EXTRAORDINARY LIVING PHENOMENON!

Exhibiting for a Few Days only.

The Public are respectfully informed, that one of those extraordinary Freaks of Nature, that appear at times upon the theatre of life, to astonish vulgar minds, and lead the learned and scientific to ask, 'Can such things be?' is now submitted to their notice; and in tracing the catalogue of Living Wonders, this may safely be pronounced more surprising than the Siamese Twins, who so much drew the public attention but a few years since, or that surprising anomaly, Claude, the living Skeleton.

**THE WONDER
OF
THE AGE!**

**SARAH ANN
GALTANT,**

A CHILD

(Born at Great Yarmouth, Norfolk.)

ONLY SEVEN YEARS OF AGE,

Being in perfect health, and constantly increasing in Weight, now weighing upwards of

Has a head of the most surprising size, being 48 inches in circumference! whilst the child is in every other respect of the usual proportions. She has been visited by the Faculty in all the towns she has been in, and she appears to be an Enigma to all. She has been seen by at least 100,000 Persons within the last twelve months, and should be seen by all who take an interest in Nature's Wondrous Works. [Printed by PEEL'S Steam Machine, 74, New Cut, Lambeth.]
