**PERMANENTLY
CURES OBESITY**

"ANTIPON" is an Absolutely Perfect Remedy for Obesity, Permanently Curing the most Obstinate Cases. As a Medicine it attains the Highest Standards: It is Reliable, Efficient, Pure, Harmless, Agreeable to the palate and Easy to take. Last, but not least, it is comparatively Inexpensive.

"ANTIPON" is not only the most Powerful Fat Absorbent ever discovered, Radically Eliminating all Superabundant and Diseased Fatty Deposits, and Effectually Destroying the Distressing Tendency to develop Excessive Adipose, but it is Permanently Beneficial to Health.

"ANTIPON" Promotes Appetite, Assists Digestion and Assimilation and Tones up the Entire System. It requires no help from a limited dietary nor from drugging, exhausting exercises, etc. On the contrary, the Blood is enriched by Wholesome Nourishment and kept Pure by the Perfected Digestive Process.

"ANTIPON" Reduces Weight to normal and Restores Beauty of Form in the Shortest Possible Time; and on the Required Reduction being attained the Treatment may be discontinued.

"ANTIPON," a Liquid Tonic, contains nothing of a mineral or otherwise objectionable nature, and is Approved by the most Competent Authorities as the most Rational, Effective and Truly Beneficial Cure for Obesity known to Science.

Sold in Bottles, price 2s. 6d. and 4s. 6d.

"ANTIPON" can be had of Chemists, Stores, etc. Should any difficulty arise it may be obtained (on sending cash remittance) post free, under private package, direct from the Sole Manufacturers—

THE EASY HOME TREATMENT.

CHORUS OF PRAISE FROM THE PRESS & PUBLIC.

"BALL'S POND ROAD, LONDON, N."
 "Having benefited so much from your 'Antipon' I feel it only right to send you this testimonial. I am pleased to say a few bottles have reduced me two stone, and that it is the only thing that has ever affected me, although I tried several other (supposed) flesh-reducing medicines. I am just sending one of your advertisements to South Australia to a friend of mine who I know is putting on too much flesh."
 "(M. B. —)"

The "Illustrated London News" says:—"Antipon not only speedily absorbs and throws out of the system all superabundant adipose matter, but increases strength and vitality."
 "HOVERINGHAM."
 "I am very pleased to say that with the first bottle I reduced eight pounds."
 "G. C. —"

The "Illustrated Sporting and Dramatic News" says:—"Antipon, to which warm praise has been given by medical authorities, reduces flesh—or, rather, fat—from the very first dose, and has a general tonic and invigorating effect upon the entire system, so that at the end of the cure the patient is both healthier and stronger in muscle and nerve. 'Antipon' may be regarded as a very beneficial discovery."
 An Oxfordshire Surgeon writes:—"I am trying it ('Antipon') in a serious case of a man weighing 16 stone, short, and with heart affection. He already has lost three stone."

"Great Thoughts" says:—"A most economical treatment for the permanent cure of obesity, and, at the same time, the most reliable and beneficial ever known, is provided by 'Antipon', a remedy which has met with the most gratifying success."
 "TICEHURST."
 "I received the 2s. 6d. bottle of 'Antipon' and am very much surprised to find it so efficacious. I was fifty-four inches round the abdomen and am now forty-eight inches only."
 "BRIGHTON."
 "Please forward me another 18s. case of 'Antipon', from which I find great benefit, and am much better and stronger in myself."
 "(Mrs.) E. H. —"

"BEADLY, N.B."
 "I am writing to say I have great satisfaction through taking 'Antipon'. I have managed to lose nearly 18 lb. in a fortnight by following your directions. I think one more bottle will reduce me to about 12 st. 6 lb. (about standard weight), my height being 5 ft."
 "L. E. B. —"

"BATH."
 "Please dispatch 'urgent' another parcel ('Antipon'). It is most successful. I should like to draw your attention to a curious fact. For some months I have been suffering from Eczema. It has been slowly healing ever since the first week, and now every place is as healthy as a child's skin."
 "(Mrs.) G. D. —"

PUBLIC opinion has placed "Antipon" once and for all on the highest pinnacle as a scientific discovery—one of the most noteworthy of the age in the domain of medicine.

A glance at the extracts from the testimony of press and public given on this and the next page should suffice to convince everyone of the unique and wonderful properties of "Antipon" both as a permanent cure for the distressing disease of Obesity and as a tonic of the greatest value. Yet these extracts are but a tithe of the grateful personal testimonials and the enthusiastic press opinions received by the "Antipon" Company and carefully preserved at their offices in proof of genuineness. Apart from these cordial expressions of thanks and approval, "Antipon" has received the unqualified endorsement of the most competent authorities, all of whom agree as to the perfect purity and harmlessness of the preparation, and to its truly beneficial effect upon the entire system. Briefly, "Antipon" definitely replaces all remedies and methods hitherto employed for the elimination of superfluous fat. It stands alone—supreme as a weight-reducer, permanently restoring beauty of form, health, strength and vitality.

"Antipon" as a Weight-reducer.

The weight-reducing action of "Antipon" is apparent from the start. A day and a night after the first dose the scales prove a decrease, in quite ordinary cases, of 8 oz. to 3 lb. The directions being consistently followed, there will then be a steady reduction day by day until normal weight is restored, with correct proportions. The doses may then be discontinued with the assurance that the result attained is lasting. It will be found that the disagreeable tendency to "put on flesh" is radically overcome. Nothing but ordinary prudence is required to retain the graceful proportions so easily and pleasantly regained by this marvellous but simple treatment.

"Antipon" as a Tonic.

Corpulent persons are frequently afflicted with dyspepsia, indigestion, constipation, and other ailments of a kindred kind. This is due to the digestive process being impaired by congestion, etc. "Antipon" perfects the digestive process—tones up the digestive organs—and prevents a waste accumulation of fatty matter in the system. In the obese condition this waste matter is being continually deposited by the blood in the tissues, thus

dangerously increasing the growth of diseased and superfluous fatty matter. "Antipon" gradually, safely and surely absorbs and eliminates all abnormal and unhealthy fatty deposits, and prevents a sluggish circulation by keeping the blood (enriched by wholesome nourishment) in a normal and healthy condition. Thus the whole organism undergoes a beneficent change.

"Antipon" as an Appetizer.

Most old-time remedies (so-called) for obesity really relied on a semi-starvation dietary and sweating, and often aggravated these pernicious methods by mineral drugs! "Antipon" requires no such assistance. On the contrary, its sole ally is good, wholesome food; and by its splendid tonic action it creates the healthy natural appetite necessary for the full enjoyment of that wholesome food. This, with the improved digestive powers, ensures gradual increase of strength and vitality in muscle, nerves and brain, so that at the completion of the course of treatment the subject is a new being, full of life and energy, reinvigorated physically and mentally. It stands to reason that while the superabundant fat is being positively destroyed and eliminated, the normal supply of food, well digested and assimilated, must perforce create new muscular and nerve tissue and promote vigour, stamina and staying power.

"Antipon" as a Beautifier.

The reduction effected by "Antipon" is not merely abdominal, but embraces the entire body. The baggy cheeks, the bulky neck, the double chin, subside into graceful lines; the waist becomes elegant, the hips lose their heaviness. The muscles of the limbs, being strengthened, become firm and shapely. The general bearing becomes graceful, the step elastic, the movements alert. "Antipon" also stimulates the action of the skin. The complexion is improved; there is a glow of health upon the cheek, and a general appearance of brightness which stout persons rarely exhibit. The general health, of course, is radically improved by the elimination of the dangerous deposits of internal fat that impede the natural functions of the vital organs. Altogether, to follow a course of "Antipon" means that any stout person may in a very short time look and feel many years younger.

"Antipon" is a liquid, pleasant to take and perfectly harmless. It contains nothing of mineral origin. It is neither aperient nor constipating, and causes no stomachic or other discomfort.

CHORUS OF PRAISE FROM THE PRESS & PUBLIC.

The "Sketch" says:—"The pleasant, rational, and most efficacious remedy may be warmly recommended to stout persons of both sexes, as much for health's sake as for the attainment of perfect elegance of figure."

"THE MANAGER, ARMY AND NAVY STORES, BOMBAY."
 "Dear Sir.—Please send me a large bottle of 'Antipon'."

"Dear Sir.—When I started 'Antipon' I was 240 lb. in weight, and the reduction since starting it is great (60 lb.), for I only weigh 184 lb. I can now take four-mile walks with ease. Besides its reducing qualities, another recommendation is its power of reducing gracefully, for my skin is quite tightened. My heart is stronger, and its beating healthier. Besides, I have an excellent appetite, and have never restricted myself in any form of diet."
 "(Mrs.) F. M. S. —"

The "South London Press" says:—"Without the slightest hesitancy we say to our stout friends and readers, try 'Antipon', truly the most remarkable remedy of its kind ever discovered."
 Nurse E. — B. — of Radcliffe-on-Trent, writes:—"I received the bottle of 'Antipon', and have already found relief. Kindly forward another bottle."

Nurse T. — writing from an address at Wimbledon, says:—"Please find enclosed 4s. 6d. for another bottle of 'Antipon'. I have lost 3 lb. with the first bottle."
 A Sheffield Trained Nurse writes:—"I have used 'Antipon' in the case of the very fattest woman I have ever nursed. The result has been marvellous. She is getting smaller and beautifully less every day, and the best of it is she is in perfect health now, where before she had all sorts of troubles."

The "Sheffield Independent" says:—"Antipon" bids fair to revolutionise medical science as far as the cure of corpulence is concerned."
 The "Methodist Recorder" says:—"It is satisfactory to know that 'Antipon' is the practical result of a specialist's researches and discoveries, so that reliance can be placed upon its efficacy."
 "ANEGRAVENNY."
 "I am very pleased with the result of 'Antipon'. I am now very slightly over my normal weight, so must not continue to use it much longer. I consider it a most useful discovery. I feel much better and lighter since beginning to take 'Antipon'. My clothes at once began to feel delightfully loose from about the second day."
 "(Miss) D. —"

The "Young Ladies' Journal" says:—"We unhesitatingly commend to the notice of our stout friends the marvellous specific 'Antipon', giving back elasticity and grace of movement."
 "SOUTHWOLD."
 "I am very well satisfied with the result from 'Antipon', and am sure it is a genuine article. I have felt a great relief from taking only one bottle."
 "(Miss) J. G. —"

The "Christian Age" says:—"Antipon" not only possesses the power of permanently reducing fatness, but is a splendid tonic, which, by increasing appetite and revivifying the digestive powers, assists in the re-nourishment and muscular development of the body."
 "BOURNEMOUTH."
 "I have taken two bottles of 'Antipon', and am a stone lighter than when I commenced taking it."
 "(Mrs.) F. R. —"

The "Penny Illustrated Paper" says:—"In 'Antipon', the great permanent cure for corpulence, the world is made richer by a marvellous discovery."
 "EASTLY, NEAR DOVER."
 "Please send me another case of 'Antipon'. I am glad to tell you that I am getting beautifully less in weight, and feel a thousand times better in health since taking 'Antipon'. I shall gladly do all I can to make it known to my friends."
 "(Mrs.) J. D. Y. —"

The "Lady's Pictorial" says:—"To reduce superabundant fat is of vital importance. The wonderful fat absorbent 'Antipon' performs this work promptly, safely, and with permanent effect. It goes to the very root of the evil; the cure is complete and permanent."

"Antipon"
