An EMINENT LONDON PHYSICIAN, Specialist in Disease of the Chest, writes:—

"My long experience assigns to Cod Liver Oil a place far above all other remedies in the treatment of pulmonary consumption and its allied maladies. . . . Of all the means hitherto used for the relief of the consumptive, unquestionably Cod Liver Oil has been found the most effective. It is the only agent in any degree deserving the title of a remedy in this disease. . . . A most important point to be observed in order to obtain the greatest benefit from the Oil is that its use should be persevered in regularly and for a sufficient length of time. To prove truly remedial it should be taken in quantities sufficient to diffuse it through the system, that it may affect the nutrition of every part. The doses must be moderate, and therefore they must be continued for an indefinite length of time."

PROOFS OF THE VALUE OF THE
Cod Liver Oil Cream
IN CASES OF
CHEST COMPLAINTS

TUBERCULOSIS.

Dorset.—"A gentleman writes—"I am pleased to tell you that since I commenced taking the Cream about a year ago I have gained 20 lb. in weight. This gentleman writes again—"I have an appreciable recovery, and he said I had better take some more of the Cream. I commenced it about 12 months ago when I was very bad, and waiting again with tuberculosis in the throat and lungs. I was first recommended by Dr. Richardson, of Harrogate, to take it. My doctor now tells me my disease is almost better and my lungs a good deal better. I am sending to a specialist on the throat and nose in London."

Partick.—"It is nearly six years since I first got your Cream for my husband. He had severe hemorrhages of the lungs, and the doctors gave him up, as they said it was consumption. We will be pleased to hear that though six years on he is still able to work at the trade—slighting—which is heavy work. He looks hale and hearty, and is a living testimony to your preparation, as he never took any other medicine."

London.—"I have much pleasure in testifying to the value of your Cream. I have prescribed it in a great many cases, including those of Phthisis, Chronic Bronchitis, Enlarged Cervical Glands, Debility after Scarlet Fever, and in complications from other serious diseases, with most satisfactory results. I have had better results from your 'Cream' than from any other preparation of Cod Liver Oil. I consider it a remedial agent of the highest value."

A London Physician, Specialist in Diseases of the Chest, after having given the Cream a fair trial in his private practice, writes—"I first began satisfied after that trial that it was worth trying, and I have since then used it in all cases of chest complaint, not the least, but to be proved. I prescribed it a week or two ago in two cases of Phthisis, and in one case of Chronic Bronchitis. In the first case, the patient was a man of 40, who had been suffering from the disease for many years. One of these had had great difficulty in swallowing several other preparations of Cod Liver Oil. I told him that I was going to give him your Cream, and he agreed to try it. He has now been taking it for some time, and he has gained 10 lb. in weight. He is now able to do his work, and he is a living testimony to your preparation, as he never took any other medicine. My little boy (who had been having a little trouble) is much better, and I have no doubt, has derived much benefit from your Cream."

Glasgow.—"I am glad to say I am doing all that can be expected in the health-giving spirit, and, as my husband writes—"I am a healthy man again, and have had no more of the disease, and I am now able to do my work, and I am a living testimony to your preparation, as he never took any other medicine. My little boy (who had been having a little trouble) is much better, and I have no doubt, has derived much benefit from your Cream."

Torquay.—"The Cream has wonderfully done my wife more good than all the other medicine she has taken. I am surprised at the result, and I must further state that she has gained 10 lb. in weight. She could not take the pills, and I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife."

Edinburgh.—"A physician writes—"Your Cream is the finest preparation of Cod Liver Oil I have ever met with, and in no case have I yet found it disagreeable, either in the mother or advanced stage of the disease—Consumption."

America.—"A lady writes from Pittsburgh—"Will you kindly send me Cod Liver Oil Cream in bottles, shipping at once, as I have been told that it is the best thing to take the Cream with very satisfactory results. This lady writes again—"I am taking the Cream very faithfully. I don't know that I ever felt you with I am interested in the years ago I had not had hemorrhages of the lungs, and I had cough. I took your Cod Liver Oil cream in my private and domestic practice, and I only wish I had more of it to give to my wife. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife."

Edinburgh.—"I have taken your Cod Liver Oil Cream during two winters, and have found it to be of great value. I have been told that it is the best thing to take the Cream with very satisfactory results. This lady writes again—"I am taking the Cream very faithfully. I don't know that I ever felt you with I am interested in the years ago I had not had hemorrhages of the lungs, and I had cough. I took your Cod Liver Oil cream in my private and domestic practice, and I only wish I had more of it to give to my wife. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife."

Greensock.—"My son was very bad, with long cough and I took him to Dr. —, Edinburgh, who told me to give your Cream. We have tried your Cream, and find the best results from years, and it has worked wonders."

BRONCHITIS AND ASTHMA.

Leven, Fife.—"My little boy has derived much benefit from your Emulsion. He was subject to Bronchitis Asthma, and has not had a single attack since he commenced taking the Cream."

Inverness.—"This is the first year my little daughter has passed without Bronchitis, and I attribute it entirely to the use of your Cream. It is the most wonderful tonic I have ever used for children, and I have been glad to recommend it to my friends."

London.—"I find it so remarkably good for my little girl that I wish to mention it. She has suffered for the last two years with Bronchitis Asthma, and as soon as I got a bottle of your Emulsion the attacks were not nearly so severe, and I am now confident that I can cure her by another winter."

Chesterfield.—"A friend of mine who suffers from Chronic Bronchitis, sending the benefit of your little girl has derived from the Cream already, and has decided to try a course of it again. I hope and fear we will be glad to hear of it."

Edinburgh.—"The Cream is of great value in the treatment of children, and is a most effective remedy for my young people, while suffering from a slight form of Chronic Bronchitis or Catarrh."

Sheffield.—"My little girl has taken Brounchitis after having had measles, and the Doctor says she must take Cod Liver Oil, and I have no hesitation in saying that she has gained 10 lb. in weight. She has taken it before, and now she is better prepared. It always agrees with her, and it will be much good."

Mulben.—"I am giving the Cream to my little girl who suffers from attacks of Bronchitis Asthma, and find it keeps her from taking cold, and so prevents the attacks coming on."

America.—"A lady writes from Louisville, Kentucky—"The Cod Liver Oil Cream reached me today and to-day. It is very nice and fresh, and is doing my son a great deal of good. Her bronchitis is much improved, and we all think it a great medicine. I am sending to a specialist on the throat and nose in London."

MEDICAL TESTIMONY

IN FAVOUR OF THE

Cod Liver Oil Cream

The Late Professor Charteris of Glasgow University thus mentions the Cream in the 2nd edition of his book the "PRACTICE OF MEDICINE."—"The Emulsion of Thomson of Egypt is the best in the Market."

Madeira.—"An English Physician writes—"I am taking your Cream regularly, and like it immensely. Apart from its medicinal effect it is the most elegant and agreeable preparation of Cod Liver Oil I have ever tasted."

Sheffield.—"Alone your Cream, I am sure it is the most valuable preparation of the kind for medical and civil medical use. I have known it to be of great value for the young. I can speak with high authority of it in fact, many of my patients could tell you it would give them. I believe, in all chronic diseases of the respiratory system, your Cream should be used; it is both drug and food."

Leeds.—"Will you send me a large bottle of Cream? I intend going on with it all winter. It is the greatest Emulsion made."

Earlston.—"I have used the Cream for years and consider it splendid for winter use to break off colds."

Glasgow.—"I am quite satisfied with your Cream as a most elegant and pleasant way of taking the Oil."

London.—"I like your preparation, the Cod Liver Oil Cream, better than any I have met with."

Aberdeen.—"A surgeon who has used a considerable quantity of the Cream in his own practice, writes—"I have used your Cream in many cases of chest complaint, and I have found it to be of great value. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife."

Edinburgh.—"I have used your Cream for a long time, and I have found it to be of great value. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife."

Glasgow.—"Your Cream is an excellent Emulsion and agreeable to take, as both my wife and little child have been taking a dose of it twice a day. My wife has taken several gallons of emulsion, but thinks yours is the most pleasant of the lot. I think it is a good idea to supply the Cream direct to medical houses."

Edinburgh.—"I have used your Cream for a long time, and I have found it to be of great value. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife."

Glasgow.—"Some time ago Dr. — brought under my notice your Cod Liver Oil Cream. I was surprised, as I had given trial of Cod Liver Oil preparations on numerous occasions, and I found your Cream to be the best. I was delighted. Since then I have prescribed it to all my young patients with success. Some of it I gave to my wife, and with such good results that she is now daily using it with great advantage."

Penzance.—"I cannot but believe that if the 'Cream' comes but half up to the account of record of it from a well-known Edinburgh physician, who has prescribed it largely to his patients, that it will be the greatest boon both to physicians and to their patients."

Walker-on-Tyne.—"The half-dozen bottles of Cod Liver Oil Cream sent me have given great satisfaction, and the patient is getting on weight at last."

London.—"Will you kindly send a bottle of Cream to my son. I suffer from asthma, and all my patients who have taken it are greatly pleased with it. My wife has taken several gallons of emulsion, but thinks yours is the most pleasant of the lot. I think it is a good idea to supply the Cream direct to medical houses."

Glasgow.—"I may say that my wife has entirely left me since I commenced your Cream, and, before I was doing myself with the usual course with no benefit, I am getting on foot of it that I am afraid I shall acquire a craving for it."

London.—"Will you kindly send a bottle of Cream to my son. I suffer from asthma, and all my patients who have taken it are greatly pleased with it. My wife has taken several gallons of emulsion, but thinks yours is the most pleasant of the lot. I think it is a good idea to supply the Cream direct to medical houses."

Cathcart.—"I have always maintained that your Cod Liver Oil Cream has no equal, and that it always did me good. I may say my honest opinion, my old teacher, Professor Charteris, was right in what he said in his 'Practice of Medicine' about your Cream."

Edinburgh.—"All the cases I have prescribed your Cream to, I am glad to say, have been cured by its use, and I hope to have other opportunities of recommending it. I think it is a most excellent preparation."

A Physician in the West of Scotland thus writes—"My wife can take no other Emulsion now, and, although prone to doubt other makers, we must have it."

Dunfermline.—"I am pleased to be able to inform you that in these cases in which I have recommended your Emulsion, it has always done well, so far as my experience goes, it is the best Emulsion in every respect at present on the market."

Co. Dublin.—"Many thanks for Cod Liver Oil Cream just sent. As a preservative of health, I look it regularly each winter while attending College, and I never failed to keep me in perfect health. After a long journey in the East, and passing through the most hardships of war, I felt very much run down. I again thought of your Cream, and ordered out of a supply to Egypt. Though few use Cod Liver Oil in hot countries, I find it is not only quite agreeable but most beneficial, and it quite built me up again."

Harrogate.—"I have prescribed your Cream for years, and consider it the finest preparation of Cod Liver Oil for delicate stomachs. When I was an assistant Medical Officer at Harrogate, I used your Cream extensively in my treatment of Children, Enlarged Cervical Glands, Debility and General Debility, and in every case with good results."

Halifax.—"The Cream certainly is the finest preparation of its kind that I know, and I shall recommend it whenever possible."

Hampstead, London.—"Will you kindly send me three shilling bottles of your Cream. I shall take the opportunity of recommending it to patients from time to time. It is a most excellent preparation."

Plymouth.—"I only received the sample of Cod Liver Oil Cream, and you so kindly send me about three weeks ago. I am very glad to hear that you are so well, and I am much surprised, as I have been disappointed in many cases of preparations of the kind which I used. Your Cream, especially in my treatment of Children, Enlarged Cervical Glands, Debility and General Debility, and in every case with good results."

Halifax.—"The Cream certainly is the finest preparation of its kind that I know, and I shall recommend it whenever possible."

From "The American National Dispensary."

"The fattening operation of the oil in man is familiar to everyone; in connection with it the blood becomes richer in corpuscular elements, especially in red corpuscles. . . . Cod Liver Oil is essentially a fat-producing agent, and thereby it retards the waste of nitrogenous tissues, which is a characteristic of the diseases in which it is most serviceable."

GENERAL TESTIMONY

IN FAVOUR OF THE

Cod Liver Oil Cream

Oxford.—"I should be glad of a few more copies of your testimonials with the Cream. I have distributed all mine. I shall never forget the benefit I derived from the Cream, or even to speak in its favour."

Liverpool.—"I have from my brother not long ago, and he tells me he feels better than he has done for years. A friend said it was a treat to see him now, he is so much better. So there is some satisfaction in having recommended your Cream to him."

Muskegon.—"But for the Cream I am convinced I would not have been able to keep constantly at duty, and for this I am profoundly thankful. No one knows better than I do the value of the Cream, and I must keep it up till the cold spring weather is over."

Paris.—"The Comtesse du — plans to have sent to the above address two bottles of Cod Liver Oil Cream, to give to her mother and her sister. The first will be given to her mother, and the second to her sister. The Comtesse du — plans to have sent to the above address two bottles of Cod Liver Oil Cream, to give to her mother and her sister. The first will be given to her mother, and the second to her sister."

Galsburgh.—"Would you please send me another bottle of Cod Liver Oil Cream, as I find so well when taking it."

Stirling.—"I find the Cream has done me a lot of good. I have only taken one bottle and I have a different me myself already."

Exeter.—"I find it does me more good than any other Emulsion, and I only take it before I have recommended it to several of my friends."

Sheffield.—"I have tried your Cream and found it highly beneficial. In fact, it has never failed to do me good when I have taken it. I have recommended it to many of my friends who are now cured."

Troon.—"I have benefited considerably from the use of the Cream, and would like to congratulate you on your success in producing such a beneficial medicine."

Stirling.—"Your Cream is the best thing I have ever come across in the form of a medicinal food."

Aberdeen.—"I am not surprised at the excellent testimonials you have received in praise of your Cod Liver Oil Cream."

Friedrich.—"I have used your Cream for a long time, and I have found it to be of great value. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife."

Nags, Ross-shire.—"The Cream is most excellent stuff, and makes one feel so well and fit."

Keat.—"I find I cannot do without the Cream. I miss it so much, but rejoice to find that I am gaining strength since taking it again this time."

Tientsin, China.—"A lady writes—"I am sending an order through your son's agency in London for 10 bottles of Cod Liver Oil Cream, the same as I got from you while I was staying in Moscow. I must say that the Cream is doing me a great deal of good. A year later this order would be sent to the bottles of the Cod Liver Oil Cream to be sent to Tientsin."

London.—"I have very much pleasure in informing you that your Cod Liver Oil Cream has exceeded my most sanguine expectations. I have written half the greatest amount to the ordinary use, but find the Cream agrees with me perfectly. In fact, it is a delicious tonic, and you can hardly realize that it is taken medicinally. My cough is decidedly better, and as I find your preparation, most necessary given it the credit. I shall do all in my power to recommend it, as I feel it to be a recommendation."

Lewick.—"I have proved the value of your Cream by ten years' experience, and know that there is no other form of Emulsion anything like as equal to it."

Cardiff.—"I found so much benefit from the last bottle that at every opportunity I advise my friends to send for it."

Edinburgh Lady.—"The Cream has done me much more for me than all the other emulsions I have taken."

Victoria, British Columbia.—"Please send me another couple of it, as I am out of it. The Cream is doing me a great deal of good. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife."

Barnesley.—"I can assure you that I have greatly benefited by taking your Emulsion. I have recommended it to a number of mine, and it is fitting on it especially."

A Lady in the West of Scotland.—"During a recent winter suffered severely from cough, and I have been told that it is the best thing to take the Cream with very satisfactory results. This lady writes again—"I am taking the Cream very faithfully. I don't know that I ever felt you with I am interested in the years ago I had not had hemorrhages of the lungs, and I had cough. I took your Cod Liver Oil cream in my private and domestic practice, and I only wish I had more of it to give to my wife. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife."

A Preventive of Sex Throats and Hoarseness.—"As Edinburgh, Scotland this winter, Mr. Thomson would make the usual resolution, generally granted to hospitals, with regard to the Cod Liver Oil Cream and by him. It will be an excellent remedy for the throat, and I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife."

A Preventive of Sex Throats and Hoarseness.—"As Edinburgh, Scotland this winter, Mr. Thomson would make the usual resolution, generally granted to hospitals, with regard to the Cod Liver Oil Cream and by him. It will be an excellent remedy for the throat, and I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife. I have no hesitation in saying that the Cod Liver Cream is the very best thing that can be given to a consumptive patient. I only wish I had more of it to give to my wife."
