## THE FAIRY QUEEN, MISS AMY DOT

Of NEW YORK, is the smallest individual of her age ever known, being 14 years old, 26 inches high, and weighing only 16 pounds. She is no taller than a child 2 years old, yet perfect in form, with a sweet and beautiful face; in appearance is a mere speck of humanity, very intelligent, converses readily and

fluently, and gives a sparkling little entertainment of her own. She will be carried through the audience standing on her Manager's hand, and will also compare herself on the Stage with Children 2 years of age out of the Audience, to show her diminutive size.

Everything arranged with great care to please the most fastidious taste.
