The No.1 treatment in the menopause

Now has a No.2!

# Prempak

**A product born of the experience and success with PREMARIN® in hormone replacement therapy.**

- Oestrogen joined with progestogen to give total flexibility in the treatment of symptoms occurring during the menopause.
- **A controlled monthly bleed** in peri-menopausal patients who are menstruating on an irregular basis.
- **A controlled monthly bleed** in menopausal patients who require a predictable cycle.
- Patient relief from unpleasant symptoms — tailored to meet individual needs.

prempak®
