### **CAUTION.**—Beware of Counterfeits. MESSRS. BEACH & BARNICOTT

Beg to caution the public against the extreme danger to health, and even to life itself, of purchasing any of those spurious imitations of their justly celebrated Ointment and Pills (THE POOR MAN'S FRIEND AND PILULÆ ANTISCROPHULÆ) and other invaluable Medicines which may be offered for Sale by impudent and needy pretenders and adventurers.

No Medicines sold under the above names can possibly be genuine unless "*Beach & Barnicott, late Dr. Roberts, Bridport,*" is engraved and printed on the Stamp affixed to each package. Each pot of the Ointment has "*Poor Man's Friend, prepared by Beach & Barnicott, Successors to Dr. Roberts, Bridport,*" BURNT IN, and each direction signed with the *fac similes* of the late Dr. Roberts's and the present Proprietors hand-writing.

### Read the following Wonderful Cures.

The utility of these Medicines is fully testified by the thousands of persons who have benefited by their aid. Amongst the numerous testimonials received, the following short extracts are given:—

Mr. NORTHWAY, Chemist, Great Tower Street, London, says, "The Ointment is much valued by Soldiers on Foreign Service."

Mr. GEORGE THATCHER, Eastbourne, for 20 years was troubled with frightful Eruptions in the Face; tried many remedies to no effect; took the "*Pilulae Antiscrophulae,*" the result of the first box was astonishing, and by continuing them was perfectly cured.

*Scrophulous Sores.*—Mr. ATKINS, Medical Hall, 54, Patrick Street, Cork, has received communications to the following effect:—Mr. MURPHY, of Mitchelltown, says, "The Poor Man's Friend" and "*Pilulae Antiscrophulae*" have almost cured me of very inveterate Scrophulous Sores. I admire the "*Poor Man's Friend*" so much that I am resolved always to have some of it.

Mrs. BROWN, of Kingsland, was for many years afflicted with a severe *Scorbutic Eruption* covering both her hands, and spreading up her arms; she was persuaded to try Dr. Roberts's "*Poor Man's Friend*" and Pills by a friend who had been cured of a large wound in her leg, which had baffled her doctor's skill; and by taking one box of the Pills, and using one box of the Ointment, a cure was effected. She does not know how to be sufficiently thankful. Her Son says—"Whenever I have an opportunity I will recommend it with all my heart."

*An Ulcerated Leg.*—The wife of Mr. THOMAS GEORGE, 4, Plaistow Marsh, near Victoria Dock, Essex, had been a great sufferer for eight years with an Ulcerated Leg. She was under surgical care at St. Bartholomew's Hospital seven weeks without receiving any benefit; she also had tried a number of reputed medicines, and finding medical aid of no avail she considered herself past cure, when she was urged by a friend to try the "*Poor Man's Friend*" and Pills, which she purchased of Dr. Kernot, Crisp Street, Poplar. One pot of the Ointment effectually cured, and notwithstanding her advanced age, she is restored to the highest state of health and vigour by the use of these medicines.

Mrs. JOHN FLOYD, St. Perran Downs, near Marazion, Cornwall, was afflicted for 17 years with *Scorbutic Erysipelas*, by which her limbs were most painfully affected—both her hands all but useless; by taking the "*Pilulae Antiscrophulae*" she has obtained a cure, and is at present an efficient and useful woman.

## ANTISCORBUTIC DROPS,

*For the Cure of Scurvy, Scrophula, Leprosy, &c.*

To those persons who cannot take Pills, these Drops are particularly recommended; they strengthen the Constitution, Purify the Blood, and promote the circulation; are gentle in their operation, and do not require cessation from Business. In Bottles at 2s. 9d. each.

*Scrophula.*—The daughter of Mr. John Churches, of Godney, near Glastonbury, 16 years of age, who had been afflicted for nine years with Scrophula, and had tried every means recommended, and had the advice of many medical gentlemen but to no purpose; was, under the blessing of the Almighty, cured by taking one bottle of your "*Antiscorbutic Drops*" and one box of your "*Pilulae Antiscrophulae,*" and is now quite well.
