ADVERTISEMENT.

AT the termination of every year since the “ Act for better regulating the Practice of Apothecaries” came into operation, the Society have, in compliance with the Twenty-first Section of that Act, made and printed a List of every person who had, in that year, obtained a Certificate of his qualification. Of these Annual Lists several thousand copies have been distributed among the Profession and the Public.

The Society have been induced, by numerous applications for a General List, to print one which contains the name of every person who has received a Certificate from the 1st of August, 1815, to July 31st, 1840, and as it has been found impossible to obtain the names of *all* who have died during that period, the Society have left out the name of *no one*.

Since the month of August, 1820, every Candidate has been required, at the time of his examination, to write down his name and address;

from the books in which these are written, the residence affixed to each respective name has been copied into this List.

The date of each Certificate will be found against the name of each person respectively,
