ENORMOUS GIANTS

AT

THE ROYAL AQUARIUM.

CHANG, visited London some sixteen years ago, and then caused very considerable excitement; since then he has grown taller and stouter. Chang was induced to visit the Paris Exhibition two years ago, and since that time has remained in Europe and visited the principal capitals, viz.: Vienna, Berlin, St. Petersburg, &c., where he met with the greatest success.

Being on his way to China, he has been persuaded by Captain Hobson to make a short stay in London, where, at the Aquarium, he hopes to meet his illustrious patrons and old friends. It may be mentioned that Chang has been presented to the Courts of St. Petersburg and Berlin, and lately at that of Vienna. His height is above 8 feet; his weight is 26 stone; and his age 33 years. He is a native of Pekin. With such superb proportions he manifests the greatest amiability of disposition, and converses freely in different languages, viz.: English, French, German, Spanish, Chinese, and Japanese. His memory is so retentive, that he recognised several amongst the visitors as old friends of 16 years ago.

The other giant who accompanies Chang is a native of Norway. His name is Henrik Brustad. His age is 35. His height is 7 feet 5 inches, the distance of his outstretched hands from finger to finger is 7 feet 6 inches; 50 inches chest measurement, length of hand 9 inches; finger ring $1\frac{1}{4}$ inches in diameter; length of foot 15 inches; weight 24 stone; he also speaks several languages.

The receptions of these enormous gentlemen take place at intervals during the afternoon and evening.
