PREFACE.

To the Education Authority
of the County of Dumbarton.

LADIES AND GENTLEMEN,

I beg to submit the Seventeenth Annual Report on the Medical Inspection of School Children in the County, which has been compiled by the Medical Officers, and also particulars relating to the work done at the Treatment Clinics.

Although the position as shown by the figures is not materially different from last year, it is gratifying to note that the improvements which have been effected have been, generally speaking, maintained. One might perhaps go a little further and direct the attention of the Authority to the fact that, as shown in Table 7.-B., there were fewer defects intimated to parents during the year although the number of children examined was greater.

It is interesting to note that, taken all over the age periods, there is a general improvement in the condition of the children's teeth as revealed by medical inspection. As regards the work done by the Dentists, as will be noticed, there is a considerable increase in the number of children treated as compared with the previous session, but there were unfortunate circumstances during 1926-27 session which curtailed the amount of work completed. In comparison, however, with the session 1925-26, there is also an increase in the numbers dealt with, due to a large extent to the additional work undertaken in Mr. Martin's area with the help of the Dental Assistant who commenced duties at the beginning of last session.

It is also encouraging to note that the cleanliness of the school children is still improving. This is specially noticeable in the Eastern area of the County.

I have inserted at the commencement of the Tables relating to Medical Treatment a statement regarding the various clinics which are now being operated in the County, and I would like to draw attention again to the unsatisfactory conditions at the Kirkintilloch Tonsils and Adenoids Clinic.

I am,

Your obedient Servant,

THOMAS LAUDER THOMSON, M.D., D.P.H.

88 COLLEGE STREET,
DUMBARTON, September, 1928.

Education Authority of the County of Dumbarton.

SCHOOL MEDICAL STAFF.

Supervising School Medical Officer.

REPORT

ON THE

MEDICAL INSPECTION AND TREATMENT OF SCHOOL CHILDREN IN THE COUNTY OF DUMBARTON.

1.—List of Staff.

See page 5.

2.—(a) Number of Schools.

SCHOOL MANAGEMENT AREA.

Cumbernauld,	6
Kirkintilloch,	6
New Kilpatrick,	6
Old Kilpatrick,	12
Dumbarton,	7
Vale of Leven,	11
Helensburgh,	13
Total,	61

(b) Number of Children on Register and in Average Attendance.

School Management Area	Average on Roll.	Average Attending.	Per Cent.
Cumbernauld,	988·4	866·3	87·6
Kirkintilloch,	3,512·9	3,192·6	90·9
New Kilpatrick, ..	1,353·0	1,205·5	89·1
Old Kilpatrick, ..	10,701·1	9,472·3	88·5
Dumbarton,	4,894·9	4,402·2	89·9
Vale of Leven,	3,879·7	3,412·5	88·0
Helensburgh,	1,747·2	1,530·0	87·6
Total, ..	27,077·2	24,081·4	88·9

3.—Number of Visits for Systematic Examination.

NOTE.—One whole day spent in school counts as two visits (morning and afternoon sessions).

Number of visits as above, 495

4.—Number of Special Visits by Medical Officers.

For re-examination of defective children,	35
For examination of backward or mentally or physically defective children,	55
For inquiry about outbreaks of infectious disease,	10
For examinations for employment licences,	20
Attendances at Clinics,	239
Attendances at Committee meetings, office work, etc.	81

5.—Sanitary Condition of Schools.

The following improvements in the sanitary arrangements have been carried out during the year.

At the following schools the old drinking wells have been replaced by modern hygienic drinking fountains :—Dalmuir R.C. ; Dumbarton Academy Primary School ; St. Martin's R.C. School, Renton ; St. Patrick's Boys' School, Dumbarton.

At Arrochar School the lavatory arrangements were improved, providing accommodation for the teaching staff.

The lavatory accommodation for senior girls at Milngavie Public School has been completely modernised.

At the following houses, bathrooms and modern lavatory accommodation have been provided :—Schoolhouse, Muirland ; Schoolhouse, Ardoch Bridge ; Janitor's house, Lenzie Academy.

The alterations and additions to Townhead Public School, Kirkintilloch, were practically completed, and the scheme includes adequate and modern lavatory accommodation.

The alterations to Vale of Leven Academy (existing school) are progressing, and when this part of the scheme has been completed, ample and modern lavatory accommodation will be available. This part of the scheme should be completed by the middle of October.

6.—A, B, C, D, and E.—Organisation and Administration, etc., and Co-ordination with Public Health Departments.

For outline of organisation and administration see Reports 1914-15, pages 7-8 ; and 1922-23, pages 7-8.

Nurse Stevenson was appointed as additional nurse in July, 1927, and began her duties at the beginning of the session.

Mr. Allister Finlayson was appointed at the same time as Dental Attendant to Mr. Martin, and began his duties at the beginning of the session.

Nurses Clarke, Stevenson, and Dougherty were off duty for short periods owing to illness, but there were no cases of prolonged absence from duty.

6.—F. Parents Present at Inspection.

*It has been felt that the Anthropometric Standard is not satisfactory, because it is based on an insufficient number of observations. A County of Dumblaken Standard has therefore been arrived at by combining and averaging the figures in previous Annual Reports for a number of years back.

The following table shows the number of observations on which the County Standard is based:—taken from Annual Reports 1919-20 to 1929-30.

8.—Special Schools and Classes.

SPECIAL SCHOOLS.—There are three Special Schools in the County—Waverley Park, Kirkintilloch; Milton School, Bowling; and High Street School, Dumbarton.

In Waverley Park Home, which is maintained by the West of Scotland Association for the Care of the Feeble-minded, there is one pupil from the County.

Milton Special School, which serves the Old Kilpatrick area, has three classes for Mentally Defectives, with 56 on the roll, one Class for Physically Defectives, with 16 on the roll, and one class for Deaf Mutes, with 7 on the roll, a total of 79.

High Street School, Dumbarton, which serves the Dumbarton and Vale of Leven areas, has three classes for Mentally Defectives, with 54 on the roll, and two classes for Physically Defectives, with 32 on the roll, a total of 86.

The pupils in the Deaf Mute class at Milton are drawn from the whole County, except the parishes of Kirkintilloch and Cumbernauld.

SPECIAL CLASSES.—(a) **FOR MENTALLY DEFECTIVE CHILDREN.**—Lairdsland School, Kirkintilloch, with 7 on the roll; Bearsden Academy, Bearsden, with 8 on the roll; James Street School, Helensburgh, with 10 on the roll—total, 25.

(b) **FOR CONSERVATION OF VISION.**—Boquhanran School, Clydebank, with 21 on the roll; College Street School, Dumbarton, with 20 on the roll—total, 41.

The following are the totals for the County:—

Mentally Defectives,	...	...	...	...	135
Physically Defectives,	...	...	...	...	48
Deaf Mutes,	...	...	...	...	7
Conservation of Vision,	...	...	...	...	41
Total,	...	...	...	...	231

Number of Physically Defective Children in Institutions paid for by the Authority,	...	...	...	15
Number of Mentally Defective Children in Institutions paid for by the Authority,	...	...	...	4
Blind Persons in training under Blind Persons Act, 1920, in Royal Glasgow Asylum for the Blind (cost of training borne by the Education Authority and Maintenance by the Local Authority),	...	...	...	10
Total,	...	...	...	29

SPECIAL APPLIANCES SUPPLIED TO PUPILS.—During the session the supply of the following special appliances was agreed to by the Authority :—

							PUPILS
Special Boot,	...	...	...	...	...	...	1
Overshoe,	...	...	...	...	...	...	1
Splints, ...	...	...	...	...	...	...	2
Spinal Jacket	...	...	...	...	...	...	1

9.—Arrangements for Physical Education and Personal Hygiene.

A. Physical Exercises. B. Baths. C. Practical Instruction in Hygiene.

There has been no change with regard to A and C. (See Annual Reports, 1914-15, p. 72 ; 1919-20, p. 41 ; 1920-21, p. 38).

With regard to B, the arrangement with the Kirkintilloch Town Council, whereby the school children had the use of the Public Baths, was terminated by the Education Authority in May, 1927, so that no baths were given last session.

10.—Feeding of School Children.

CUMBERNAULD AREA.—There were no meals supplied during the session.

KIRKINTILLOCH AREA.—(a) As there was only one pupil on the free dinner list, arrangements were made to provide him with dinner in school. (b) The meals consisted of soup, cocoa and bread. (c) The number of meals supplied was 101, at a cost of 3½d. each.

In New Kilpatrick, Old Kilpatrick, Dumbarton, and the Vale of Leven areas there were no meals supplied.

In Helensburgh the arrangements were as in previous years. Last session there were 3,510 hot dinners supplied, being a daily average of 35 for 20 weeks. The meals consisted of roll or bread and soup, or mince and potatoes. The total cost was £48 3s. 11d., of which the children contributed £14 9s. 5d., and the balance was met from a voluntary fund.

X-Ray Treatment of Ringworm.

During the session 11 children were treated for Ringworm of the Scalp by X-Rays at Whitecrook Clinic. The other 29 cases of this disease seen during the session were either successfully treated by local medication, or were cases whose parents refused permission for X-Ray treatment.

Employment of Children.

The number of Licences applied for and granted under the Employment of Children Act, 1903, was as follows:—

	Granted.	Refused.	Total.
Cumbernauld, ...	1	...	1
Kirkintilloch, ...	20	8	28
New Kilpatrick, ...	43	...	43
Old Kilpatrick, ...	151	2	153
Dumbarton, ...	40	...	40
Vale of Leven, ...	27	1	28
Helensburgh, ...	48	1	49
	—	—	—
Total, ...	330	12	342

II.—ARRANGEMENTS FOR MEDICAL TREATMENT.

Alterations in the methods of dealing with children suffering from defects have from time to time been made, and it perhaps would be well at this time to set forth the exact arrangements at present in vogue in the County.

The Clinics for the treatment of defects may be divided into four headings, viz., Ear, Nose, and Throat Clinics; Eye Clinics; Dental Clinics; and Skin Clinics.

EAR, NOSE AND THROAT CLINICS.—These Clinics are conducted in specially equipped premises. In Clydebank the premises were specially built for the purpose, and a plan of the buildings will be found in the Annual Report for the Session, 1921-22. In Dumbarton the Operating Room and Ward are situated in the Old Academy in Church Street. They are at the present time in every way suitable for the work done. In Kirkintilloch the premises are situated in buildings belonging to the Town Council. These premises are not satisfactory, being small and badly lit, and the question of arranging for other accommodation has been before the Committee for a considerable period.

EYE CLINICS.—In Clydebank the Eye work is done in a specially constructed room in the Clinic Buildings already referred to. In Dumbarton there is very adequate and satisfactory accommodation in the Old Academy buildings: the room is used only for eye work. In Kirkintilloch, owing to lack of accommodation, the work was carried out during the year in one of the schools. In Helensburgh there is a specially fitted room in the Hermitage School. In order to cope with the work in the part of the District lying East of Kirkintilloch, a specially fitted clinic is being fitted in Twechar School.

DENTAL CLINICS.—In Clydebank and Dumbarton there is special accommodation set apart in the Clinic premises for dental work. In Helensburgh, Alexandria, Milngavie, Duntocher, Kirkintilloch, Twechar and Croy the accommodation

is in a school, but the premises are not specially kept for dental purposes. In Duntocher the clinic is situated in a special treatment room in the new Roman Catholic School. In Milngavie a spare classroom is used in the Public School: in Helensburgh accommodation is found in the Hermitage School in a specially fitted room, while in Alexandria, during this year, accommodation was used in Main Street School, but this accommodation was not satisfactory, and arrangements are being made for the transference of the Alexandria Clinic to the new Public Health Local Authority Clinic in Bank Street, which is to be opened in the Autumn. In Kirkintilloch, Twechar and Croy, the Dental Clinics are held in rooms used for other treatment purposes in schools.

SKIN CLINICS.—These clinics were instituted to deal with children suffering from minor ailments who would not in the ordinary course of events be taken to their own doctor. They are for the treatment of cuts and bruises, skin eruptions needing treatment, etc., and for providing advice regarding other ailments. Children requiring treatment for such other ailments are referred by the Medical Officers to their own practitioners. In Clydebank and Dumbarton a room is set apart in the Treatment Clinic buildings, and in Kirkintilloch the work is also done in the Treatment Clinic. In Helensburgh there is an arrangement with the Town Council for the use of their Child Welfare Clinic. In Alexandria, Milngavie, and Duntocher the work is carried out in specially fitted rooms, while in the other schools where Clinics are held, viz., Bearsden, Cumbernauld, and Croy, the work is carried out in the school premises. It is hoped that the Skin Clinic in Alexandria will be transferred to the Local Authority's clinic premises in the Autumn. In Twechar a specially fitted room was used during part of the past session. For convenience the treatment of external eye diseases and ear diseases is also carried on at these clinics. There is also an X-Ray Clinic for Ringworm, etc., in Clydebank, where patients from all parts of the County are treated.

As will be seen from the list of staff, the members consist of whole-time and part-time officials, with a Supervising Medical Officer who is also the County Medical Officer. The whole-time officials consist of two Medical Officers, three Dentists, seven Nurses, and three Dental Attendants. The part-time officials consist of the Ophthalmic Surgeon; the Operating Surgeon for the Ear, Nose and Throat Clinics; the Dermatologist; and two Clerks whose appointments are made conjointly with the Public Health Department of the County Council. For anaesthetic work in the various clinics, there are rotas of the local medical practitioners in each centre,

and these serve as anaesthetists in rotation for twelve months at a time.

All the Clinics referred to above are available, by arrangement, for Child Welfare patients in the various Districts or Burghs in the County, and, as will be seen from the Tables relating to treatment, a certain number of children under five years of age are treated each year.

Treatment of Minor Ailments.

In Kirkintilloch Burgh, inspections are carried out by the Medical Officer/ who refers children requiring treatment to Mr. M. Wydner, L.D.S. Mr. Wydner is a part time dentist, and during the session he worked for 189 hours. Miss Pugh treated six regulation cases by mechanical appliances. The total of 7760 cases treated includes 105 Child Welfare patients dealt with by arrangements with various Local Authorities in the County.
