HERB GARDENING

NO. 6 OF A SERIES OF 8 LEAFLETS

HERBS CONTINUE TO INCREASE IN POPULARITY AND CAN FLOURISH IN MANY SITUATIONS, OFTEN MAKING ATTRACTIVE SPECIMEN PLANTS IN MIXED BORDERS.

A SMALL PLOT CAN BE FOUND FOR GROWING A FEW SELECT HERBS. MANY CAN BE GROWN IN POTS ON WINDOW SILLS AND ARE ALSO USEFUL IN TUBS AND CONTAINERS, ESPECIALLY INVASIVE TYPES LIKE MINT.

INDOOR CULTIVATION

IN POTS OR SMALL TROUGHS - UP TO 7 IN 24" X 6" X 5½" IS IDEAL. USE A JOHN INNES COMPOST NO. 1 OR 2, AND PROVIDE A GENEROUS LAYER OF BROKEN POTTERY FOR DRAINAGE AT THE BASE. THE KEY TO SUCCESS IS SUFFICIENT LIGHT, THE IDEAL WINDOW SILL ENJOYING AT LEAST 5 HOURS OF SUNLIGHT. ADEQUATE VENTILATION IS IMPORTANT AND KEEP OUT OF DRAUGHTS.

ROSEMARY CAN TOLERATE A COOL ROOM AND A SHADIER POSITION. MANY WILL REQUIRE FERTILISING BUT **MARJORAM, THYME, SAGE AND WINTER SAVORY** ARE BEST UNFED, FOR LUSH GROWTH CAN BE LESS FLAVOURED.

OTHER SUITABLE HERBS ARE:
**COMMON AND LEMON THYMES ·
SPEARMINT AND
EAU DE COLOGNE MINT ·
LEMON BALM · PARSLEY ·
CHIVES · HYSSOP ·
GOLDEN MARJORAM**

SOME OF THESE CAN BE LIFTED FROM THE GARDEN IN EARLY AUTUMN, THEN TRIMMED UP AND POTTED INTO COMPOST FOR WINTER USE.

HERB GARDENING

GROWING HERBS OUTDOORS:
 IN CONTAINERS, PLANT IN JOHN INNES
 OR A PEAT BASED COMPOST, ENSURING
 ADEQUATE DRAINAGE. REGULAR
 WATERING IS ESSENTIAL. HOWEVER
 GROWN, THE MAJORITY NEED A GOOD
 WELL-DRAINED SUNNY POSITION.

USE THE FOLLOWING HERBS OUTSIDE,
 AS WELL AS THOSE ALREADY LISTED.

BAY (PROTECT FROM FROST IN WINTER)

CARAWAY, CORIANDER,

CHERVIL (CAN BE USED ALLTHROUGH
 THE WINTER).

FENNEL (GREEN AND BRONZE
 FORMS AVAILABLE)

SORREL, TARRAGON.

BAY

MARJORAM

SAGE

**GOLDEN MARJORAM, GOLDEN
 FEVERFEW, VARIEGATED AND
 PURPLE LEAVED SAGE** MAKE
 ATTRACTIVE FOLIAGE PLANTS.

BERGAMOT, CHIVES AND THYME
 ARE ATTRACTIVE IN FLOWER.

SOME HERBS NEED SOWING EVERY
 YEAR. E.G. **BASIL, BORAGE,
 DILL AND SUMMER SAVORY.**
PARSLEY IS BIENNIAL AND WILL
 NEED REPLACING EVERY 2 YEARS.

A SELECTION OF HERBS CAN BE
 GROWN IN A SMALL SPACE BY USING
 A STRAWBERRY POT. THIS HAS THE
 ADVANTAGE OF BEING USEFUL IN
 WINTER IF PLACED IN THE GREEN-
 HOUSE DURING AUTUMN.

SUITABLE PLANTS COULD BE:
**CHIVES · PARSLEY · SAGE ·
 MARJORAM · THYME**
