NOTE

WE feel sure that we shall not be thought to take too much upon ourselves if we use the opportunity offered by this fresh addition to the Roll to thank Mrs. Mullins, in the name of all Uppingham men, for the unwearied and long-continued labour which she has devoted to the trying work of keeping the School records, and it is especially fitting at the present time, when Mr. and Mrs. Mullins have just left Uppingham, that we should place on record our feelings of gratitude. Only a few people can know how great the labour has been, and how willingly and devotedly given, but—*Si monumentum requiris, perlege*. The Roll is the best monument of her work, and its success will be her best recompense. We know that Mrs. Mullins at least would wish for no other reward than the knowledge that her work was of real use in keeping alive and fresh in the minds of Uppingham men the memory of Uppingham and the feeling of comradeship founded on common traditions.
