Hope Street British School.

At the Committee held in January there was a general expression of opinion that it would be an encouragement and help to the Head Master if the Committee were more frequently to visit the School. It was thought also that the interest in the School would be widened by the Committee becoming more intimately acquainted with its working. With a view of carrying out this idea the following friends were, at the Committee held to day, appointed as visitors to the School for the ensuing year. It is hoped that each of the visitors will be able to pay six visits to the School — and as many more as they can — in the course of the year —
