[illegible]

I am very much obliged to you for the
 letter of the 10th inst. which is very effective
 and I am glad to see it is contrary
 to the passage of Scripture where it says
 "and ye shall be as men" and you seek
 to be as men and I am glad to see that
 you are not aware who I am
 and that you would treat me with
 more respect than that never says how
 does that do that only say now at the
 time of the day when I am not
 a part of a gentleman's estate and
 you are not the holder of it and you
 are to be paid what is now the
 Lord's but I said I was not he said
 I was not and I wished him to direct
 me right but he could get nothing out
 of him but said they about the matter
 a phyllosophy a religion that he said
 I ought to be a philosopher

I was born & brought up in a different manner, I have been long
acquainted with you tell me how many
children I have had since "some mother"
the world I don't know I mean by
addition "I thought you have ten thousand
instructions as Christ yet having a power
make others." I don't want any more
of these kind of children they are so
very unmanageable I put not all
to taking care of them if they were
born so I could not tell if they
must speak to their mother about it
I shall never recover table for
for their eating at it. I think I shall
if they are disobedient they must take
the consequences. I shall be dear
as it is with the sick day the week
shall be ill with him some not accountable
for their actions I am sure
there is neither male or female here

40 and all done in Christ Jesus
I am one in Christ Jesus I have
been born again and shall go to Heaven
at the appointed time till then I must
wait patiently manifest many a battle
that he will try to kill laboratory
the natural state the appointed decease
about all things and departed from the
so the prophet Jeremiah his heart is not
yet I have undergone a change which
must go before the eternal Heaven
the righteous soul the state where I shall
the inner and usually perfect
I shall be obliged to the form of my head
causes me much perplexity when I am alone
then I have full liberty to do as I will all
things as I desire to that extent
of my mighty God that I am able to do
that "I shall return" I was digging in the
ground and found a box of human body
note I considered his manner of life
for I was a deal of dust in

Dr. Hitting
Medical Superintendent
Quakers Retreat
York.

In consequence of the absence
of the Matron I am sorry to have
occasion to address thee

M. Dodd's was telling me
this morning thou does not allow
my door to be barricaded
I think perhaps thou may
remember that passage in the
Scripture's when it recommends
us to do as we would be done
by, I should like to know
how thou would like any one
coming and unlocking thy
Chamber-door at Midnight

and asking thee if thou
had a light? and if thou had
one they must report thee
it is treating me just like
S. Cross, as it happened, I had
no light. I think me being
in a room next to one so
infested with Bugs. I ought
to be allowed a light
it is quite a wonder I am
as clear of them as I am but
it is only with preciseness
sharp clearness it is very
disagreeable

And as M. Dodd's has been so
suspicious about me I may as
well give in my report

There was a Funeral this
week and we were not informed
of it or of any Death in the
House during the time you
were at the Reading Room
I was amusing myself playing
on the Piano and M. Dodd's
came into the Drawing Room
in such a tantrum you
having been all the time
you had been at the Reading
she quite took me by surprise
~~not~~ knowing of a Death in
the House or a Funeral
Think the blame should have
rested on the right shoulder

I think such conduct unprincipled
and deceitful.

As for my door being barricaded
I feel it safest amongst
persons I don't consider

strictly honorable,

I think with the Psalmist
"It is better to trust in the
Lord than to put confidence
in man."
