THE COLD RELIEF EXPERTS

BEECHAMS POWDERS

The oldest and most well-known cold and flu remedy is Beechams Powders — specially formulated for fast, effective relief. The extra fine powder, which is dissolved in water, is easily absorbed by the stomach leading to rapid cold relief.

BEECHAMS HOT REMEDIES

There's nothing more soothing than a hot drink when you're full of a cold or flu. The combination of a great fruit flavour with an effective cold combating formula means Beechams Hot Remedies really work — by helping to reduce temperature, relieve a headache and ease aching limbs. Beechams Hot Remedies are now even more effective with an additional decongestant to help clear a stuffy or bunged-up nose.

BEECHAMS POWDERS CAPSULES

The capsules contain paracetamol and the additional benefit of a decongestant which helps to relieve a blocked or stuffy nose. They come in an easy to swallow capsule — which all adds up to being one of the most effective ways to relieve colds and flu.

BEECHAMS POWDERS TABLETS

Using the tried and trusted formula from Beechams, the tablets are available in an easy to swallow format. They still maintain the same fast relief that generations of users have relied on to ease their cold and flu symptoms.
