#### PREFACE.

The Buxton mineral water is discharged from several openings in very large quantities, at the temperature of 82 degrees, Fahrenheit. It is charged with nitrogen gas, in, probably, a larger degree than any other mineral water. This gas is presented in water which has, otherwise, alkaline, earthy, and saline properties; and is remarkably detergent and softening to the skin when used as a bath; while it is free from odour or disagreeable taste, is clear and bright in its appearance, and of a singularly beautiful faintly blue colour.

The medicinal action of the water, whether used as baths, or drunk, has been from time immemorial known to be great, in relieving or curing all conditions of a rheumatic or gouty character. It is stated by Dr. Jones, so long ago as the year 1572, that it was then used for the relief of the same ailments as it is at the present time.

Dr. Jones says, that in his time Buxton was much resorted to by poor afflicted persons; and, towards the end of the 16th century, this was considered to be so serious an injury by the inhabitants of the adjoining charelry of Fairfield, as to render them unable to provide funds for the maintenance of their chaplain, by reason of the urgent and continued claims of the many poor sufferers resorting to the Buxton Baths, as set forth in a petition on this matter addressed by them to Queen Elizabeth. These poor persons had been from time immemorial so far aided, as to have had gratuitous baths of the mineral water provided for them; and there seems to have been a fund called the "Treasury of the Bath," by which their pecuniary necessities were more or less ministered to. Dr. Jones writes, in reference to this fund, what may be quoted in this place:—"If any think this magisterial imposing on people's pockets, let them consider their abilities and the sick poor's necessities, and think whether they do not in idle pastimes throw away in vain, twice as much yearly; it may entail the blessings of them who are ready to perish upon you, and will afford a pleasant after reflection. God has given you physic for nothing; let the poor and afflicted (it may be members of Christ) have a little of your money,-it may be the better for your own health: Heaven might have put them in your room and you in theirs; then a supply would have been acceptable to you."

Beyond this somewhat vague earlier history, there is no record of the Buxton Bath Charity until the year 1785, of which date there is extant at the Hospital, a document (vide pages 34-35), apparently an annual report of the Institution, from which time the use of the baths and waters and pecuniary aid had been regularly given to the poor Patients, until the year 1859, when the Devonshire Hospital was provided for the reception of the Patients.

The air of Buxton, resting on the large area of the mountain limestone and millstone grit formations, at an elevation of 1000 feet and upwards above the sea level, must be an important factor in enhancing the health advantages of the situation of the Hospital; and the sanitary position that has been secured by the efficient drainage and sewerage of Buxton, and its conveyance to a distance from the town; and complete chemical defocation, and the destruction of all remaining refuse in a powerful furnace, must have completed the sanitary advantages, and lessened beyond calculation the risks of zymotic or epidemic disease. The reduction of the yearly death-rate to one or one-and-a-half per cent., as recorded by Mr. Frederick Turner, the Medical Officer of Health, is the well-earned result of the well-devised action of the Buxton Local Board.

It has been gathered from the annual reports that, in the eighteen years, from 1820, 14,906 Patients were admitted to the benefits of the Charity; of which number, 12,608 were discharged as cured or much relieved.

In the twenty following years, from 1838 to 1858, 23,319 Patients were admitted; and of these, 16,575 were cured or much relieved; 5859 were relieved in some degree; and 885 were no better at the time of discharge.

The Devonshire Hospital was opened for the reception of the Patients of the Charity, in the year 1859. It is the successful result of the conversion of a very extensive range of buildings, erected and used as stables since the commencement of the present century. The structure, which is of an important and substantial character, surrounds a parterre of considerable extent, and contains a colonnade of handsome proportions, is situated on a commanding eminence, presenting views of the town and valley of Buxton, and is near to the baths, the railway stations, and the principal buildings. It is curious and interesting, that in what purports to be the first volume of a work, entitled "Les Delices de L'Espagne et du Portugal," dated 1707, plate 495, is an exact representation of the interior area of the Devonshire Hospital. The plate is inscribed "Palais des Rois Chretiens â Granade, vu par dedans de la Cour." It does appear to be a extreme turn of what we may surely think to be Providential fortune, that such a building should have been used as the design for stables, and the stables have become, little more than half a century after erection, a Hospital for the reception and care of the poor afflicted sufferers, resorting to Buxton for the use of its mineral waters.

From the year 1820, then, to the beginning of September, 1858, when the Hospital was opened, or in 38 years, the Institution had received 38,225 Patients; of which number 35,042 were beneficially treated, and 2183 were very partially if at all relieved. During those 38 years, the Buxton Bath Charity received, on an average, upwards of 1000 Patients every year, and afforded cure or marked relief to 922 of that number. To a very large proportion of this important

number of poor sufferers, chiefly from chronic rheumatism, the Charity gave a weekly allowance of 6s. during their stay in Buxton, in addition to all other benefits; until the funds became so seriously impaired, that the weekly money allowance was necessarily reduced to 5s., at which sum it remained until the opening of the Hospital. From the time of reducing the weekly money allowance, the pecuniary prosperity of the Buxton Bath Charity may be dated. The funds accumulated year by year, until the time of rebuilding the Buxton Baths, on the part of the Duke of Devonshire, when a capital of nearly £3000 had been gathered together by the scrupulous management of the Trustees. The names may be mentioned, first and particularly, of the late Bishop Spencer, at one time a trustee, and incumbent of Buxton, and more recently one of the Vice-presidents of the Hospital; of Mr. Heacock and Mr. Smithers, its successive Treasurers; and of Sir Charles Scudamore, Mr. Page, Mr. Cumming, Dr. Carstairs, the Rev. R. P. Hull-Brown, and the Rev. the Honourable F. R. Grey, as being no longer alive to witness and take part in the present development of the Charity. Of these £3000, £500 was judiciously expended on the rebuilding of the Charity Natural Baths; the large remaining sum which those Baths cost, and the whole cost of the Hot Baths of the Charity, having been paid by the munificence of the late Duke of Devonshire. Again, in 1853-4, when the proposal of a Hospital to receive the Patients of the Institution was brought before the public by Mr. Smithers and the other Trustees, the sum of £1000 from the accumulated fund was given towards the Hospital; leaving a residue of £1500 Consols, which sum remains thus invested. (See Estate Account.)

The history and doings of the Buxton Bath Charity have thus been summarily brought down to the time of forming the Hospital, the expenses of which were defrayed by the individual and collective liberality of the Trustees; by special subscriptions from the public; by the proceeds of a bazaar, that was bountifully supplied and supported, &c.—a total sum of £6000 having been thus got together, and expended on the conversion of this valuable building to hospital purposes. This conversion, with its anxious details and successful results, was mainly due to the untiring exertions of the late Mr. Wilmot, aided by the architectural skill of Mr. H. Currey, and the liberal consideration of the late Duke of Devonshire.

It forms an interesting episode in this history, that, in the winter of 1862-3, during what will be long remembered as the Cotton Famine, a special fund was obtained, chiefly by the exertions of the late Mr. Wilmot; and 100 young women, under 30 years of age, selected by the Relief Committees of their respective towns, as being most likely to be benefited by the change of air and the comforts of the Hospital, were received and taken care of, as to food and as to medicines, and restored to their homes in the subsequent Spring, with renovated health and strength, and full of gratitude for what they had received. The balance of the subscriptions, amounting, with interest, to £256, was invested as a separate fund for ever, to enable poor female operatives from factory towns to be received into the Hospital.

A very important circumstance in the history of the Hospital is, that the grounds in front of it have been, with much kind consideration, made over to the Institution on the part of the Duke of Devonshire; maintaining the detached position of the building, enhancing its appearance, and adding to the outdoor advantages of the Patients.

The building is the property of His Grace the Duke of Devonshire; and the conversion of it to the use of the Hospital for ever, on the payment of the rent of £5 yearly, was benevolently granted by the late Duke of Devonshire, as testified on the stone on the south front of the building, on which is inscribed: "The last munificent Charity of William Spencer, the 6th Duke of Devonshire, K.G., who allowed these buildings to be converted to the use of the sick poor, January, A.D. 1858." This annual payment ceased when the premises were conveyed in legal form, as mentioned below. A considerable sum of money that had been collected for the construction of the Hospital was expended upon the work. The walls and roof of the structure were fortunately found to be in good preservation; the interior was entirely removed and re-arranged; the subsoil carefully taken away; and about two-thirds of the building occupied for the purposes of the Hospital, and by a chaplain's house, a dispensary, and a dispenser's apartments, a house for the master and matron, kitchen, day-rooms, dining-hall, and spacious dormitories; affording separate beds for 120 Patients, in addition to the beds provided for cases of accident, and in addition to the rooms required for the servants of the establishment.

During the year 1868, a legal Conveyance of the buildings and grounds of the Hospital was given to the Trustees by the present Duke of Devonshire, at the nominal rent of five shillings yearly; on the condition that they shall be used exclusively for the purposes of the Charity. (A copy of the Conveyance is appended at page 27.)

During the year 1872, the Chaplain's House was converted to the general purposes of the Hospital; the number of beds for patients was raised to 150, and better accommodation afforded to the Out-patients, Dispensary, &c.

During the year 1878, a legal Conveyance of additional buildings and ground was made by the Duke of Devonshire. This addition was acquired by the Trustees, to enable them to accept a proposed grant from the Cotton Districts Convalescent Fund for the extensions described below. (A copy of this Conveyance will be found at page 29.)

During the same year, 1878, the land and buildings of the Charity Hot Baths were legally conveyed by the Duke of Devonshire to the Trustees, at the nominal rent of five shillings yearly. (A copy of this Conveyance will be found at page 31.) An undertaking was entered into during the same year, by which the Charity Natural Bath is held by the Trustees under a nominal rent of five shillings yearly.

During the thirty-two years since the Hospital was opened, there have been 53,869 Patients under treatment, of which number 47,684 have been treated beneficially; and 6114, or about one-ninth of the whole, were not suffering from any of the forms of rheumatism, but were such cases as are ordinarily met with in hospitals. On the average of the thirty-two years, the Patients remained under treatment nearly 24 days; and 47,635 cases of rheumatism, embracing every conceivable variety of this obstinate disease, were thus extensively relieved by the remedial agency of the Buxton mineral waters.

During the year 1881, the great extension works of the Hospital were practically completed; and the Hospital was formally opened by the Patron, His Grace the Duke of Devonshire, and the Governors of the Cotton Districts Convalescent Fund, on the 11th of October. The accommodation for the additional number of Patients, under the grant of £24,000 from the Cotton Districts Convalescent Fund, was obtained by the removal of the two walls which traversed the entire circuit of the main building, and formed the corridor communicating with the various wards; the whole space from the outside to the inside of the building was thus thrown open, and inner and outer windows supplied to all the wards; the internal area was thus increased very greatly, and ample space provided for wards and day-rooms to receive and accommodate the 300 Patients. independent means of access to all the rooms of the Hospital was rendered necessary in consequence of this arrangement; and this could only be obtained by covering the large area of the interior, and giving access to the ground floor rooms from the floor of the inner basement, and to the rooms of the upper floor, from a gallery above This arrangement has, however, not only supplied the means of access to all parts of the Hospital, but has enabled all the wards to be practically detached from one another, almost giving the advantages of the deservedly praised pavilion principle of hospital construction; while it has facilitated the ventilation of the whole building to an important degree, and increased the free and ready admission of light to every part of the interior. The gallery has with much ingenuity been constructed exclusively of bricks and iron, by which it has been rendered entirely fire-proof, giving all possible security in the event of fire. The great, covered, dry, warmed area of half-an-acre, canopied by the largest dome that has ever been erected, supplies very obvious and valuable contingent advantages, for the recreation of the Patients in all cold or doubtful weather; advantages which must represent a value to the afflicted and often crippled inmates, beyond any calculation. As the whole of the main building is now devoted to the Patients of the Hospital, new buildings have been erected on the north side, for all purposes that might be desirably detached, such as kitchens and kitchen offices, laundries, engine rooms, cellars, storerooms, bedrooms for household servants, separate wards for accident cases, and rooms for the immediate isolation of any cases of infectious character that might become manifested. The extensions were carried out under the architectural superintendence of Mr. R. R. Duke. The £24,000 expended from the Cotton Districts Convalescent Fund give a prior claim on the

150 additional beds to the nominees of the Fund; and these beds have been allotted to the principal Hospitals within the area of the manufacturing districts. It cannot but be a subject of much regret that the extension has cost a larger sum than the grant by not less than £8978 12s. 2d., besides the £5000 paid for the land and premises for the Hospital Extension. It is of evident importance that this outlay should not be left as a charge on the means and resources of the Hospital.

This prefatory account has seemed to be needful, for the information of those not already acquainted with the nature and merits of this Institution.

W. H. R.

A Clock Tower was erected in 1882, over the principal entrance of the Hospital, by subscriptions specially given for this purpose; the Duke of Devonshire contributing the sum of £200 thereto, and also presenting a clock, with Cambridge chiming apparatus, and four illuminated dials, at a cost to His Grace of £500. The expense of lighting this clock, during the hours of the night, has been kindly undertaken by the Buxton Local Board. It was intended that a portico of architectural character should have been erected, as an ornament and protection to the principal entrance; but funds were not forthcoming. Such a completion is evidently desirable, and is commended to the kind consideration of munificent benefactors. It is needful to the architectural completion of the exterior of the Hospital.

#### BUXTON BATH CHARITY,

FOR THE YEAR 1890.

The Members of the Committee of Management are thankful to be able to report, as it has been their privilege to do year after year, the continually maintained usefulness of this great Hospital; adding, as these important buildings have done, during the last thirty-two years, to the value of the Buxton Bath Charity, by affording board and lodging, and every desirable care and attendance, medical and otherwise, to the Patients of the ancient Charity, which appears to have been in active usefulness to the sufferers from rheumatism, and its allied or consequent infirmities, during the several preceding centuries. Rather more than half of these extensive buildings has been occupied as the Devonshire Hospital since the month of September, 1858, under the benevolent kindness of the late and present Dukes of Devonshire; and the whole of the great structure was obtained in the years 1879-80; and, aided by a munificent grant of £24,000 from the Governors of the Cotton Districts Convalescent Fund, was converted into this large and important Hospital, for which a deep sense of gratitude must be entertained, supplying as it does, separate beds for 300 Patients, with grand central covered area of half an acre, ample day-rooms, all needful contiguous buildings, rooms for Medical Residents, Steward and Matron, Nurses and Servants, and Secretary's Offices. The Hospital is believed to be unique in its structural advantages for its remedial and restorative purposes; and its commanding site, detached position, and exceptional and extensive views from all its sides, and its terraced walks and shrubberies, are probably unequalled in the case of any similar Institution. The increased power and usefulness that have been thus obtained, must have afforded constant gratification to all who have been concerned in supplying the expenditure required, to all who have been occupied in the work of the Hospital, and to those who have sent the Patients to the

Hospital; and to the Patients themselves, must have given a continual sense of comfort and advantage. The experience of the ninth year, since the great extension was practically completed, has more and more confirmed the hopes and expectations of all interested, both as to the powers and opportunities added to the work of this great public Charity, as to the number of Patients receivable, and as to the amount of benefit that may have been obtained.

During the year 1890, two thousand three hundred and eighty-six In-patients have been received, or forty-six fewer than in 1889. The greater or smaller decreases or increases that are found to occur from year to year, are probably simply incidental, affected for the most part by accidental circumstances; but it should be realised, that, with very few exceptions, nearly all the Patients of the Hospital have their homes in towns and districts at a distance from Buxton, and that the journey to and fro involves outlay, which may place resort to Buxton beyond the means of some deserving sufferers, even where a recommendation to the Hospital may have rendered any other expense unnecessary. It has been suggested that a fund, which would provide a return railway ticket to necessitous sufferers, would be a valuable addition to the benefits of the Hospital. The total number of Patients received under the powers of the Cotton Districts Convalescent Fund, during the year, has been four hundred and twenty-four. This number is fewer by twenty-six, than were received under this head during 1889, and by forty-eight than were received during 1888. It need not be said, that this is much to be regretted; diminishing, as it must have done, the amount of benefit, to a class of poor working people, for whom the situation of Buxton, and the medical powers of its mineral waters have evidently rendered resort to the Hospital conclusively valuable.

Of the 2386 In-patients admitted during the year ended December 31st, 1890, the large number of 2236 were discharged as much improved; only 54 as no better; 24 were discharged at their own request; two left without report; seven had to be sent away on account of drunkenness; six were found to be infested with vermin; two were ascertained to be unfit cases for the Hospital; two were found to be insane; the unusually large number of thirteen died; and forty remained on the books at the end of the year. It is always a very remarkable and very thankful record, how few of these Patients have had to be sent from the Hospital, year after year, without noteworthy benefit, after a residence of three weeks or upwards. Some of the benefit, in all reasonable probability, must be referred to change of air and scene and social circumstances, the removal to this large and sanitary building, with all the valuable concomitants of plenty of good food, and medical care, and the possible or probable removal from less sanitary homes, and, perhaps, from multiplied mental anxieties and bodily privations. But the experience of long periods has proved to demonstration, that the main factor in the benefit derived has been the medicinal effect on rheumatic conditions, general and local, of the mineral water of Buxton; happily in connection with the upland and dry and pure air of the extensive district of the mountain limestone and millstone-grit formations.

The number of the Out-patients admitted during the year 1890 has been 215. Of these 133 have been discharged as improved, 13 as no better, 65 left without report, and 4 remained on the books at the end of the year. It has to be said, year after year, with regretful reiteration, that the Subscribers, who of course exclusively recommend the Patients, should charge themselves with the duty of lessening this ground of complaint. It must be felt on all hands to be a serious omission on the part of these Patients, possibly

unaware of the unavoidable imputation of ingratitude, and ignorant or indifferent as to the so far unsatisfactory record of the work of the Hospital. The Out-patients are, for the most part, those who have been unable to obtain an In-patient's recommendation; but they occasionally include Patients of a different social class, who might not care to associate with the Patients of a charitable Institution, or who might not need to be supplied with board and lodging gratuitously, and to whom the free use of the baths and waters, and the medical advice and medicines, are thankful means of help in their visit to Buxton, and whose means and circumstances may need and justify very kind consideration.

It used to be a frequent subject of regret, during the earlier years of the existence of the Hospital, that no report seemed to be obtainable, as to what might be reasonably taken as the final result of the Hospital treatment; and, during the last seventeen years, a form, printed on a postal card, has been given to every In-patient on leaving the Hospital, to be filled up and returned six weeks after discharge. During the seventeen years, 26,572 of these cards have been received, and 19,275 are reported as improved: 7.203 as no better; and 104 as having died during this short period after discharge. The long duration, the chronic character, and the severity of a very large number of these cases, must be borne in mind in estimating the value of this record. It is evident that it may be imperfect at the best, and the inferences from it may be more or less uncertain; any remaining lameness or disability would probably influence adversely the report, or any other more salient interference with health or strength, notwithstanding any amount of general improvement, constitutional or otherwise. The number of deaths thus recorded, within so few weeks after having left the Hospital, indicate the grave nature of many of these cases. But, taking all the circumstances into consideration, as to the nature of the principal ailment, namely, rheumatism, as to its probably chronic condition, and as to the failure of previous treatment, it must be held that the results thus reported are remarkable and satisfactory, beyond any reasonable expectations that could have been formed. The post cards received during 1890, are equally conclusive. 1988 post cards have been received during the year; and of these, 1476 are stated to have been "improved;" 506 as "no better;" and 6 to have died. Such results may be left to speak for themselves.

The average number of Patients daily in the Hospital during the year has been 147.5. The number in the Hospital has, as usual, varied considerably during the several months of the year. The number of beds occupied during January was only 44.2; during February, only 61.3; during March, only 76.3; during April, 111.3; during May, 179; during June, 237.4; during July, 246.4; during August, 254; during September, 240.8; during October, 165.5; during November, 95.4; and during December, 56.4. The average number of days in the Hospital per patient has been 22.6. It is reasonably assumed that a longer stay in the Hospital would often be desirable, if the means could be provided.

The average cost per week of each Patient, during the past year, has been 15s. 5d., or 8d. more than the cost during the previous year. The average cost per Patient for three weeks, the necessary term of the recommendation, has been £2 6s. 3d. It has been very frequently urged, that the cost should be reduced. It has been said, from time to time, that the Patients ought to be put upon a regular, and perhaps restricted dietary. But it has been uniformly held, on the other hand, ever since the Hospital was established, that an unrestricted allowance of food, and more particularly

of animal food, is a very important means of securing the utmost restorative and curative results. It is well known to those concerned in receiving the Patients, that they commonly arrive in an enfeebled condition. This would be expected from their probable immediate antecedents. They will, for the most part, have been ailing during many weeks or months; they may have been unable to work, and depressed in mind, and more or less stinted as to food; they may have been racked with pain, and worn with the difficulties of moving about; and may perhaps have suffered from the comparatively close atmosphere of the house, or of the densely-peopled district from which they may have come. But, however caused, the depressed condition of health and strength is usually in evidence; and restored strength must be a valuable auxiliary in obtaining relief from disease or its consequences. In considering this great question of cost, the need of the staff of nurses employed causes an important yearly outlay; and it seems probable, if the Hospital is to continue its charitable and apparently necessary work of ministering to the cases of severe accident, in connection with the railway and quarrying works of the district, that more nurses may be required in the future, and that this outlay may have to be increased. But, in addition to the expenditure on food, nurses, &c., the expenditure on the Hospital Baths involves a large yearly outlay, beyond what used to obtain, when this was mainly done by the kind consideration of the Duke of Devonshire. The outlay of the year thus occasioned has amounted to £383 11s. 3d. This is a large but unavoidable expenditure, evidently required by a great bathing charity, which derives so much of its curative results from the use of the Buxton mineral water; but neither this, nor the drug till, nor the cost of the medical residents, nor any other of the costs incident to the work of the Hospital, must be lost sight of. in estimating the outlay of this Institution.

In reference to the Surgical work that has been thrown upon the Hospital and its staff, both honorary and resident, owing to the severe accidents which have become so sadly frequent in the neighbourhood of Buxton, during recent years, fourteen of these cases were received during the past year. These were severally cases of fracture of the skull, fractures of the limbs, severe burns, &c.; five of which resulted in death, from shock or otherwise; and all of which needed and received immediate and full attention, which the Hospital was happily able to afford with incalculable relief to indescribable suffering, and possibly, in many cases, to the preservation of life.

The decease of the Reverend the Honourable Francis Richard Grey, M.A., Rector of Morpeth, formerly Vicar of Buxton, and of Sir Richard Wallace, Bart., K.C.B., two of the Vice-Presidents of the Hospital, and its benevolent friends and supporters, is recorded with deep regret. During his incumbency of Buxton, Mr. Grey was one of the most active and kind of the Managers of the Buxton Bath Charity, and he was a life-subscriber to the Hospital; and, during his several visits to Buxton, Sir Richard Wallace was a munificent benefactor.

The financial position of the Hospital has been, on the whole, fairly maintained. The sum received as Annual Subscriptions has been greater by £43 ls. than during the preceding year; and, so far, this basis of support to the Hospital has been increased. But other important sources of income have been diminished. The receipts from Casual Subscriptions, enabling others than Annual and Life Subscribers to recommend Patients, have been less by £182 16s. 8d. The receipts under the powers of the Governors of the Cotton Districts Convalescent Fund, have also been somewhat less. The

donations received at the Hospital have been less by £152 14s. 5d.; owing however, principally, to the comparison with several large donations, that were received during 1889. The amount of the Offertories and Collections in Churches and Chapels has been less by £76 15s. 7d. The total receipts during the year have been less by about £440. Nevertheless, the receipts have been more than equal to meet the outlay of the Hospital, notwithstanding a considerable expenditure on necessary repairs. It is, however, not without much importance, that the income of a public charity should have a margin of dependable value, beyond its estimated expenditure. Items of necessary or wise outlay cannot always be foreseen, and investments may not be reduced without regret. It is certain, that the prosperity of Buxton mainly originated from the relief of the poor sufferers, who resorted to it for the relief of its Mineral Waters, in the years gone by; and it is no less true, that the present prosperity of Buxton is due to the work of the Buxton Bath Charity, during more than 100 years; and more recently, to the work of the Hospital in connection with the ancient Institution; and it is urged, that a general local interest in the prosperity of the Hospital should be the grateful local recognition of its curative work. It is only in grateful sense of the success which has been granted to this Charity, that no expenditure should be restricted or withheld, that can minister to the welldoing or relief of the Patients. If the curative work of the Hospital could be adequately brought within the knowledge of the very large number of the more or less wealthy visitors to Buxton. the donations to its funds would be greatly increased, and the need of more restricted expenditure be entirely avoided.

Six new Life Subscriptions have been received of £21 each, and one of £52 10s.

The total sum received from the offertories and collections in Churches and Chapels, during the year, has been £128 1s. 4d. Offertories have been only granted during recent years, in the Buxton Churches, on one Sunday during the year, in place of three Sundays which had been granted previously; those from St. John's and St. James' Churches, Buxton, have amounted, in the year, to £66 13s. 2d. The preachers on the Sunday in question, were the Right Rev. the Lord Bishop of Southwell, the Bishop of the Diocese, and now one of the Vice-Presidents of the Hospital; the Rev. W. Malam, M.A., Vicar of Buxton; and the Rev. R. Brooks Egan, B.A. In addition to the sermons, the Bishop of Southwell gave a short service, and earnest and kind address, in the afternoon of the day, to the Patients in the Hospital.

The Clergy and Ministers who granted the use of their Churches and Chapels, or pleaded the cause of the Hospital in their several pulpits, were, the Rev. S. C. Sarjant, B.A., at Burbage Church; the Rev. W. C. Greene, Vicar of Oakamoor, at St. Peter's Church, Fairfield; the Rev. Gordon Robertson, M.A., at Earl Sterndale Church; the Rev. Canon Andrew, M.A., at Trinity Church, Buxton; the late Rev. C. Bagshawe, at Wormhill Church; the Rev. T. H. Horrell, at Wesley Chapel, and Devonshire Park Chapel, Buxton; the Rev. R. Rew, at the Congregational Church, Buxton; and the Rev. J. T. Hoeben, at St. Anne's Catholic Church, Buxton. Offertories and collections were also received from Belvoir Castle Church, Alton Church, Davenham Church, New Mills Church, Over Tabley Church, Bottesford Church, Cavendish Bridge Chapel, Castle Donington Church, and Mansfield Woodhouse Church.

Dr. Robertson has again been unanimously re-elected Chairman of the Board of Trustees and Committee of Management.

The Sheffield and Rotherham Joint Stock Banking Company have again been unanimously re-elected Treasurers of the Hospital.

The Chairman is ex-officio a member of the House Committee, and Mr. Duke, Mr. Walton, Mr. P. Le Gros, Dr. Dickson, Mr. G. F. Barnard, Mr. Josiah Taylor, Mr. E. C. Milligan, Mr. Wainwright, and Mr. J. H. Orme, have again been unanimously re-elected members of this Committee.

Mr. A. Schofield, and Messrs. Halliday and Pearson, have been unanimously re-appointed auditors.

The thanks of the Committee are hereby tendered to the Proprietors of the Hotels, Boarding Houses, and Lodging Houses, of Buxton, and also to the Presidents of the public dinner tables of the several Hotels and Boarding Houses, and also to the managers and attendants, and to all who have in any way exerted themselves to obtain support for the Hospital. The powers of the Institution used to depend almost entirely upon these exertions. The interests of Buxton are so greatly promoted by the prosperity and usefulness of the Hospital, that the claims of the Institution are urged upon the inhabitants, as being identical with the interests of the town.

The thanks of the Committee are hereby tendered to the Chairman and Members of the Buxton Local Board, for permission to place conspicuously, in the St. Ann's Well, a newspaper box in aid of the Hospital.

The thanks of the Committee are hereby tendered to the Chairman and Directors of the Palace Hotel Company, for permission to place conspicuously in the entrance hall of the hotel, a donation box in aid of the Hospital.

The thanks of the Committee are hereby tendered to the Chairman and Directors of the Buxton Gardens Company, for permission to place conspicuously, in the entrance to the Pavilion, a donation box and newspaper box, in aid of the Hospital.

The thanks of the Committee are hereby tendered to all proprietors of newspapers in which the annual reports, quarterly reports, weekly reports, and neteorological reports, are inserted or noticed. It is obvious that in no way an the interests of the Charity be more kindly or effectually promoted.

The thanks of the Committee are hereby tendered to the ladies and entlemen who have acted as visitors to the Hospital during the several conths of the year. The value of such services may be obviously very aportant. It is earnestly wished that it may be increasingly felt, that tese official visits should be as frequent as possible, and that the visits could not be of merely formal character, but that details should be ligently inquired into, and suggestions and remarks should be entered in a book kept for this purpose.

The thanks of the Committee are hereby tendered to the members of the norary Medical Staff, and to the Dental Surgeon, for their gratuitous

services to the Hospital. Any adequate pecuniary compensation for these services must be always beyond the means of the Institution, and probably would not be received from the Charity if it could be offered.

The thanks of the Committee are hereby tendered to the Honorary Chaplain of the Hospital, the Rev. Joseph Eayrs, Vicar of Fairfield; also to the honorary meteorologist, Mr. W. H. Beck; and to the treasurers; to the auditors; and to the various officials, whether honorary or otherwise, who in their several capacities, have served the Hospital during the year.

It should be noticed that the Annual Meeting of Subscribers will be held on the first Saturday in May, at half-past three o'clock in the afternoon.

Statements are submitted of the Revenue Account for the year ending December 31st, 1890; and also of the Estate Account, and general Balance Sheet; together with the Annual Statement of the Wilmot Relief Fund Account.

There is a nucleus for a Samaritan Fund, kindly and chiefly contributed by the late Mr. Frederick Cooper, Inspector General of Hospitals. This small fund has been aided, from time to time, by kind and thoughtful contributions by other friends and benefactors. The fund is used for the relief of urgent cases of distress, on their discharge from the Hospital; the interest being available at the discretion of the officials, under the authority of the House Committee. During the past year, £7 0s. 11d. have been given as required, to 25 apparently most necessitous Patients; and £3 2s. 9d. of these sums have been returned to the Hospital by the friends of the Patients. Contributions to this fund are, again and again, earnestly solicited. The Statement of Account for the past year is submitted.

It is very gratifying to state that Miss Vernon Wentworth, Miss Luck, Miss Ada Cooke, Mrs. Micholls, Mrs. Underdown, Mr. Blades, Mr. Thresh, and other ladies and gentlemen have most kindly sent clothing of various kinds, woollen articles, and other appliances for the use of the Patients; and also that Mr. Edward Chitty, Mr. Stow-Stowell, Mr. J. H. Ogden, the Rev. Canon Atkinson, Colonel Taylor, Mr. D. Cooper, Mr. F. Coventry, Mr. Beck, Mr. Barrow, Mr. C. Smilter, General Warrand, Miss Trimmer, Miss Parkins, Mrs. Micholls, Miss Harman, Mrs. Lister Farrar, Mrs. P. Thompson, Miss Malcolm, Mrs. Chilton, Mrs. Gladwin, the Palace Hotel Company, and the Committee of the Union Club, have sent books, magazines, newspapers, &c., with most kind liberality, and the warm appreciation of the Patients.

Mr. J. Coulthurst has again sent a present of rabbits for the use of the Patients; and fruit and flowers have also been sent at intervals by kind friends; and have been forwarded, after harvest and other celebrations, from neighbouring churches.

A valuable Merlin Chair has been presented by Lady Emily Williams.

Acceptable and useful articles were presented to the Patients in the Hospital,
on Christmas Eve and Christmas Day, by numerous kind friends.

A concert on behalf of the Hospital was kindly promoted by Mr. A. G. Pollock, the musical conductor of the Buxton Gardens Company's Band,

conducted and performed by himself and the members of the Band, in the Pavilion of the Buxton Gardens, and very ably assisted by efficient vocalists; and the sum of £28 5s. was presented to the Hospital. A unanimous vote of thanks was recorded on the minutes of the Committee of Management, and conveyed to Mr. Pollock.

The men's day-room has always been used for morning and evening prayer, and, more or less, for other religious services. These services are conducted by the Chaplain, or under his kindly sanction; and include a special service for the Patients on Sunday. In the absence of the Chaplain, the services are given with much kindness by other friends; and they are very gratefully mentioned, and are believed to be much valued by the Patients. Entertainments are occasionally given in the women's day-room, when Patients are enlivened with music, &c., by various kind friends, whose cheering work must bless equally both those who receive, and those who give. It is always a gratifying remembrance, that the women's day-room, contains the admirable Broadwood pianoforte that was presented to the Hospital when quite new, for the use of the Patients, seven years ago; and also that the men's day-room contains the excellent American organ, which was presented nearly five years ago, and which is necessarily of much value, more particularly in the religious services. It must be a pleasure to subscribers living at a distance, to learn that the inmates of the Hospital are thus gladdened and brightened, by an active and continuous kindness and sympathy.

The decease of Mr. Edwin Simpson, J.P., who so kindly obtained by benefactions, and the collection of subscriptions, the excellent library of the Hospital for the use of the Patients, is recorded with deep regret. The books are of considerable value, and of much general interest. Mr. Simpson had kindly taken the trouble to act as librarian; and, since his death, the duty has been kindly performed by Mrs. Best.

An energetic endeavour has again been made to obtain a Saturday Hospital collection throughout Buxton, under the action of Mr. R. R. Duke, Mr. C. Wilkinson, the Rev. R. Cowley Smith, Mr. R. Parker, and other friends, with the approval of the Committee of Management. A primary object has been, that a sympathetic action on behalf of the Hospital might be obtained from the working people employed in the large works in the district, more especially on account of the surgical aid given by the Hospital, in cases of accident. It will be matter of regret if this effort is not continued, as an additional link of benevolent feeling, between the Hospital and all classes of those resident in the district.

Subjoined is the Medical Report of the work of the Hospital for the year 1890, which has been prepared from the case books, and must be of interest to all Subscribers, and may be a guide to medical men, when called upon to sign the medical certificates which are required, in addition to the recommendations of the Subscribers, before a Patient is admitted to the Hospital. The report illustrates, as usual, to a very interesting and conclusive degree, the curative value of the Buxton mineral water; more especially in the relief of most cases of rheumatic, arthritic, or gouty character; and so far explains the signal amount of benefit that is generally derived by the Patients of the Hospital, and the comparatively few failures, as shewn in the Annual and Quarterly Reports during so many successive years. It is shewn that of the 2386 cases, under treatment

in the Hospital during last year, 501 of these cases were complicated with some form or degree of heart disease. The proportion of these rheumatic cases, thus complicated with morbid condition of the heart, is a remarkable feature of these Hospital Reports; indicating clearly the absolute necessity of painstaking and skilful diagnosis, and the most careful regard as to the use or avoidance of the baths of the mineral water, and as to the general treatment and management of the cases. The indebtedness of the Hospital to the Members of the Medical Staff, both Honorary and Resident, is thus indicated: the curative results, and the comparatively small number of failures, and still more, the very small number of fatalities, must be referred to medical accuracy in the use of the stethoscope and of the other diagnostic "instruments of precision," with which the advanced science of medicine has supplied the medical profession. The Report again demonstrates, very conclusively, how far the Devonshire Hospital is removed from being a mere convalescent Hospital; and how great and thorough the medical work is, which it is called upon to do. Its results are justifiably regarded, as affording absolute proof of the value of scientific medicine, and the comparative hazard of all treatment, not based on ascertained conditions. It is true that the Patients of the Hospital are only exceptionally bedridden; but a large number of them are in a condition of what may well be called medical anxiety. Such an Institution must always have its adequate complement of Medical Residents, available for any important occasion that may happen; and also an adequate staff of trained nurses, that may give immediate help, at all times, and whenever needed. It will be noticed, that, of the 2386 In-patients, 2028 were of gouty or rheumatic character, and therefore the most likely to be benefited by the Buxton Hospital and the Mineral Baths; the remainder of the cases being those usually met with in general Hospitals.

An interesting inquiry was made, by special request, as to the proportion of the Patients of the Hospital, by whom the baths of the Buxton mineral water had been used. It was gratifying to find, as extracted from the Hospital records, on the occasion in question, that eight out of every nine Patients had used the baths; and that of the remaining ninth, one-third were more or less advanced pulmonary cases, and the remainder were cases of accident; fractures, capital operations, and general disease.

At the Annual Meeting of the Committee of Management, held at the Hospital, on Saturday, January 3rd, the report was adopted, and it was moved by Mr. J. Baker, J.P., seconded by Mr. T. H. Lowthian, J.P., and resolved unanimously, that the thanks of the Trustees and Committee of Management be given to the Chairman (Dr. Robertson), for the Annual Report, for his assiduous attention to the interests of the Hospital, and for his kindness in consenting to re-election as Chairman; and that the Report be printed, with the Treasurer's Accounts, &c., and circulated amongst the Subscribers and supporters of the Institution.

#### 1st. As to the Contribution.

WHEREAS, at the commencement of this Charity, in the year 1779, instituted for the purpose of rendering the Beneficence of the Noble Proprietor and his Ancestors (in setting apart a Bath for the Use of the Poor) more extensively beneficial; two Stewards were appointed in each House kept open for the Reception of Company to receive a Contribution of One Shilling only, from each Person residing in such Houses, for the Benefit of the Charity. And upon the Departure of one of the Stewards, the departing Steward hath nominated a Successor; and in order to ascertain the Sums contributed, the Stewards for the Time being, at each House, have kept a Subscription Book, in which the Contributors have respectively written their Names and the sum of One Shilling opposite thereto; and as the Subscriptions have amounted to competent Sums, the Stewards have paid over the same to Mr. Samuel Buxton, Apothecary, in Buxton, as Treasurer, to be applied by him towards the Aid and Support of the Poor, whose Infirmities have caused them to come to Buxton for the Use of the for which Sums the said Mr. Buxton hath signed Receipts in the Subscription Books. Resolved that such practice be continued, and that no Person be permitted to subscribe a greater Sum than One Shilling in the books; and that the Receipts of Mr. Buxton, or the Treasurer for the time being, in the Subscription Books, be sufficient Discharges to the Stewards for what they receive.

Resolved, That it be recommended to future Stewards to hold an Audit on the 13th of September, yearly, to inspect the Accounts of Mr. Buxton, or of the Treasurer for the Time being, and to state Accounts of the preceding Year in like manner as the Accounts are this Day stated in the Subscription Book at the Hall. And it is declared, that the Allowance of a Duplicate of the Account by any two of the Stewards, under their hands, shall be a sufficient discharge to Mr. Buxton, and all future Treasurers.

And that no

Person shall be admitted on any other Day than Monday in every Week, between the Hours of eight and twelve in the Forenoon; on which Day, during such Hours,

Resolved, That before the patient intending to take the benefit of the Charity be removed from where he or she dwells, Mr. Buxton, or the Treasurer for the Time being, be applied to by Letter, Postpaid, signifying such Intention, mentioning the Patient's Name, Place of Abode, and Nature of the Disorder; and that no Person be admitted unless there be a vacancy in the Number of Sixteen, and unless he or she first produces to the Treasurer his own Letter written in answer to such Application, and also a Letter of Recommendation from some Lady or Gentleman, resident in the Neighbourhood, certifying whether the Patient is relieved by his or her Parish, or not, and if not, whether he or she is a proper Object, with Respect to Circumstances; and in case he or she is a Pauper, relieved by the Parish, then also a Certificate signed by the Churchwardens or Overseers of the Poor, that the Pauper's Settlement is in the Parish from which he or she is sent; and also a Certificate from a Physician or Apothecary, that the case is proper for the Buxton Waters.

#### 3rd. As to the Application of the Charity Fund.

It being the Intention of the Contributors, that the Money arising from the Contributions, be in every Case applied for the purposes of supplying the Patients during their Stay at Buxton, with Board, Lodging, and Medicines only; all Ladies and Gentlemen recommending Patients, and all Churchwardens and Overseers giving Certificates, are therefore particularly desired to take notice, that in Case the Patients shall be admitted to partake of the Charity, and shall die in the Parishes of Buxton or Fairfield, or in any Place within seven Miles Distance from Buxton, before he or she shall have actually returned to his or her own Parish, such Persons recommending, and such Churchwardens and Overseers certifying, shall be liable to pay the Expenses of the Funeral of such Patients respectively; and that the Charity Money, on no Account whatever, will be suffered to be applied to defray Travelling Expenses, either to or from Buxton.

### METEOROLOGICAL REPORT FOR 1890.

FROM THE OBSERVATIONS TAKEN AT THE
DEVONSHIRE HOSPITAL, BUXTON,
BY MR. WILLIAM H. BECK, HONORARY METEOROLOGIST.

The closing months of 1890 were memorable ones in point of weather. In November it rained almost incessantly, over 9 inches of rain falling, and many low-lying parts of the country suffered from floods, the works at the Manchester Ship Canal were greatly impeded by the flooding of a portion of them, and great damage was done to banks of rivers and canals by their overflowing. Buxton suffered in common with the rest of the country, but its splendid waterways, and its height above the sea level, soon carried away the enormous amount of water which fell.

The first week of December was unusually mild. The minimum temperature of the 1st was 54·8, but on the 6th it went down to 26·5, whilst the maximum was 30·7, and the frost from thence lasted till the end of the year. On the 24th and 25th it showed a little sign of giving, but the maximum did not exceed 35·7, and on the 27th it set in again with its former severity. The lowest record was 4·0, or 28 degrees of frost on the night of Sunday, 22nd. This is the coldest record for some years past. It is noticeable that on many occasions during the frost the temperature in Buxton was higher than in many of the southern watering places; probably because Buxton is so sheltered. The full force of wind from any quarter is never felt in Buxton. It is protected on all sides by the hills, and it is seldom that the force of the wind exceeds that of a fresh breeze, which, according to Beaufort's scale, travels from 26 to 30 miles an hour.

On 97 occasions it has been perfectly calm at the time of observation.

On July 3rd there was a thunderstorm accompanied by a sharp shower of hailstones, but it was of short duration; a more severe storm was experienced on August 26th, and a mild one on August 28th, but little or no damage was done, and Buxton was, as usual, very free from electrical disturbance.

The last two months of the year were gloomy and cheerless, only 53 hours of sunshine being recorded. May was the sunniest, 191.3 hours. The total record was 1089.6 hours, as compared with 969.3 hours last year.

Rain fell on 219 days, and the total fall was 49.97 inches; this is 4 inches more than in 1889, but is below the average, the mean for the previous

26 years being 53.8. The heaviest fall was 2.21 inches on January 27th, and on four other days the fall was above an inch, viz., 1.025 on October 16th, 1.405 on November 7th, 1.41 on November 23rd, and 1.57 on November 24th. On August 11th there was a fall of .955 inches. The wettest month was November, 9.455 inches, and the dryest February, .945 inch.

The highest barometer reading was 30.769, on February 23rd, and the lowest 28.625, on January 23rd.

The highest shade temperature was 74.5, on September 8th, and the lowest 4.0, on December 22nd. The year cannot be described as a warm one, yet it had at least three months much warmer than the average, neither was it a cold one, though March and December had colder days than in the corresponding months for many years. Westerly winds (153 records) and South-Westerly (135) were the prevailing winds. There were 97 records of absolute calm, whilst the lowest records were North (17) and South (29).

Monthly notes as follows :-

January was mild and stormy, with very wild gales on the Atlantic and round the coast. A heavy fall of rain on January 26th; 2.21 inches, was the heaviest fall of the year. There was a slight fall of snow on the morning of the 28th, but the mild days following soon made it disappear. The highest barometer reading was 30.444, on 1st; the lowest 28.625, on 23rd. Temperature extremes 49.4, on 9th; 15.5, on 3rd. There were 31 hours of bright sunshine, and 6.91 inches of rain.

FEBRUARY was calm and misty. There was a slight fall of snow on the 15th, and again on the 20th, but the month was a very dry one. Of rain .945 inch fell. The barometrical extremes were 30.769, on 23rd, the highest reading of the year; and 29.503, on 15th. The temperature ranged from 49.6, on 25th, to 21.5, on 6th. There were 43.8 hours of bright sunshine.

March, after a week of bitter frost at the beginning, was an ideal Spring month. Mild westerly winds prevailed; east winds were remarkable only for their absence. The lowest temperature was 11, on the 4th, 21 degrees of frost; the highest, 55.5, on 28th. The barometer ranged from 30.642, on 3rd, to 29.109, 16th. There were 92 hours of bright sunshine. Rain fell on 22 days; fall, 4.995 inches.

April brought the east wind in its train, but was a bright mild month. 125 hours of sunshine were registered, and there were only three overcast days. The temperature ranged from 62·1 on 30th, to 23·8 on the 1st and 2nd; and the barometer from 30·369 on 1st, to 29·429 on 25th. The rainfall was a slight one, 1·635 inches spread over 18 days.

May gave us a good beginning to the summer, and was the brightest month of the year. 191.3 hours of bright sunshine, and not one overcast day; on the 23rd 14 hours of sunshine were registered. Rain fell on 14 days, total fall, 3.21 inches. The temperature ranged from 71.0 on 21st, to 31.2 on 1st; and the barometer from 30.297 on 22nd, to 29.463 on 10th.

June was a disappointing month. Rain fell on 20 of its days, and measured 4.685 inches; the maximum temperature, 69.3, was lower than that of May, and 88 less hours of bright sunshine were registered. Westerly and south-westerly winds prevailed. There were electrical disturbances about the 10th.

July was rather a better month than June, there was more rain but more sun and more warmth. The barometer extremes were 30.289 and 29.342. Westerly and south-westerly winds still prevailed. There was a sharp thunderstorm on the 3rd, accompanied by hail-stones. The rainfall for the month was 4.98 inches, spread over 19 days.

August was again a rainy month. 6.05 inches of rain fell, spread over 21 days. 125 hours of bright sunshine were registered. The thermometer was highest on the 5th—73·1—and lowest on the 30th—34·0. Barometrical extremes, 30·311 on 31st, and 29·351 on 26th.

SEPTEMBER and MAY were our two really fine months. September began with cold and damp days, but the rainfall for the month was only 1.405 inches. 121 hours of sunshine were registered, including 11.8 on the 8th. The highest temperature was 74.5 on the 8th, and this was the highest of the year. The lowest barometer reading was 29.541 on the 20th, and the highest 30.487 on the 8th. There were 14 records of absolute calm, the remaining records being principally W., S.W., and S.E.

October's rainfall—4.40 inches on 19 days—does not convey an idea of what a splendid autumn month it was, a heavy thunder shower—1.025 inches—on the 15th, and .75 on the 25th, being responsible for the heavy fall. The maximum temperature was 68.3 on 12th, and the lowest 22.3 on 27th. There were 73.2 hours of bright sunshine.

NOVEMBER brought rain and storm. On the first day of the month '72 inches fell, on the 6th 1.405 inches, 8th '70 inches, 22nd 1.41 inches, 23rd 1.57 inches; the total fall was 9.455 inches. There were 14 days entirely overcast. The barometer ranged from 29.065 to 30.485, and the thermometer from 20.3 to 55.0.

DECEMBER took from us the storm and rain, but brought fog and frost beyond measure. The days were cheerless and cold; 25 days were entirely overcast, and only 15.7 hours of bright sunshine were recorded. The frost, which began on the 6th, and lasted till the end of the year, was the keenest for many years; but the full force of it seems to have been felt in the southern parts of the country. A little snow fell, but the rainfall for the month was only 1.3 inches, spread over 9 days. The lowest temperature was 4.0, on the 22nd; and the highest 59.5, on the 1st. The prevailing wind was easterly, but it was very calm throughout the month, and there were 18 records of absolute calm.
