TO MEDICAL MEN, STUDENTS, AND NATURALISTS,
A

TWIN BOY

With One Body,

**TWO HEADS, FOUR ARMS,
AND FOUR LEGS.**

This singular Phenomenon of human nature is allowed to be the only one in the world, and excited such an intense curiosity on the Continent, that it was visited by upwards of 100,000 Persons in Paris. The Proprietor in passing through England on his way to Russia, will feel much pleasure in shewing it until Saturday Evening, the 14 inst. It would form an invaluable acquisition to any Museum of Natural Curiosities: or would, no doubt, realize a Brilliant Fortune by the Exhibition of it, by any Person acquainted with the manner of conducting it in England. To be seen from 11 till 8, at

No. 139, Strand,

OPPOSITE CATHERINE STREET.

Oct. 9.
