BY APPOINTMENT

TO HIS MAJESTY THE KING

[For use
by Commrs.
in Lunacy
only.]

No. _____

Name of Patient Hannah Allden

Date of Admission 13th day of February, 1912

Date of Reception Order 10th day of February, 1912

Special Report and Certificate.

I have this day seen and examined the above-named patient and beg to report that with regard to Mental condition ^she is suffering from delusional insanity. She tells me that this is a nation's house and a house of refuge for kings. She says that all the nurses here are idiots and insane, and have changed her blood and heart into water. She is often noisy and abusive, and at times is destructive, tearing up her clothing.

and with regard to bodily condition ^she is in poor health: she has mitral stenosis and rheumatoid arthritis.

and I hereby certify that ^she is still of unsound mind, and a proper person to be detained under care and treatment.

Medical Superintendent.

Dated the 1st day of February 19 13.

To the Commissioners in Lunacy.

To the Commissioners in Lunacy.

B

Alice Bacon.

Adm. Aug 4:1914.

Escaped March 6:1915.

State of patient's mind:- Considerably improved. She was still somewhat depressed & worried, but was occupying herself & had not mentioned the delusions she used to talk about for a considerable time.

Circumstances of escape:- She & three others were going out for a walk with a nurse. One of the ladies not being quite ready the nurse went to her room to look for her & when she returned Mrs Bacon had disappeared & could not be found.
Mrs Bacon went home by the next train, where she remained.

PARCEMENT

Report on Mr. E. Davies

Date of Order Mar. 22. 1912

Date of Admission Mar. 23. 1912

She is suffering from Alternating Insanity. She is now in the phase of depression following a prolonged period of excitement. She feels miserable & unhappy & tells me that she is unable to concentrate her mind on anything. She says she does not think she can ever be any better. She sleeps poorly.

She is thin but there is no sign of visceral disease

Henry J. Mackenzie

Feb 26: 1913.

DEVON VALLEY
PARCEMENT

Report on J. E. W. Driver

Date of Order _____

Date of Admission Feb. 1. 1913

When admitted he was restless & confused unable to give a clear account of himself. He tells me that if he had known what he had to go through he would have taken poison to end his life though he "does not think" he would do so now. He is firmly convinced that he is suffering from consumption & that he never can be better. He gives no reason for this belief but merely laughs when asked why he thinks so & says he "knows" it. He says all he wants now is to have his path smoothed to the grave.

He is rather thin: there is a trace of albumin in the urine but no other evidence of visceral disease.

Henry J. Mackenzie.

Report on Eva Longell Longell

Date of Order _____

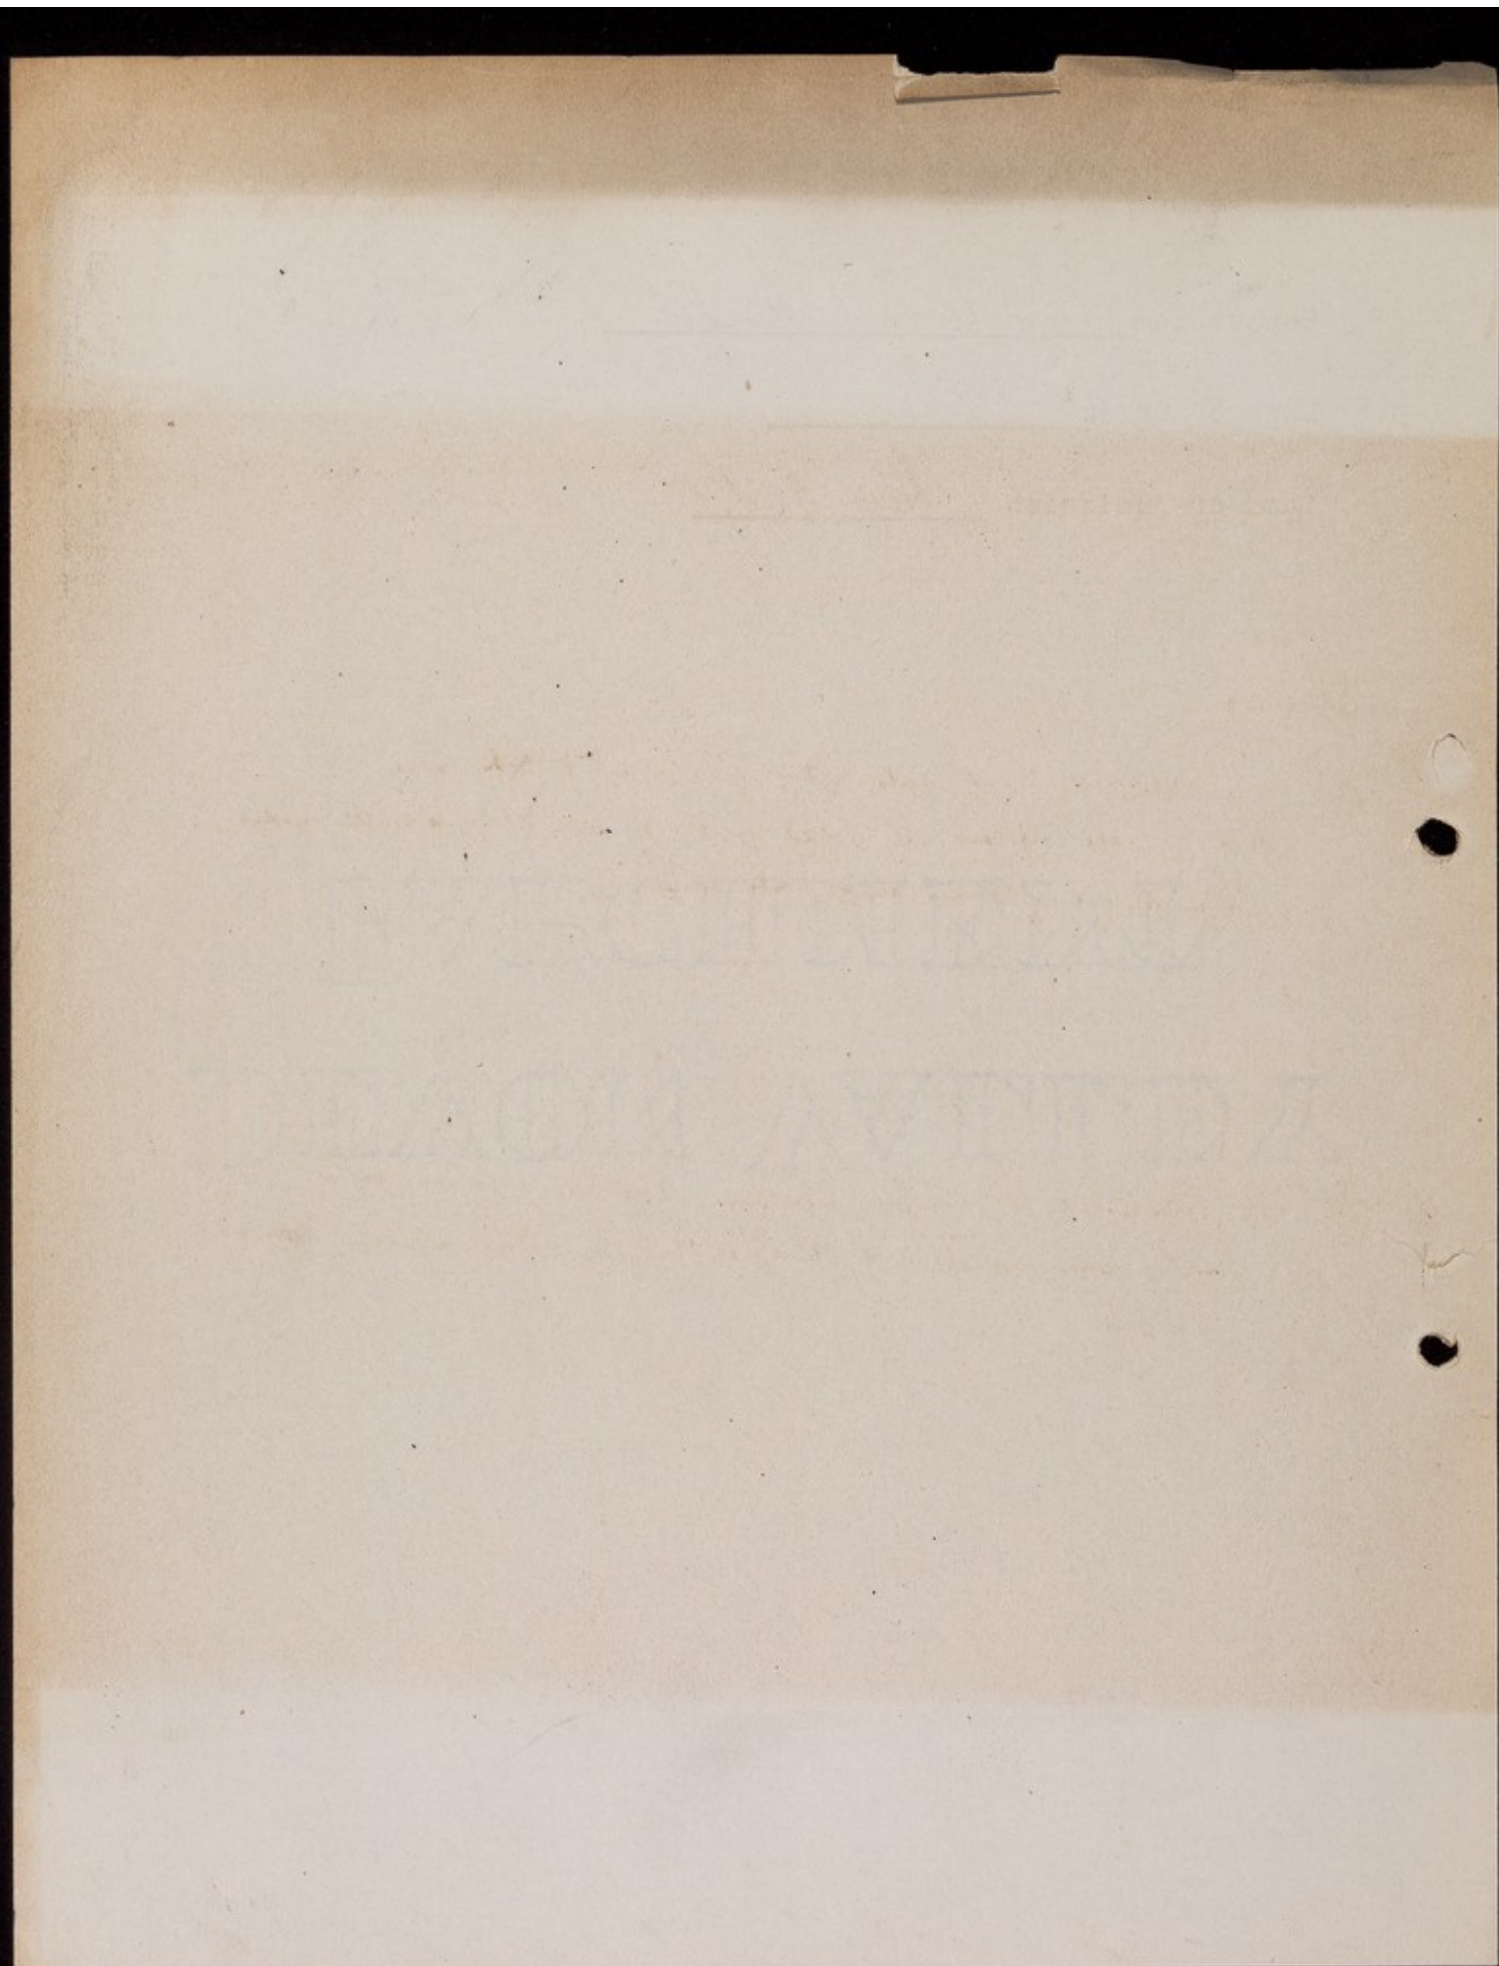

Date of Admission Mar 5 1913

She is

depressed - and feels that it is wrong to ~~take~~ take
food. She refuses all solid food & only takes a milk under
compulsion - & at times needs take-feeding.

She is emaciated & weighs less than 6 stone. & is very weak.
There is some dulness of the R^l apex - but no active signs of Phthisis.
& no fever.

B.P.

Ella Yonatt

Order Aug. 2. 1907

Adm. Aug. 2. 1907

She is feeble in mind & is unable to follow any sustained occupation. She is childish, plays by herself with battledore & shuttlecock, & refused to write letters. She also says that the Neutron steals her clothing.

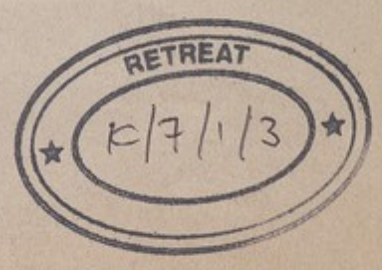

She is stout, but in good health.
