of the said William, Duke of Devonshire, been used by the said parties hereto of the second part (in their character of Trustees as aforesaid) as the Hospital of the said Institution; and whereas the said William, Duke of Devonshire, being desirous of benefiting the said Institution, has agreed to convey the said premises to the said parties hereto of the second part upon the Trusts hereinafter expressed. Now this INDENTURE witnesseth that, in consideration of the premises, He, the said William, Duke of Devonshire, doth hereby grant and convey unto the said parties hereto of the second part, and their heirs, all that piece of land situate at Buxton, in the county of Derby, containing by estimation 2a. 2r. 2p., or thereabouts, and abutting and bounded as more particularly described in the plan drawn in the margin of these presents, and therein coloured pink; together with all buildings now standing and being thereon; and together with all ways, easements, and appurtenances whatsoever, to the said piece of land belonging or appertaining; and all the estate, right, title, interest, property, claim, and demand whatsoever, of Him,

the said William, Duke of Devonshire, in to and out of the said premises and every part thereof; to have and to hold the said piece of land and premises unto and to the use of the said parties hereto of the second part, their heirs and assigns, yielding and paying unto the said William, Duke of Devonshire, his heirs and assigns, the yearly nominal rent of Five Shillings, on the 29th day of September in every year. And it is hereby declared that the said parties hereto of the second part, or the survivor or survivors of them, or the heirs of such survivor, shall stand possessed of the premises hereby conveyed upon trust to permit the said premises to be used as the Hospital of the "Devonshire Hospital and Buxton Bath Charity" and for no other purpose. And it is hereby declared that if the Trustees hereby constituted, or any or either of them, or any Trustee or Trustees, appointed as hereinafter provided, shall die, or desire to be discharged, or refuse, or become incapable to act, then, and in every such case, it shall be lawful for the surviving or continuing Trustee or Trustees for the time being, and for this purpose refusing or retiring Trustees shall, if willing to act in the exercise of this power, be considered continuing Trustees, or for the acting executors or administrators of the last surviving or continuing Trustee, to appoint a new Trustee, or Trustees, in the place of the Trustee or Trustees, so dying, or desiring to be discharged, or refusing, or becoming incapable to act as aforesaid, and upon any such occasion, if it should be thought proper, the number of Trustees for the time being may be reduced, but so that the number of the surviving or continuing Trustee or Trustees, with the new Trustees, shall not be less than five; and upon every such appointment the trust estate shall be so conveyed that the same may be vested in the surviving or continuing Trustee or Trustees, jointly with such new Trustee or Trustees, or in such new Trustee or Trustees solely, as the case may require. Provided, nevertheless, that no person shall be appointed a Trustee under the preceding power who is not a member of the Committee of Management, for the time being, of the said Hospital. And this INDENTURE also witnesseth, that the said parties hereto of the second part, do hereby, for themselves, their heirs, executors, administrators, or assigns, covenant with the said William, Duke of Devonshire, his heirs, executors, administrators, and assigns, that they, the said parties hereto of the second part, their heirs and assigns, shall not nor will, without the previous consent in writing of the said William, Duke of Devonshire, his heirs or assigns, erect or build upon the premises hereby granted or conveyed any house or building whatsoever, other than those now standing and being thereon; and will keep the buildings now standing and being thereon in good repair, and will keep in a condition similar to the present, all such part of the said land as is now used for garden or pleasure grounds. In witness whereof the said parties to these presents have hereunto set their hands and seals, the day and year first above written.

THIS INDENTURE, made the twenty-first day of March, 1878, between the Most Noble William, Duke of Devonshire of the first part; and William Henry Robertson, of the Square, Buxton, in the county of Derby, M.D.; William Parker Shipton, of the Square, Buxton, aforesaid, surgeon; Robert Rippon Duke, of Spring Gardens, Buxton, aforesaid, architect and surveyor; Robert Bennet, of the Park, Buxton, aforesaid, M.D.; Joseph William Taylor, of Hardwick Terrace, Buxton, aforesaid, Esq.; Frederick Turner, of the Quadrant, Buxton, aforesaid, surgeon; Francis Kennedy Dickson, of Wye House, Buxton, aforesaid, physician; the Rev. William Malam, of the Vicarage, Buxton, aforesaid, clerk; George Francis Barnard, of Spring Gardens, Buxton, aforesaid, wine and spirit merchant; William Henry Flint, of Terrace Road, Buxton, aforesaid, physician; Isaac Walton, of the Bank, Buxton, aforesaid, Esq.; the Rev. Augustus Adam Bagsbawe, of Wormhill Vicarage, near Buxton, aforesaid, clerk; the Rev. Gordon Robertson, of Earl Sterndale Vicarage, near Buxton, aforesaid, clerk; Henry Alfred Hubbersty, of Burbage, near Buxton, aforesaid, Esq.; the Rev. John Geoffrey Henry Stamper, of Burbage Vicarage, near Buxton, aforesaid, clerk; Henry Constantine Renshaw, of Chapel-en-le-Frith, in the said county, Esq.; Henry Shaw, of Corbar Villa, near Buxton, aforesaid, Esq.; Philip Le Gros, of St. Ann's Hotel, Buxton, aforesaid, hotel keeper; Josiah Taylor, of Buxton, aforesaid, accountant; and Edward Chambers Milligan, of Buxton, aforesaid, draper; of the second part. Whereas the parties hereto of the second part are the Trustees of an Institution known as the "Devonshire Hospital and Buxton Bath Charity," instituted for the relief of poor persons from all parts of Great Britain and Ireland, suffering from rheumatism, gout, and certain other specified diseases; and whereas the said William, Duke of Devonshire, is seized of the lands and buildings hereinafter mentioned for an estate of inheritance in fee simple in possession; and whereas the said William, Duke of Devonshire, has contracted with the said parties hereto of the second part for the sale to them of the land and buildings hereinafter described for the sum of £5,000. Now this INDENTURE witnesseth that, in pursuance of the said agreement, and in consideration of the sum of £5,000 sterling now paid by the said parties hereto of the second part to the said William, Duke of Devonshire, the receipt whereof is hereby by him acknowledged, the said William, Duke of Devonshire, doth hereby grant and convey unto the said parties hereto of the second part, and their heirs, all that piece of land situate at Buxton, aforesaid, containing by estimation 3,065 superficial square yards, or thereabouts, and abutting or bounded as more particularly described in the plan drawn in the margin of these presents and therein coloured pink; together with the cottages, blacksmith's shop, stables, and other buildings now standing and being thereon, and together with the right or easement of using the road or passage bounding the land hereby conveyed in part on the north-west side thereof, as shown on the said plan with the

colour dark brown, at all times and for all purposes; and together with all ways, easements, and appurtenances whatsoever to the said piece of land belonging or appertaining, and all the estate, right, title, interest, property, claim and demand whatsoever of him, the said William, Duke of Devonshire, into and out of the premises and every part thereof. To have and to hold the said piece of land and premises unto and to the use of the said parties hereto of the second part, their Heirs and assigns, for ever; and it is hereby declared that the said parties hereto of the second part, or the survivors or survivor of them or the heirs of such survivor shall stand possessed of the premises hereby conveyed upon trust to permit the said premises to be used as part of the Hospital of the "Devonshire Hospital and Buxton Bath Charity," and for no other purpose. And it is hereby declared that if the Trustees hereby constituted, or any or either of them or any Trustee or Trustees appointed as hereinafter provided shall die or desire to be discharged, or refuse or become incapable to act, then and in every such case it shall be lawful for the surviving or continuing Trustees or Trustee for the time being, and for this purpose refusing or retiring Trustees shall if willing to act in the exercise of this power, be considered continuing Trustees, or for the acting executors or administrators of the last surviving or continuing Trustee to appoint a new Trustee or new Trustees in the place of the Trustee or Trustees so dying or desiring to be discharged, or refusing or becoming incapable to act as aforesaid, and upon any such occasion if it should be thought proper the number of Trustees for the time being may be reduced, but so that the number of the surviving or continuing Trustees, together with the new Trustees, shall not be less than five, and upon every such appointment the trust estate shall be so conveyed that the same may be vested in the surviving or continuing Trustee or Trustees jointly with such new Trustee or Trustees or in such new Trustee or Trustees solely, as the case may require. Provided, nevertheless, that no person shall be appointed a Trustee under the preceding power who is not a member of the Committee of Management for the time being of the said Hospital. And the said William, Duke of Devonshire, doth hereby for himself, his heirs, executors, and administrators, covenant with the said parties hereto of the second part, their heirs, and assigns, in manner following, that is to say, that for and notwithstanding any act, deed, matter, or thing whatsoever by him, the said William, Duke of Devonshire, or any of his ancestors made, executed, or permitted to the contrary, he, the said William, Duke of Devonshire, now hath in himself good right by these presents to grant and convey the said hereditaments and premises hereby intended to be conveyed unto and to the use of the said parties hereto of the second part, their heirs and assigns, in manner aforesaid. And that the said hereditaments and premises shall be peaceably and quietly held and enjoyed accordingly, without any interruption, denial or disturbance of or by the said William, Duke of Devonshire, or any other person or persons whomsoever rightfully claiming or to claim by, from, through, under, or in trust for him or any of his ancestors; and that free and clear, or otherwise, by the said William, Duke of Devonshire, his heirs, executors, and administrators well and sufficiently defended and indemnified of, from, and against all, and all manner of estates and encumbrances whatever made, done, or suffered by the said William, Duke of Devonshire, or any of his ancestors, or any other person or persons rightfully claiming or to claim by, from, through, under, or in trust for him or them. And further, that he, the said William, Duke of Devonshire, and his heirs and all and every other person and persons having or rightfully claiming any estate or interest in or to the said hereditaments and premises from, through, under, or in trust for him or them or any of his ancestors shall and will at all times hereafter upon the reasonable request and at the cost of the said parties hereto of the second part, their heirs and assigns, make, execute, and perfect all such further and other acts and assurances for the more effectually assuring the said hereditaments and premises unto and to the use of the said

parties hereto of the second part, their heirs and assigns in manner aforesaid as by the said parties hereto of the second part, their heirs or assigns or their counsel in the law shall be devised and required. And this INDENTURE also witnesseth that the said parties hereto of the second part do hereby for themselves, their heirs, executors, administrators, and assigns, covenant with the said William, Duke of Devonshire, his heirs, executors, administrators and assigns, that they the said parties hereto of the second part, their heirs or assigns, shall not nor will without the previous consent in writing of the said William, Duke of Devonshire, his heirs or assigns, erect or build upon the premises hereby granted and conveyed any house or building whatsoever other than those now standing and being thereon, with such additions and extensions as are shown upon the plans, which have been submitted to and approved by the Agent of the said Duke, and will from time to time and at all times hereafter keep the said buildings in good repair; and also that they the said parties hereto of the second part, their heirs and assigns, shall and will from time to time and at all times hereafter pay one half of the expense of maintaining and keeping in repair under the direction and to the satisfaction of the Architect or Agent for the time being of the said William, Duke of Devonshire, his heirs and assigns, the said road or passage bounding the land hereby conveyed on the north-west side thereof for the full length of the frontage of the said land thereto. In witness whereof the said parties to these presents have hereunto set their hands and seals, the day and year first above written.

Together with the bath and buildings now constructed therein and standing thereon; and together with all ways, easements, and appurtenances whatsoever to the said piece of land belonging or appertaining; and all the estate, right, title, interest, property, claim and demand whatsoever of him, the said William, Duke of Devonshire in, to, and out of the premises and every part thereof. To have and to hold the said piece of land and premises unto and to the use of the said parties hereto of the second part, their heirs and assigns, yielding and paying unto the said William, Duke of Devonshire his heirs and assigns, the yearly nominal rent of five shillings on the 29th day of September in every year; and the said William, Duke of Devonshire, doth hereby for himself, his heirs, executors, and administrators, covenant with the said parties hereto of the second part, their heirs and assigns in manner following, that is to say that for and notwithstanding any act, deed, matter, or thing whatsoever by him the said William, Duke of Devonshire, or any of his ancestors made, executed or permitted to the contrary, he the said William, Duke of Devonshire, now hath in himself good right by these presents to grant and convey the said hereditaments and premises hereby intended to be conveyed unto and to the use of the said parties hereto of the second part, their heirs and assigns in the manner aforesaid; and that the said hereditaments and premises shall be peaceably and quietly held and enjoyed accordingly without any interruption, denial or disturbance of or by the said William, Duke of Devonshire, or any other person or persons whomsoever rightly claiming or to claim by, from, through, under or in trust for him or any of his ancestors, and that free and clear or otherwise by the said William, Duke of Devonshire, his heirs, executors, and administrators well and sufficiently defended and indemnified of, from and against all and all manner of estates and encumbrances whatsoever made, done or suffered by the said William, Duke of Devonshire, or any of his ancestors or any other person or persons rightfully claiming or to claim by, from, through, under or in trust for him or them; and further, that he the said William, Duke of Devonshire, and his heirs, and all and every other person and persons having or rightfully claiming any estate or interest in or to the said hereditaments and premises from, through, under, or in trust for him or them or any of his ancestors shall and will at all times hereafter upon the reasonable request and at the costs of the said parties hereto of the

second part, their heirs or assigns make, execute and perfect all such further and other acts and assurances for the more effectually assuring the said hereditaments and premises unto and to the use of the said parties hereto of the second part, their heirs and assigns, in manner aforesaid as by the said parties hereto of the second part, their heirs or assigns, or their or his counsel in the law shall be desired or required; and it is hereby declared by the said parties hereto of the second part or the survivors or survivor of them, or the heirs of such survivor shall stand possessed of the premises hereby conveyed upon trust to permit the said premises to be used as the Hot Baths in connection with the Hospital of the "Devonshire Hospital and Buxton Bath Charity" and for no other purpose; and it is hereby declared that if the Trustees hereby constituted or any or either of them or any Trustee or Trustees appointed as hereinafter provided shall die or desire to be discharged, or refuse or become incapable to act, then and in every such case it shall be lawful for the surviving or continuing Trustees or Trustee for the time being, and for this purpose refusing or retiring Trustees shall if willing to act in the exercise of this power be considered continuing Trustees or for the acting executors or administrators of the last surviving or continuing Trustee to appoint a new Trustee or new Trustees in the place of the Trustee or Trustees so dying or desiring to be discharged or refusing or becoming incapable to act as aforesaid, and upon any such occasion if it should be thought proper the number of Trustees for the time being may be reduced, but so that the number of the surviving or continuing Trustees together with the new Trustees shall not be less than five; and upon every such appointment the trust estate shall be so conveyed that the same may be vested in the surviving or continuing Trustees or Trustee jointly with such new Trustee or Trustees or in such new Trustee or Trustees solely as the case may require. Provided, nevertheless, that no person shall be appointed a Trustee under the preceding power who is not a member of the Committee of Management for the time being of the said Hospital. And this INDENTURE also witnesseth that the said parties hereto of the second part do hereby for themselves, their heirs, executors, administrators, and assigns covenant with the said William, Duke of Devonshire, his heirs, executors, administrators and assigns that they the said parties hereto of the second part, their heirs or assigns shall not nor will without the previous consent in writing of the said William, Duke of Devonshire, his heirs or assigns, erect or build upon the premises hereby granted and conveyed any house or building whatsoever other than those now standing and being thereon, and will keep the Baths and buildings now constructed therein and standing thereon in good repair; and also that they the said parties hereto of the second part, their heirs and assigns, shall and will for ever hereafter until the same shall be dedicated to and accepted by the Local Board of Buxton aforesaid or other public authorities, maintain and keep in good repair and condition under the direction and to the satisfaction of the Architect or Agent for the time being of the said William, Duke of Devonshire, his heirs or assigns, the footpath and half of the width of the roadway bounding the land hereby conveyed on the west and south sides thereof for the full length of the frontages of the said land thereto. In witness whereof the said parties to these presents have hereunto set their hands and seals the day and year first above written.

BUXTON BATH CHARITY, A.D. 1785.

COPY OF REPORT OF THE CHARITY,
FOR THE YEAR 1785.

*The Original is in the Hospital, and was presented by Dr. Robertson,
December 29th, 1871.*

BUXTON.

RESOLUTIONS by the Stewards of the several Houses at Buxton, on behalf of the Contributors to the Charitable Fund established here, for the better regulation of the Charity, made September 13th, 1785.

1st. As to the Contribution.

WHEREAS, at the commencement of this Charity, in the year 1779, instituted for the purpose of rendering the Beneficence of the Noble Proprietor and his Ancestors (in setting apart a Bath for the Use of the Poor) more extensively beneficial; two Stewards were appointed in each House kept open for the Reception of Company to receive a Contribution of One Shilling only, from each Person residing in such Houses, for the Benefit of the Charity. And upon the Departure of one of the Stewards, the departing Steward hath nominated a Successor; and in order to ascertain the Sums contributed, the Stewards for the Time being, at each House, have kept a Subscription Book, in which the Contributors have respectively written their Names and the sum of One Shilling opposite thereto; and as the Subscriptions have amounted to competent Sums, the Stewards have paid over the same to Mr. Samuel Buxton, Apothecary, in Buxton, as Treasurer, to be applied by him towards the Aid and Support of the Poor, whose Infirmities have caused them to come to Buxton for the Use of the Waters; for which Sums the said Mr. Buxton hath signed Receipts in the Subscription Books. Resolved that such practice be continued, and that no Person be permitted to subscribe a greater Sum than One Shilling in the books; and that the Receipts of Mr. Buxton, or the Treasurer for the time being, in the Subscription Books, be sufficient Discharges to the Stewards for what they receive.

Resolved, That it be recommended to future Stewards to hold an Audit on the 13th of September, yearly, to inspect the Accounts of Mr. Buxton, or of the Treasurer for the Time being, and to state Accounts of the preceding Year in like manner as the Accounts are this Day stated in the Subscription Book at the Hall. And it is declared, that the Allowance of a Duplicate of the Account by any two of the Stewards, under their hands, shall be a sufficient discharge to Mr. Buxton, and all future Treasurers.

Resolved, That all future contributors to the Charity do subscribe thereto upon the terms of these Resolutions.

2nd. As to the Admission of the Objects of this Charity.

Resolved, That no Inhabitant of Buxton, Fairfield, or of any place within Sever Miles distance from Buxton, be admitted to partake of the Charity; nor any Person be relieved during the months of November, December, January, February, March, or April; and that during the remaining six Months of the Year, not more than sixteen Objects, at one Time, be relieved by the Charity. And that no

Person shall be admitted on any other Day than Monday in every Week, between the Hours of eight and twelve in the Forenoon; on which Day, during such Hours, the weekly allowance to each Individual shall also be paid.

Resolved, That before the patient intending to take the benefit of the Charity be removed from where he or she dwells, Mr. Buxton, or the Treasurer for the Time being, be applied to by Letter, Postpaid, signifying such Intention, mentioning the Patient's Name, Place of Abode, and Nature of the Disorder; and that no Person be admitted unless there be a vacancy in the Number of Sixteen, and unless he or she first produces to the Treasurer his own Letter written in answer to such Application, and also a Letter of Recommendation from some Lady or Gentleman, resident in the Neighbourhood, certifying whether the Patient is relieved by his or her Parish, or not, and if not, whether he or she is a proper Object, with Respect to Circumstances; and in case he or she is a Pauper, relieved by the Parish, then also a Certificate signed by the Churchwardens or Overseers of the Poor, that the Pauper's Settlement is in the Parish from which he or she is sent; and also a Certificate from a Physician or Apothecary, that the case is proper for the Buxton Waters.

Resolved, That the Names and Places of Abode of the Objects admitted, be entered by Mr. Buxton, or the Treasurer for the Time being, in a Book (of which Book each Contributor is to have free Inspection), with a Description of the Patient's Disorder; and after his or her Discharge a Minute of the Consequence of the Use of the Waters.

3rd. As to the Application of the Charity Fund.

It being the Intention of the Contributors, that the Money arising from the Contributions, be in every Case applied for the purposes of supplying the Patients during their Stay at Buxton, with Board, Lodging, and Medicines only; all Ladies and Gentlemen recommending Patients, and all Churchwardens and Overseers giving Certificates, are therefore particularly desired to take notice, that in Case the Patients shall be admitted to partake of the Charity, and shall die in the Parishes of Buxton or Fairfield, or in any Place within seven Miles Distance from Buxton, before he or she shall have actually returned to his or her own Parish, such Persons recommending, and such Churchwardens and Overseers certifying, shall be liable to pay the Expenses of the Funeral of such Patients respectively; and that the Charity Money, on no Account whatever, will be suffered to be applied to defray Travelling Expenses, either to or from Buxton.

Resolved, That no Patient be admitted more than once during a Season, nor be relieved, by the Charity, for a longer space of time than five Weeks, from the Date of his or her Admission, nor with a greater Sum than Six Shillings each Week. But for how long a Time he or she shall be relieved less than five Weeks, or what allowance shall be made him or her less than Six Shillings per Week, shall be at the discretion of Mr. Buxton, or of the Treasurer for the Time being, taking the advice of the resident Physician, or Physicians, on the Case, who it is hoped, will kindly consent to give gratuitous Assistance, when necessary.

Resolved, That Mr. Buxton, or the Treasurer for the Time being, be at liberty to retain all his necessary Expenses, occasioned by the Administration of the Charity, over and above what shall be expended in Board, Lodging, and Medicines.

Resolved, That if any Object receiving the Benefit of this Charity, shall beg or receive Alms, during his or her stay at Buxton, or be guilty of prophane Swearing, Drunkenness, Impertinence, or any gross misbehaviour, he or she shall be instantly (on complaint made) discharged from the Charity.

Ordered, That these Resolutions be printed, and hung up in as public a manner as possible, in the several Houses in Buxton, kept open for the Reception of Company, and wherever Contributions are received; and that the said Resolutions be sent by Mr. Buxton, or the Treasurer for the Time being, to every Person recommending a Patient, as a proper Object to partake of the Benefit of this Charity.

GENERAL RULES AND REGULATIONS.

Title.

1.—THIS Institution shall be known and distinguished by the name of THE DEVONSHIRE HOSPITAL AND BUXTON BATH CHARITY.

Trustees.

2.—The property belonging to this Institution shall be vested in the Trustees for the time being.

3.—The number of Trustees shall not exceed nineteen, and any deficiency in this number shall be filled up by the Trustees from the members of the Committee of Management from time to time, as may seem to be expedient, according to seniority, care being taken that the number of the Trustees shall not be less than five, in accordance with the Deeds of Conveyance of the Hospital to the Trustees by His Grace the Duke of Devonshire.

4.—The Trustees shall meet at such time as they may find it expedient, upon the requisition of five of their number to the Chairman, at seven days' notice thereof.

Committee of Management.

5.—The power of making and repealing rules for the government of the Institution shall be vested in the Committee of Management for the time being.

6.—The Committee of Management shall consist of twenty-five members. The Vicar of Buxton, the Honorary Medical Officers, and five of the Governors of the Cotton Districts Convalescent Fund, shall be members *ex-officio*. The other members of the Committee shall be nominated from the Life and Yearly Subscribers who reside within a radius of six miles from Buxton.

7.—No new rule shall be made, or existing rule altered, without three months' notice being previously given; and all such alterations and additions shall be made at a special meeting called for that purpose, of which meeting the Committee of Management shall have, farther, two weeks' notice beforehand.

8.—The Committee of Management shall select from the list of subscribers and benefactors, persons of eminent rank, or who may have been distinguished by their contributions or services, to hold the honorary positions of Patron, President, and Vice-Presidents.

General and Special Meetings of the Committee of Management.

9.—The Committee of Management shall have full power to manage and conduct the Institution; but no member of the Committee shall be entitled to vote on, or be present at the discussion upon, any question in which he has a direct personal or pecuniary interest, and any vote under this rule shall be taken by ballot only; voting by proxy shall not be allowed.

10.—The voting shall be by ballot whenever demanded by any member of the Committee of Management present at any meeting.

11.—Should the number of members of the Committee of Management who reside within a six miles' radius of Buxton, fall below seventeen, they shall proceed to elect a new member or members at the next meeting, notice having previously been given that a vacancy has occurred.

12.—Any member of the Committee of Management being absent from the meetings for six months continuously, shall be disqualified to act, unless he shall have communicated, in writing, a sufficient reason for such absence to the Secretary before the expiration of the six months.

13.—The Committee of Management shall meet on the first Saturday of each month, at such place and at such hour as they may appoint, for the transaction of business: four forming a quorum. The order of business shall be as follows:—The reading and approving of the minutes of the previous meetings; the appointment of the honorary visitors; the examination of the visitors', chaplain's, and other books; the reception of the report of the House Committee; the passing and signing cheques for all payments due; and the transaction of any other business that may come before them. No member of the Committee of Management shall bring forward any motion or resolution unless he is provided with a seconder.

14.—The Annual Meeting of the Committee of Management shall take place on the first Saturday in January, when they shall elect from their number a Chairman and a Treasurer for the year ensuing; and also a House Committee, which shall consist of the Chairman, and nine other members; and may fill up any existing vacancies in the Committee of Management, which can only be done at this meeting, unless the number of members falls below seventeen. (*See Rule 11.*) Names of candidates for the office of member of the Committee of Management to be publicly announced at an ordinary meeting at least a month previously. The Chairman shall retain his seat as Chairman until the Annual Meeting of Subscribers in each year. The same rule to apply to the Treasurer and House Committee.

15.—They shall also hold an Annual Meeting of the Subscribers at such time and place as the Committee of Management may appoint, when the Annual Report of the Committee of Management, and Treasurer's accounts for the past year shall be received.

16.—The proceedings of the Committee of Management at their Monthly Meetings may be reported in the local papers.

House Committee.

17.—The House Committee shall meet at the Hospital once every month, or oftener if necessary, at such hour as they may appoint.

18.—They shall examine the books of admissions and discharges, and all other books kept by the Officials.

19.—They shall investigate any complaints of neglect or misconduct of any one connected with the Hospital.

20.—The register of attendance of the Medical Officers and the Chaplain shall be laid upon the table, and the remarks of the House Visitors' books read.

21.—They shall prepare a statement of, and examine and sign all such accounts as may require to be laid before the next monthly meeting of the Committee of Management for payment.

22.—They shall present at the monthly meeting all contracts for the supply of provisions and coals required for the use of the Hospital.

23.—They shall superintend all alterations, or improvements, the care of the grounds, and the conservation of the Hospital.

24.—They shall examine, from time to time, the inventories of household goods, furniture, linen, &c., belonging to the Institution.

25.—They shall replace and renew from time to time, as circumstances may require, all such internal fittings and furniture of the Hospital as may urgently require renewal; and make the contracts for these and all other ordinary domestic purposes; and shall expend, should it seem to them expedient to do so, any sum not exceeding £10 in any one month for the general purposes of the Hospital.

(NOTE.)—Any member of the House Committee who shall be absent from the Meetings for three months continuously shall be disqualified to act.

Honorary Treasurer.

26.—The Treasurer shall receive all moneys and deposit them in such bank as the Committee of Management shall direct.

27.—He shall cause all moneys received on behalf of the Hospital to be paid into the bank, and all payments to be made by cheque, signed by the Chairman, and one other member of the Committee of Management, and countersigned by the Secretary.

28.—He shall cause all deeds, evidences, and writings relating to the Hospital to be deposited at the Hospital, in a chest provided for that purpose, the keys whereof shall be kept by himself and the Chairman of the Committee of Management.

29.—He shall insure from fire the building, furniture, &c., to such an amount and in such office, as the Committee of Management may direct.

30.—He shall annually cause a full statement of accounts of the Hospital to be made up to the 31st of December in each year, which, after having been duly examined and signed by the Auditors, shall be presented by him to the Chairman, and shall afterwards be printed and circulated with the annual report.

Honorary Medical Officers.

31.—The Medical Officers shall be appointed by the Committee of Management.

32.—No Medical Officer shall be considered eligible who is not a Fellow, Member, or Licentiate of the Royal College of Physicians or Surgeons of London, Edinburgh, or Dublin, or who does not hold a degree in medicine of a recognised British University, such qualification having been obtained after due examination; and no medical man shall be a Medical Officer of the Institution who only resides during certain seasons of the year.

33.—The three senior medical officers shall attend every week-day in rotation, and shall take charge of the patients admitted on their respective days, such patients being under their charge during their residence in the Hospital. The hour for receiving patients to be fixed by their respective Medical Officers; when not present on any occasion at the fixed hour, the patients to be received or seen by the House Surgeon or Assistant House Surgeon. The number of acting Medical Officers for the present to consist of four, to be from time to time increased as the exigencies of the Institution may require. No Medical Officer shall consult in reference to the Hospital patients with any medical gentleman who is not a member of the Medical Staff of the Hospital; and no medical gentleman who is not a member of the Hospital Staff shall be permitted to prescribe for any of the Hospital patients, or assist at any operation upon any Hospital patient, unless on an emergency, when the assistance of a member of the Medical Staff cannot be obtained. And no capital operation shall be performed upon any Hospital patient without a summons being sent to every member of the Medical Staff, to afford the opportunity of being present, unless the immediate emergency of the case renders such notice impossible. The members of the acting Medical Staff shall receive the accident cases in rotation. The care of the patients is under the House Surgeon and Assistant House Surgeon, subject to the Acting Medical Staff. The patients are to be seen once or twice every week, or more frequently at discretion, by a Medical Officer, House Surgeon, or Assistant House Surgeon. The Secretary will cause the visits of the Honorary Medical Officers to be entered in a book kept for that purpose.

34.—The last elected Medical Officer shall take the charge of the out-patients.

35.—Any Medical Officer, after officiating for twelve years, may, upon his resignation of his office, and subject to the sanction of the Committee of Management, become a Consulting Physician or Surgeon. The consulting Medical Officers of the Hospital shall not have official seats on the Committee of Management beyond the number of three members, lest the medical element in

the management of the Hospital might become in the future unduly predominant; such restriction not being retrospective. Consultants to succeed to vacancies amongst the official members according to seniority.

36.—Consulting Physicians and Surgeons may be summoned to attend consultations, operations, and inspections.

37.—No medical man shall be eligible as a candidate for a vacancy in the Medical Staff, who, in addition to his professional qualification, follows the occupation of a chemist and druggist.

Honorary Chaplain.

38.—A clergyman of the Church of England shall be appointed by the Committee of Management as Chaplain, on such terms as they may determine, but always subject to three months' notice on either side to terminate the engagement.

39.—He shall cause prayers to be read every morning and night.

40.—He shall visit the wards as often as he may see occasion, and such patients in particular as may request his attendance.

41.—He shall have the charge and superintendence of the books and tracts which may be supplied for the use of the patients.

42.—He shall cause a journal to be kept in which shall be recorded the times when prayer has been read.

[NOTE.]—Other ministers of religion are at liberty to visit such patients as are confined by sickness to their rooms and may desire their attendance.

Duties of Steward.

43.—He shall be appointed by the Committee of Management, subject to three months' notice on either side. He shall devote the whole of his time and attention to the duties of the Hospital. He shall, under the direction and with the sanction of the House Committee, engage all men servants. He shall have the care of the buildings, grounds, baths, and property of the Hospital. He shall take care that regularity, cleanliness, and economy be observed in every section of his department. He shall not absent himself from the Hospital, unless with the sanction of the Acting Chairman or the House Committee. He shall present a monthly report of the work in his department to the House Committee.

44.—He shall take care of all furniture, household goods, and stores in his department, and keep a correct inventory for production when required by the Committee of Management or House Committee.

45.—He shall have charge of all the keys of the Hospital, including those of the basement story, and shall see that all the outer doors are locked, and shall keep the keys of them from five in the evening till eight in the morning from Michmaelmas to Lady Day; and from eight in the evening till six in the morning from Lady Day to Michaelmas. He shall cause every key to be numbered progressively by an engraved figure, and the doors to which such keys belong to be marked with corresponding numbers, and shall keep a book with similar numbers shewing to what doors the keys belong.

46.—He shall purchase such provisions and stores as the Committee of Management shall direct, and shall see that their quality be good. He shall weigh or measure the whole as they are received, and enter them in a receiving-book with the exact particulars of their weight or measure. He shall not permit anything belonging to the Charity to be sold or disposed of without the knowledge of the Committee of Management.

47.—He shall ascertain morning and evening that all the patients are present; shall preside during the meals of the male patients, and shall take care that grace be said at the commencement and conclusion of every meal, and that order is preserved during meals.

48.—He shall take care that all servants under his authority do their duty, and in case of improper behaviour shall have full power to discharge them,

stating the particulars to the next meeting of the House Committee. He shall not employ any patient without first obtaining leave from the Medical Officer under whose charge the patient has been placed.

49.—He shall take care that daily prayers be read from a form of prayers approved by the Chaplain.

50.—None of the friends of patients, or visitors, shall be allowed to eat, or be entertained in any other way, at the cost of the Institution, nor to remain in the Hospital after the hour of locking doors for the night.

Duties of Matron.

51.—She shall be appointed by the Committee of Management, subject to three months' notice on either side. She shall devote the whole of her time to the duties of the Hospital, and shall see that the domestic affairs of the Institution are conducted with the greatest possible attention to regularity, cleanliness, and economy. She shall not absent herself from the Hospital unless with the sanction of the Acting Chairman or the House Committee. She shall be assisted by a competent cook, housemaid, and laundress, who shall be responsible for the work under their control. These upper servants to be engaged by the Matron, under the sanction of the House Committee. She shall hire all other women servants without reference to the Committee.

52.—She shall take care of all household goods, culinary and domestic utensils, furniture, linen, bedding, towels, &c., and keep a correct inventory for production when required by the House Committee; and shall cause every article to be marked with the words "Devonshire Hospital, Buxton," and to be numbered consecutively according to the several classes.

53.—She shall have charge of the provisions, and shall deliver only such a quantity at a time as shall enable her to know that it is consumed in the Hospital. She shall not permit anything belonging to the Charity to be sold or disposed of without the knowledge of the Committee of Management. She shall have charge of the laundry. She shall superintend the cook in preparing the food; and shall take care that the meals are served at the regular hours, and that no food is wasted. She shall cause the meals of the patients to be ready at the following hours, and see that these hours are punctually kept, viz.:—Breakfast, eight; dinner, twelve; tea, five; supper, eight. She shall preside during the meals of the female patients, and shall take care that grace be said at the commencement and conclusion of every meal, and that order is preserved during meals.

54.—She shall see that all servants under her authority do their duty, and, in case of improper behaviour, shall have full power to discharge them, stating the particulars to the next meeting of the House Committee.

55.—She shall, under the authority of the Honorary Medical Officers, engage two head nurses,—one for the men's wards and one for the women's wards, with under nurses to assist them. Applications for these appointments to be received by the Matron, but the selection to rest with the Honorary Medical Officers, who shall instruct the Matron as to the engagement or discharge of any of the nurses. She shall have supervision and control of the nurses when not engaged in the duties of their office. She shall attend to the domestic arrangements of the nurses and patients; but both nurses and patients shall be under the control of the Medical Staff, subject, when needful, to the supervising co-operation of the Committee of Management. She shall hire all ward servants and such other servants as may be directed by the House Committee.

56.—She shall present a monthly report of the work in her department to the House Committee.

57.—All Nurses, Ward Women, Maid Servants, and Men Servants shall be engaged subject to a month's notice on either side.

58.—She shall take care that all such patients as are able, and who may not plead difference of religious opinion, attend daily prayers, and also Divine

Service in the Hospital, or at St. John's Church, or some other place of worship on Sundays.

Duties of Secretary.

59.—He shall be appointed by the Committee of Management, subject to three months' notice on either side. He shall attend all meetings of the Trustees and Committee of Management, and all Committees appointed by them; receive the recommendations of the patients to be admitted; and shall give to the patients who return thanks a note of their discharge to their recommenders. He shall read the minutes of the last meetings of the Trustees and Committee of Management, and the reports of the House Committee; report any new subscriptions, or subscriptions withdrawn, donations, or legacies; fill up the weekly reports for the newspapers; draw the minutes of the proceedings; and having read them over, shall procure their signature by the Chairman.

60.—He shall examine all bills presented for payment, and also examine the petty cash accounts of the several officials—draw the cheques for their payment; and, after they have been signed, enter them in the cash book; and shall keep all vouchers for payments made, with the name, date, and amount endorsed on each.

61.—He shall collect the annual and other subscriptions, under the direction of the Committee of Management, and give security to be approved of by them, if required.

62.—He shall keep an account of all the expenses under their proper heads, add up the payments at the end of every month, and produce the amount to the Committee of Management at the first ordinary meeting afterwards, with statements of the average cost per patient for provisions, and of the average cost per head of the whole establishment. He shall, as soon as possible after the 31st December, make up and lay before the Committee of Management the annual accounts of receipts and expenditure, with statements of the average cost per patient, and also per head of the whole establishment, for the year, for provisions and every other expense.

63.—He shall make up the cash book once a month, from the Treasurer's pass book, post the various items to their proper accounts in the ledger, state the balance due from the Treasurer, enter the subscriptions paid in the alphabetical subscription book, and, every year, lay before the Committee of Management, a list of the subscriptions more than twelve months in arrear.

64.—He shall examine the servants' wages accounts, quarterly, stating the amount due to each individual, when cheques for the total amount shall be drawn for their payment.

65.—He shall write all letters belonging to his department, and keep copies of them—make copies of orders and resolutions of meetings; when necessary, prepare and insert all advertisements. He shall, as soon as possible after the 31st December, make out an abstract of the receipts and expenditure for the year, including a list of the collections, donations, subscriptions, legacies, and fines received, for insertion in the annual report, and attend the meeting of Auditors, for the purpose of passing the accounts, and attend to all other matters of a casual nature which pertain to his office, and shall attend at the Hospital during office hours, from 9.30 a.m. to 5 p.m.; and on Saturdays, from 9.30 a.m. to 1 p.m.

Duties of House Surgeon.

66.—He shall be appointed by the Committee of Management. He shall be a qualified and registered medical man. He shall devote the whole of his time to the duties of the Hospital. He shall receive all the patients, and prepare a statement of their cases in Case Books provided by the Hospital for every honorary Medical Officer, and also a tabulated statement of all the cases in a book as a record of the work of the Hospital. He shall treat all cases on

emergency in the absence of the honorary Medical Officers. He shall have charge of, and be responsible for, the surgical instruments, microscope, and chemical and galvanic apparatus. He shall dispense the medicines in the absence of the Assistant House Surgeon, or if otherwise desirable. He shall not interfere in the general management of the Hospital, except by order of the honorary Medical Staff, or, for medical or surgical reasons, which orders or reasons must be stated in writing by him to the Steward or Matron, such statements to be submitted to the House Committee at their usual meetings. He shall not visit the females' wards, nor examine the female patients, unless in the presence of one of the female nurses, except in cases of great emergency. On no account shall he converse about any patient, excepting with the Medical Officer in charge of the patient, or the colleague left in charge during his absence. No opinion shall be given to the friends of any patient, excepting that of the Medical Officer in charge of the case. He shall be required to enter into an engagement under a penalty, not to practice or assist in the practice of medicine or surgery in Buxton, or within a radius of two miles from the Hospital, for a period of three years after he has ceased to hold the office of House Surgeon. The appointment shall be held subject to three months' notice on either side.

Duties of Assistant House Surgeon.

67.—He shall be appointed by the Committee of Management, subject to three months' notice on either side. He shall be a qualified and registered medical man. He shall devote the whole of his time to the duties of the Hospital. He shall scrupulously attend to the orders, and promptly make up the prescriptions of the Medical Officers, and shall be generally responsible for the accuracy and regularity with which the medicines ordered are provided for the patients. He shall have the charge of, and be responsible for, the Dispensary and its contents. Unless under an emergency, he shall order all drugs, &c., from wholesale druggists, through and with the sanction of the House Committee. When not engaged in the duties of his department, he shall be expected to co-operate with the House Surgeon in the medical duties of the Hospital. He shall be generally subject to the rules and regulations applicable to the House Surgeon. He shall be required to enter into an engagement under a penalty not to practice or assist in the practice of medicine or surgery in Buxton, or within a radius of two miles from the Hospital, for a period of three years after he has ceased to hold the office of Assistant House Surgeon.

Auditors.

68.—The Auditors, not being members of the Committee of Management, shall examine the Annual Statement of the Treasurer's Accounts, previous to its being presented to the Committee of Management, and for this purpose all books and vouchers relating to the accounts shall be open to them, and on their being satisfied as to the correctness of the accounts, the signature of each Auditor shall be appended to the said statement. The honorary fee of £2 10s. only, to be paid to each Auditor.

Honorary Dental Surgeon.

69.—A Dental Surgeon may be appointed by the Committee of Management, subject to three months' notice on either side to terminate the engagement.

70.—He shall be a registered Licentiate in Dental Surgery of the Royal College of Surgeons of England, Ireland, or Edinburgh, or of the Faculty of Physicians and Surgeons, Glasgow.

71.—He shall attend at the Hospital at least once every week, on such day and at such hour as the Committee of Management or House Committee may arrange with him, and at such other times as his services may be required; and shall, upon emergency, receive for treatment, at his own residence, any Hospital Patient sent to him by the Medical Officers of the Institution.

Extracts from the Rules and Regulations for Patients.

- 1.—An In-Patient will be entitled to Board, Lodging, and Medicines, for three weeks; should an extension of time be advised by the Medical Officers, the Patient may remain on payment of 17s. 6d. per week.

An Out-Patient will be entitled to Medical Advice, Medicines and Baths for three weeks; but the Medical Officers will attend these Patients only at the Hospital at the appointed days and hours.

No Patient shall be allowed to remain on the Books of the Institution longer than six weeks at one time without special permission signed by at least two-thirds of the Medical Staff of the Hospital; and any Patient who has been on the books six weeks in any consecutive six months, shall not be re-admitted within six months from the date of discharge without such permission.

- 2.—All Applicants for admission, either as In or Out-Patients, will be required to produce a recommendation, signed by a subscriber, and countersigned by the officiating minister, churchwarden, or some other parochial officer, or respectable inhabitant of the place from which they come, certifying that they are fit objects of charity, and unable to pay for themselves.

N.B.—Particular attention is directed to this rule, as it is much feared many have been admitted who were not fit objects for any Charity.

- 3.—The Medical Staff are authorised to refuse admittance to, or discharge, any Patients they consider unfit objects of the Charity; such refusal, or dismissal, to be signed by at least two of their number.

- 4.—Every In-Patient will be required to bring a proper change of clean body linen, and will have to pay for his, or her, own washing out of the Hospital; and to deposit one shilling upon receiving the key of the clothes box appropriated to his or her use; this deposit will be returned to the Patient upon giving up the key. Out-Patients will have to provide their own towels for bathing. All Patients must be provided with money for their travelling expenses when leaving the Hospital.

All the Patients will be required to observe strictly the Rules laid down for their guidance; any infringement of the rules will render the Patient liable to immediate dismissal.

- 5.—Cases of Accident will be admitted to the Hospital on the recommendation of a Subscriber, or on payment of the usual weekly charge for board and lodging, and a guarantee given in either case for payment of any extra charges required.

- 6.—Application for the admission of In-Patients, accompanied by the usual Medical Certificate, to be made to the Secretary, who will intimate, by return of post, the earliest date upon which the Patient can be received. Patients are not on any account to come to the Hospital until they receive notice that there is room for them, as no allowance of any kind will be given to those who cannot be taken in.

- 7.—In-Patients are admitted into the Hospital on Monday, Tuesday, and Wednesday, between the hours of 9 a.m. and 6 p.m., and during their residence in the Hospital are under the immediate medical supervision of the House Surgeon and Assistant House Surgeon.

Out-Patients will be attended by one of the Medical Staff every Wednesday and Saturday, at 1.30 p.m.

General Rules and Regulations for Subscribers.

- 1.—A Life Subscription of Twenty Guineas shall entitle a Subscriber to recommend one In and two Out-Patients annually.

An Annual Subscription of One Guinea shall entitle a Subscriber to recommend one In or four Out-Patients; but no annual Subscriber shall send a Patient until he has been a Subscriber for at least three months; nor until his Subscription for the current year is paid.

All Subscriptions shall be considered as due in advance on the 1st of January in each year.

Annual Subscriptions not paid until after June 30th in each year, shall be considered to be in default, and shall not entitle to the recommendation of a Patient unless the difference between the amount of an Annual and a Casual Subscription be also paid. This rule does not apply to *new* Subscriptions paid after June 30th.

Recommendations are available only during the year for which they are issued.

Forms of recommendation will be sent by the Secretary on application.

- 2.—Persons not being Annual or Life Subscribers, may recommend an In-Patient on payment of a Casual Subscription, £2 12s. 6d.; and Life or Annual Subscribers may recommend additional Patients, beyond the number they are entitled to recommend annually, on payment of a casual Subscription with each.

Subscribers of One Guinea per annum are allowed to send, in addition to the Patient eligible from the Subscription, three Out-Patients per annum, by paying Seven Shillings with each.

Any Clergyman or Minister kindly preaching a Sermon or Sermons, on any one day in aid of the Funds of the Hospital, and contributing therefrom not less than £3. shall be entitled to one In or four Out-Patients' recommendations.

No money shall be received as a Subscription which can in any way be regarded as the proceeds of any public collection, or offertory, in any place of worship; but all such sums shall be received as Donations, with the privileges defined in this rule.

When not occupied under the powers of the Governors of the Cotton Districts Convalescent Fund, any of the 150 beds so assigned are available to Patients recommended by Subscribers, on payment of the cost per Patient to the Hospital, less the one guinea subscribed, or £1 11s. 6d.,

- 3.—Visitors to the Hospital are particularly requested not to interfere between the Patients and Medical staff under whom they are placed.
- 4.—No Patient can be admitted without producing a medical certificate specifying the nature of the disease, and certifying that the Patient has not been exposed to the influence of Infectious or Contagious Disease during the four weeks previous to his or her admission.
- 5.—Persons suffering from any incurable or infectious disorder—women more than six months advanced in pregnancy—persons in the last stage of consumption—or afflicted with itch, ulcers, fits, or insanity—or infested with vermin—cannot be admitted as In-Patients; or, if inadvertently admitted, cannot be allowed to remain.

The Annual Report and List of Subscribers, price 3d., by post 4d., may be had on application to the Secretary, Mr. JOSEPH TAYLOR, Devonshire Hospital, Buxton, to whom all communications should be addressed.

Cheques and Post Office Orders to be made payable to the Sheffield and Rotherham Joint Stock Banking Company, Limited, Buxton.

FORM OF BEQUEST OF LEGACY.

To those who may be inclined to be Benefactors to this Institution, of Personal Property, by Will, the following form is recommended:—

"I give and bequeath the sum of _____ pounds [free from Legacy Duty] unto the "Devonshire Hospital and Buxton Bath Charity," at Buxton, to be paid [with the Legacy Duty thereon] exclusively out of such part of my estate as may be legally bequeathed for charitable purposes, and in priority to all other payments thereout; and I declare that the receipt of the Treasurer, for the time being, of that Institution, shall be a sufficient discharge for the said Legacy."

OPERATORIES AND COLLECTIONS IN CHURCHES AND CHAPELS, 1887.

DEVONSHIRE HOSPITAL

COMPLETION FUND.

DONATIONS

TOWARDS THE ERECTION OF

CLOCK TOWER AND PORTICO,

In recognition of Dr. ROBERTSON'S Services to the Institution.

	£	s	d.
His Grace the Duke of Devonshire, K.G.	200	0	0
James Chadwick, Esq.	200	0	0
Robert R. Duke, Esq.	25	0	0
"W.Y." (per Dr. Robertson)	21	0	0
In Memory of "E.R."	20	0	0
In Memory of "E.P."	20	0	0
Frederick Cooper, Esq.	20	0	0
Donations under £20.	435	16	0

Benefactions in aid of this Fund will be received at the Buxton branch of the Sheffield and Rotherham Banking Company, who are the treasurers of the Hospital, or by Mr. Joseph Taylor, Secretary, Devonshire Hospital, Buxton, Derbyshire.

The Clock Tower has been erected from the proceeds of the COMPLETION FUND. The Portico will be commenced as soon as sufficient funds are available. In addition to the value of the Clock Tower and Portico on general grounds, the erection of the Clock Tower has greatly enhanced the appearance of the Exterior of the Hospital, and has shown the architectural desirability of the Portico, independently of its value as shelter to the principal entrance.

METEOROLOGICAL REPORT FOR 1887.

FROM THE OBSERVATIONS TAKEN AT THE
DEVONSHIRE HOSPITAL, BUXTON,

BY JOHN C. THRESH, D.Sc., F.I.C., HONORARY METEOROLOGIST.

The year 1887 will long remain memorable on account of the rainfall being so much below the average, the total amount collected at this station being 32·4 in., or 24 in. lower than the average for the last 24 years. It is a matter for congratulation, however, that notwithstanding the smallness of the rainfall, the town continued abundantly supplied with water of unimpeachable quality. On the whole the weather throughout the year was all that could be desired, but more particularly during the season was it hot and brilliant. In April and June very little rain fell, but in the other summer months the rainfall was sufficient to render the air agreeable, and keep down the dust of the limestone roads. Thunder was heard on three occasions during the year, but one storm only burst over the town; this was on Sunday evening, August 28th; a house was struck at Upper Bibbington, one person being killed and several injured. Some unusually foggy weather was experienced during November. No less than 629 hours of sunshine were registered during the months of June, July, and August. The total sunshine recorded for the year was 1257 hours. The greatest rainfall in 24 hours, on May 19th, 1·52 in., and was followed by a great storm of wind, snow, &c. The highest temperature recorded during the year, July 3rd and 8th, 81·5. The lowest temperature recorded during the year, January 17th, 4·4. The mean temperature for the year was 44·1. Snow fell on 45 days, rain or snow on 151 days. The prevailing winds were from the west, north-west, and south-west.

JANUARY.—The first day of the New-Year was bright, dry, and frosty, and one of the most magnificent sunsets ever witnessed was followed by a heavy downfall of snow; and snow, frost, and thaw alternated until nearly the end of the month. The last week was bright, fine, and warm. Westerly winds prevailed during the month. Snow fell on 13 days. The mean temperature for the month was 33·6. The lowest recorded was 4·4 on the morning of the 17th; this also was the minimum temperature registered during the year.

FEBRUARY.—On the whole this was a very pleasant month. Snow fell only on the 1st and 2nd, and the prevailing wind was from the south-west. The minimum temperature registered was 18·2 on the 10th, the mean for the month being 36·9. The mean barometric pressure was higher than for any other month, being 30·314. Snowdrops were seen in the gardens at the beginning of the month.

MARCH.—Until the 9th the weather was all that could be desired, but on that day were storms of rain, snow, and sleet, and the weather continued cold and stormy until the end of the month. Snow fell on 8 days. Westerly and easterly winds alternated. Notwithstanding the stormy character of the month, 90 hours of sunshine were recorded. The mean temperature for the month, 34·9; and the lowest recorded 9·8 on the 17th.

APRIL.—The weather was fine, with cold easterly winds, until the middle of the month. Delightful weather was experienced during the Easter holidays. During the latter portion of the month much snow fell, and the weather was very unseasonable. The mean temperature for the month had risen to 40·4, and the lowest was 23·2, recorded on the 15th. Snow fell on 7 days. 127 hours sunshine were recorded.

MAY.—During this month there were many fine bright days, but on the whole the weather was very inclement. On the morning of the 19th a storm commenced, with high wind and heavy rain. On the morning of the 20th snow was 4 in. deep on Axe Edge. Lambs were lying on their backs, the wind blowing so fiercely that they could not keep their legs. The hurricane, which lasted until the morning of the 21st, did, however, very little damage in the town. Snow fell on 2 days; rain and snow on 12 days. The heaviest rainfall for the year was on the 19th of this month, when 1·52 in. was collected. Although the weather had been so unseasonable the average temperature was 45·7, and the lowest recorded was 24·5 on the 1st instant. Only 69 hours of sunshine were recorded.

JUNE.—On the last day in May the weather changed, and magnificent weather was experienced throughout the whole of the month. The rainfall was only $\frac{1}{2}$ in., being much less than for any other month during the year. 228 hours of bright sunshine were registered. The mean temperature had risen to 58, and the lowest was 36·3, recorded on the 1st.

JULY.—The weather during this month was very fine indeed, with only a few showers towards the end of the month. Thunder was heard in the distance on the 16th, and there was a storm of wind on the 27th. The maximum amount of sunshine, 238 hours, was registered this month. Rain fell on 8 days. The mean temperature was highest during this month, being 60·9; and the highest temperature, 81·5, was recorded twice, on the 3rd and 8th. The minimum, 37·5, was registered on the 18th.

AUGUST.—The weather was charming during the whole of the month, the showers which fell during the latter part were just sufficient to temper the heat. The only real thunderstorm during the year was a very heavy one, which broke over the town on the evening of the 28th. Rain fell on 11 days, westerly winds prevailing during the whole month. Mean temperature, 56·3; lowest, 34·6, recorded on 14th. 163 hours sunshine was registered.

SEPTEMBER.—The first half of the month was cold and showery, but afterwards the weather considerably improved, being fine and sunny. Rain fell on 18

days, the total fall for the month being 5.175 in., being greatly in excess of any other month of the year. The mean temperature for the month was 49.4; lowest recorded, 31.2, on the 28th; 92 hours of sunshine registered.

OCTOBER.—During the whole of this month the weather was most variable; many bright days in the early part were followed by wet, cold, and occasional frost. On the 30th there was a hailstorm with distant thunder. Rain fell on 13 days. Mean temperature for the month, 41.8; and the lowest recorded, 24.6, on the 22nd. North-westerly winds prevailed during the whole of the month. Snow fell on one day. 76 hours sunshine recorded.

NOVEMBER.—Though proverbially a foggy month elsewhere, this description rarely applies to Buxton. Unfortunately this year was an exception, as fogs prevailed towards the end of the month. The weather generally was cold and showery. Rain fell on 17 days. Mean temperature, 37.1; lowest temperature recorded, 20.5, on the 16th. The mean barometric pressure was 29.715, being lower than for any other month of the year. Snow fell on one day.

DECEMBER.—After the first few days there came a complete change, the weather becoming bright, dry, and frosty. Snow fell on the 19th, and remained on the ground at the end of the year. The weather at Christmas was most seasonable. Skating commenced in the Gardens on the 23rd. Snow fell on 11 days. The mean temperature was 33.9; and the lowest recorded 11.1, on the 12th.

ABSTRACT OF METEOROLOGICAL OBSERVATIONS

DEVONSHIRE HOSPITAL
AND
BUXTON BATH CHARITY.

CHAIRMAN'S HALF-YEARLY ADDRESS
AND GENERAL STATEMENT.

MEDICAL REPORT OF 1027 PATIENTS, FROM
JANUARY 1ST TO JUNE 30TH, 1887, BY F. J.
SALTER, L.R.C.P., AND L.R.C.S., EDIN., AND
WILLIAM RING, L.R.C.P., AND L.R.C.S., EDIN.,
THE MEDICAL RESIDENTS.

At a Meeting of the Committee of Management, held at the Hospital,
on Saturday, July 2nd, 1887,

DR. ROBERTSON, F.R.C.P.,

(Chairman of the Board of Trustees and Committee of Management), in
the Chair,

The CHAIRMAN delivered the following Address, as to the results of the
working of the Hospital during the half-year, and as to the general condition
of the Charity, financial and otherwise:—

During the half-year, ending June 30, 1027 In-patients have been
admitted; and of this number, 750 have been discharged as improved; only
28 as no better; seven were discharged at their own request; four because
found to be infested with vermin; one on account of drunkenness; one as
an unfit case for the Hospital; one from bad conduct; one left without
report; and 234 remained on the books on the 30th of June. It is to be
gratefully noticed, that no death has occurred in the Hospital during the
half-year. This is justifiably stated, by the Senior Medical Resident, to be
partly due to the action of declining to admit cases of advanced heart
disease. Rigid attention, on the part of the Subscribers, to the conditions of
admission, under the certificates of the Medical Attendants, under whose
care the Patients have been at their own homes, would lessen the disappoint-
ment of all concerned, as to the benefit derived; so far increase the propor-
tion of benefit from the general work of the Hospital, and materially reduce
even the usually small proportion of the deaths during the residence. But
the register of the cases that were not admitted during the half-year, con-
tains records of persons having fits, advanced heart disease, and other
general and more localised infirmities, for the relief of which the Hospital
has no special advantages to offer, which could hardly be received without
some probable inconvenience or disadvantage to the other Patients, and
which would necessarily occupy the beds that might be valuably used for
cases of rheumatic character, which the Hospital is specially intended for,
and which derive the greatest possible amount of benefit.

Seventy-two Out-patients were admitted during the six months; and of
these 34 were discharged as improved; three only had to be sent away as no
better; 11 left without report; and 24 remained on the books at the end of

GENERAL DISEASES.

" Anæmia, Bursitis, Debility, Eczema, Fractures, Spinal Curvature, Struma, Uterine, &c.	57
" Cases of Rheumatism complicated with Heart Disease	115
" FRANK SALTER, House Surgeon ; " WILLIAM RING, Assistant House Surgeon."							

It will be seen, that of the total 1027 In-patients received during the half-year, 896 were of strictly Rheumatic character; and that 517 were of what has been called Rheumatism proper; 224 of Rheumatoid Arthritis; 8 of Sub Acute Rheumatism; 3 of Specific Rheumatism; 9 of Rheumatic Synovitis; 11 of Gout; 43 of Lumbago; and 82 of Sciatica; and that no fewer than 115, or nearly one in nine of the total Patients received, or nearly one in eight of the Rheumatic Patients received, were complicated with heart disease. It is only too evident how much this anxious complication must add to the Medical responsibilities of an Institution, mainly intended for those needing the use of a powerful water, that demands the utmost discrimination, and especially as to its use as baths, and more especially as to its use as baths in cardiac cases. The other classes of the cases are full of significant evidence, as to careful diagnosis, and general carefully-considered and skilful treatment, and indicate the accurate use of all the means possessed by advanced medical knowledge, as to the investigation of disease and the use of fitting remedies, the one being impossible without the other, and all contributing to the curative results.

The receipts from Annual Subscriptions during the half-year have been, by a small fraction, in advance of the amount received during the first half of 1886. The amount of the Casual Subscriptions has also been fractionally in advance of the receipts during the first half of 1886. The sum received on account of the Patients sent under the powers of the Governors of the Cotton Districts Convalescent Fund, has been in some substantial degree greater than that received during the first half of 1886. The receipts for extra time, beyond that covered by the recommendation, have been somewhat less; but this appears to be almost exclusively subject to the action of the Hospital Medical Staff, who discharge or retain Patients according to their view of greater benefit or otherwise, from a longer residence in the Hospital. The Donations received during the half-year are less than during the corresponding period of 1886, in consequence of a large donation at that time received. They would probably otherwise represent a fair average of the usual receipts during this period.

There have been two important legacies received during the half-year; the one under the will of Miss Nightingale, of Ludlow, amounting to £1000, free from legacy duty; and also one under the will of Robert Cocks, Esq., of London, which has been received from his son Stroud L. Cocks, Esq., likewise free from legacy duty. These larger legacies together with the several smaller legacies received during the years 1885 and 1886 have been duly invested.

The usual kindnesses constantly shown to the Patients of the Hospital, by friends far and near, always deserve most grateful mention. A rug, of excellent quality, to protect them from the cold in the bathchairs, on being taken to the baths from the Hospital, has lately been considerably sent by Lady Pryce Jones, of Newtown, Montgomeryshire; and newspapers, and other useful consignments, are diligently sent by sympathising friends. The interest thus taken in the Patients, beyond the subscription and donation list, evidence the kindly thought of a large number of the supporters of the Institution.

The expenditure on the extension of the Hospital, beyond the very important sum granted by the Governors of the Cotton Districts Convalescent Fund, still remains, in a great measure, a deduction from the investments of

the Hospital, and lessens its provision against emergencies in the future. A general effort by the subscribers, or special benefactions from the towns and districts more immediately concerned in the extension of the Hospital, would be wisely bestowed, and a gracious acknowledgment of incalculable benefits.

It is gratefully intimated that the Honorary Chaplaincy of the Hospital, vacated with kind regret by the Rev. F. W. A. Wilkinson, the late Vicar of Fairfield, has been kindly accepted by the Rev. Joseph Eayrs, the recently appointed Vicar of Fairfield.

It was moved by Dr. Dickson, seconded by Mr. J. H. Orme, and unanimously resolved, that the thanks of the Committee of Management be given to the Chairman for his Address, and that it be printed and circulated amongst the Subscribers and Supporters of the Institution.

General Rules and Regulations for Subscribers.

1.—A Life Subscription of Twenty Guineas shall entitle a Subscriber to recommend one In and two Out-Patients annually.

An Annual Subscription of One Guinea shall entitle a Subscriber to recommend one In or four Out-Patients; but no annual Subscriber shall send a Patient until he has been a Subscriber for at least three months; nor until his Subscription for the current year is paid.

All Subscriptions shall be considered as due in advance on the 1st of January in each year.

Annual Subscriptions not paid until after June 30th in each year, shall be considered to be in default, and shall not entitle to the recommendation of a Patient unless the difference between the amount of an Annual and a Casual Subscription be also paid. This rule does not apply to *new* Subscriptions paid after June 30th.

Recommendations are available only during the year for which they are issued.

Forms of recommendation will be sent by the Secretary on application.

2.—Persons not being Annual or Life Subscribers, may recommend an In-Patient on payment of a Casual Subscription, £2 12s. 6d.; and Life or Annual Subscribers may recommend additional Patients, beyond the number they are entitled to recommend annually, on payment of a casual Subscription with each.

Subscribers of One Guinea per annum are allowed to send, in addition to the Patient eligible from the Subscription, three Out-Patients per annum, by paying Seven Shillings with each.

Any Clergyman or Minister kindly preaching a Sermon or Sermons, on any one day in aid of the Funds of the Hospital, and contributing therefrom not less than £3. shall be entitled to one In or four Out-Patients' recommendations.

No money shall be received as a Subscription which can in any way be regarded as the proceeds of any public collection, or offertory, in any place of worship; but all such sums shall be received as Donations, with the privileges defined in this rule.

When not occupied under the powers of the Governors of the Cotton Districts Convalescent Fund, any of the 150 beds so assigned are available to Patients recommended by Subscribers, on payment of the cost per Patient to the Hospital, less the one guinea subscribed, or £1 11s. 6d.

3.—Visitors to the Hospital are particularly requested not to interfere between the Patients and Medical staff under whom they are placed.

4.—No Patient can be admitted without producing a medical certificate specifying the nature of the disease, and certifying that the Patient has not been exposed to the influence of Infectious or Contagious Disease during the four weeks previous to his or her admission.

5.—Persons suffering from any incurable or infectious disorder—women more than six months advanced in pregnancy—persons in the last stage of consumption—or afflicted with itch, ulcers, fits, or insanity—or infested with vermin—cannot be admitted as In-Patients; or, if inadvertently admitted, cannot be allowed to remain.

The Annual Report and List of Subscribers, price 3d., by post 4d., may be had on application to the Secretary, Mr. JOSEPH TAYLOR, Devonshire Hospital, Buxton, to whom all communications should be addressed.

Cheques and Post Office Orders to be made payable to the Sheffield and Rotherham Joint Stock Banking Company, Limited, Buxton.
