#### **CURE OF SCROFULA.**

To Baron Mc'Kinsey, M.D.

March 22nd, 1850.

Copy of a Letter from Mr. Geo. Thomas, Crediton, Devon.

Sir,—I give you leave, and desire it as a favour for the benefit of the public, that you will publish the wonderful cure that my wife Sarah Thomas received by the use of your celebrated medicines, the Katopotia and Golden Cerate, who had been afflicted several years with Scrofula and wounds, with pricking and burning heats to a great degree. It is with much pleasure I inform you, she has received a perfect cure, after using it ten weeks. I now return God thanks, and to do you justice, and to encourage people for cures, I solemnly declare this is true.

I am, your humble servant, GEORGE THOMAS, Carpenter.

Copy of a Letter from Mrs. Vaughan, Warefield Cottage, Exeter.

To Baron Mc'Kinsey, M.D.

January 7th, 1850.

Sir,---I have taken the liberty of addressing a few lines to you to return my grateful thanks for the kind services which through the blessing of God, you have been instrumental in rendering me and my son by your invaluable medicines. I should be deficient in duty to you if I remained silent whilst thousands are sounding forth your praise of the LIFE PRESERVING KATOPOTIA AND GOLDEN CERATE. My son has been afflicted from his infancy with various diseases---attended with the most excruciating pain in the head and back, and between the stomach and bowels accompanied with a violent cough. He was given over by the most eminent professional men who deemed him incurable. It cost me scores of pounds in doctors bills to no service, but I am most happy to relate by using your invaluable Katopotia he has received a perfect cure! It has also cured me of tape worms after suffering many years. The ointment which I made no use of I presented to a friend who had sore eyes of thirty years standing, and was also with two others cured almost instantaneously. There are more than fifty others in this place to my knowledge who have derived equal benefit, and in conjunction with myself will feel happy in answering any enquiries for the benefit of the human family.

I am sir, your obliged servant, M. VAUGHAN.

Communicated by Mr. Foster, thirty-nine King-street, Leicester.
